

## ATTACHMENT 3

### **Petition and Enrollment Increase**

STATEMENT OF SUPPORT: We, the undersigned, support MAS's amendment request to increase its enrollment cap. We support this request because MAS has helped our students achieve success as evidenced by their academic performance, graduation rates, and college acceptance rates. MAS not only serves the academic needs of students, but its programs also address student and family social-emotional and physical health, and assistance for low income families, e.g. free dental clinics, free immunization clinics, monthly mobile food pantries, free before/after school programming, three free, hot meals per day. These programs provide support for our entire community. MAS' wait-list demonstrates the need and parent demand for more high-quality schools like MAS. Our signatures below demonstrate that we believe there is a community need for MAS to grow, evidence of our satisfaction with the opportunities MAS provides for our students, and our support for its petition to increase its enrollment cap.

DECLARACIÓN DE APOYO: Nosotros, los abajo firmantes, apoyamos la solicitud de enmienda de MAS para aumentar su límite de inscripción. Apoyamos esta solicitud porque MAS ha ayudado a nuestros estudiantes a alcanzar el éxito como lo demuestran su rendimiento académico, tasas de graduación y tasas de aceptación universitaria. MAS no solo atiende las necesidades académicas de los estudiantes, sino que sus programas también abordan la salud social, emocional y física de los estudiantes y sus familias, y la asistencia para familias de bajos ingresos, p. clínicas dentales gratuitas, clínicas de inmunización gratuitas, despensas de alimentos móviles mensuales, programación gratuita antes / después de la escuela, tres comidas calientes gratuitas por día. Estos programas brindan apoyo a toda nuestra comunidad. La lista de espera de MAS demuestra la necesidad y la demanda de los padres de más escuelas de alta calidad como MAS. Nuestras firmas a continuación demuestran que creemos que existe una necesidad de la comunidad de que MAS crezca, evidencia de nuestra satisfacción con las oportunidades que MAS brinda a nuestros estudiantes y nuestro apoyo a su petición para aumentar su límite de inscripción.

**Subject:** [EXT] Public Comment for PEC Meeting on 05/22/2020 Regarding MAS Enrollment Cap Increase  
**Attachments:** Petition Signatures.xlsx; Petition Cover Page.docx; Public Comment PEC Meeting.pdf

Good evening,

Please find attached public comments for the PEC meeting on Friday, May 22, 2020 submitted by students, parents, teachers, and the community of MAS Charter School. Please also find attached a petition that was included in our original amendment submission, but it has been updated with additional signatures and we respectfully request that this is read into the public record with the introduction statement on the petition read and the number of signatures on the petition (2,117) read into the record as well. Thank you and we look forward to presenting before you on Friday.

May 10, 2020

Dear Public Education Commissioners,

I was in fifth grade when my mom received a letter in the mail that she should enter my name into the drawing of the lottery for MAS Charter School. Where I lived there was only one middle school that was in my district but it was known for kids ditching and fights and my mom didn't like it, Van Buren. So when she received this letter in the mail, she immediately looked into it and put my name into the lottery, and I was selected. I was a little upset for all of my friends were going to Van Buren and I wanted to stay with them, but that didn't happen. When I started at MAS it was the second year that it had been open and it was a tiny school. It was only middle school and the classes were only about 30 kids and two teachers in every class. I absolutely hated it, I felt like my mom had sent me to some kind of reform school, and I didn't know anybody. But my mom she was fascinated with the school and I knew that the way things were going I was going to be at this school for a very long time, and I was.

6th grade, 7th grade, 8th grade, 9th grade, during my time here I realized there was a lot of good things that happened, but also a lot of bad things, not with the school, but drama wise. The school had grown with me and every year they added a grade or so, I met wonderful teachers, advisors, lifelong friends that I still talk to today when I am graduated from high school. The summer of 9<sup>th</sup> grade, I had a lot of personal problems with my family, and on a trip we took to Mexico I put my stubborn mind to stay in Mexico and I started living with a boyfriend that I had, not the best decision of my life. I made this decision without thinking about anything and I stopped going to school and got behind a lot. I missed school for about six months, and then I decided that I had made a wrong decision and I had to go back, but when I came back I found out that I was pregnant. Finding this out was truly a slap in my face and I thought that I would no longer be able to do anything with my life and that I would just have to take care of my daughter and stop school and all my goals. For some time, I believed this, then I realized that I could do whatever I wanted if I actually put my mind to it.

