And we are also on pace to provide the feedback, as we have been over the course of this year, for each of the different download deadlines that they've had. In terms of school closures, I, very recently, as of yesterday, had a meeting with the contracted person, Sandy Beery, who is working with the two school closures. interested in receiving inventory disbursements.

And so we are going to be working to support Sandy in that process as we move forward towards completing that.

Once the schools are able to receive their inventory that they're interested in, I've been working with our legal counsel here at the PED to ensure that we can have the City of Anthony assume possession of the buildings, once that is complete.

And then I'm also working with our legal counsel and Sandy Beery to find out what might be left over in terms of the inventory, especially large things, like, for instance, large tables that are there that some folks may not be interested in using at the school. So we're working with DFA to figure out -- and the City of Anthony -- to see if they are interested in assuming responsibility of those inventory pieces that are left over as well.

In terms of the grant, our team member, Leslie Kelly, has drafted amendments to our New Mexico CSP grant.

THE CHAIR: I'm sorry. Can I just interrupt? Do we have any update on SAHQ?

MR. ALAN BRAUER: Yes. Madam Chair and Commission, apologies for forgetting that.

that we changed is the interviewing process. There was a focus on the behavior interview process, which none of our staff has that training; and so we asked to change that.

And we also need to realign the grant towards our new ESSA accountability and support system as well.

I wanted to move on to another -something I'm really excited about, and I just
learned about two weeks ago, which is the charter
school conference. Last year and the last three
years, I believe, we've had a charter school
conference that we put on sometime in the month of
June.

We have tentatively -- and most likely have nailed down these dates of Thursday, June the 6th and Friday, June the 7th, as our dates for the charter school conference.

More information will be coming soon, especially a "Save the Date," as well as a request for preceptors as well. And if the PEC would like to present or have some space, I saw -- Commissioner, are you sure?

COMMISSIONER ARMBRUSTER: I was just asking. Will it be at the Crowne Plaza, as it's

Page 11

THE CHAIR: I thought you were doing that purposely.

MR. ALAN BRAUER: I somewhat was, Madam Chairwoman.

We still are working through the process of being able to receive access to the building to complete the inventory assessment and to get that disbursed. We are moving forward -- attorneys are working on that to figure out those elements; so that's the reason why I didn't have too much to share until prompted.

THE CHAIR: Thank you.

MR. ALAN BRAUER: In terms of the grant, Leslie has worked really hard to update, through amendments, our CSP grant that has gone to our program officer at the U.S. Department of Education for a review. And we are really hoping to hear back from them shortly as to the different proposals that we've made.

Essentially, the bigger proposals have been centered around ensuring that we're able to provide access to the funds that are available in CSP to more schools who meet that criteria.

(Commissioner Caballero enters meeting.)
MR. ALAN BRAUER: The other big aspect

been, or at a different venue?

MR. ALAN BRAUER: We are going through -we have a relationship with Southwest REC 10. And
they're working on that process for sure. And so we
have not yet received the bids. We also are working
to see if there are other partnerships that we could
potentially use through APS to maybe use one of
their buildings as well.

But the theme of this year -- it's a working theme; it's not nailed down. Our CSD team had a chance to connect with this on Wednesday. And 2019 is the 20th anniversary of the Charter Schools Act here in the State of New Mexico. I know that there were a few conversion schools that came before

But we were thinking that could be a really great opportunity for us to celebrate 20 years of diverse schools across the state supporting all of our students.

But the "Save the Date" will come out shortly. And as I said earlier, if the PEC would like to be involved in any way, I would more than welcome that. If you would like some -- some space during the sessions or during the event to speak with schools or engage with them, we would love to

Page 13

Page 14 include you in any way we could.

THE CHAIR: We usually do at least one -depending on how the scheduling is, we usually do have just a talk with the Commissioners, so that it's an opportunity for schools to just put it out there. And we'll just answer questions.

So I think we're more than glad to. It's a nice opportunity for everyone to see everyone. And it's fairly casual. So if they want to just ask a simple question, we're there. And if we want to -- you know, I don't know if we want to spend some time with the new performance framework giving folks an opportunity to get a closer look at it, especially those that are up for renewal. We can look at that later; or if we want to do something with renewal.

MR. ALAN BRAUER: Sure. Yeah. Thank you, Madam Chair.

THE CHAIR: Sure.

MR. ALAN BRAUER: The next thing on our list is governing council concerns. We do not have any for this -- for this --

THE CHAIR: Get out. This is -- I think this is the first time ever that we have not -- that is kudos to everyone for, you know, the schools that amendments, so that we can let all charter schools know what's happening.

So we thought that that would be a good day to do it, where we would have new and renewal schools there already at some part of the day, if we did it at the end of the morning session or early in the afternoon session, and then send invites out to all charter schools. It's in Albuquerque. So just wanted to share that with everyone.

