3	THE CHAIR: There's a motion from	3	So, excuse me. I just want to make and
4	Commissioner Ruiz and a second from Commissioner	4	I'm going to make a general statement before each of

6	(Commissioners so indicate.)	6	As the Commissioners are aware, because
7	THE CHAIR: Opposed?	7	you've been going through the renewal packets,
8	(No response.)	8	there's still some incomplete information in the
9	THE CHAIR: Hearing no opposition, the	9	renewal packets for the 2018-2019 school year. And
10	motion passes.	10	we've been spending a lot of time fleshing out what
11	We are now on to Item No. 5, which is	11	was going to happen because we were missing that
12	Discussion and Action on our Charter Renewal	12	information. And in order for the Commission to
13	Applications. The Consent Agenda. Which I did not	13	make a thorough and complete review and to make a
14	do Item No. 2. Thank you. I skipped it.	14	decision that was based on all the information, not
15	The Consent Agenda I skipped. That was	15	only for this year, but also this helps to set the
16	my fault. I skipped the Agenda. So now I have to	16	tone for going forward as well, we spent a lot of
17	go back to Item No. 2, Approval of the Agenda.	17	time talking about what is this going to look like,
18	MS. FRIEDMAN: Excuse me. Can everybody	18	spent time talking with Mark and Ami about it, spent
19	turn off their microphone?	19	time talking with the Executive Committee about it,
20	(A discussion was held off the record.)	20	spent quite a bit of time talking with the Charter
21	COMMISSIONER VOIGT: Madam Chair, I move	21	School director about it, and had a fairly
22	that the Agenda be adopted.	22	productive meeting last week with the legal counsel
23	COMMISSIONER ROBBINS: Second.	23	for the majority of the schools just to see what
24	THE CHAIR: There's a motion by	24	how we were going to navigate this.

2	Roll call? No, we just do a voice vote.	2	at all the information so that we are making a
3	COMMISSIONER ARMBRUSTER: Right.	3	quality and informed decision, and it's also the
4	THE CHAIR: Right. We did the Consent	4	fairest to the schools.
5	Agenda; but that's okay. All in favor?	5	If there is information that certainly
6	(Commissioners so indicate.)	6	could help the school but we've already made the
7	THE CHAIR: Opposed?	7	decision, that makes it unfair and difficult and
8	(No response.)	8	sets everyone up into legal areas that are
9	THE CHAIR: Hearing no opposition, the	9	unnecessary, we think.
10	motion passes.	10	So I'm going I have a statement that's
11	So now we are back to the charter	11	going to go in before every school so that we
12	renewals. And Beverly has a sign-up sheet for each	12	everyone is clear about what is going to happen
13	school specifically for public comment. So if	13	here. Because we do have the the limited
14	anyone is here that wishes to offer comment during	14	information, the renewals that will be happening
15	the timed renewal period hearing, if you would	15	this week will be renewals with conditions.
16	please come up to Beverly and sign in with the	16	So PED has not provided a report or review
17	specific school.	17	of data for the School Year '18-'19 Accountability.
18	Because we will divide the time up. If	18	It is important for schools to have the complete
19	there's a lot of people that wish to speak, we will	19	academic data as part of its renewal information for
20	divide the time up.	20	this renewal and also for future years.
21	And the first school on our agenda this	21	PEC needs complete State Accountability
22	morning is Albuquerque Institute of Mathematics and	22	reports to make the best decision on school renewal
23	Science at UNM.	23	applications. PEC will review financial and
24	(Chair consults with PEC counsel.)	24	operational performance because that data is
25	THE CHAIR: Good morning. Thank you for	25	complete at this meeting in December 2019.

