

Endless Sky Academy's Conflict of Interest Policy:

Specifically addresses the following four provisions of NMSA 22-8B-5.2 regarding family members, governing when conflicts of interest are present, and chartering authority members:

A. A person shall not serve as a member of a governing body of a charter school if the person or an immediate family member of the person is an owner, agent of, contractor with or otherwise has a financial interest in a for-profit or nonprofit entity with which the charter school contracts directly.

Individual liability for knowing violation.

B. No member of a governing body or employee shall participate in selecting, awarding, or administering a contract with the charter school if a conflict of interest exists.

C. Chartering authority member may not serve on charter's governing body.

D. Definitions of immediate family member.

Part A is addressed in Article Two (2), Section 2.18, of Endless Sky Academy's Bylaws, which states:

"Endless Sky Academy desires to limit third party agreements to those that are negotiated at arms' length with terms fair and reasonable to the School. A potential conflict of interest exists if a contract or a transaction is proposed between the School and any of the following: a Trustee, a member of the Trustee's immediate family (spouse, parents, children, brothers, sisters, brother-in-law, sister-in-law, daughter-in-law, son-in-law) or an entity in which a Trustee or member of its immediate family holds an ownership interest or governance position. If a contract or transaction is proposed in which a Trustee (or family member or related entity as described above) has a personal or material financial interest, the Trustee shall promptly disclose the material facts of such matter and potential conflict in writing to the Secretary for distribution to all Trustees. When any conflict of interest becomes relevant to any subject requiring action by the Board or any of its duly constituted committees, the Trustee having the conflict shall not vote on the subject."

Part B of NMSA 22-8B-5.2 Statute is addressed in Endless Sky Academy's Conflict of Interest Policy, Article

Three (3), sections one (1) and two (2), centering on a duty to disclose and determining whether a Conflict of Interest exists. These sections state the following:

1. Duty to Disclose: In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the Endless Sky Academy's Board of Trustees and members of various Board committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists: After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the Board of Trustees or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining Board or committee members shall decide if a conflict of interest exists.

NMSA 22-8B-5.2, Part C, is very clear that "Any employee, agent, or board member of the chartering authority who participates in the initial review, approval, ongoing oversight, evaluation of charter school renewal process of a charter school is ineligible to serve on the governing body of the charter school chartered

by the governing authority.” Endless Sky Academy will abide by this regulation. Endless Sky Academy’s Board of Trustees will also ensure that no member of its governing body or employee of the school participates in the selection of any such contract with Endless Sky Academy if a potential conflict of interest exists.

Part D of NMSA 22-8B-5.2 specifically defines immediate family members, which are specified as a “spouse, father, father-in-law, mother, mother-in-law, son, son-in-law, daughter, daughter-in-law, brother, brother-in-law, sister, sister-in-law, or any other relative who is financially supported.” This is delineated in Article One (1) of the Endless Sky Academy’s Conflict of Interest Policy, which states, “A potential conflict of interest exists if a contract or a transaction is proposed between the School and any of the following: a Trustee, a member of the Trustee’s immediate family (spouse, parents, children, brothers, sisters, brother-in-law, sister-in-law, daughter-in-law, son in-law) or an entity in which a Trustee or member of its immediate family holds an ownership interest or governance position.” Endless Sky Academy’s Conflict of Interest Policy and the Conflict of Interest Disclosure Form are located in Appendix U. All Board Trustees, School Directors, and Board Committee members not serving the school in the capacity of a governing board member, will have to sign a statement yearly that reads as follows: “I have read the Endless Sky Academy’s Conflict of Interest Policy in its entirety below and agree to comply fully with its terms and conditions at all times during my service as a member of the Endless Sky Academy’s

Board of Trustees. If at any time following the submission of this form, I become aware of any actual or potential conflicts of interest, or if the information provided below becomes inaccurate or incomplete, I will promptly notify the Endless Sky Academy’s Board of Trustees Chairperson in writing.”

Disclosure Form:

This Disclosure Form will be signed at the first Board of Trustees Meeting of the new fiscal year, which begins on July 1 and will be thoroughly reviewed and discussed prior to signing the document. The Chairperson will oversee the Conflict of Interest Disclosure Process and will follow the Procedures for Addressing the Conflict of Interest, as outlined in the Endless Sky Academy Conflict of Interest Policy. This process is outlined as follows:

1. The individual with a potential conflict or real conflict may make a presentation at a Board of Trustees or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
2. The chairperson of the Board of Trustees or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
 - a. After exercising due diligence, the Board of Trustees or committee shall determine whether Endless Sky Academy can obtain, with reasonable efforts, a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
 - b. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the Board of Trustees or committee shall determine by a majority vote of the disinterested Trustees, whether the transaction or arrangement is in Endless Sky Academy's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination, it shall make its decision as to whether to enter into the transaction or arrangement. Any violations and failures to disclose actual or possible conflicts of interest can result in disciplinary and corrective action, including dismissal from the Board. At all times, our Board of Trustees and school representatives, will be mindful that we must always uphold the principles of this Conflict of Interest Policy, conscious that holding a public office is also a public trust.

Dear Public Education Commission:

I am writing to express my full support for the charter school application submitted by Paul Lockhart. I have worked with Mr. Lockhart for the past four years. During that time, I have seen how he understands data and how to best apply it to increase student achievement.

As a secondary teacher, I see students all the time who still struggle with fundamental skills. I wholeheartedly believe that focusing on closing those skill gaps at a young age is imperative for student achievement later in school and in life. A data-driven model makes perfect sense for addressing skill gaps for those young students.

I highly recommend the approval of this application. If you have any further questions or concerns, please do not hesitate to contact me.

Sincerely,

Good morning,

My name is Beverly Bennett, and I am a native New Mexican, and my family has been here for more generations that I can count. I love New Mexico and want to see it be a place where people come for a variety of opportunities, rather than leave to pursue better ones in other states. My own education is the combination of Head Start of Santa Fe, Albuquerque Public Schools K-8 and St. Pius X High School, and I am proud of it all. I have grown a family and built a career with the education I received here in New Mexico. Both of my children attend APS schools.

