About College Board

College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, College Board was created to expand access to higher education. Today, the membership association is made up of more than 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success—including the SAT[®] and the Advanced Placement[®] Program. The organization also serves the education community through research and advocacy on behalf of students, educators, and schools.

Introduction

As the SAT School Day coordinator, you play an important role in ensuring the successful administration of the SAT, a key milestone on the path to college for many students. Taking the SAT during the school day in a familiar, easily accessible environment allows students to demonstrate college and career readiness. It also means more students can participate in College Board programs that support college access.

Using This Manual

This manual is for test coordinators' use for SAT School Day testing only (not Saturday or Sunday testing) for the 2020-21 school year. Please do not share it with students or anyone else besides testing staff.

Where appropriate, the content is organized with **tasks** (what you need to do), followed by **key information** (what you need to know) related to those tasks. For example, **tasks** related to room setup are followed by **key information** about seating requirements.

Before Test Day

Before test day you'll need to complete the online training, and you'll need to prepare your space, staff, students, and materials. Completing the tasks in this section prepares you for testing.

During the Test

During the test you'll have activities to oversee, including admitting students, assisting your staff, maintaining security, and distributing and collecting materials. Completing the tasks in this section helps you have a smooth administration.

After the Test

After the test you'll be in charge of wrapping up the administration, which includes tasks such as completing test day forms, returning materials correctly, and ordering makeup materials.

Appendix Resources

We provide sample forms, schedules, and other resources in the Appendix of this manual (see the Table of Contents for a complete list with page references).

Typographical Icons

Typographical icons are used throughout the manual to draw your attention to specific information and action items:

New for 2020-21

Important Changes

College Board has made the following changes for this school year.

1. Test coordinators will use their school's regularly scheduled UPS pickup to return materials. If UPS does not make regular pickups at your school, schedule a pickup with UPS using the prepaid label and information provided by College Board.
2. A downloadable copy of the test directions is now available in SSD Online. The SSD coordinator can print these out for students approved for written copy of oral instructions (SSD code 041).
3. You may see these accommodations referred to in new ways (how they're administered won't change):
 - a. 50% extended time may be referred to as "time and a half."
 - b. 100% extended time may be referred to as "double time."
 - c. Braille graphs and figures may be referred to as "raised line drawings."
 - d. Magnifiers and magnifying machines may be referred to as "non-electronic magnifying devices" and "electronic magnifying devices," respectively.

Testing Basics

About the SAT

The SAT is part of the SAT Suite of Assessments, closely aligned tests that reflect what students are already learning in their classrooms and help educators monitor student progress. Visit collegeboard.org/sat-suite to learn more about the SAT Suite.

The SAT focuses on the skills and knowledge that research indicates are essential for career and college success.

Standardized Testing

Uniform procedures are essential to a standardized testing program. To ensure comparable scores, testing staff must follow the same testing procedures and give instructions exactly as they appear in this manual.

Please ensure that you and all testing staff comply with all applicable laws, including those relating to discrimination. By strictly following College Board policies and procedures, you give students the best guarantee of fair testing and the best possible test day experience.

Test Types

SAT School Day offers 3 ordering and administration options:

1. SAT (students won't take the Essay)
2. SAT with Essay (all students take the Essay)
3. Both SAT and SAT with Essay (some students will take the Essay and some won't)

IMPORTANT: *If your school is testing as part of a contract, your district or state will determine which options are available to your students. These are the only options that will be displayed on the test ordering site.*

Test Sections and Timing

Everyone testing on the primary test date will need to begin testing at the same time.

The SAT is composed of several tests that follow the same order in every test book. The test must be administered in this sequence unless explicitly instructed otherwise by College Board.

Evidence-Based Reading and Writing: Includes a Reading Test and a Writing and Language Test. Each test is composed of multiparagraph passages and multiple-choice questions.