THE CHAIR: Okay. Thank you.

MR. ALAN BRAUER: Thank you, Karen. And now, my favorite part of my time, Chairwoman and Commissioners, is to celebrate and give love where love is due to our schools.

And so this month, the CSD team, we're thinking that since we are reviewing our amended academic performance framework and including more opportunities for schools to really embody their mission indicators, we thought we would include three schools that we've seen just really great work around being successful and meeting their mission-driven work.

And so in the spirit of that celebration, I wanted to start with giving some love to Cesar Chavez Community School. I had the chance to

are apparently reporting on time. This is -- this has to be highlighted. This should be one of those highlights, because this is absolutely the first time. Wow. Thank you.

MR. ALAN BRAUER: Thank you. I'm going to yield some time to Deputy Director Woerner.

MS. KAREN WOERNER: I just wanted to share with the Commission, and everyone, I guess, that Deputy Director Brauer mentioned the April 29th meeting for new schools. There's also -- it's half-day renewal and half-day new; and one of the things that we discussed in the last -- with Brian Laurent about presenting to all schools some information about the new Accountability plan.

So it's not finalized yet. But since we won't be meeting before it, the April 29th will be -- the morning is -- and I forget; I have to look. But one is new and the afternoon is renewal. or vice versa.

But somewhere late in the morning, we're going to open up a session and have Brian available for all charter school leaders who are interested to come and hear a little bit about what we have heard from him about the new ESSA plan and the proposed Page 17

connect with Principal Arness and her Dean of Students, Nathan, earlier this week Monday. And I had a chance to sit down with them and just learn more about their work.

And their -- Cesar Chavez Community School's mission is, "To offer intensive support to students entering or reconnecting to high school through flexible and personalized programs during non-traditional hours. We prepare our graduates for their next steps, including education, training, work, family, and participating in the community."

And while I was there, Ms. Arness, she was super-prepared for my relational meeting and shared more about her mission and vision. And one of the things I wanted to highlight is their theory of change, theory of action that they have around supporting Cesar Chavez' students to really get down to the root causes of their growth.

And so she shared with me -- this is not going to be satisfying, but -- to everyone here. But she shared with me this theory of action that really puts in the heart of their work. It's the foundation of their students' emotional well-being, their stability, safety, survival, self-expression, trust, and relationships, as well as love and

Page 18

respect.

And then in order to reach that -- reach that mission, really integrating work around student engagement, critical deep thinking, building growth -- building a growth mindset, ensuring that there is relevance of learning and that there is student-centered classrooms.

So I just congratulate them on their work and really celebrate what they have accomplished so far

The next school I wanted to share a bit about and give some recognition is Amy Biehl High School. Amy Biehl's vision was founded in the spirit of Amy Biehl, a young scholar dedicated to social justice and service. They graduate diverse learners and leaders who demonstrate the intellectual, social, ethical habits to improve their communities. "Our graduates are civic-minded, college-bound, and career-ready."

I wanted to acknowledge all the work that Frank McCulloch and the team there does for and with their students on the daily. And I wanted to also acknowledge and celebrate their 20 years of work. They're celebrating their 20th anniversary on April the 25th in developing college-bound, civic-minded,

had an expedition regarding farming. And the project resulted in the students developing a website that local farmers could use to connect to community consumers.

And so the work that they're doing -- and their school is not just at the academic level, but really connecting to the community development and something that is real for students and for their communities.

THE CHAIR: Thank you.

MR. ALAN BRAUER: Thank you.

THE CHAIR: And we certainly appreciate it and do applaud all those schools. Cesar Chavez is one of those schools that we're certainly hoping will lead the way in giving those examples for how to create mission-specific goals that are reliable and valuable for the schools. And I have appreciated so far the comments and the work that they've done and been willing to share with schools; so that -- and a SAM school as well. So we've got that -- we're covering two bases there. So they do -- do incredible work there.

And Amy Biehl, I had a good friend who's never been a charter supporter, ever. And she called me up last year. And her daughter had moved

Page 19

and career-ready scholars.

I think one of the biggest aspects of their model that I -- that really speaks to me and to my heart is their focus in on service learning and ensuring that students have a civic-minded, social-justice-minded frame upon graduation and also while they're out there at their school.

And then, finally, I wanted to provide some love and some celebration to Roots & Wings. The mission of Roots & Wings Charter School is, "To inspire our students to academic and personal excellence. Our innovative learning community creates classrooms in farm and wilderness adventure, engaging the head, hands, and heart, enabling students to achieve more than they think possible and to take an active role in our ever-changing world."

I have not yet had the privilege of joining or visiting the school. Their model and their mission really speaks to me, as a farmer, as a farm kid, the idea, of some of the 4H model that they integrate really speaks to me.