Education is important, in my opinion it is everything. If children grow up unable to read, they are locked into their circumstance. We are supremely blessed in this country to be granted a free compulsory education and have every responsibility to make the most of it as students and as educators. Technology has brought changes to our society, good or bad, and has also changed the needs of our students. The traditional model of public education serves many students well, and they go on to become productive citizens.

Other students need Mr. Lockhart.

Students passing through the halls of his school would be treated holistically allowing them opportunities to succeed and become proud, productive members of society. I have spoken to Mr. Lockhart at length about his idea and I am inspired by how his students will be met where they are in their experience. Each student's individual needs identified and served. Is it ambitious, yes! Is it attainable, yes! Is it worthwhile, absolutely!

I have known Paul Lockhart for more than 30 years. He is ethical and hardworking. His dedication to educating the next generation is complete.

Thank you for your consideration,

Beverly Bennett--

Dear Members of the Public Education Commission:

On behalf of EdTec, I am writing to express our strong support for the approval and opening of the proposed Endless Sky Academy.

EdTec (www.edtec.com) is a social venture founded in 2001 to develop, support, and advance high quality charter schools. Through our back-office service practice and consulting services in finance, operations, facilities, and student information, we have helped support over 400 charter schools, charter management organizations, and charter school support organizations across eleven states including New Mexico. EdTec is a highly respected, deeply experienced firm within the national charter schools community.

Strong financial and operational systems, in addition to a strong educational program, are fundamental to a high quality charter school. At EdTec, we believe that students deserve to attend charter schools that are not only educationally sound, but financially and operationally sound as well. At times, however, these three objectives may seem diametrically opposed. So, we see EdTec as a critical thought partner for our client schools to find and facilitate the right balance across these three objectives.

In our work on this application with Paul Lockhart, lead founder, as well as the rest of the Founding Board of Endless Sky, we have observed a group of individuals who understand this balance quite well. The Founding Board that I have met, has almost 80 years of education experience between them. We have had the opportunity to work together on a strategic budget and financial plan that is prudent and realistic, and at the same time recognizes the very important and resource intensive work of providing the families of Bernalillo with a very high quality elementary educational option. Our extensive work in the charter school community gives us the unique perspective on who is likely to be successful. Our experience with the Endless School team thus far assures us they will be a successful charter schools and should be approved.

EdTec has proposed to continue working with Endless Sky if approved by providing startup and operating year financial services and consulting through June 2020. And, it is our hope that the relationship with EdTec will continue beyond this timeframe.

We strongly support the approval and opening of Endless Sky Academy. We are confident that the individuals involved, along with the plans developed and proposed partnerships, will provide the future students and families of Endless Sky Academy with a high quality elementary education option.

Sincerely,
Katie Rarick

To Whom It May Concern:

I am gladly writing this letter of support for Endless Sky Academy Charter School in Bernalillo, NM. As an educator in New Mexico as well as a parent of an elementary school age child, I see the overwhelming need for what Endless Sky will offer the city of Bernalillo, Rio Rancho, and all the surrounding community.

In the public school system we see so many students falling behind due to various circumstances and this will in the long run impact our community, state and world. Endless Sky is offering intensive, data driven intervention to ensure that all students will have their needs met. The founder of Endless Sky has long and varied experiences with using data to drive instruction and intervention and he is offering to bring that experience to dedicated educators and to our community's children who are so in need of a new opportunity to learn and succeed. I truly believe that Endless Sky will be the answer to so many children and parents who have struggled in traditional public schools and who are looking for something different and outstanding for their foundational education. I have the greatest hope that these students will have the opportunity to experience the success of an education that is directed specifically to their personal needs, gaps, goals, and achievements.

Sincerely,

Dear Charter School Selection Committee:

Because of my extensive experience as both a middle and high school principal in New Mexico and in Maryland, Paul Lockhart has asked me to write a letter in support of his application to open Endless Sky Academy, a K to Grade 5 charter school, in Bernalillo, NM. More importantly, it is from my perspective as a charter school principal that I can offer the strongest advice and recommendation to Paul as he seeks to build a school that will serve the very diverse community of Bernalillo.

Beginning in 2005, I served for three years as the principal of the Public Academy of Performing Arts in Albuquerque. This particular charter school specifically attracted middle and high school students who were interested in studying music, art, drama, and dance, and one of the main attractions of the school was its excellent teaching staff, something that I would recommend strongly to Mr Lockhart. Some of the top art, drama, and dance instructors in Albuquerque worked with these students; the ratio of students to teachers was small which enabled the staff to give small and large group instruction; and the school had high academic standards for both performance and academics. I am confident that Paul Lockhart can build all of these key elements into his school.

In researching specific educational data about schools within the Bernalillo School District, it is clearly evident that these schools are under performing in most academic areas. Specifically, recent PARCC scores indicate that the majority of the students at all levels, i.e., elementary, middle and high school, are scoring below proficient in reading and math and other core subject areas. It would appear that these students do more poorly as they move through the Bernalillo Schools, a strong statement about the lack of rigor and high expectations in the earliest years of schooling. School success must be build from the earliest grades, and with his excellent background in using data to improve student achievement, Paul Lockhart and his team will be able to provide just such a boost to the youngest learners in Bernalillo.

The importance of providing a solid, well developed educational program for beginning students in kindergarten, first and second grades cannot be emphasized enough. Paul Lockhart's vision of creating a charter school in Bernalillo, NM, to help students in grades K-5 meet with success and to build a strong foundation for them to flourish is an excellent one.

Paul Lockhart has a strong background as a teacher, administrator, and data analyst and is someone who will be able to jump start the vision and bring it to fruition. I know that he will bring high energy, a passion for success, and the ability to attract a strong faculty to this endeavor, and I hope that you will give his application full consideration and grant approval for the opening of Endless Sky Academy.

Sincerely,

A handwritten signature in black ink that reads "Katy Harvey". The signature is written in a cursive, flowing style.

To Whom It May Concern:

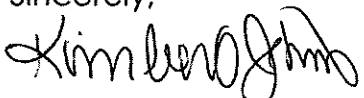

It is with great pleasure to write in support of the Endless Sky Academy Charter School. Their goal is to prepare students at every grade level, in higher education, and as a productive member of the workforce in the 21st Century. The charter will highlight students' unique talents to be a leader within the school community.