Time allotted:

- 65 minutes for Reading
- 35 minutes for Writing and Language

Math: Includes one portion that permits calculator use and one that doesn't. Each portion is composed of multiple-choice and student-produced response questions.

Time allotted:

- 25 minutes for Math Test – No Calculator
- 55 minutes for Math Test – Calculator

SAT Essay (in separate book): Students are asked to read a passage and analyze how the author builds an argument to persuade an audience.

Time allotted:

- 50 minutes

Accommodated Testing Overview

College Board is dedicated to ensuring that students with disabilities receive appropriate accommodations on tests, such as braille, large-print tests, and extended time. Using the College Board SSD Online system, SSD coordinators can manage student requests and approvals for accommodations. Once approved, with limited exceptions, students remain approved for College Board accommodations until 1 year after high school graduation.

See Prepare to Test with Accommodations on page 24 for more information.

In this manual, you will see “double time” referred to as “100% extended time.” Likewise, “time and a half” is referred to as “50% extended time.”

Most students will test in 1 or 2 days. In rare occasions, students may need more than 2 days for testing (for example, if they require more than 100% extended time or if they're approved for limited testing time).

Terminology

See the Glossary of Terms on page 80 for definitions of frequently used terms.

Staff Roles and Responsibilities

The main testing staff are described in this section. You may require additional support staff depending on the needs of your students.

SAT School Day Coordinator

As the test coordinator, you're responsible for managing the test site and staff, and you ensure all testing materials are ordered, received, handled, and stored securely. You are expected to be at the school to supervise all activities related to testing, including accommodated testing. You're also responsible for returning all test materials and ordering any makeup materials.

Mandatory training has been provided for all SAT School Day coordinators. Be sure to complete it well before test day.

Backup SAT School Day Coordinator

We recommend that you designate a backup test coordinator in case you're absent on test day. They'll need to sign the Testing Staff Agreement form to signify their acceptance of the conditions and requirements and their commitment to administering the SAT on the scheduled date. Be sure to have your designated backup test coordinator complete the mandatory training well before test day. In the event you are absent for an extended period of time, this person should be prepared to return all test materials and request any makeup materials.

SSD Coordinator

The SSD coordinator works with students, case managers, and/or counselors to apply for accommodations and certain supports for English learner (EL) students through the SSD Online portal. In addition, the SSD coordinator works with the test coordinator to order materials and administer accommodated testing. SSD coordinators should collaborate with district and school EL coordinators to determine which students will use EL supports, if applicable.

As part of the testing staff, the SSD coordinator accesses and prints the Nonstandard Administration Report (NAR) and assists the test coordinator in determining testing rooms and staff needed for administering the test with accommodations.

All testing materials, including accommodated materials for use during the accommodated testing window, are shipped to the test coordinator. The SSD coordinator can assist in ensuring the secure storage and timely return of any materials that remain in use after standard materials used on the primary test date have been returned for scoring.

Students may be approved for accommodations that require assistance from support staff such as readers to dictate test questions, sign language interpreters for test directions, or scribes to record responses. The SSD coordinator can assist the test coordinator in identifying appropriate staff in these cases.

For students approved to use the MP3 audio format, the SSD coordinator plays a significant role in gaining and granting access to the MP3 streaming application (through SSD Online). See Set Up Computers for MP3 Audio Streaming on page 26 for more information.

Proctors

Proctors are responsible for conducting a secure, valid administration. They're accountable for everyone in the testing room and everything that takes place there. They account for all testing materials, conduct the testing, appropriately document irregularities, and monitor students to ensure a fair administration.

Hall and Room Monitors

Hall monitors and room monitors assist you and your proctors with test administration duties. Monitors do not administer the test, but they do help set up the testing area, monitor testing and breaks, and check the hallways during testing and breaks.

