Mr. Tony Monfiletto,

Albuquerque, NM 87102

Dear: Mr. Monfiletto,

PSFA has received and reviewed the Facility Master Plan/Educational Specification (FMP/EdSpec's) for the Entrepreneurial Leadership High School located in Albuquerque. The FMP/Ed Spec's purpose is to guide you in the planning of and/or selection of a facility to ensure that it is adequate to accommodate your educational program and method of instruction. Based upon our review, PSFA is pleased to announce that the Plan meets our requirements. In accordance with House Bill 283, your next step is to submit your charter school application to the New Mexico Public Education Department (PED) and include your plan.

Through our review of the FMP/Ed Spec's, PSFA understands the following:

- Entrepreneurial Leadership High School did request to locate in existing Albuquerque Public Schools facilities on April 15, 2015. As of yet, there has been no response from Mr. Tolley at APS.
- The school anticipates having a total enrollment of 430 students. However, you do not anticipate serving more than 300 students at any one time.
- Class size of 20:1; would require 15 classrooms (300/20=15 classrooms)
- Grades: 9th thru 12th grades
- You have reviewed our adequacy standards, planning guide and HB 283

If you are a successful applicant, please remember to work closely with PSFA's Planning and Design team as you review potential facilities. You can reach us at (505) 468-0282.

Sincerely,

A handwritten signature in black ink that reads "William W. Sprick".