Parents and families need choices when it comes to the education of their children. Many families are looking for something different than your typical public school. With the requirements of Common Core and many districts using a canned curriculum approach, children are being passed through the system. The Endless Sky Academy will provide every student with access to rigorous and in-depth learning of the Common Core Stand Standards. Each child's learning will be based on individual evaluation of academic need through comprehensive response to intervention and enrichment programs. This charter school will focus directly on the child, their needs and their learning.

Not only will this school allow for individual education of children, it will welcome families and parents on campus. Family involvement will be highly encouraged through consistent, purposeful communication and an active role with the school. Instead of families finding out about their child's progress at parent teacher conferences, they will be welcomed to be active participants in their child's learning process.

I am excited about the possibility of this new charter school for our youngest students, grades K to 5th. There is a true need for this academy in the community. If I can be of further assistance, please feel free to contact me at (505) 288-0757 or email at kimmyjohnsnm@gmail.com.

Dear Public Education Commission:

It is my pleasure to write this letter on behalf of Paul Lockhart. Paul and his team submitted an application for an innovation charter school in the geographic area of Bernalillo Public Schools. The school he envisions will make a strong impact on young minds at the time in their development when they are most vulnerable. As a teacher, an administrator and a parent himself, Paul has witnessed children move through this phase of discovery. He has assembled a strong team with the capabilities to shape the development of children who need structured support to achieve their full potential.

I had the honor of working with Paul in Rio Rancho Public Schools for several years. We were both administrators at different middle schools at the time. We met at least monthly as an administrative PLC and talked frequently via phone and email to bounce ideas or help problem solve issues. One of the things that most impressed me about Paul was his understanding of data. While some administrators tend to get lost in the data, Paul has a skill for sifting through all the available information and seeing the patterns. This is evidenced by his most recent role at the Rio Rancho District Office in the Accountability Office. Having had both school level and district level experience, Paul is well prepared to open a charter school.

Should you require additional information, please do not hesitate to contact me. Thank you for your consideration.

Sincerely,

Dear Public Education Commission:

This letter is written on behalf of Paul Lockhart and the application his team is putting together to develop a Charter School for our students in the community of Bernalillo, New Mexico. I have had the pleasure of working with Mr. Lockhart within the Rio Rancho Public School District, from June 2015 until October of 2018.

When I think about the thought of Mr. Lockhart starting up a charter school I immediately know that teachers will be well versed in analyzing data through a lens of knowing a child's individual needs. I also know that research based best instructional strategies will be something teachers will work on constantly through Professional Learning Committees that are aligned to what the data demonstrates are student's needs.

I highly recommend the PEC approve this charter school application.

Dear Madame Chair,

It is with great enthusiasm that I submit this letter of support for the application of Endless Skies Academy for authorization as a state chartered charter school.

As a lifelong resident of Bernalillo I have a keen personal interest in ensuring that our schools are providing the best possible education for our students. Sadly, the current situation in the Bernalillo Public Schools is not achieving this goal and has not done so for a number of years. Currently, the four schools located in the town of Bernalillo have earned two "Bs", a "C" and an "F" with Bernalillo High School currently identified as an MRI school requiring more rigorous intervention. In addition, school district is losing significant numbers of students to neighboring districts. The reason for this is simple; the district is not providing educational opportunities for students that meet their individual needs and is not making any effort to do so.

As a nontraditional student for most of my life, having grown up in Bernalillo, a poor and ethnically diverse community, and as a special educator, I understand the unique needs each of our students bring to school every day. Having spoken to Mr. Paul Lockhart and Ms. Joyce Bridges about their vision for the Endless Skies Academy I am encouraged that finally opportunities will be provided for students to succeed. The focus of the school to provide individualized instruction based on each student's individual needs is exciting and I expect will lead to significant improvement in student achievement. I look forward observing the work of the charter school leadership and teachers to ensure the needs of each student is met and to focus on closing the achievement gap among our most vulnerable populations. I am further encouraged that in addition to addressing the classroom needs of students the school will ensure each child is supported by the Bernalillo community that surrounds them daily; helping deal with social/emotional issues, ensuring children are fed daily and keeping children focused on the fact that a good education is the key to improving their lives.

The time has come to quit kicking the can down the road and make certain our children are given the opportunity to succeed in their community now! The work of this charter school can be the force that makes this possible. I urge the Commission to act favorably on this application for the good of the children of Bernalillo.

Please do not hesitate to contact me if you have questions of if I can be of assistance,

Best regards,

Dear Public Education Commission,

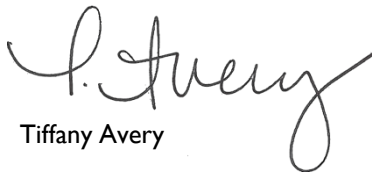

I'm writing to offer my support for my friend Paul Lockhart's proposed charter school – Endless Sky Academy – In Bernalillo, New Mexico. Paul has worked for one of New Mexico's most celebrated school districts – Rio Rancho Public Schools – for 15 years and if you know Paul, you know he is very knowledgeable about public education, and what it takes to find success in New Mexico's public education system.

The Sandoval County community can greatly benefit from a charter school centered on intervention-based learning for many reasons, some of which I've outlined below.

- **Sandoval County residents understand the importance of a good education:** According to the 2016 US Census Bureau, Sandoval County residents have a higher level of educational attainment than the Albuquerque Metro, New Mexico, and the United States averages.
- **There are many rural areas within Sandoval County.** A charter school located in Bernalillo will provide an excellent, central location for many who do not have access to school systems that meet their individual needs.
- **An educational pipeline is the key to growth.** In order to attract and retain jobs and investment in the state, we must provide the best education possible and develop our future workforce.

I am thrilled that Paul is taking steps to help boost New Mexico's public education system and hope you will consider his charter school application.