1	If the PEC decides to issue a renewal with	1	this, because it was it was a lot to think about,

	conditions, the PEC will clearly state what	$\begin{vmatrix} 2\\ 3 \end{vmatrix}$	and there was a significant amount of angst over not
3	Accountability information it will review from the	-	being able to do this and tie the ribbon in
4	PED Accountability Report. When the Accountability	4	December.
5	data is prepared by PED and the school has had an	5	So thank you.
6	opportunity to review the data and that's at	6	And thank you for everything that you've
7	least ten days the PEC will review the data and	7	done to get yourself ready for today, because we
8	remove the condition or take other action, such as a	8	know it is a significant amount of work, and we
9	Corrective Action Plan, or possibly non-renew the	9	appreciate that time and effort. And I always
10	charter.	10	appreciate hearing from the schools. So I enjoy it.
11	At the future meeting, January or	11	So welcome. Good morning. And I'll open
12	February because we're still not exactly sure the	12	it up now for PED for anything that CSD wishes to
13	date in January that it's supposed to be released	13	say, and then the school has their 15 minutes.
14	the PEC will only consider the issues related to the	14	MS. KAREN WOERNER: Madam Chair,
15	reason for the conditions and will not consider any	15	Commissioners, school representatives and guests.
16	other issues related to renewal.	16	One thing I just want to point out before we get
17	So that Commissioners need to be clear	17	started is next to your materials today, Mr. Brauer
18	today that, absolutely, if it's financial or	18	has provided Director Brauer has provided a
19	operational, we close that out today and that there	19	worksheet on the ESSA plan, which ties directly to
20	be no discussion about that in January.	20	what you were just speaking about, Madam Chair, in
21	In addition, the school years we start	21	terms of the components of the Accountability Report
22	in '16, right, with these?	22	and the areas that will make up that report.
23	MS. KAREN WOERNER: '15-'16.	23	And if you look at the back side with the
24	THE CHAIR: '15-'16. So the '15-'16,	24	list of points, there are several in that area that
25	'16-'17, '17-'18 school year data is not open for	25	are not represented in your Part A. Those would be

	Page 11		Page 13
1	discussion in January and February, and even the '19	1	the student growth measures, the English Learner
2	information that is available now. The only	2	progress, college and career readiness, and
3	information that will be open for questions when we	3	graduation rate. All of those are not indicated in
4	meet in January or February are those that are	4	your Part A.
5	specified in the motion. And that is it.	5	Also, as other schools, you have next to
6	So we're not opening up a whole other	6	you a copy of the rubric that is used to by CSD
7	renewal hearing. So that everyone is clear what the	7	to evaluate the Part B that is submitted by the
8	school would if the school needs to come back to	8	schools.
9	address something, the school knows specifically	9	And then on the back there are the
10	what it needs to answer to and that our questions	10	statewide reading, math, and science proficiencies
11	have a very narrow scope as well, so that it should	11	for your reference, as those were not indicated in
12	be, hopefully, a fairly easy process.	12	the charts that we provided in Part A. But those
13	If there are no concerns, then the school	13	are the statewide percentages.
14	will go on the consent agenda. All right?	14	And as before us, we have Albuquerque
15	So if in our motion, we indicate, for	15	Institute of Math and Science, as you know, a school
16	instance, that as long as the school maintains	16	that serves Grades 6 through 12 at UNM, currently
17	its and there's no significant downward trend, as	17	enrolling 383 students.
18	an example, if that's not the case, then the school	18	In your packet, you have the Part A data
19	will just go on the consent agenda for that time.	19	that shows the school with very high proficiency
20	And it should be fairly simple.	20	rates in math and reading and science, a little bit
21	So if you have please, if you have any	21	of dip in math, but still at 74 percent, which also
22	questions, don't hesitate at any point to ask us so	22	is reflected in their charter school goals, which I
23	that we're clear when everyone is leaving here.	23	know the school responded to and may speak to today.
24	So thank you. And thank everyone for	24	The student growth indices are all on
25	their time, effort, and energy in working us through	25	those charts. What we have thus far is, as you see,

5 (Pages 14 to 17)