I went back to school and I attended New Futures School for pregnant and parenting teens. At the moment, this was the school that was the best fit for my needs and the needs of my daughter. At this school I found the support I needed; free food for me and my daughter, help with clothing for myself and my daughter, and a free daycare and a clinic on site that held our WIC appointment, that way we didn't have to miss school. I attended this school for about two years and although it helped me a lot, they never guided me towards college or provided me an option for dual enrollment which was the path that I wanted and needed to create a better life for myself and my daughter.

When my daughter turned one and I was more comfortable being away from her, I decided that it was time to go back to the school that would help me become a successful student: MAS Charter School. When I came back, MAS received me with open arms and was ready to push me to success, and I was also coming back to memories and old friendships, and most importantly to graduate with my class, which was comprised of many of the kids that I had met when I started in 6th grade. MAS was a family to me. Here I immediately got help from my College and Career Counselor, Charlotte Romero and I enrolled in dual enrollment classes and started applying for colleges and

scholarships. The best part was I felt so supported because everybody there believed in me and supported me to the fullest. Even on the days where everything got difficult, they were there for me, especially Mr. Myers, Ms. Mitchell, Ms. Gallegos, and Ms Prye. I loved being in an environment where I got support from the teachers and also from my peers and friends, as well as a lot of love, for me and for my daughter. Thanks to MAS I got accepted to all the colleges that I applied to and I am enrolled and registered at Eastern New Mexico University (ENMU) for the fall semester and I am majoring in biology PreMed and minoring in business. I will do great things in life, and one day my daughter will look up to me. I don't know where I would be without MAS and I know the lives of many others will continued to be transformed because of MAS.

So my call to action for the Public Education Commission...In order for MAS to accept more elementary students, this means that they cannot accept as many middle school and high school students. If this was the case when I went back to register after my daughter was born, MAS would not have been an option to me. I completely understand the reasoning for supporting students at a younger age, it is very hard to come to school and be significantly behind academically and MAS helped me to catch up academically, and it took years to do this. It makes sense to start with students at a younger age, but I would hate to see these doors of opportunity closed for other students like me who need a school like MAS in high school, but can't access it because there aren't enough seats to serve us. Please support students like me who can succeed *IF* they are allowed school choice at great schools like MAS Charter School. Please approve the request for additional seats at MAS Charter School, the future of students like me is in your hands with this decision.

I fully support MAS' enrollment cap increase and ask you to vote yes, and picture me and my daughter when you do. You will create opportunities for other young girls like me when you allow MAS to serve more of us.

Sincerely,

Kenia Caballero  
Graduating Senior  
MAS Charter School Class of 2020

May 10, 2020

Dear Public Education Commissioners,

My name is Manny Villarreal and I am a Class of 2020 graduating senior from MAS Charter School. I understand that the PEC will be making an important decision today on whether or not to increase the enrollment cap for MAS Charter School and I want to share my personal story for you to contemplate as you make this decision.

I started at MAS Charter School in my 8<sup>th</sup> grade year after being expelled from the Albuquerque Public Schools. My mom found out about MAS and wanted me to consider this as an option because of my negative peer associations throughout middle school and my choices outside of school that led me to nearly becoming a full-fledged member of a local gang. My mom did the best she could to raise me, my brother, and my sister as a single parent since my dad has been incarcerated since I was about five years old and remains incarcerated today. MAS completely changed my life in many ways. MAS staff members provided much needed mentorship and guidance when I didn't believe in myself and didn't apply myself. MAS staff believed in me, pushed me, and even rallied in the support of my mother to ensure my success.

As a graduating senior, I am graduating from MAS with 23 dual enrollment credits from CNM and UNM. I should add that I am a first generation high school graduate and I will be a first generation college graduate. As I am finishing my compulsory education and heading to UNM, my little sister will begin her education as a kindergartener this year at MAS. I am happy for her because I know that she will receive the support she needs to enjoy school, to be on grade level, and to be surrounded by adults who will believe in her, care about her, and push her to be her best.

I understand why MAS is opening more seats for younger students...you don't hate school if you're good at it, and starting at the youngest grade at MAS almost guarantees that you will be "good at school." You see, I was an 8<sup>th</sup> grader at beginning steps in reading and in math upon entering MAS Charter School and I hated school. I felt like I was not smart and that school was not for me. MAS helped me to write a different ending to my story. My narrative used to be that I was not smart, school was not for me...MAS gave me a pencil, some paper, and made me write a new ending to that story.

