Public Education Commission**

To Karen Woerner, Patricia Gipson, and members of the PEC,

Thank you for your supportive recommendations and feedback. Please find our Revised CAPs attached and our assurance to continue to track progress and growth and further our mission to Graduate Artist-Scholars Prepared to Succeed.

The Governance Board reviewed the attached CAPs for your approval on January 21, 2019 and has already approved the DASH for the January 11th PEC and PED meeting.

Attached are parent notification letters for compensatory services, EL services, and SIOP Training our faculty completed in 2017-2018. Agendas, final Foldable, and Resources for EL support also follow.

Once again, we appreciate your guidance during this process and we look forward to working together to ensure we are providing the best possible educational opportunities for our students now and in the future.

Respectfully,

**Holly Schullo