	Page 14		Page 16
1	anything near zero is as expected. And across the	1	it was redlined, I think, for two years under the
2	board, the school has greater-than-expected outcomes	2	performance framework, that the school Fell Far
3	in growth. And their graduation rate, at least as	3	Below or Did Not Meet. And I'm trying to find it.
4	of the last data point we have, was 94 percent.	4	But in the narrative that the school
5	Their financial audit findings for the	5	provided, and I think in other narrative, there were
6	last year we have data was zero findings. So kudos	6	statements that they Met or Exceeded their
7	to the school on that.	7	mission their
8	Retention is high. Teacher retention had	8	MS. KAREN WOERNER: The mission goals?
9	taken a dip, but it seems to be upward trend again.	9	THE CHAIR: Yeah. But it was redlined
10	In their organizational performance	10	in and I'm trying to find in the chart. And
11	framework, there were three areas. And as you see	11	that's the I was confused
12	in your packet in the analysis, based on the rubric,	12	COMMISSIONER ARMBRUSTER: I saw that, too.
13	they Met the Standard or Demonstrate Substantial	13	THE CHAIR: as to why it says that
14	Progress in every area.	14	here. But in all the other narratives, they Met or
15	Regarding the performance framework, there	15	Exceeded all their goals. So I couldn't figure out
16	were three areas where they had repeated Workings to	16	how it got red-flagged.
17	Meet ratings. Those were with the students with	17	And they weren't the only school that I
18	special needs, English Language Learners, and	18	know it happened to, as I was going through the
19	facilities requirements.	19	renewal packeting, that was redlined. And I'm
20	I will tell you that the students with	20	trying I'm trying to find it.
21	special needs concerns revolved primarily around	21	MS. KAREN WOERNER: Madam Chair, I think I
22	IEPs being completed in a timely fashion. Most of	22	know where you're referring to. Because the only
23	those have been gifted IEPs. But we did have one	23	redline on AIMS' report was around the mission
24	special education services one that was overdue at	24	goals.
25	the renewal visit.	25	THE CHAIR: Yeah.
	Page 15		Page 17

	1 460 15		1 450 17
1	English Language Learners and properly	1	MS. KAREN WOERNER: And, as you know, when
2	identifying them, it appears to be being addressed.	2	they have multiple mission goals, if one Falls Far
3	And the facilities requirements were	3	Below or Does Not Meet, they get that rating, even
4	around the emergency drills. But I will tell you	4	though the others are meeting or exceeding.
5	that the team found that last year's, and so far	5	In this case, the analysis from CSD was
6	this year, those have been resolved. So the fire	6	that the math proficiency was below the
7	drill issues have been resolved.	7	THE CHAIR: In '16 and '19
8	And the affidavits, you see there the	8	MS. KAREN WOERNER: Correct.
9	petitions, they got 100 percent of their employees	9	THE CHAIR: Does Not Meet or Falls Far
10	and 80 percent of their households to sign the	10	Below. So that's why
11	petitions.	11	MS. KAREN WOERNER: Then they Met for
12	And regarding facilities, their NMCI score	12	'17-'18, and had that dip for math in '19. However,
13	was 1.06, which is really low, and low is good.	13	all their reading goals were Exceeds or Meets in
14	So the school has provided some response.	14	each year.
15	If you are looking for the school's response	15	COMMISSIONER VOIGT: Madam Chair,
16	specifically, it's at the very back of the section.	16	actually, for '16-'17 and '17-'18, all their goals
17	So if you want to refer to that, feel free to do so.	17	are Meets or Exceeds. It's only the one goal in
18	And I stand for any questions.	18	'18-'19.
19	THE CHAIR: So I'm flipping through the	19	MS. KAREN WOERNER: Madam Chair?
20	combined materials and so in the chart, and I	20	THE CHAIR: See, in '16-'17, under
21	think it's in the Part A part, where it's	21	"Academic Performance Indicators," it says "Meets,"
22	highlighted	22	which it should. And then in '18-'19, it says
23	MS. KAREN WOERNER: This one?	23	"Falls Far Below," because you did not meet in '19.
24	THE CHAIR: there's a yeah. But I	24	And that, I get. Okay. All right. I think I'm
25	think it's a little bit longer chart. There was	25	MS. KAREN WOERNER: Madam Chair, '15-'16