Respectfully,

Tiffany Avery

Dear Charter School Selection Committee:

Paul Lockhart has asked me to write this letter in support of his application to charter Endless Sky Academy within the Bernalillo School District. As a former Superintendent of Schools in three states as well as a School Improvement Specialist for a major school improvement organization, I have been involved with both public and charter schools in a number of states. From this unique perspective, I am both pleased and honored to recommend the granting of a charter to Mr. Lockhart and his team.

As the Superintendent of Schools in Los Lunas during the time that the School of Dreams was being chartered within that district, I reviewed the SoD charter application as a representative of the Los Lunas Board of Education, making a number of suggestions about that charter application to the board. In addition, I served as a consultant for the Northern Ohio Consortium for Higher Education (NOCHE) as they advised the ten school Breakthrough Schools Charter Network in Cleveland about school improvement and the expansion of that network. As a result I have seen charter schools that break the mold for student achievement and others which struggle to succeed. From this perspective I have learned that among the key elements for charter school success are strong leadership and a clear mission. I believe that Paul Lockhart and his team will bring both of these qualities to this important work.

Having reviewed test scores and academic achievement data for the Bernalillo Public Schools, it is clear that this district is not serving all of its children well. Over the past decade the data for Bernalillo is at best 'flat,' and what is most concerning to me is that students in Bernalillo seem to become less proficient in both reading and mathematics as they move through the district, leading to high failure rates in both middle school and high school and a graduation rate that lags significantly behind national norms. From my perspective as someone who has advised many schools and districts about improvement, this failure is clearly rooted in the earliest years of schooling, and improvement of the K to 5 experience will beget later success in Bernalillo's secondary schools, offering these students much greater options for higher education and meaningful employment.

Further, a major achievement gap exists in Bernalillo between more economically advantaged students and their more disadvantaged and minority counterparts. This achievement gap has not been closed significantly over time, and there is most certainly a need for another approach to schooling to address the gaps that exist in this district. I believe that Endless Sky Academy with its clear emphasis on data-driven instruction supported by high quality teaching and learning will help to address the education inequality that plagues this school district.