SAT Test Materials

SAT School Day Materials Table

Your school will receive a number of shipments related to your test administration:

- For orders placed by the appropriate deadline (see dates at sat.org/schoolday), Coordinator Planning Kit with a sample set of manuals and other materials to help you start planning for test day.
- Preadministration Shipment, including all manuals needed for testing, answer sheets, *SAT School Day Student Guides*, and other materials to help students complete personal information on the answer sheet and prepare for test day.

- Preidentification Label Shipment (if applicable to your school) with pre-ID labels to affix to answer sheets.
- Test Shipment, including test books and Coordinator Testing Materials Kits with forms, return envelopes, and other materials needed for test day.

Review this table to plan for receiving and checking materials and to learn about the forms and publications you'll use for administering SAT School Day.

IMPORTANT: *Scannable forms shouldn't be photocopied because photocopies won't scan properly. Other forms can be copied if needed.*

Manuals and Scripts

This *SAT School Day Coordinator Manual* gives complete instructions for preparing your school for School Day testing. You'll also receive 2 other testing manuals: one for standard testing and one for accommodated testing. Both testing manuals include preadministration scripts for guiding students to complete their personal information on the answer sheets and scripts for administering the test. Because of the variety of timing requirements for various accommodations, the *SAT School Day Accommodated Testing Manual* provides several different test administration scripts. See Prepare to Test with Accommodations on page 24 for details.

Test Books

All test books display the title "The SAT Test Book," along with important notes for the student. Essay books are separate from the multiple-choice test books. The test books for students required to test on the primary test date have covers with purple accents. Students testing with accommodations may use standard test books with purple accents or accommodated materials with blue accents, depending on their approved accommodations or supports. Please refer to a copy of the NAR or the Guide for Testing with Accommodations later in this section for more information.

IMPORTANT: Some EL students may be approved to test with 50% extended time. Proctors will use the appropriate 50% extended time script, depending on whether they're administering the SAT or SAT with Essay.

Alternate Test Formats

Students eligible to test in the accommodated testing window will use test formats that have covers with blue accents.

Alternate test formats may include test books in large print, braille materials and supplements, or formats for computer use (e.g., flash drives). See Materials Provided for Accommodated Testing on page 31 for a list of all the alternate formats available.

Rosters

To manage testing at your school, we strongly recommend you develop a Master Student List, or roster, of test takers for SAT School Day. Recommendations for compiling your Master Student List for standard and accommodated testing are given in Before Test Day later in this manual. You'll use the Master Student List to make a roster for each testing room. Each proctor will need a room roster for their room.

If you develop a Master Student List, you're encouraged to return it in your used answer sheet shipment. We recommend that you make a copy and save it in a safe location for 6 months after test day. If an irregularity or discrepancy occurs, the list may be used as part of an investigation.

Forms and Reporting

Nonstandard Administration Report (NAR)

The SSD coordinator will have access to the NAR approximately 30 days before test day. It lists students approved for accommodations who have materials ordered for them, along with instructions on how to group them into test rooms and distribute the correct test books. The SSD coordinator can also add students to the NAR if materials were ordered for them outside of the test ordering system, and if College Board has approved their use of accommodations or the student is using 50% extended time as an EL support. You should record whatever accommodations are used during testing on the NAR.

We recommend that you use copies of the NAR as room rosters for your accommodated students, as the NAR gives instructions about which scripts and specific materials, if any, to use. Several days before test day, print and distribute copies of the NAR to proctors so they can plan to use the appropriate scripts. Instruct the proctor to note their own name on the NAR, annotate it with attendance and accommodations used, and return it with other materials.

Testing Staff Agreement Form

Before the test begins, all testing staff must review, agree to, and sign the SAT School Day Testing Staff Agreement. You and your backup test coordinator also need to sign the Agreement. Please make sure you and your staff understand the requirements you're agreeing to. See Staff Policies on page 16 for more information.

Testing Room Materials Report Form

You're required to return a completed Testing Room Materials Report form for each testing room with your used answer sheet shipment.

