

Charter Schools Program (CSP) Subgrant Competition

Applications for the 2020-21 Charter Schools Program (CSP), a federally funded grant, for the purpose of opening new high quality charter schools and expanding the enrollment of existing high quality charter schools, will be available June 1 on the PED's RFP, RFA, and RFI web page. The application deadline for Phase I is June 30, 2020. For more information, please see the CSP competition web pages for new schools and expansion schools. Awards will be made after applications are reviewed by a panel of peer reviewers.

Peer Reviewers Needed for CSP Subgrant Competition

Individuals interested in serving as peer reviewers for Charter Schools Program (CSP) subgrant applications can find information about the process, compensation for reviewers, and selection criteria for reviewers on the CSP Peer Review Process web page. The application is available on the PED's RFP, RFA, and RFI web page. The deadline for peer reviewer applications is June 30, 2020.

Pandemic EBT (P-EBT)

Get it out there! Push the information to your families!

[NMHSD P-EBT Procedure Memo](#)

[P-EBT Frequently Asked Questions](#)

Charter School Division would like to congratulate **Mission Achievement and Success Charter School** for their 3rd year in a row of a 100% graduation rate, all with acceptance into college or the military. Of those graduating students about 50% were first generation high school graduates! CONGRATULATIONS TO ALL! When the kids succeed we all win!

If you have not already visited NM Vistas, we urge you to check out your school.

NMPED is launching a website to make it easier for schools, educators and families to learn about local schools and their offerings. [NM Vistas](#) will celebrate excellence in New Mexico's schools and identify and provide resources for schools needing more support. Visitors to the site will share the successes of New Mexico's diverse and dynamic schools as they tell their stories in their own words.

Parents will find information they can use when advocating for their children, schools and communities. Other valuable information available on NM Vistas includes academic growth data, attendance and graduation rates, and learning environment insights.

NM Vistas rolls out after an extensive beta testing period and will continue to evolve. Future phases will be dedicated to connecting teachers to quality resources and providing information to help families choose the best school for each child's needs. As the site evolves, visitors will be invited to provide feedback via a brief survey.
