The College and Career Readiness Bureau (CCRB) has reviewed your institution's Innovation Zones application for the School Year 2023-2024 and is pleased to confirm that your application has a **FULL APPROVAL** status.

Full approval allows the institution to obligate funds and submit for reimbursement. As such, the CCRB will work with you so that claims for reimbursement can be processed in a timely manner. Please contact your CCRB regional coach as needed. I appreciate the exceptional work you and your faculty and staff do to contribute to high quality programs for your school, students, and community. Thank you and congratulations!