- The Testing Room Materials Report form is used to indicate testing room information, including the proctor assigned to the room, the room number, and the test materials issued to the proctor. Make copies of both sides of the form or use the one provided on the back of each testing manual.
- Inside the testing room, the proctor uses the Testing Room Materials Report form to check the testing materials received against the serial numbers listed on the form.
- If applicable, the proctor should check the number of Essay books received from the test coordinator and record the number returned to the test coordinator.
- As indicated in the scripts, the proctor uses the seating chart on the back of the Testing Room Materials Report form to record the serial number of the multiple-choice test book distributed to each seat in the room. If any issues arise, the chart will be used in investigating reported irregularities.
- If possible, staff should include the last name of each student on the seating chart.

Request to Cancel Test Scores Form

Students use this form to request score cancellation, which means their scores will not be reported to them or to any colleges. Give your staff copies of this form for each testing room. Direct students to fill out the form with exactly the same information given on their answer sheets or pre-ID labels, if applicable.

Students must sign and date the form, then submit it in one of the following ways:

- Hand the form to the testing staff before leaving on test day.
- Fax the form to the number indicated no later than 11:59 p.m. ET on the fourth weekday following the date testing ends. (For example, the fourth weekday following a test administered on a Tuesday would be the next Monday.)
- Send the form by overnight delivery to the address indicated, to arrive no later than 11:59 p.m. ET on the fourth weekday following the date testing ends.

Scores cannot be canceled by email or phone.

A student may cancel their scores using the SAT School Day Request to Cancel Test Scores form in instances of equipment failure or illness. **Fill out an IR in these cases.** Students will be eligible for a makeup administration. An IR isn't necessary for other situations where students elect to cancel their scores.

SAT School Day Irregularity Report (IR)

You'll receive one or more blank IRs to use if an irregularity occurs during School Day testing, and a number of blank IRs to distribute to proctors for use in the testing room. The testing staff performs a critical role in reporting irregularities and affected students.

Without complete information, College Board can't resolve issues that arise. Please review the IR form with all proctors. All IRs submitted are thoroughly reviewed. Refer to the Irregularity Chart on page 66 for instruction on when to fill out an IR. A sample annotated IR is included in the Appendix.

Coordinator Report Form

You'll receive a Coordinator Report Form (CRF) in each testing materials kit (for testing on the primary test date and during the accommodated testing window, and if you administer makeup testing, for the makeup test date). Use this form to report the total number of answer sheets being returned for each return shipment. Fill the form out carefully to ensure accurate reporting and billing. See Complete the CRF on page 47 for more information.

Standard and Accommodated Testing Rooms

Students without accommodations or supports test in a standard room on the primary test date using purple test books. Students with accommodations or supports may have different room, test date, and materials requirements from one student to the next—these will be noted on the NAR.

Your NAR should be printed from SSD Online by your school's SSD coordinator. It will indicate the testing group, scripts to use, testing materials, and test type for all students testing with accommodations whom you ordered testing materials for. The chart that follows provides an overview. Check your NAR to make sure all students with approved accommodations or supports are identified correctly.

For accommodations not listed in the table, work with your SSD coordinator or contact the College Board SSD office. Also note that students may be approved for more than 1 accommodation. Proctors may need to use more than 1 script for some students (for example, math-only extended time requires a standard time script and an extended time script). The NAR gives the script or scripts to use for each student.

Students approved for extended time for reading will use extended time on the entire assessment. This means students will test over 2 days for the SAT with Essay with 50% extended time ("time and a half"). All students testing with 100% extended time ("double time") will test over 2 days.

*Students approved for writing-only extended time receive extended time only on the SAT Essay and no other test sections. If taking the SAT without Essay, these students test in the standard room with standard time (unless they have other accommodations that can't be provided in the standard room).

IMPORTANT: Students using the 50% extended time EL support receive extended time on the entire assessment.

Before Test Day

Start planning for the test administration **no less than 3–4 weeks before test day**.