While I am happy for my sister and I know she will do well, I am concerned about kids like me looking for a seat at a school like MAS because without a cap increase, they will not be able to get in. While it's harder to catch up when you are so far behind academically, I am proof it can be done. I can say that without MAS, my family may have had to wait another generation for a high school graduate or college graduate to come from our family. It's even possible that I would have followed in my father's footsteps and ended up uneducated and incarcerated, not knowing there were other options available to me.

As you make your vote today, I wanted you to have a story to go with your vote. Without really knowing the stories of students like me who will be impacted by your vote, you might not realize the significance of your decision today. I ask you to consider my story and recognize that I am not alone, many of us attending MAS have very similar stories, but we got to write a different ending. I hope you will see your vote today as an opportunity to allow others like me to write a new ending to our story.

Sincerely,

Manny Villarreal  
MAS Senior Class of 2020

Dear Public Education Commissioners,

The Greater Albuquerque Chamber of Commerce has long been a strong advocate for educational programs and leaders with a record of measurable success in preparing students for college and careers. The Chamber has built a growing and data-proven seventeen-year partnership with Albuquerque Public Schools to improve literacy in high-needs elementary schools, and has supported the establishment and success of multiple Albuquerque charter schools.

Perhaps no charter school in Albuquerque has reached the level of recognized success in working with a large, socio-economically and culturally diverse student population as Mission Achievement and Success Charter School, which has demonstrated for the last several years that all students can learn and achieve at a high level across all grade levels.

We strongly support MAS in its mission to serve more students with the same rigor and devotion to excellence, and encourage the Public Education Commission to approve the school's request to increase their enrollment cap.

With sincere appreciation for your service,

Sincerely,

## My concerns about the cap

---

Angel Garcia <angeldgarciajr1983@gmail.com>  
To: JoAnn Myers <joann.mitchell@mascharterschool.com>

Mon, May 11, 2020 at 6:04 PM

Hello,

My name is Angel Garcia and I have 8 foster children and one adopted child in my household. I choose to send my kids to Mission Achievement and Success for number of reasons. Most of all, Mission Achievement and Success is who they say they are and I can trust them!

1. **Structure:** a key component of MAS, structure is critical in providing an opportunity for learning and MAS provides a safe place for kids to learn, succeed, and grow with their structure. Given the personal history of my children, this is especially important to them.
2. **High Expectations:** Kids know what is expected of them, day in and day out; they recognize the importance of their work and truly understand the meaning of the work they are doing. Teachers hold them to high expectations to help them achieve their true best.
3. **Achievement:** Many of my kids have started at MAS below grade level and have worked hard to develop the skills needed to achieve their goals. The MAS team truly believes all students can achieve high levels of academic success, given the right supports. All students receive these supports and in order to ensure success for every child.
4. **Success:** I know that the school never gives up and will get my kiddos on track and ready for them to be the best professional students. On a daily basis, I see the teachers in the race with the students, preparing to hit the graduation line together.

My concern is this, why put a cap on something that works? Ny doing anything other than increasing MAS' charter cap, you will stop a life changing opportunity for children to succeed? It doesn't make any sense does it? MAS is currently serving as many students as they are allowed, but they are ready and willing to help more students, including mine. Please hear my voice as a community member, as a parent, and an advocate for the educational needs of some of New Mexico's most underserved students.

Let's keep the charter schools that are actually helping New Mexico families going, and help our kids be the best they can be! Please increase this cap!

Thank you,  
Angel Garcia

# NM PUBLIC EDUCATION COMMISSION

RE: MAS CHARTER SCHOOL

To Whom It May Concern:

My name is Elizabeth Jacquez-Amador, resident of Los Lunas, NM. I have one son who will be a sixth grader next year at the Mission Achievement and Success Charter School.

I am writing to support the school's request to increase their charter school enrollment cap.

As a higher education employee, I recognize the importance of public education and its' role in shaping the future of our children. MAS Charter School is a top New Mexico public school. It has demonstrated the success of its educational program, teacher's dedication, and students' commitment to their education through its graduation rates. Increasing the enrollment cap will allow the school to provide its services to even more children.

Thank you for taking the time to review the request!

SINCERELY,

*Elizabeth Jacquez-Amador*

Dear Ms. Gipson, Ms. Ruiz, Ms. Armbruster, et. all,

I seriously doubt that many have researched what a realistic alternative charter schools are, when compared to the public school system. Not only should the cap be raised on MAS's max capacity, but more schools like it ought to be implemented throughout Albuquerque and Rio Rancho.