And our team recently did their annual site visit. And one of the things that they saw and learned about was that the students, last semester,

here. And she said, "She put the grandkids in this school. It's Amy Biehl." And it's like, "Wow, what

3 a school. "

And it's, like "Well, you do know...," and it's, like, "I know," you know.

So sometimes it takes a little while for people to understand what the schools -- but it's a -- you know, kudos to those schools, because they have been able to stay with their missions. Their missions are important to those communities. They stay rooted with those communities. And their -- you know, 20 years of service to the kids in that community is immeasurable.

And Roots & Wings, well, I'm an expeditionary -- I hiked the Appalachian Trail from Maine to Georgia. So I support -- they're more farming, I think, now than the "outward bounds;" but -- and a really, really small school. So it's -- it's an example also of how survival, in many ways, as they're staying so small, for them to be able to still stick with it.

So we appreciate that. And we appreciate you highlighting this every month.

Thank you.

So you don't have anything else; right?

Page 21

Page 58 1 all just really did a great job. So I wanted to 1 Commissioner Ruiz? 2 share those words from Deputy Secretary Bobroff. 2 COMMISSIONER RUIZ: Yes. 3 3 THE CHAIR: Thank you. We appreciate it. COMMISSIONER ARMBRUSTER: The motion 4 And I just want to add, not on the application 4 passes. 5 5 itself, but a discussion that -- a brief discussion THE CHAIR: The motion passes, eight-zero. 6 I had with Matt about this, that the need to reach 6 Thank you. 7 I can do Item No. 11 real quick. 7 out and find individuals that can help the schools 8 8 to -- to create these frameworks, not only the new COMMISSIONER RUIZ: Okay. 9 9 applicants -- but, of course, new applicants, it's a THE CHAIR: So we'll move on to Item 10 10 needs-now basis -- but for all of our schools, so No. 11, which is the contract negotiation schedule. 11 that we have the -- we know the resources are out 11 So pack your bags and get ready to be on the road 12 12 there; but for schools to be able to access them. for a little while. 13 13 And maybe that might be something that can So we have a number of schools that we need to do contract negotiations for. And Karen has 14 be incorporated into the June. That would be really 14 15 15 beneficial, I think; so that -- those work sessions been in communication with the schools to help set 16 16 up the schedule and to find the venues for us to do are filling up quickly. 17 17 All right. So thank you. the negotiations. 18 So, if there's no further discussion, I'll 18 In addition, we have a school in 19 19 entertain a motion. Las Cruces that we not only have to negotiate a 20 COMMISSIONER VOIGT: I can make the 20 contract with, but we need to do a Corrective Action 21 21 Plan as well. motion, Madam Chair. 22 22 I move that the Public Education And when I was thinking about that, I 23 23 Commission adopt the new -- newly revised New School thought it was a heavy lift to do the contract 24 Application. 24 negotiations and the CAP at the same time, so that 25 COMMISSIONER RUIZ: Second. 25 we probably would need a little breather and come Page 59 Page 61 1 THE CHAIR: There's a motion by 1 back and rethink things. 2 2 Commissioner Voigt, a second by Commissioner Ruiz. So we're going to do the negotiations for 3 3 Any further discussion? the Corrective Action Plan for Dolores Huerta on 4 (No response.) 4 Thursday afternoon starting at 3:00. And that's 5 5 THE CHAIR: If not, roll call, please. May 2nd. 6 6 COMMISSIONER ARMBRUSTER: Commissioner COMMISSIONER VOIGT: Do we have a location 7 7 Chavez? for that vet? 8 8 COMMISSIONER CHAVEZ: Yes. THE CHAIR: The Farm and Ranch. 9 COMMISSIONER ARMBRUSTER: Commissioner 9 COMMISSIONER VOIGT: Will you send out the 10 10 Davis? address? 11 COMMISSIONER DAVIS: Yes. 11 THE CHAIR: Absolutely, yeah. The whole 12 COMMISSIONER ARMBRUSTER: Commissioner 12 schedule will be sent out, yes. And there will be 13 13 e-mails coming out asking you to respond if you're Gipson? 14 THE CHAIR: Yes. 14 going to come, so that we'll populate a -- you know, 15 15 COMMISSIONER ARMBRUSTER: Commissioner a schedule. Yeah. 16 Raftery? 16 And then on Friday the 3rd, starting at 17 17 COMMISSIONER RAFTERY: Yes. 8:00 a.m., we will start contract negotiations with 18 COMMISSIONER ARMBRUSTER: Commissioner 18 the three schools in Las Cruces that we have to do. 19 Caballero? 19 So here was my question, Beverly, our 20 20 COMMISSIONER CABALLERO: Yes. travel expert. We've got Commissioners that are 21 COMMISSIONER ARMBRUSTER: Commissioner 21 going to be down there on Friday. They'll travel 22 22 Voigt? up, I'm guessing, Saturday, because it may be 23 23 COMMISSIONER VOIGT: Yes. late -- later. So some Commissioners may decide 24 COMMISSIONER ARMBRUSTER: Commissioner 24 they don't want to drive Friday night. 25 Armbruster votes "Yes." 25 We're reconvening on Monday, the 6th, in