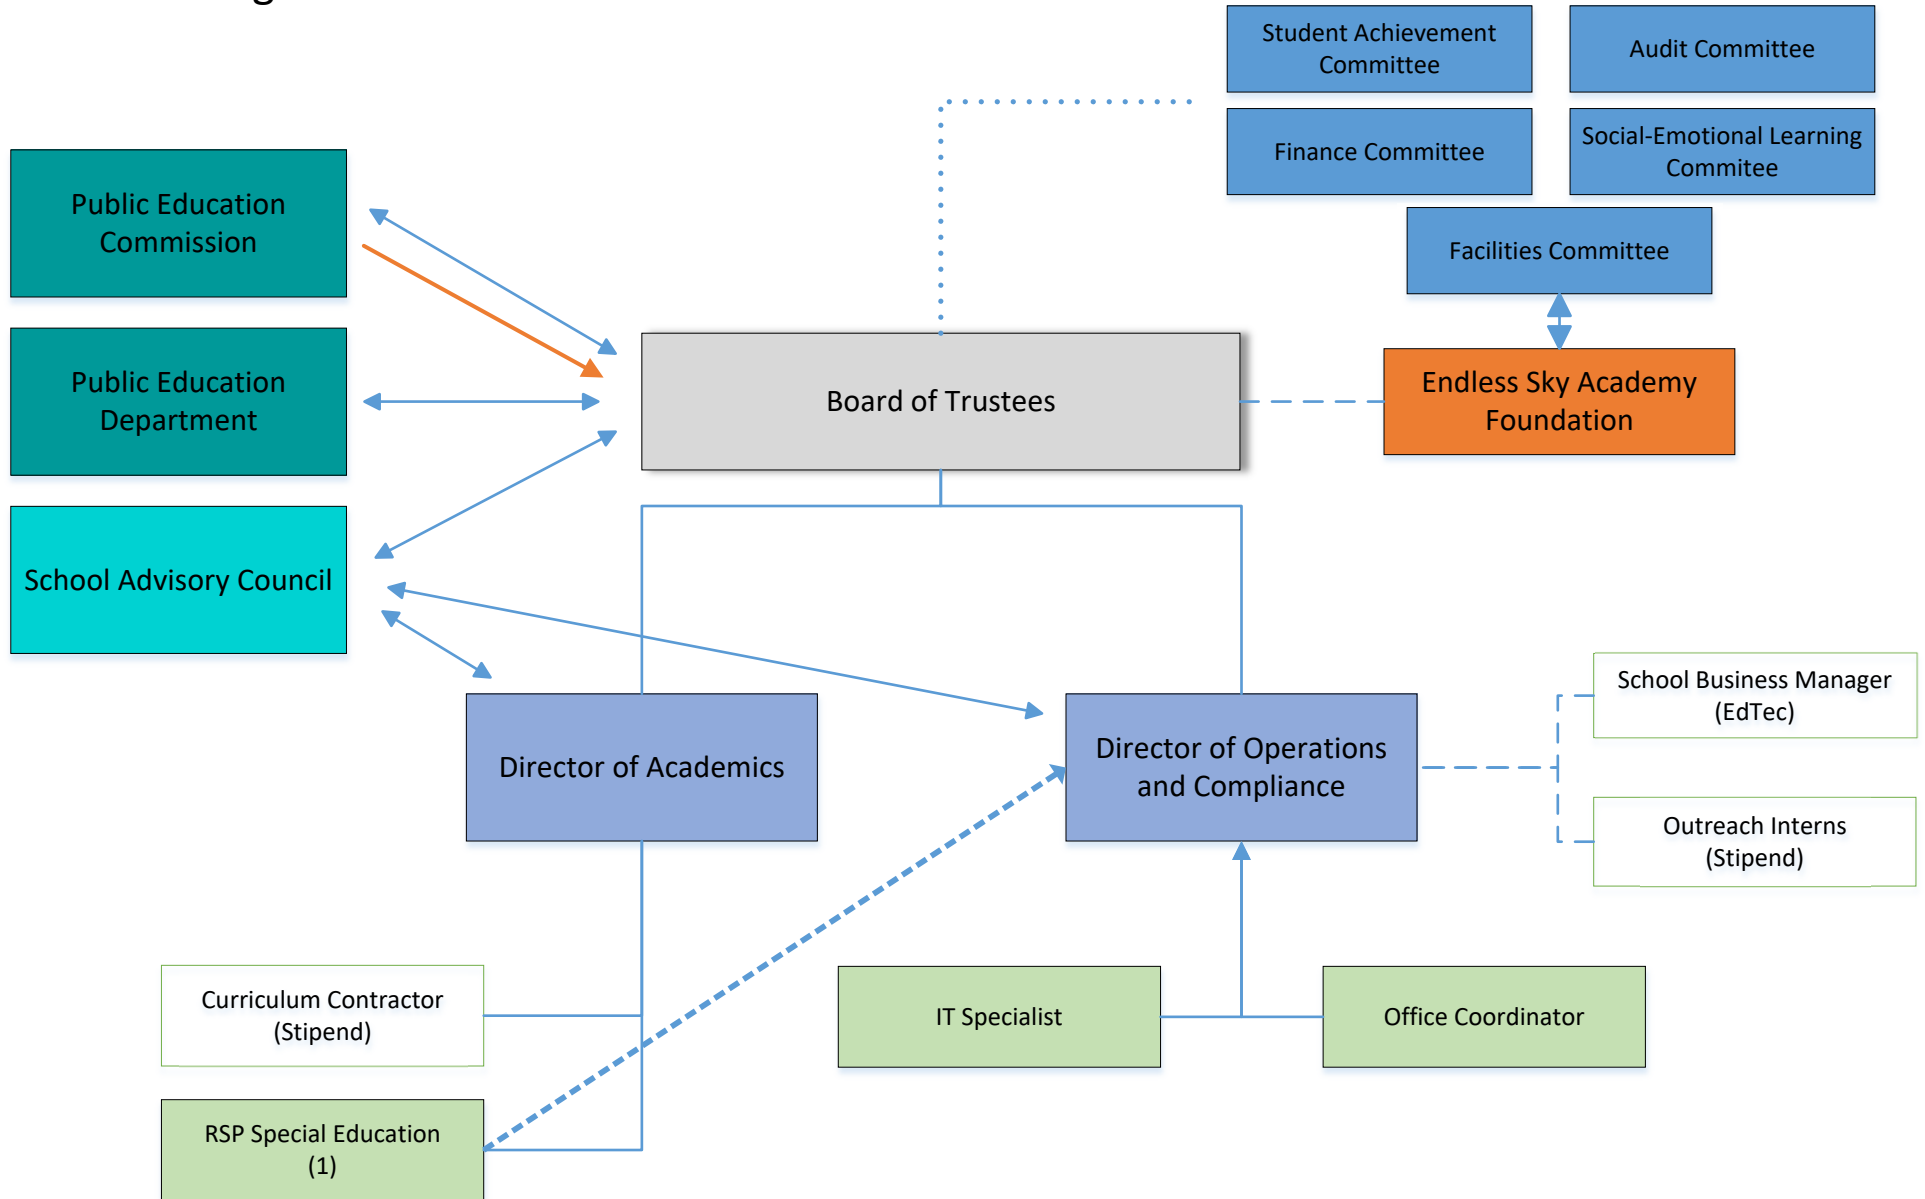

It is with enthusiasm that I support Mr. Lockhart and his team as they seek to address these challenges. Students in Bernalillo both need and deserve the opportunity to reach their full potential, and Endless Sky Academy will provide them with an option to choose an elementary school experience that will better prepare them for later school success.