2	only started that in '16 and '17, because so in	2	you.
3	the packet, '15-'16 is listed as a Does Not Meet.	3	THE CHAIR: That's fine. So anyone's
4	But this only shows the next three years, which were	4	did anyone sign up? Because I think this was
5	Meets, Meets, and then the Falls Far Below.	5	general public comment you gave me, which I don't
6	THE CHAIR: Okay. All right. Sorry.	6	think we're doing, actually, until Friday.
7	Anyone have any other questions for	7	MS. FRIEDMAN: No. No one has signed up.
8	okay.	8	THE CHAIR: No one has signed up? All
9	COMMISSIONER ROBBINS: I guess a quick	9	right.
10	question. On the math, was that because the change	10	So now we are on to Commissioners'
11	in the test, or was it different students? I mean,	11	questions.
12	what you know, because that's quite a bit of a	12	And I think you've addressed a couple of
13	drop.	13	them in terms of I did see in your response the
14	MS. KATHY SANDOVAL: There were actually	14	issue that arose when we first went to PARCC and now
15	two factors: One was my arrogance, which was we	15	the somewhat new assessment. It does; it creates
16	were sitting at 94 percent, and that's the old days	16	issues.
17	when we had the SBA. And then the test changed.	17	I guess one of the questions I had was you
18	And it's pretty common when a test changes	18	had and I'm pretty sure you had a little bit
19	for scores to drop. We never dropped and I was	19	of a dip in student enrollment, I think it was last
20	like, "Oh, no. We're at 90 percent, yeah. We'll	20	year. Can you just talk a little bit about what
21	never go to 80."	21	might have happened, or what was there a specific
22	Well, we did. So it took us if you	22	grade that you saw the movement out of?
23	look at the chart, it took us two years to get back	23	MS. KATHY SANDOVAL: Chair Gipson, what
24	up. And darned if that test didn't change again	24	happened there is we had an employment issue. And
25	last year.	25	the employee chose to go back to another high school

I love middle school, because those are the kids that's they're in the biggest change of their life. And you're doing that work at such a crucial point. So great work. Thank you. MS. ALDERETE-TRUJILLO: Thank you. THE CHAIR: Commissioner Robbins? COMMISSIONER ROBBINS: Well, I'll touch on the audit again. And I noticed in the material, that had to do with a late payment. And what steps has the school taken to ensure, you know, that we don't get a repeat of that late payment? I just want to also make sure that it was not due to lack of funds. MS. ALDERETE-TRUJILLO: No, Commissioner Robbins. Thank you for the question.  - The -- we will be renewing charters -- if
- 7 we do renew charters, we are renewing them with
- 8 conditions, and that is because PED has not provided
- 9 a report or review of data of the SY '18-'19
- 10 Accountability. It is important for schools to have
- 11 the complete academic data as part of its renewal
- 12 information for this renewal and also for future
- 13 years. The PEC needs complete State Accountability 14 Reports to make the best decision on school renewal 15 applications.
- 16 The PEC will review financial and 17 operational performance, because the data is 18 complete at this meeting in December of 2019.
- 19 If the PEC decides to issue a renewal with 20 conditions, the PEC will clearly state what 21 Accountability information it will review from the 22 PED Accountability Report. 12	education needs to look at in this state, because	12	Unfortunately, that grant program can't be
13	trying to get them out of there faster and you	13	tweaked to do that. But I wish there was something
14	feel pressure as a school to say, "Yeah, you can	14	out there that could be established to help schools,
15	take another semester, we'll get you there, you've	15	so that even if they could create better economies
16	just got to keep trying." And you know that you're	16	among small schools to share some services or
17	going to be punished for that.	17	whatever, so that might keep them going but I
18	It should be that a lot of people are	18	I wholeheartedly agree with you that I think

1	Madam Chair, members of the Commission, we would	1	know that there is that opportunity, I think that's
2	count that as providing food for students who it	2	an important piece of that school's story that needs
3	just doesn't come out of the National Student Lunch	3	to that needs to be identified there. Because we