Page 62 1 Albuquerque. So if Commissioners -- like, for 1 Commissioners that will be attending will get those 2 2 example, Commissioner Armbruster, I'm just saying if materials prior to the meeting so that they can 3 3 review them and we can hopefully get these finalized you want to -- does she have to drive all the way 4 home Saturday to Los Alamos to basically come back 4 by then. Okay? 5 5 COMMISSIONER VOIGT: Great. down to Albuquerque on Sunday so that she's there 6 Monday morning at 8:00? That's my question. 6 THE CHAIR: Bev, do you know, will the --7 7 MS. FRIEDMAN: That's her choice. would the computers be available? And if they were, 8 8 would a Commissioner be able to get them by then? THE CHAIR: All right. I just wanted 9 that -- those options, so that if people have --9 You know, how would they get them? Does the tech 10 10 you're passing by the place you have to be at Monday person have to, like, somehow set it up the first 11 morning, you know, it just doesn't make a whole lot 11 day? 12 of sense; so that Commissioners are free to make 12 MS. FRIEDMAN: Madam Chair, ves. 13 that choice if they want to? 13 they're -- what they are doing right now is setting 14 14 MS. FRIEDMAN: Yes. Yes. up the computer with the programs. 15 15 THE CHAIR: So there's that option. So we THE CHAIR: Okay. 16 16 will reconvene in Albuquerque at 8:00 a.m. on MS. FRIEDMAN: And so what they would have 17 17 Monday, the 6th; Tuesday, the 7th; and Wednesday, you do, they have forms for Commissioners to sign. 18 18 the 8th at the New Mexico Athletic Association's THE CHAIR: Oh, right. 19 19 building, which is -- is that -- it's not Wyoming. MS. FRIEDMAN: And then basic information 20 MS. KAREN WOERNER: Palomas Drive. 20 about how to access some of the information on 21 21 THE CHAIR: Palomas, off of Paseo del there. So it would -- maybe an hour, maybe less. 22 22 Norte, by the Target and by the SpringHill, yeah. THE CHAIR: So the computers won't be 23 I've already made my reservation at the SpringHill. 23 available for, like, the negotiations in Cruces. 24 And then we will be up here Thursday 24 MS. FRIEDMAN: Unless we pay for the tech 25 morning, the 9th, at 8:00 a.m. for the two schools, 25 people to bring them down to Las Cruces. Page 63 Page 65 1 1 THE CHAIR: But I think a tech person has the one in Santa Fe and the one in Taos. No, it's 2 Thursday, the 9th. Yeah. I said we're going to be 2 to -- yeah. That's the -- that's the challenge. 3 in Albuquerque Monday, the 6th; Tuesday, the 7th; 3 Okay. All right. Thank you. and Wednesday, the 8th. 4 4 MS. FRIEDMAN: Sorry. 5 5 COMMISSIONER ARMBRUSTER: And then back THE CHAIR: That's okay. That's okay. 6 6 Okay. There must be traffic. here. 7 7 THE CHAIR: And then we'll be in Santa Fe MS. KAREN WOERNER: Actually --8 8 Madam Chair, Commissioners, Charlene Marcotte has for two schools in the morning of the 9th, and then 9 we'll start our Work Session after that. And then 9 arrived. 10 10 THE CHAIR: Thank you. you're free at last after Friday, okay? So a schedule will come out with all of 11 11 MS. KAREN WOERNER: And also we have Mayra 12 12 the addresses, all -- I mean, the Farm and Heritage Valtierrez from the Language and Culture Bureau as 13 Museum is very easy to find. And so is the 13 well. 14 Athletic. The only problem, sometimes with the 14 THE CHAIR: Okay. All right. Thank you 15 15 Activities building, is parking can sometimes be so much. So we are back to Item No. 7, which is 16 challenging if they've got other meetings going on. 16 Discussion and Possible Action on Letter of Concern 17 17 But there is street parking there. But they're easy to Alma d'Arte Charter School. 18 to find. 18 And I know there's folks here from Alma; 19 19 so if they would come forward, please. And there -- Beverly will send out a --20 20 you know, who's going to attend. MR. GENE ELLIOTT: Good morning. 21 So do we actually have to vote on that 21 THE CHAIR: Good morning. So once again, 22 22 schedule? We usually don't. if you would please identify yourselves for the 23 23 record. No? Okay. Yeah. 24 24 So if you have any questions, CSD was --MR. GENE ELLIOTT: Certainly. I'm Gene 25 will be pre-populating the materials so that 25 Elliott. I'm president of the governance council of

