

AGENDA ITEM EXECUTIVE SUMMARY

I. Public Education Commission Meeting Date: November 15, 2016

II. Item Title: CARL D. PERKINS STATUS UPDATE

III. Presenter: Elaine Perea, PhD, Deputy Director, College and Career Readiness Bureau

IV. Proposed Motion: none

IV. Executive Summary:

- **The 2015-16 final award is \$8,017,422. This is the same amount contained in the spring 2015 estimated allocation. It reflects a reduction of \$63,185 from the 2014-15 award.**
- **CCR has addressed all findings from the Federal compliance monitoring visit in September, 2015; however, US DOE is still working on the close out letter.**
- **2015-16 performance indicators are near completion. Preliminary analysis shows that all secondary performance targets have been met at either safe harbor or full target level.**
- **For postsecondary institutions, it appears the state may have missed two performance indicators. While we prefer to hit all targets, we have two more years to improve performance for these indicators before Federal monitoring would begin.**
 - **Postsecondary student placement (4P1) has a target for 2015-16 of 74%, and our current projected performance is 67%.**
 - **Postsecondary nontraditional student participation (5P1) has a target for 2015-16 of 36.5% and our current projected performance is 31.8%.**