Sincerely,

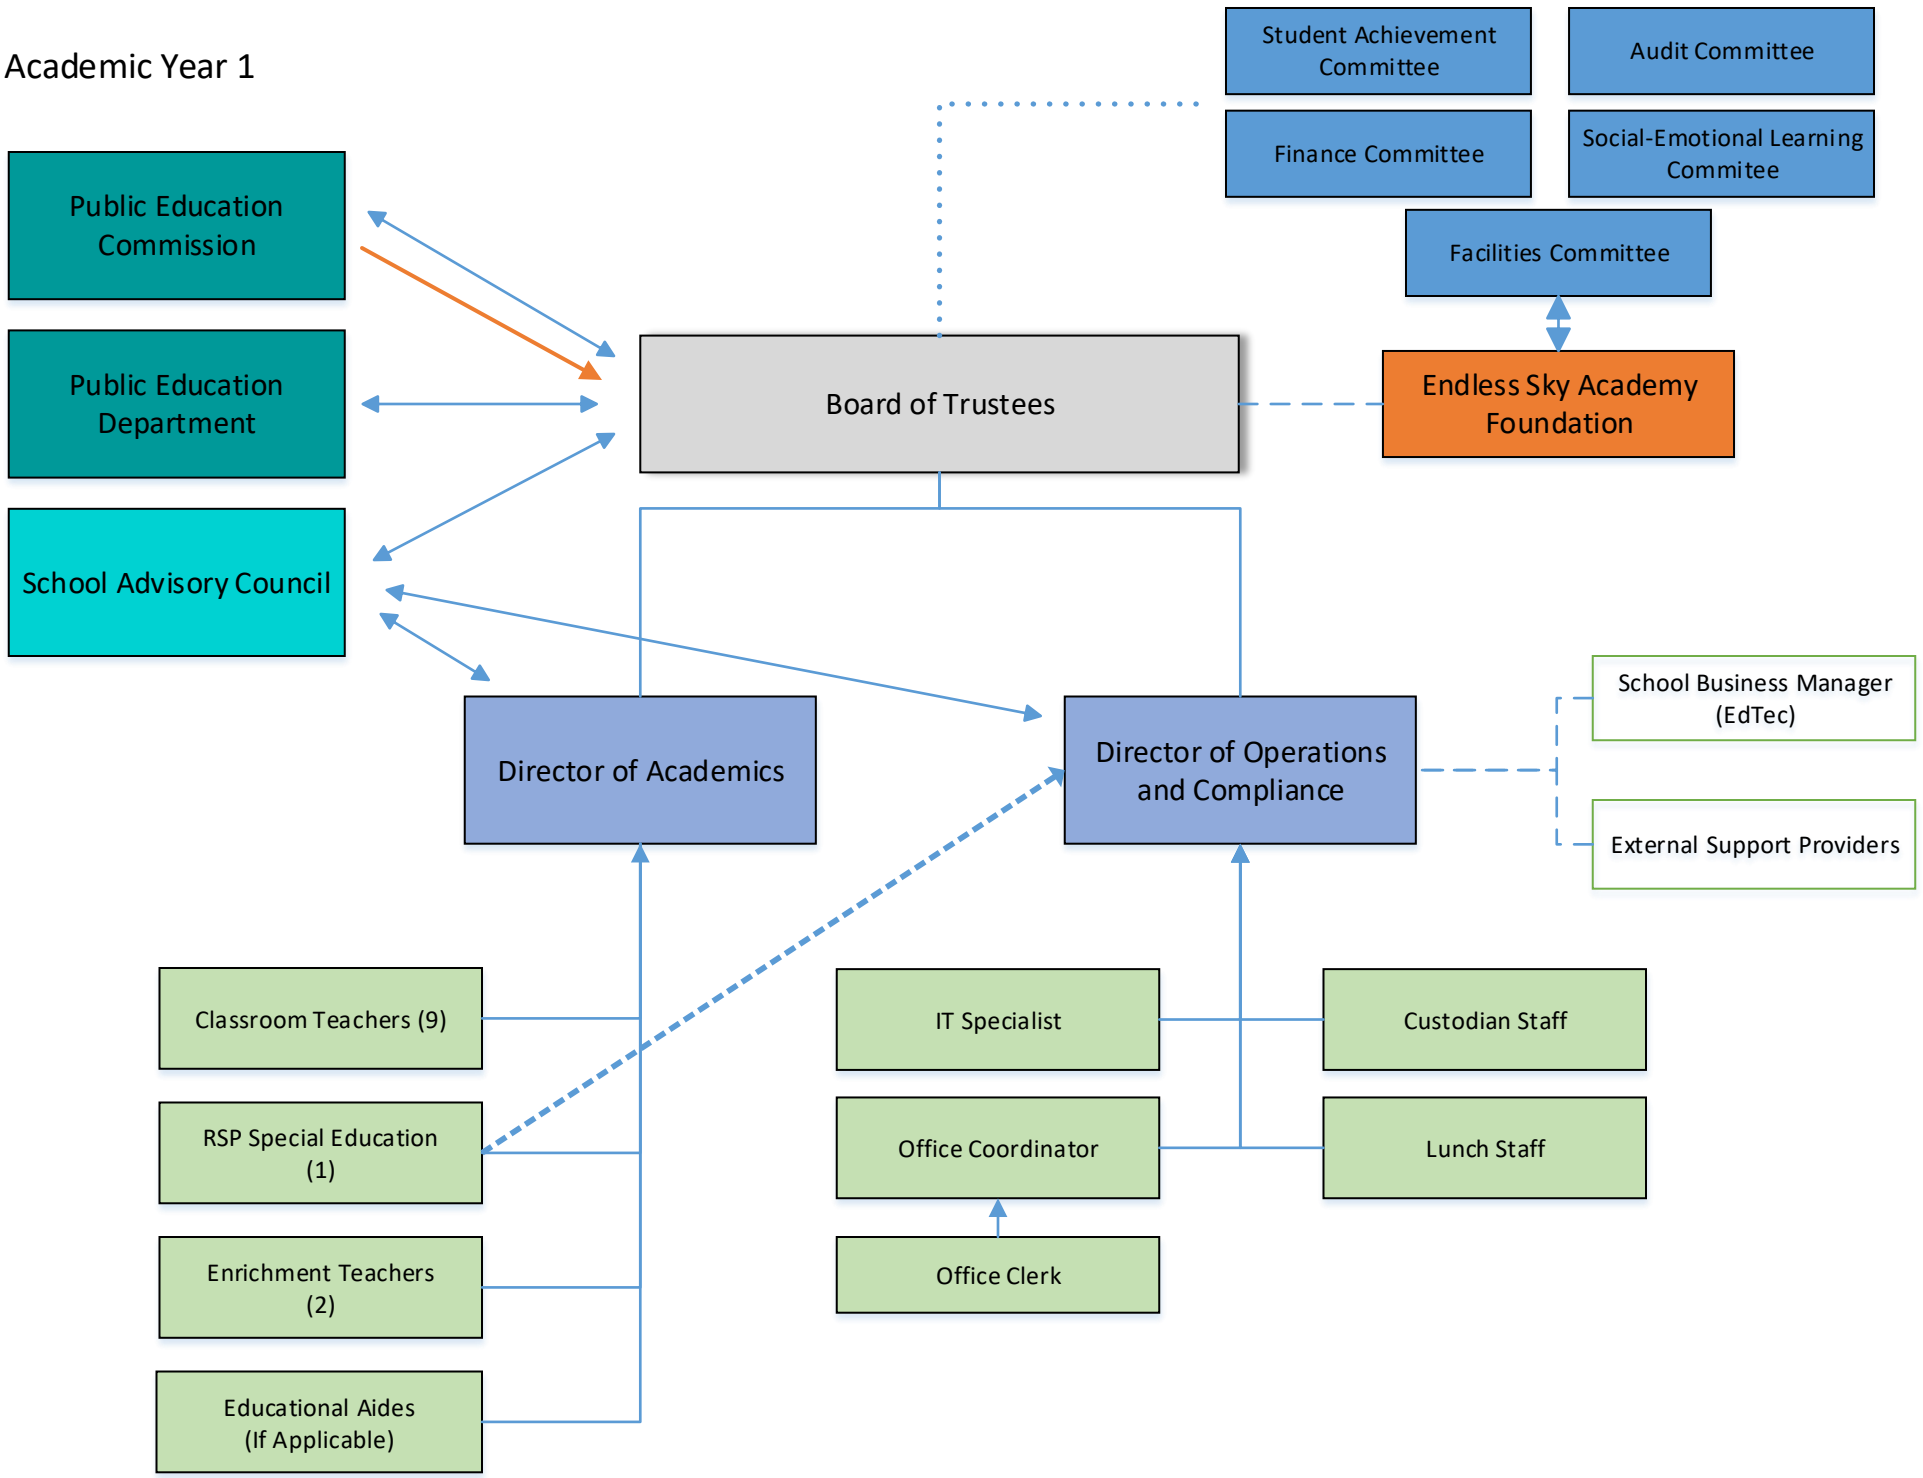

Walter G. Gibson

Implements rigorous curricula and assessments tied to both state and college-readiness standards					
Implements curricula aligned to state or national college-readiness standards	Builds the capacity of staff to effectively develop, adapt, and implement rigorous curriculum aligned to Common Core and state standards to effectively address all students learning needs	Engages the leadership team and other key staff in developing, adapting, and implementing curriculum aligned to Common Core and state standards to meet student learning needs	Develops and supports the implementation of standards-based curriculum; attempts to align to Common Core and state standards to meet student learning needs	Supports staff use of a curriculum that is not aligned to college readiness standards	<ul style="list-style-type: none"> Systems ensure that lesson and unit plans align to the scope and sequence and prepare students to be on a college readiness track Instructional decisions throughout the year, including student grouping/differentiation and targeting for interventions, are based on periodic assessments, classroom tests, and teacher designed tests
Supports the development and implementation of standards-based lesson and unit plans	Builds the capacity of staff to analyze standards, curricula, and aligned assessments to develop and implement standards-based lesson and unit plans linked to year-end goals; implements ongoing systems to review and improve unit and lesson plans based on student outcomes	Leads analyses of standards, curricula, and aligned assessments to develop and implement standards-based lesson and unit plans linked to year-end goals; oversees revisions to unit and lesson plans based on student outcomes	Encourages teachers to analyze standards, curricula, and aligned assessments to develop and implement their own lesson and unit plans; adjusts some unit and lesson plans based on student outcomes	Supports staff use of misaligned lesson and units that are disconnected from year-end goals; rarely adjusts lesson or unit plans based on student outcomes	<ul style="list-style-type: none"> Lesson plans, unit plans, and curricular materials demonstrate curriculum coordination and alignment to Common Core content standards Rigorous course content is accessible to all students
Implements high-quality, effective classroom instructional strategies that drive increases in student achievement					
Implements effective instructional strategies to meet student learning needs	Builds the capacity of staff to effectively implement a variety of rigorous strategies and pedagogical methods that meet student needs and drive student learning; adapts instruction and assessments to ensure that all students master content	Supports staff in effectively implementing a variety of rigorous strategies and pedagogical methods that are meet to student needs and drive student learning; adapts instruction and assessments to ensure that all students master content	Provides staff limited support in the use of instructional strategies that support student learning; identifies adaptations to instructional practices and assessments with limited implementation	Rarely ensures instructional strategies support student learning; rarely adapts instructional practices	<ul style="list-style-type: none"> Throughout the school, classroom activities engage students in cognitively challenging work that is aligned to the standards Instructional staff (teachers, coaches, and administrators) have a broad repertoire of pedagogical approaches that they effectively incorporate into lesson plans
Monitors multiple forms of student level data to inform instructional and intervention decisions					
Tracks student level data to drive continuous improvement	Uses multiple sources of quantitative and qualitative data to assess and monitor instruction; creates systems for consistent monitoring and frequent collection of data and uses data appropriately to identify student outcome trends, prioritize needs, and drive continuous improvement	Uses multiple sources of data to monitor instruction, identify student outcome trends, and prioritize needs; creates system for consistent data monitoring and uses data to inform continuous improvement	Uses limited forms of data and does not ensure consistent collection of data for analysis; draws conclusions about instruction with limited data	Inconsistently uses data to evaluate instruction; rarely uses data appropriately to identify trends or prioritize needs	<ul style="list-style-type: none"> Instructional decisions throughout the year are based on student outcome data Student performance data is readily available and can be organized by cohort, grade, subject, sub-group, etc. Elementary students who are not yet proficient (basic) are identified and supported to ensure they make progress <p>(continued on next page)</p>

Identifies school-wide priorities, sets ambitious student learning goals and implements an aligned strategic plan					
