

COHORT 2021 GRADUATION REQUIREMENTS

Menu of Options to Demonstrate College and/or Career Readiness

Revised 1/31/2020

In what subject areas does a student need to show demonstration of competency?

In addition to meeting course requirements, New Mexico public high school students who entered grade 9 in school year 2017-18 must be able to demonstrate postsecondary and/or workforce readiness in five content areas: Math, Reading, Writing, Science, and Social Studies.

What policy change now allows for multiple ways for students to demonstrate competency?

Until 2019, New Mexico required students to use the Every Student Succeeds Act (ESSA) required proficiency assessment as a **primary** demonstration of competency and to request a waiver from the PED to use an **alternative** demonstration of competency. Students may now choose from a **menu of options** to demonstrate competency without a waiver. PED is no longer using primary and alternative structures.

Local school boards are given the flexibility to make available all or some of the menu options, establish local policies that include additional requirements, or establish higher cut scores than those set by the PED (shown in parentheses below). Students may use any of the menu options allowed by their local education agency (LEA).

LOCAL DEMONSTRATION OF COMPETENCY

LEAs may develop, with PED notification, other rigorous, standards-based demonstrations of career and/or college readiness to demonstrate students' graduation competency, per NMAC 6.19.7.10 (2009, repealed 2018). PED notification form is available on the PED [Graduation Requirements](#) page.

Students following the **modified option**, whose IEPs establish individualized passing scores, should default to their individualized score when determining demonstration of competency. Students following the **ability option** will take DLM as the primary assessment.

1. SAT and PSAT 10 results are TBD as standards setting will take place following the initial administration in Spring 2020.
