

Task sheet – The hunt for asbestos

Name:

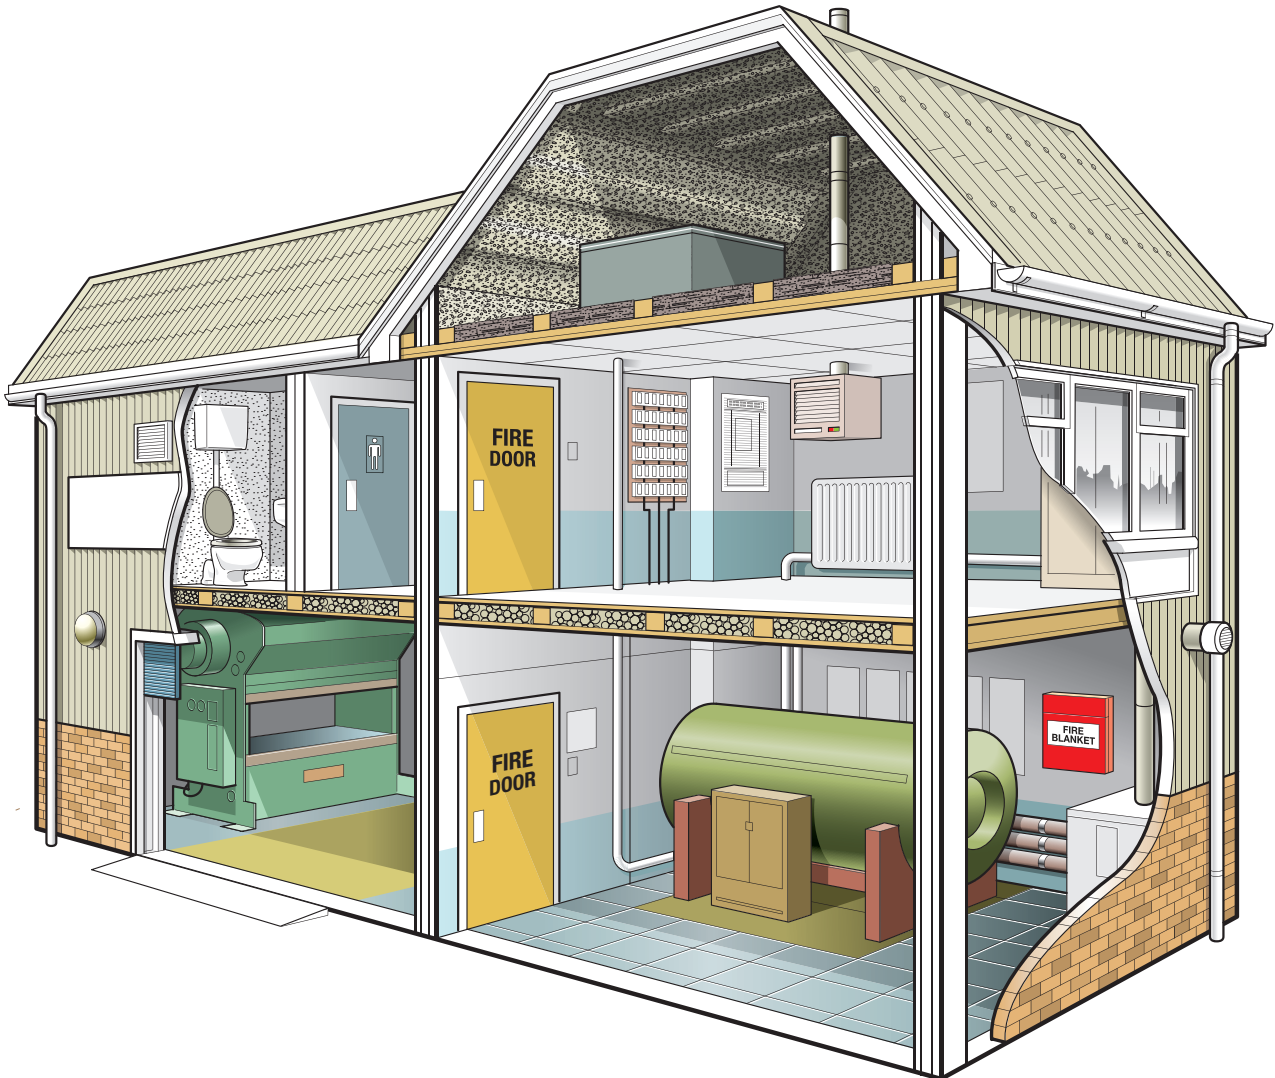

In this diagram of a pre-2000 building, the blank circles are places where asbestos might be hidden. Using what you have learned during today's lesson, write in the circles the number that corresponds to the common hiding place in the list below.