Gathers and analyzes data from multiple sources to inform decisions	Builds the capacity of staff to collaboratively and continuously analyze summative and interim student learning outcomes, predictive indicators, and school practices to diagnose the current state of the school and to inform decision-making processes	Engages school leaders in a comprehensive diagnosis of the school's strengths and growth areas by analyzing student outcomes and school practices to diagnose the current state of the school and to inform decision-making processes	Confers with a subset of the leadership team to review summative student achievement results and selected school practices but omits key data that would support an accurate diagnosis of the school	Completes a cursory review of the school's weaknesses using annual student achievement results	<ul style="list-style-type: none"> • Protocols and processes to diagnose the current state of the school (including review of data, school practices, and instructional practices) are clear and transparent to all staff • Each grade and sub-group have specific student outcome targets, clear milestones, and benchmarks to track student outcomes and school practice implementation • Strategic plan priorities are public – stakeholders share a common understanding of short and long term milestones and goals • Teacher leaders and members of the leadership team focus weekly discussions on student learning outcomes • Leadership team creates short- and medium- term action plans to address on-going areas of concern and celebrates areas of success
Sets school-wide priorities and classroom-based student learning goals	Engages all staff in setting school priorities and goals based on student learning data and school vision; builds the capacity of staff to establish grade level targets using disaggregated data	Sets school priorities and goals based on student learning data and school vision; engages staff in developing grade level targets using disaggregated data	Sets school priorities and goals based on limited achievement data and informs teachers of the targets for their classrooms	Identifies school priorities and goals that are unrelated to student learning data and sets baseline student learning targets	
Develops and implements strategic plans	Engages all staff in developing and implementing a detailed strategic plan that describes weekly and monthly milestones and strategies for implementing rigorous classroom content and effective instructional practices to support students in achieving the learning targets	Develops and implements a strategic plan that identifies weekly and monthly milestones and describes strategies for implementing rigorous classroom content and effective instructional practices to support students in achieving the learning targets	Drafts a strategic plan that identifies monthly milestones and some strategies for effective instruction to support students in working toward learning targets	Rarely shares school priorities or baseline student learning goals with staff; rarely formalizes strategies or plans to reach school priorities or goals	
Monitors progress toward goals	Supports staff ownership of and accountability for monitoring progress toward student learning goals; builds the capacity of staff to use disaggregated formative and summative data and other leading indicators to monitor, track, and review progress, systematically adjusting strategies where needed	Develops and implements systems to track and analyze disaggregated formative and summative data and other leading indicators to monitor progress toward student learning goals; implements revised strategies as supported by the data	Periodically reviews data but shows limited ability to adjust strategies and practices in order to reach goals	Monitors annual student data but does not relate it to progress toward student learning or use it to inform adjustment to classroom strategies	
Organizes school time to support all student learning and staff development priorities					
Implements a year-long calendar	Institutionalizes a shared yearlong calendar that is aligned to school goals and prioritizes data-driven instruction cycles, professional learning sessions, and leadership team meetings; builds the capacity of staff to monitor the implementation of the school-year calendar	Creates a school calendar that is aligned to school goals and prioritizes data-driven instruction cycles, professional development, and leadership team meetings; builds the capacity of staff to implement the school-year calendar	Establishes a basic calendar of instructional time and some professional development activities with limited implementation	Drafts a school year calendar that changes frequently and without warning and that allots time for tasks that are not aligned with school goals	<ul style="list-style-type: none"> • Detailed daily/weekly schedule of classes, student interventions, teacher team meetings, and PD sessions are public and managed by leadership team members • Every moment of available time – in and out of the traditional school day – is focused on increasing student achievement