So I just briefly 7 7 reviewed it, but I don't feel I have a good breadth open it up for you first. Any --8 8 MR. GENE ELLIOTT: Thank you, of it right now. 9 9 THE CHAIR: So do we want to -- do we need Madam Chairwoman, and the members of the Commission. 10 10 We think the last iteration that has been provided to table it? 11 11 to you very quickly, and through the diligent work Okay. I'm going to apologize at this 12 of people since Monday, is an accurate description 12 moment in time. But because of the fact that we 13 13 have been -- we could not read this. We've not been of what we plan and are doing. 14 There is no one here to speak specifically 14 able to look at it. 15 15 to ELL except for Becky. We just could not spring And my understanding was that -- and we 16 16 anybody loose to come up here. There was too many kept you here because my understanding was that 17 commitments. So we're going to try to answer 17 Special Ed had been able to review it and could then 18 whatever questions you might have. 18 give us their opinion. Without that, we cannot --19 And, Becky, do you have anything? 19 we cannot move on this today because we've had no 20 20 MS. REBECCA BEIDLER: No. time to look at it. 21 21 THE CHAIR: Okay. Thank you. And the MR. GENE ELLIOTT: Well, I can appreciate 22 22 dilemma that we have, unfortunately, is we've had no that, Madam Chairwoman. The reason we acted the way 23 opportunity to read this --23 we did is because Ms. Woerner said, during our site 24 MR. GENE ELLIOTT: We understand that. 24 visit on Monday, that if we got it to you -- got it 25 25 to her by Thursday, that we could discuss it with THE CHAIR: -- you know. So it's a Page 67 Page 69 1 challenge for us to be able to address it 1 you. That's why we acted the way we did. We got it 2 adequately. But that is why we -- I -- we believe 2 done by the deadline, and we're here. 3 that the EL Bureau has been able to, and SpEd has 3 THE CHAIR: Right. And I apologize. That 4 been able to look at this. So we're hoping we can 4 was not through any communication with me that that 5 5 rely on their comments moving forward. would -- that would be appropriate. But to get 6 6 So I'd appreciate it if we could hear from this -- we did not get it until this meeting started 7 7 Special Ed. today. So we didn't even get it last night to look 8 8 MS. KAREN WOERNER: So this is Charlene at it. This was handed out after I started the 9 Marcotte, the liaison from the Special Ed Bureau for 9 meeting today. 10 10 this school amongst many other schools. I don't MR. GENE ELLIOTT: Okay. I can understand 11 11 know how much time she's had to review this. But that. 12 she did receive it late yesterday. 12 THE CHAIR: And that was never ever 13 THE CHAIR: Okay. Well, before we even go 13 communicated to me that that would -- so the 14 any further, if we can get clarification as to how 14 Commission did not say that was okay. But, you 15 15 much -- if she's had an opportunity to look at this, know, I -- honestly, I haven't even had an eye on 16 so we know if we can move forward at all on this 16 it; so... 17 today. I maybe misunderstood. I thought there had 17 MR. GENE ELLIOTT: I can understand that. 18 18 been a full review of this, and we were okay. So if I questioned the timetable myself; but I --19 not --19 THE CHAIR: And I apologize. Because if I 20 20 MS. KAREN WOERNER: Sure. How do you want had known this was coming in, I would have had 21 to handle that, Chairwoman Gipson? Sit up at the 21 someone call you last night and say, "Don't come 22 table? Come here to my seat? 22 up," because we're going to have to table this 23 23 THE CHAIR: Yeah. That would probably be because we can't -- there's been not enough time. 24 the easiest. Yeah. 24 MR. GENE ELLIOTT: I understand. 25 MS. KAREN WOERNER: Come up here, 25 THE CHAIR: So I apologize for your time

