Amy Biehl High School has high and rigorous standards regarding academic and civic-engagement. Due to these expectations, we as a school have struggled with student attrition. Often, this attrition occurs in lower – 9th and 10th – grades. To address attrition the school has implemented several initiatives including Big Brothers Big Sisters Mentor 2.0 , required study hall spaces for all 9th and 10th grade students, grade level teams that focus on individual student interventions, instruction in school-wide academic behaviors, an instructional focus on structure, predictability and clearly stated learning goals in the classroom, as well as the addition of a new social worker and current staff gaining certification as vocational rehabilitation specialists. Based on our school grade report, our Graduation rates have trended consistently upward from 51.5% in SY 2011 – 2012 to 73.1 % in SY 2013 – 2014 with a total improvement of 21.6% points. The percentages presented in the metrics are based on our attrition data from the 2011 – 2012 H2 cohort and the 2012 – 2013 H2 cohort. Our data shows

that H2 retention is variable from year to year however, our average retention percent for this two year period is 79%. This goal is based on the state graduation standard.

College, Career and Civic Engagement Organizational Goal

Amy Biehl High School graduates will have completed four public Performance Assessments.

- Exceeds Standard:** Cohort 1 - 100% of students will have completed a minimum of one Public Performance Assessment per grade level.
- Cohort 2 - 100% of students meet this goal OR if it is less than 100% the number of students meeting this goal will increase by 5 percentage points from the baseline year of 2014 – 2015
- Meets Standard:** Cohort 1 - 90% of students will have completed a minimum of one Public Performance Assessment per grade level.
- Cohort 2 - 90% or more of Cohort 2 students meet this goal OR if it is less than 90% the number of students meeting this goal will increase by 5 percentage points from the baseline year of 2014 – 2015
- Falls Below Standard:** Cohort 1 - 80% of students will have completed a minimum of one Public Performance Assessment per grade level.
- Cohort 2 - 80% or more of Cohort 2 students meet this goal OR if it is less than 80% the number of students meeting this goal will increase by 5 percentage points from the baseline year of 2014 – 2015
- Falls Far Below Standard:** Cohort 1 - 70% of students will have completed a minimum of one Public Performance Assessment per grade level.
- Cohort 2 - 70% or more of Cohort 2 students meet this goal OR if it is less than 70% the number of students meeting this goal will increase by 5 percentage points from the baseline year of 2014 – 2015

Based upon educational research (Fred Newmann et al), direct experience as well as student, parent and guardian feedback, rigorous public performance

assessments are far more meaningful and authentic indicators of what students “know and can do” than standardized assessments. This goal was constructed based on the following school Public Performance Assessments:

9th Grade – Social Action Carnival

*10th Grade – John Brown Mock Trial, My Lai Mock Trial, Gateway Writing Portfolio Exhibition,
Science Fair*

11th Grade – Turning Point in History Exhibition, Civic-Engagement Exhibition, Science Fair

12th Grade – Senior Service Project, Senior Review/Digital Story

Student Growth Goal

The average composite score on the ACT Plan/Aspire of each 9th grade cohort will increase as measured by their corresponding 11th grade ACT Plan/Aspire average composite score.

Exceeds Standard: Cohort 1 – The average of 9th grade composite scores will increase by 15% from the 9th grade to the 11th grade as measured by comparing the baseline average composite score on the ACT Plan/Aspire in 9th grade to the average composite score in 11th grade.

Cohort 2 - The average of 9th grade composite scores will increase by 15% from the 9th grade to the 11th grade, or if the percent gain is less than 15%, then through multi-level interventions, this cohort will increase their percentage gain by 5% the following year as measured by their average ACT composite score.

Meets Standard: Cohort 1 – The average of 9th grade composite scores will increase by 13% from the 9th grade to the 11th grade as measured by comparing the baseline average composite score on the ACT Plan/Aspire in 9th grade to the average composite score in 11th grade.

Cohort 2 - The average of 9th grade composite scores will increase by 13% from the 9th grade to the 11th grade, or

if the percent gain is less than 13%, then through multi-level interventions, this cohort will increase their percentage gain by 5% the following year as measured by their average ACT composite score.

Falls Below Standard:

Cohort 1 – The average of 9th grade composite scores will increase by 11% from the 9th grade to the 11th grade as measured by comparing the baseline average composite score on the ACT Plan/Aspire in 9th grade to the average composite score in 11th grade.

Cohort 2 - The average of 9th grade composite scores will increase by 11% from the 9th grade to the 11th grade, or if the percent gain is less than 11%, then through multi-level interventions, this cohort will increase their percentage gain by 5% the following year as measured by their average ACT composite score.

Falls Far Below Standard:

Cohort 1 – The average of 9th grade composite scores will increase by 9% from the 9th grade to the 11th grade as measured by comparing the baseline average composite score on the ACT Plan/Aspire in 9th grade to the average composite score in 11th grade.

Cohort 2 - The average of 9th grade composite scores will increase by 9% from the 9th grade to the 11th grade, or if the percent gain is less than 9%, then through multi-level interventions, this cohort will increase their percentage gain by 5% the following year as measured by their average ACT composite score.