MAS itself was a daring move, but a hugely successful one, since it removes the typical standardization from the school's curriculum. At the same time, it provides for many needs of educators and students, alike, that are not being met as things are in the current APS regime.

Those teachers who dreamed of genuine, unfettered teaching practices find what they were looking for in such an environment. I don't know how many educators became teachers because they were built to be those patient guides that we all seek in a teacher. Public school systems reward those who can tolerate the substandard, and the systematic standardization of every subject. This is no place for people who have the inborn ability to do so much more.

Nor is it appropriate for children. Accommodating the lowest common denominator should not be the approach. Making school a competitive and truly enriching environment is better suited for our children's mental well being, and is a more accurate example of what to expect from the world upon graduation. MAS clearly seeks to embody this later type of practice.

On a more personal note, I have been attempting to enroll my child in MAS for three years now, without success so far. However, I will continue to try, as I want the best for him, and as far as I am concerned, MAS is exactly that.

Sincerely,  
Brett Petersen

To: "joann.mitchell@mascharterschool.com" &lt;joann.mitchell@mascharterschool.com&gt;

Hello,

My name is Mariah Dykes, and I am writing to support the expansion of MAS. I am a substitute teacher for public schools and I have seen far too many students struggle in traditional public schools. I have also seen many of them have a lack of a support system for success, both at home and at school. I am also mom of 5, I have homeschooled at seen many types of schools across the country due to military. I have put my children in MAS in hopes that my children will receive the success and caring that they deserve. The mission at MAS is student success and achievement, I want my children and many more to be a part of that mission.

At MAS I feel that the staff is dedicated to student success and that is the most important thing for our future. MAS also ensures that family involvement and support is a part of every students' success. Our future depends on the success of students, therefore, we need more seats for our next generation of successful students, so please consider it. MAS has my family's support and my family has high hopes for the expansion of MAS.

Good luck,  
Mariah Dykes

My granddaughter, Leyla Prespentt, is going to MAS. This is a wonderful school and preps the children for going to college. The other day she told me that she wanted to be a marine biologist because she likes water and animals. She said that the reason that she was going to this school was because it would make sure she did well in college. She is 7 and going into 3rd grade. She has such support from the teachers and we appreciate the time and energy that is spent on our kids.

Thanks

Debora Venetta

To whom it may concern,

My name is Angela Talbot and I am writing this letter to ask that you agreed to increase the Cap For MAS. It would benefit my family because I have four children in school three of which have gotten a seat at MAS but my eighth grader which is my daughter cannot get in, I would love for all my children to be able to attend the same school and it would be easier on myself and my husband being that we both work full-time jobs

## Cap increase

---

Yessica Maese <yessicamaese.ym@gmail.com>  
To: joann.mitchell@mascharterschool.com

Fri, May 8, 2020 at 8:33 PM

5/8/2020

To whom it may concern;

As a parent I believe that charters schools should be open to more students. Charter schools allow students to experience education in a variety of ways and I believe that it plays a key factor in students education. They help prepare them for their future and I feel that it is important for more students to experience a broader education.

Sincerely,

Yessica A. Guardado.

6 May 2020

To Whom It May Concern,

Mission Achievement and Success Charter School is an organization with strong values, a strong mission, and an even greater vision for expansion: We seek to increase our enrollment cap so we can create a positive ripple in the city of Albuquerque through granting more students and families access to our effective instructional programs.

I have been employed by Mission Achievement and Success Charter School for 6 years now, and in that time, many shifts have taken place that were ultimately for the benefit of our student body and their families. The school itself has a brilliant model, effective and researched programs and structures, and a powerful leader in JoAnn Mitchell, who is firm in her convictions that if something is not working, then it must be fixed immediately in order to continue to support our students' education. Everything is painstakingly thought out and implemented, so that the students of our diverse community have a school environment to help them achieve exceptional results.

Currently, our waitlist sits at over 1,000 prospective incoming families who are pining for an open seat in our organization, and we desperately want to be able to welcome more students in who will benefit from our programs! I understand that the expanded classroom capacities may initially seem to provide challenges to teachers who will need to manage more students per class, but MAS's unique structure provides an extensive team of administrative support so that teachers have all the tools they need to expand their own professional capacity.

I believe that an increase in enrollment capacity is an increase in the positive impact that we can have on this city. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Duncan MacIvor', with a long horizontal flourish extending to the right.

Duncan MacIvor