Page 70 1 in having to do this, but we cannot make a decision 1 addressed during those contract negotiations. 2 2 MS. PATRICIA MATTHEWS: Yes, ma'am. on this at this point in time. 3 3 MS. PATRICIA MATTHEWS: Madam Chair, just THE CHAIR: But there will be no answer as 4 to be clear -- I'm sorry --4 to whether they're not a School of Concern when 5 5 THE CHAIR: Are we taking an oath or -we're doing the contract negotiations. 6 MS. PATRICIA MATTHEWS: I just want to 6 MS. PATRICIA MATTHEWS: Yes, ma'am. Thank 7 make sure we're clear. Go ahead, Karen. 7 you. 8 MS. KAREN WOERNER: I just wanted, for the 8 MR. ALAN BRAUER: Madam Chair, if I could, 9 record, to state that that was -- what Mr. Elliott 9 I believe that Mayra or your team -- have you had a 10 10 said was a misrepresentation of my words. Dylan is chance to review the EL plan that was given to us 11 here to confirm that. What I did say, that I would 11 yesterday? And if you would like to entertain any 12 not show up at the meeting on Friday without some 12 feedback... 13 response prepared to the concerns that have been 13 THE CHAIR: We can do that if -- if 14 three times shared with the school as well as at our 14 they're comfortable with the EL, we can perhaps --15 site visits, and that clearly, the CAPs were not 15 I'm okay with that, closing out that. 16 adequately prepared and they didn't have the right 16 MS. So we used to be Bilingual Cultural 19 Thursday, I would make the copies for them. I did 19 Education. We wanted to make sure that it was 20 not imply that the PEC -- nor state that the PEC 20 really clear that we do more than bilingual 21 would hear it or not. I just wanted them to be 21 programs. So my name is Mayra Valtierrez. 22 properly prepared for the item agenda. 22 And we did review this, even though it 23 THE CHAIR: Okay. I'm not getting into 23 came in a little late. And we just have some just 24 who said what. That's not appropriate at this point 24 continued concerns about understanding not just the 25 in time. So I'm just going to reiterate my apology 25 identification of English Learners, but the nuances, Page 71 Page 73 1 1 if there was any miscommunication. But the pure particularly because they're a high school. And so 2 fact that we received this an hour ago, we can't 2 they should not be attempting to reidentify students 3 3 that have already been identified as English 4 MR. PATRICIA MATTHEWS: Madam Chair. decisions and how to investigate really deep -- dig 8 8 Commissioners, Patricia Matthews, for the record. I deep into the data to make sure that you know who 9 just want to clarify. 9 your students are and which students are English 10 10 So I understood today we might be taking Learners and which ones have exited. 11 11 action on -- on the Notice of --So, for example, it's not enough to go 12 12 THE CHAIR: Right. into the State STARS system and see if a student was 13 MS. PATRICIA MATTHEWS: Concerns, we're 13 ever identified as an EL. You have to go the extra

14 calling it now? 15 THE CHAIR: The concerns, correct. 16 MS. PATRICIA MATTHEWS: So we're just 17 going to table everything at this point? We'll 18 revisit it? 19 THE CHAIR: We are. It sits as it is 20 until next month. MS. PATRICIA MATTHEWS: So your meeting is 21 22 after you're in contract negotiations with the 23 school? 24 THE CHAIR: It is. It is. Unfortunately, 25 it is. Obviously, some of these issues may still be

So we have notes on some of the specific details required to make sure they are meeting the requirements around this work, as well as around programming, making sure that they're clear that students need both what used to be an ESL block, or an English Language Development block, we call it now, or also support for language in their content courses. So we do need to participate in both.

That's really where our feedback lies.

1 COMMISSIONER ARMBRUSTER: Commissioner 2 Armbruster votes "Yes." 3 Commissioner Chavez? 4 COMMISSIONER CHAVEZ: Yes. 5 COMMISSIONER ARMBRUSTER: Okay. It's an 6 eight-to-zero vote. 7 COMMISSIONER DAVIS: I didn't vote. 8 COMMISSIONER ARMBRUSTER: I did call on 9 you, but before we stopped. Did I not? 10 THE CHAIR: Yeah, because you called on 11 me. I know I voted before. 12 COMMISSIONER DAVIS: Well, I'm a "Yes." 13 THE CHAIR: The motion passes, eight-zero. 14 COMMISSIONER ARMBRUSTER: It does. 15 THE CHAIR: And we'll see you in May. 16 MR. GENE ELLIOTT: Okay. Thank you very 17 18 THE CHAIR: Well, we're just plowing 19 along. All right. We're on to Item No. 12, which 20 is the report from me. 21 So I attended the Spring Budget Workshop. 22 And I want to send love out to the PED, because it 23 was absolutely the first Spring Budget Workshop that 24 I've attended that I actually had dilemmas on which 25 workshop I wanted to attend, you know, that there

move forward to June and the vote for Commencement of Operation.

So I want to thank everyone for taking the time out during Spring Budget that I was able to get everyone together so that we could move on that. So I truly do appreciate that.

Just so that it is -- individuals are talking to charters in their district, I had a conversation last week with the Raza group. And they're out of Arizona. And they are an organization that looks to provide funding primarily for building for charter schools to get into their own building.

And they target a high -- low -- high low-income Hispanic populations. And they've always had a little challenge in coming into New Mexico because the New Mexico charter landscape is a roller-coaster. So we end up with the moratorium talk, and they get concerned about coming in because they don't want to lend money to schools when schools aren't going to open. The landscape isn't friendly to charters.