ACT Assessments including the Plan and Aspire are indicators for college readiness. College Readiness is a state graduation standard. The metric percentages provided in the goal are based on 10th grade ACT Plan and 12th Grade ACT score data. We currently do not have existing data for growth from 9th grade to 11th grade, however, our first iteration of testing 9th grade students with the ACT Plan has shown an increase of 8% from the 9th grade year to the 10th grade year. We only have one year of data to project growth. The table below outlines our current growth data from 10th grade to 12th grade. The challenge with this data is that 12th grade students have experienced specific and targeted test prep prior to taking the ACT which could misrepresent the expected growth from 9th grade to 11th grade. In the 2015 – 2016 school year the ACT Plan is changing to the ACT Aspire. The testing format and potentially content could impact student performance making accurate projections of student growth a challenge. The expectation of this goal is to track students' college readiness earlier in their high school career and provide interventions for students earlier. The table below outlines our current growth trends from 10th to 12th grade.

For cohorts not meeting our growth expectations our teams will provide multi-level interventions including multiple ACT test prep opportunities, flexible student groupings in Humanities and Math classes to increase literacy and numeracy skills, providing targeted professional development for teams that illuminate student skill trends and inform teacher's instructional practice.

Dear Families of Amy Biehl High School,

Every five years, public charter schools like ABHS are required to submit an application to be re-chartered for another five years. ABHS is currently preparing to go through this process and we need your help. As the parents and guardians who choose to send their child/ren to our school, please sign the petition below indicating your support for ABHS' continued existence. Our goal is to have 100% of our currently attending families sign the petition.
Thank you for your confidence in our work!

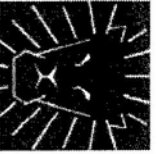

Estimadas familias de ABHS,

Cada cinco años se requieren que las escuelas públicas "charter" (como la nuestra) entreguen una solicitud para re-establecer las credenciales para otro cinco años. ABHS ya está preparando para este proceso y necesitamos su ayuda. Como los padres o guardianes que escogieron ABHS para su(s) estudiante(s), favor de firmar esta petición lo cual significa su apoyo para la existencia continuada de nuestra escuela. Nuestra meta es tener 100% de nuestras familias que firman esta petición. ¡Gracias por su confianza en nuestro trabajo!

 Thank you for your confidence in our work!

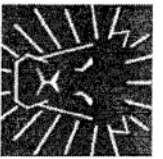

Estimadas familias de ABHS,

Cada cinco años se requieren que las escuelas públicas "charter" (como la nuestra) entreguen una solicitud para re-establecer las credenciales para otro cinco años. ABHS ya está preparando para este proceso y necesitamos su ayuda. Como los padres o guardianes que escogieron ABHS para sus(s) estudiante(s), favor de firmar esta petición lo cual significa su apoyo para la existencia continuada de nuestra escuela. Nuestra meta es tener 100% de nuestras familias que firman esta petición. ¡Gracias por su confianza en nuestro trabajo!

Estimadas familias de ABHS,

Cada cinco años se requieren que las escuelas públicas "charter" (como la nuestra) entreguen una solicitud para re-establecer las credenciales para otro cinco años. ABHS ya está preparando para este proceso y necesitamos su ayuda. Como los padres o guardianes que escogieron ABHS para su(s) estudiante(s), favor de firmar esta petición lo cual significa su apoyo para la existencia continuada de nuestra escuela. Nuestra meta es tener 100% de nuestras familias que firman esta petición. ¡Gracias por su confianza en nuestro trabajo!

Dear Families of Amy Biehl High School,
Every five years, public charter schools like ABHS are required to submit an application to be re-chartered for another five years. ABHS is currently preparing to go through this process and we need your help. As the parents and guardians who choose to send their children to our school, please sign the petition below indicating your support for ABHS' continued existence. Our goal is to have 100% of our currently attending families sign the petition.

Thank you for your confidence in our work!

Estimadas familias de ABHS,

Cada cinco años se requieren que las escuelas publicas "charter" (como la nuestra) entreguen una solicitud para re-establecer las credenciales para otro cinco años. ABHS ya está preparando para este proceso y necesitamos su ayuda. Como los padres o guardianes que escogieron ABHS para sus(s) estudiante(s), favor de firmar esta petición lo cual significa su apoyo para la existencia continuada de nuestra escuela. Nuestra meta es tener 100% de nuestras familias que firman esta petición. ¡Gracias por su confianza en nuestro trabajo!

ABHS ya está preparando para este proceso y necesitamos su ayuda. Como los padres o guardianes que escogieron ABHS para sus(s) estudiante(s), favor de firmar esta petición lo cual significa su apoyo para la existencia continuada de nuestra escuela. Nuestra meta es tener 100% de nuestras familias que firman esta petición. ¡Gracias por su confianza en nuestro trabajo!

Michael May, Principal/Executive Director

I support the good work of ABHS and sign my name to indicate my desire that their Charter be renewed!
Con esta firma quiero apoyar el trabajo de ABHS. Indica mi deseo que re-establezcan las credenciales.
