Ride Smart!

Invite Safety Sam to your school!

Safety Sam is an interactive robot on an electric ATV, designed to spread a message of safe and responsible off-highway vehicle use.

Sam will communicate with your audience about:

- using helmets, eye protection, and other safety gear
- putting kids only on age- and size-appropriate ATVs
- supervising kids riding in or on OHVs
- riding OHVs responsibly and ethically

Participants will receive age-appropriate promotional souvenirs as available.

For more information, call (505) 222-4712
or send email to DGF-OHVEDU@state.nm.us.