There's been a significant change in the administration in the Raza group, and they're very interested in being able to support schools in those

Page 85

Page 86

targeted communities.

And they're actively, right now, engaged in -- I think they've made, actually, a commitment -- provided the Commencement of Operation occurs, they've made a commitment to Solare.

They're in the process of reengaging with Raíces, now that their legal concerns have been taken care of. And they also are lending money to SABE, which is in the southern part of Rio Rancho. And they're in a very challenging location, so that hopefully, they're going to be able to move into a better, safer, facility.

So I -- as folks are talking to charter schools that are looking to -- for funding, that's a funding avenue that I would offer to you for them to reach out to.

And with that, I think, you know, Session ended, thank heavens. So we're just taking a breath now and trying to move forward with this.

So I think with that, my comments are done. Yeah. He was here. And he told me he was going to be able to stop the show. You told me you were going to be the show-stopper. And you literally did stop the show.

MR. MATT PAHL: I'll suspend my other

that we've been doing is around the extended learning program, just helping as a brainstorming partner. When the guidance came out from PED, I think a lot of our schools were real excited about participating in extended learning. But the logistical questions just mount up after the guidance was put out.

So having a place they can call to work on, "What can we do about this," and just brainstorm a little bit, again, we don't say yes or no to whether their application will work. But we can certainly help out when a school is kind of working through what their logistics look like and how that might work for the extended learning program.

Yesterday, we held a training for employment law. And that was in partnership with Matthews & Fox. We had 75 people come to that training. So a lot of good information.

And the reason why I share that today -- and thank you to Patty Matthews and Sue Fox for helping us out there -- the reason why I want to note that today is that there were a lot of questions around potential Reductions In Force and other shifts in our charter landscape due to Small School Size going away.

Page 87

blockbuster notes since I already told you.

Madam Chair, members of the Commission, thank you for your time and sorry for the delay. Just wanted to give you some information on what we've been doing the last few weeks after Session and what's ahead for public charter schools in New Mexico.

I think everybody -- most people were here for the Work Session yesterday, in which at one point, there was a stack of all the education-related bills. It was a very busy session for changes in the public education environment.

We will be holding regional meetings at the end of April and beginning of May to walk through every bill that was passed. We don't have the ability to have official guidance. But it just gives our schools a heads-up as new guidance or a rule is passed by the PED or they get -- they get the real requirements.

But there was just so much that we'll be spending about two hours, just walking through what each of these bills do. I think our schools will find it's very helpful, and they're eager to get that.

Over the last few weeks the other work

Page 89

There's a lot of really positive things that are going to happen in public education in this next school year. Unfortunately for our schools, there's a shift happening in conjunction with that that they're going to see probably some reductions in their -- in their workforce, whether that's teacher or elsewhere. So there were a lot of good questions.

We found that -- and our schools found that that was a really timely meeting. I flag that for the Commission. I don't think that's going to be a big issue for you in your oversight. But it is something the schools are really thinking about as they submit their budgets over the next six to eight weeks here.

So just a heads-up that that's what's on a lot of schools' minds right now; certainly, their budget, but also what's the new path forward. So just a heads-up there for the Commission.

Lastly -- and sorry. For those regional meetings, I will send out an e-mail to the Commission via Bev to make sure you have that information. I'll just go over the dates and locations now. All of them will be at about 4:00 or 4:30, and you'll have the actual school location in

Page 90

Page 92

the e-mail.

2.5

But April 25th is in Albuquerque; April 26th is in Taos; April 29th is in Santa Fe; April 30th will be in Gallup. We are treating Gallup as a region. It kind of just meets that threshold. And we think rather -- we want to save that group a drive; though some of them drive pretty far just to get to Gallup.

So -- and then lastly, May 1st will be in Las Cruces. So you'll get an e-mail. It will have a brief agenda there as well, so we can walk through that. But expect some materials there. And just expect some questions. And we'll certainly be looking to compile those and ask questions of the PED, you know, just on -- on points of confusion that people aren't sure about.

Again, we're doing this to give heads-up to our schools on some of the things that changed. The actual guidance will need to come from PED or through things like the new application, which the Commission made some changes over the last two days.

The last thing I want to do is give a little shout-out to the Taos area charter schools. For about a year, year and a half, they've been having monthly meetings as a region.

this informally; but I really think there's something to learn from that Taos structure.

So if -- if the Commission -- I know the Commission can't make a decision on this. But I would hope, as we do find grants that align with that vision, that we could -- we could rely on -- on a letter of recommendation or support from either the Commission or CSD.

