RYAN STEWART, Ed.L.D.
SECRETARY DESIGNATE OF EDUCATION

MICHELLE LUJAN GRISHAM
GOVERNOR

October 17, 2019

To whom it may concern:

In accordance with NMSA 22-15-8, the Instructional Material Bureau has conducted the 2019 summer review institute. The adoption was for grades K–12 math and Career & Technical Education (CTE) instructional materials. The summer review institute was to determine alignment of those instructional materials that were determined to be research-based with New Mexico academic content and performance standards, and other relevant criteria. The reviewers of the instructional materials were Level II and III New Mexico teachers.

The instructional materials listed as core instructional material (CIM) that scored at 90 percent or better are recommended; those that scored 80 to 89 percent are recommended with reservations; and those that scored below 80 percent are not recommended and not included on the adopted multiple list. Scores have been rounded to determine their recommendation for adoption designation. Materials listed as supplementary instructional material (SIM) are ancillary materials. Materials may be print, digital, or both.

I hereby authorize the adoption of the math and CTE instructional materials to the adopted multiple list.

Respectfully,

A handwritten signature in black ink that reads "Ryan Stewart".

Ryan Stewart, Ed.L.D.
Secretary Designate of Education

cc: Gwen Perea Warniment, Ph.D., Deputy Secretary of Teaching, Learning, and Assessment
Anthony Burns, Bureau Chief, Instructional Material Bureau