Prepare Yourself

TASKS

- Complete online test coordinator training if you haven't already.
- Read this entire manual.
- Sign the Testing Staff Agreement.
- Plan to meet with your SSD coordinator to ensure you have plans in place for testing students with accommodations and/or EL supports.
- Visit sat.org/school-day for more information about key dates, test materials for your school, and other planning assistance.
- Review the contents of the Coordinator Planning Kit and distribute testing room manuals (from your preadministration shipment) to proctors for their review.
- Begin the Test Coordinator's Checklist.

Build Your Master Student List for Testing

Identifying your students who are testing is an important first step in preparing for test day. We strongly recommend creating a list of test takers to determine how many testing rooms and staff you'll need for administering the test. Once created, you'll use your Master Student List to create room rosters to distribute to each proctor and inform students of when and where they will test.

To create your Master Student List, choose any tabular format (e.g., spreadsheet) that you can easily copy information into from your source list(s). You'll likely need to divide the list up into room rosters and print all or parts of it for tracking purposes. Keep all copies secure and accessible only to staff who need them.

TASKS

Compile Lists of Students

You'll need to determine the total number of test takers before you can plan your test rooms and staffing. You'll also need to know which students have been approved for which accommodations and who will test with EL supports.

Create a Master Student List, which will include all students eligible for testing.

1. Pull the list of eligible students from your school's student information system or work with your district assessment coordinator to get the list of students. Closer to test day, you may need to add any new students, including students recently transferred to your school.
2. You may be asked to test students who don't attend your school, such as homeschooled students or students from other schools. Make sure these students are accounted for as part of the Master Student List.
3. Ask your SSD coordinator to print a copy of the NAR and make sure you've accounted for students testing with accommodations or supports in your Master Student List.
4. Use the NAR to determine the names of students who will test with accommodations or supports and to complete the Testing Group and Test Book Type columns on your Master Student List.
5. Make sure your Master Student List notes the support type and languages for any students testing with EL supports.
6. If administering both the SAT and SAT with Essay, identify the students who will take the SAT and SAT with Essay by marking the Test Type column on your Master Student List.

You'll now have a single Master Student List to use to compile room and staffing information. Check your list against the Sample Master Student List on page 55 to confirm your list has all the information you'll need for planning rooms and staff.

KEY INFORMATION

Accessing the NAR to Determine Room Needs for Accommodated Students

About 30 days before the day of the test, the SSD coordinator can access the NAR in SSD Online to help you organize testing for students using accommodations or supports. The NAR includes the names, testing groups, and College Board SSD numbers of all students testing with accommodations or supports whom you've ordered materials for. It lists their approved accommodation(s), test type, test book color, whether they're eligible to test in the accommodated testing window, and the script(s) the proctor will use. It will also tell you which accommodated students can test in the same test room.

Work with your SSD coordinator to make sure EL students testing with 50% extended time are included on the NAR. In most cases, these students can be tested in the same room as other students taking the test with 50% extended time.

Using the Eligibility Roster

The eligibility roster is available from the SSD Online dashboard. It provides a list of all students with approved accommodations at your school. The SSD coordinator may use the roster to begin your student list if the NAR isn't yet available. They can also use the eligibility roster to update student information in SSD Online.

Plan Your Space

TASKS

Designate a Secure Area for Materials

Designate a secure location for receiving, checking, and storing your test materials. See Prepare Your Materials on page 34 for more information.

Evaluate Rooms for Testing

- Work with your administration to identify which of the available rooms will be used for testing.
- Make a list of available rooms and how many students each room can hold, based on the seating requirements given in Key Information.

Identify the Number of Rooms You Need for Testing

Use the Master Student List to determine the number of standard and accommodated testing rooms you'll need. Refer to the testing group field on the NAR as you make assignments for accommodated testing rooms. If possible, plan to test any students who didn't participate in the preadministration session in a separate room from those who did.