7	as yeah.	7	schools where there is no food opportunity. And I
8	THE CHAIR: And that's what I want to say.	8	think we have to really be clear as to what are
9	For our purposes, why can't we say, "No, we	9	those schools and this school, because you just
10	don't" it's just, "No, they don't provide food	10	populate into a list that don't offer food services.
11	services." I think there should be an opportunity	11	And it's like that's not really true.
12	there for a qualifier, saying, "No, we don't	12	COMMISSIONER ARMBRUSTER: Madam Chair?
13	follow but we do the opportunity for providing	13	THE CHAIR: Commissioner Armbruster?

15	So that maybe that's something we need to	15	one who brought that up a couple of meetings ago,
16	tweak in our paperwork so that it is identified;	16	maybe the question that we, for charter schools,
17	because that's not you know, that's an important	17	want to ask is how do you provide in some wording
18	piece of your story. Because we have others that	18	for this "How do you provide lunches for those
19	don't offer that don't offer anything.	19	who would qualify for Free and Reduced lunches?"
20	It's like how do you not make food	20	Maybe that's the question, as opposed to, "Do you?"
21	available? Because you're right; because teenagers	21	Does that make any sense to you?
22	are hungry in every corner. So it's very difficult.	22	THE CHAIR: Yeah. But I think it's and
23	And we all know the importance of being able to be	23	the Free and Reduced lunch is important. But I
24	fed. And, unfortunately, we all deal with the fact	24	think, overall, it's all it's every student, to
25	that that's very often the only meal of the day, so	25	be able to have the opportunity for food. Because,
	Page 135		Page 137
1	that we have to be constantly aware of that.	1	once again, then you could unfortunately start into
2	COMMISSIONER VOIGT: I have a question to	2	a separating out, and the Free and Reduced kids are
3	follow up with that. So you don't need a full	3	getting taken care of, but there's others, you
4	kitchen, though, to offer, like, a catered lunch if	4	know you may just barely fall out of that
5	there was a food vendor to bring it in. Like, you	5	eligibility request for Free and Reduced lunch.
6	could have a salad bar or something like that,	6	That doesn't mean the family's in great shape and
7	right?	7	can provide that opportunity.
8	MS. ANNE SALZMANN: Our problem is we	8	So that you know, I think it's I
9	don't have that kind of space. Because we lease	9	think it's more I think it's more important to
10	from the college, 16 of us work in one room, all of	10	just allow the school to tell their story of, "This
	-		-

is how we provide food."

And so I think that's something -- when we
look at our multitude of papers in January and
February through those work sessions on where we

15 have to tweak, I think either in the performance

16 framework, the contract, or, you know, somewhere, we

need to be able to identify that, and certainly inthis renewal packet, to be able to identify thatbetter.

MS. KAREN WOERNER: How they're providing food and whether it's provided to Free and Reduced?

food and whether it's provided to Free and Reduce
 THE CHAIR: Yeah, yeah. I think that's

23 really important.

So that it so transportation shouldn't be a hindrance, to a great extent, about not being able to reach out to a far-reaching area of Santa Fe because they can't get there. The public transportation can do it. MS. ANNE SALZMANN: Honestly, what we've seen and what they tell us, parents of students, once they get in, they are so excited to have their student in a school where they know they're going to be challenged and know they're going to learn, we have people who drive in from Pecos and Española,
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	part of it is just the luck of the draw. But if you look, we keep statistics from the very beginning. And it's been I think in our first year, our economic disadvantaged number was 22 percent. So we've more than doubled that. And I think the main way that we do that is try to again, the whole idea of creating community is that you create a community where everyone feels comfortable. It's sort of the idea of this new the equity council, looking at how how are you making sure people feel comfortable that their needs are met in any given school. And I feel like we've been doing that for a long time, trying to think about that. One of the ways we've done is we have a tutoring table that is always staffed from 8:00 to 4:00. It's certified teachers; it's people who have retired that are always there to help students,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	transportation; correct? MS. ANNE SALZMANN: We do not.