1. Asbestos cements products
2. Textured coatings
3. Floor tiles
4. Sprayed coatings on ceilings and walls
5. Asbestos insulating board
6. Lagging
7. Loose asbestos in ceiling or floor cavity
8. Board around windows, radiators and fireplaces
9. Fuse boxes and electrical switchgear
10. Textiles
11. Ceiling tiles
12. Soffit boards

Hint: For help, visit www.hse.gov.uk/asbestos/hiddenkiller/where-is-it-found.htm

Task sheet – The hunt for asbestos

Name:

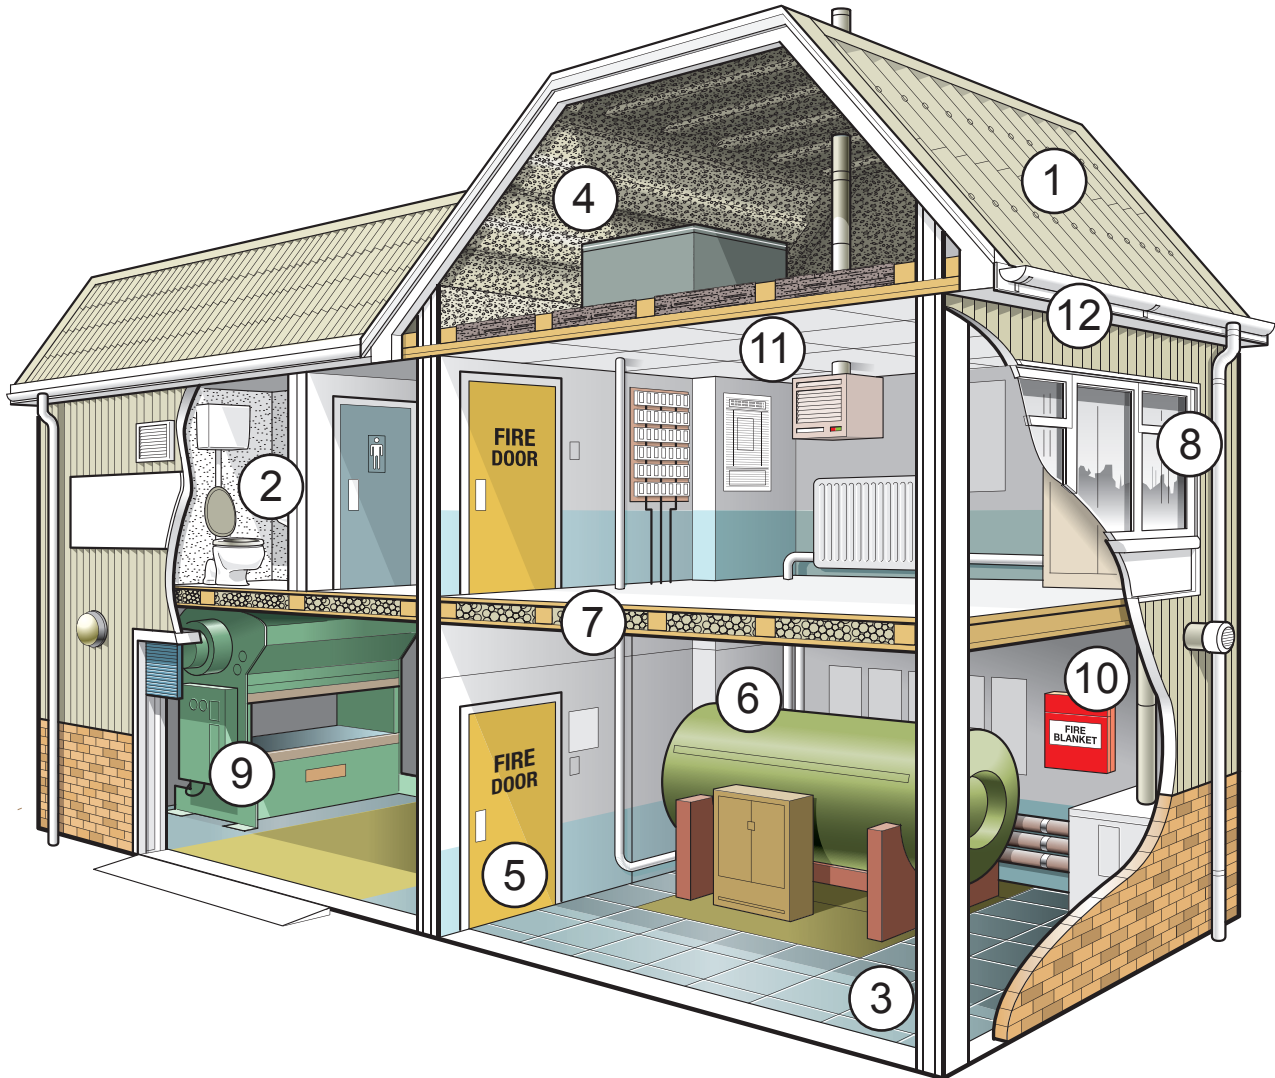

This is a diagram of a pre-2000 building. Using what you have learned during today's lesson, mark where you think asbestos might be hiding. There are at least twelve asbestos hot spots to find.

Hint: For help, visit www.hse.gov.uk/asbestos/hiddenkiller/where-is-it-found.htm

Task sheet – The hunt for asbestos

Answer sheet

In this diagram of a pre-2000 building, the blank circles are places where asbestos might be hidden. Using what you have learned during today's lesson, write in the circles the number that corresponds to the common hiding place in the list below.

1. Asbestos cements products
2. Textured coatings
3. Floor tiles
4. Sprayed coatings on ceilings and walls
5. Asbestos insulating board
6. Lagging
7. Loose asbestos in ceiling or floor cavity
8. Board around windows, radiators and fireplaces
9. Fuse boxes and electrical switchgear
10. Textiles
11. Ceiling tiles
12. Soffit boards
