EVERY STUDENT

- Collaborating to make each day better for others
- Communication, getting everybody involved
- Diversity, getting to know each other's cultures better
- We want all students to have a mindset for a better future

Every Day Is a New Opportunity...

- We gain new knowledge everyday
- Making new friends everyday makes our community stronger
- Each day we build on our foundation for a better future
- Poverty doesn't define our potential
- Family support everyday through challenges

Building a Person for LIFE

- We encourage and lift one another
- We have a variety of opportunities to build good character and values
- Along with these characteristics comes with responsibility
- Having high academic expectations is big part of building a person.

A PERSON IS THEIR CULTURE, THEIR
ASPIRATIONS, THEIR BELIEFS, AND
THEIR KNOWLEDGE

WE CAN COME TOGETHER AS ONE
FOR A BETTER EDUCATION