I know you can't make that decision now. But we really want to set up those collaborative moments that serve as a platform to create a formal mentorship, or even that informal mentorship that happens once a month. We've heard a lot from those leaders that it will save them a lot of time, a lot of effort, and in some cases a lot of misery just having that time to speak with another director that's going through the same thing.

We're excited to hopefully get some funding to kick off that work, because we're just seeing the fruits up north now.

THE CHAIR: Thanks. Appreciate that.
COMMISSIONER VOIGT: Madam Chair, may I ask? So that's a really great plan. I know, especially within a charter school when you have a new head administrator that has never been in a

Page 91

I believe there are eight schools up in Taos. And that's provided the opportunity for a few different things. One, it can be lonely being a director of a school. Almost all of our Taos area schools are -- would be considered small schools. And so those -- those school leaders are also -- you know, they're running the day-to-day operations of

Giving themselves that space to collaborate, to talk about that latest memo from PED, like, "What are you hearing about this; how can we figure this out;" it's really valuable for those schools.

the school. It's not easy for them to leave.

And I'll say that a couple of those schools -- one was mentioned today, Roots & Wings -- as they've had school leader turnover, having that foundation of having that monthly meeting to talk with experienced charter school directors in their region is really important.

So I note that because it's a great practice, and it's one that we're looking to help expand into other regions. We are currently seeking grant funds to be able to help us establish this practice in our other regions in the state, technically, Las Cruces and Gallup. They do some of

Page 93

charter school, it's a whole other ball of wax. So to provide that mentorship or best practices or just critical conversations, I know charter administrators are so strapped for time, it's hard for them to sometimes get out and make those connections. But having an organized collaboration for that is a great idea.

THE CHAIR: As I think you're aware, we've spoken about it with Budget and spoken about it with you and spoken about it with CSD staff, that as we're moving forward into the new school year with hopefully our budget and the opportunity to be able to contract out for -- and I refer to them as my SWAT team, you know, that -- to have those groups of folks that we can call on and say, "There's a problem here. Let's, you know, spend two hours, spend a day, spend half-a-day" with this person.

And especially as we're looking at potentially opening two new schools next year, to be able to absolutely afford a concentrated week or two weeks that someone is going to sit and spend there at the school, just to be that person to say, "What do I do now," you know.

"Oh. Maybe you don't want to do that." And be able to offer that nonjudgmental

guidance without having to call and feel like you're ratting yourself out because you don't know what you're doing, this is -- you know, it's a complete judgment-free zone.

And our goal is to make sure that the school opens and is successful, so that if we can take some of the angst away. And then ongoing, you know, if there's identified problems, we can say, "Hey, there's some financial training that needs to be done with this governance council. Can we do it?" And maybe, you know, offering it to all the schools in that region, because they probably have similar concerns.

And if we can -- and I know we talked a little bit yesterday about the rule change with training, you know, to be able to say, "Okay. They got three hours of training there. Why can't that apply to the -- you know, the required hours during the year," to have some flexibility that way, and that schools are getting more meaningful training that they need.

And that's -- you know, it's not just about the hours. It's about the -- what's -- the qualities and the needs for these schools.

And they are. They're very different. So

1 forward to me, any recommendations, feel free to use 2 my e-mail and do that.

3 THE CHAIR: Well, I'll remind

COMMISSIONER VOIGT: Oh, yeah. Take it through Beverly.

COMMISSIONER RUIZ: Congratulations.

COMMISSIONER RUIZ: Yeah.

THE CHAIR: Commissioner Chavez?

COMMISSIONER CHAVEZ: Gosh. I don't even know where to start, you know. Yesterday was such a

marathon. And -- but it was all good. It was all

15 good. Good work. And just makes -- life is good. 16

THE CHAIR: Thank you.

Commissioner Voigt?

COMMISSIONER VOIGT: Thanks for everyone's

great energy. It's still an honor to work with

everyone. And I'm still having fun.

I have been appointed to work with the

22 Student Success Task Force next week to help design 23 assessments for the State going forward. And so

24 it's an honor to have been chosen to work with that.

If there's any addition that the PEC would like to

3 had Brian here yesterday, way above my pay grade

about numbers, and to ask the questions, to get

5 information for what you will be needing to give to

us, because we rely on you to do all that.

So I wanted to thank all of you for that.

And, otherwise, I'm done.

9 COMMISSIONER RUIZ: I did attend the 10 Spring Workshop, and it was wonderful. We missed 11 you, Karyl Ann. But it was a good workshop. So

thank you to the PED.

I also want to reiterate my thanks to

everybody that serves the Commission and all of you

15 that support the Commission, because without the

16 work of CSD, PED, and, of course, our attorneys and 17 our lovely transcriber there, we would not be able

18 to do this work. So thank you for your due

late nights and your listening to some of us gripe