Communicates with stakeholders	Implements effective two-way communication structures with district/system managers and all stakeholders; strategically focuses conversations on school goals and values; builds the capacity of staff to lead and participate in conversations and to tailor messages to the intended audience	Conducts and supports effective two-way communication with all stakeholders; strategically engages stakeholders in conversations about school goals and values; works with the leadership team to lead conversations and tailor messages to the intended audience	Creates systems to share information with stakeholders; hosts conversations with stakeholders about school goals; supports staff in developing their communication skills	Rarely engages stakeholders in meaningful conversations about the school; rarely communicates the school's goals with stakeholders; rarely supports development of communication skills among staff	<ul style="list-style-type: none"> • Differentiates communication style and has demonstrated a positive and appropriate rapport with students, staff, families, and community members • Systems, processes, and structures are in place to share the current state of the school and solicit feedback • Leadership team participates in professional development to learn and practice active listening skills

Principal's and Assistant Principal's Self-Assessment

Short Form

Performance Rubric

- **Exceeds expected performance levels; Completes responsibilities at high levels of proficiency.**
- **Meets expected performance levels; Completes most responsibilities at a moderate level of proficiency.**
- **Does not meet expected performance levels; often fails to complete responsibilities at expected levels of proficiency**

The administrator should provide a self rating in each of the highlighted areas listed below:

I. INSTRUCTIONAL LEADERSHIP – Demonstrates the ability to influence the instructional program in positive ways.

A. Visionary Leadership – Demonstrates the ability to develop, articulate, and use a vision of excellence. For example:

Presents evidence that the vision is a shared vision [SBE I];

Uses the vision to guide and define decisions [SBE I];

Maintains a steady flow of two-way communications to keep the vision alive and important [SBE I, V].

B. Curriculum Design and Development – Demonstrates the ability to ensure that the curriculum of the school is designed to promote high student achievement and sound personal growth. For example:

Leads the faculty and community in a thorough understanding of the relationship between the learning needs of students and the NC Standard Course of Study [SBE II];

Ensures that there is an appropriate and logical alignment between the curriculum of the school and the state's accountability program [SBE II];

Ensures that appropriate differentiation in curriculum and instruction is available to those students with exceptional needs [SBE II].

C. Instruction Effectiveness– Demonstrates the ability to facilitate instructional practices that will lead to high student performance and to a safe, orderly, and caring environment. For example:

Manages time to be an instructional leader as a priority [SBE V];

Provides targeted and challenging professional development activities designed to improve teachers' strengths in reaching all students [SBE II, IV];

Arranges for teachers to teach in settings and circumstances that draw on their strengths and highest abilities [SBE III, IV].

D. Assessment and Evaluation – Demonstrates a commitment to using information to promote sound instructional practices. For example:

Uses data collected from state and local testing and assessment programs to develop formative instructional strategies to improve the effectiveness of daily classroom instruction [SBE II, IV, V];

Monitors student achievement throughout the year, using both classroom and testing data to assess progress [SBE II; V];

Monitors classroom performance on a regular basis, offering pathways to improved student performance through improved teaching [SBE II, IV].

E. Results Oriented– Demonstrates the ability to have students achieve at expected levels of performance or beyond. For example:

Implements a system of performance indicators that guide the school staff in benchmarking performance against similar institutions on a local, state, and national scale (SBE II, V);

Produces student achievement results that are commensurate with basic principles of the state's accountability system [SBE II];

Communicates the results of his/her leadership to appropriate audiences and constituencies [SBE I, V].

F. Locally Identified Instructional Leadership Standards.

II. ORGANIZATIONAL LEADERSHIP – Demonstrates the ability to create and sustain an organizational culture that promotes high standards and expectations.

A. Climate – Communicates a commitment to high expectations for student and teacher performance. For example:

Provides and promotes a climate for learning that is safe and orderly [SBE III];

Creates an organizational climate that provides rewards and incentives for accomplishment [SBE IV, V];

Monitors student performance on a continuous basis [SBE II, III];

Communicates a commitment to the dignity and a contribution of all cultures [SBE III];

Uses professional meeting times in the school to reinforce commitments to high performance standards [SBE II].

B. Empowerment – Finds pathways and opportunities for teachers and others to make the best contributions they are capable of making for themselves and to the school. For example:

Involves stakeholders in decisions affecting schools [SBE IV];

Shares responsibility to maximize ownership and accountability.

C. Communications – Ensures commitment through practice the maxim that knowledge is power, to be shared and distributed to others. For example:

Keeps appropriate audiences and constituencies informed about the school and its functions [SBE V];

Stays well informed about professional issues and shares this information with appropriate groups [SBE IV].
