

**New!**  
**2nd Edition**  
**for Fall 2018**

Designed to be a tool that targets the career pathways needed to meet educational and employment goals.

- ❖ Designed around career clusters and related pathways
- ❖ Portrays a common set of knowledge and skills required for career success in each path
- ❖ Provides information and links to resources for students, parents, counselors, and administrators

Consider using the New Mexico Career Clusters Guide to ...

- ❖ Re-examine, update, and align of Programs of Study
- ❖ Use the Career Readiness Benchmark recommendations to design curriculum and expand learning through PBL
- ❖ Use as a resource for students in building their Next Step Plans

The PED would like to support your implementation plans for the New Mexico Career Clusters Guide by providing free copies based on need and availability with preference to first time orders and while supplies last!

Our plan for distribution begins with you responding to a survey and series of questions about your specific plans for implementation in your school community.

**Here is the link to begin the ordering process:**