If you have space constraints, you can place standard SAT and SAT with Essay test takers in the same room(s), following the guidelines given here. Students testing in combined rooms must use the same color testing materials with the same testing schedule.

Plan for Combined SAT and SAT with Essay Testing Rooms

If you need to place SAT and SAT with Essay test takers in the same room(s), be sure to follow these guidelines.

- You can only combine SAT and SAT with Essay test takers if you have conducted a preadministration session. This allows students to select their score reports and fill in the nontest questions in advance. In a combined room, the proctor will need to dismiss students taking the SAT without Essay before administering the Essay, so it's important to

minimize the additional time needed to complete answer sheets before dismissal.

- Administering the SAT without Essay and the SAT with Essay in separate rooms provides a smoother experience for both students and proctors. You should allocate as many rooms as you can exclusively to one type or the other. Then, if you have a mixture of test takers left over, assign them to combined rooms.
- Be prepared to shift students out of a combined room if they miss the preadministration session.

SSD *We don't recommend combined rooms for accommodated testing; however, if you need to combine accommodated students taking the SAT without Essay and the SAT with Essay in a single room, contact the SSD office for assistance.*

KEY INFORMATION

Facility Requirements

To prepare for test day, you will need:

- A place to securely receive and store testing materials
- An area where students can assemble before testing
- Separate rooms for standard and accommodated testing
- A late-arrivals room for students who arrive late but in time to be tested

Testing Room Requirements

To promote an effective and secure administration, testing rooms must fulfill the following requirements:

- Rooms must be located away from noisy areas and distracting activities.
- Rooms should be near restrooms.
- Rooms must have:
 - ◆ A working clock, visible to students
 - ◆ Proper lighting
 - ◆ Proper ventilation
 - ◆ Proper seating that follows the seating requirements given in this section
 - ◆ No materials related to test content on display (these can be removed or covered)

Room Selection Tips and Recommendations

- Rooms should be located in the same section of the school. When rooms are close together, each hall monitor can cover up to 5 rooms.
- We recommend you avoid using science rooms, computer labs, or rooms with specialized equipment, unless they're required for accommodated testing. They may be uncomfortable for students or may not have adequate desk space for writing.

Seating Requirements

The following seating requirements apply for all testing rooms:

- Chairs must have backs.
- Seats must face the same direction.
- Chairs must be placed directly behind those in the preceding row.
- Each student must be separated by a minimum of 3 feet from side to side (measure from center of desk).
- Staff access to every student must be unimpeded.
- At tables, students must be seated at least 3 feet apart (measured from the center of the table) and facing the same direction. You can seat 2 students at a table that's at least 6 feet long.
- Large, smooth writing surfaces, preferably desks or tables, must be provided.
- Tablet-arm chairs must have a minimum writing surface of 12 × 15 inches (30 × 38 centimeters).

The following seating arrangements are not allowed:

- Round tables, study carrels, lapboards, language laboratory booths, and tables with partitions or dividers.
- Seat assignments that follow any expected pattern or defined order. If testing students in their homeroom, make sure students are seated at random.

IMPORTANT: *Students may not select their own seats.*

Additional Requirements for Accommodated Testing

The testing group on the NAR indicates which students may test together. See Sample Nonstandard Administration Report (NAR) on page 58.

- Students who require different timing or breaks must be tested in separate rooms, as noted on your NAR.
- Students with the same type of timing may be seated together, if noted on your NAR. EL students receiving 50% extended time can be seated with other 50% extended time students as long as they use the same color testing materials and the same testing schedule (e.g., same breaks).
- An additional test room is required if a student's accommodations would disturb other students or if the student is approved for 1-to-1 testing. Students approved for breaks as needed, a reader, or scribe must test in a 1-to-1 setting. These scenarios are noted on your NAR.
- For students approved for use of MP3 audio and ATC formats, a computer must be provided. These 2 formats also require specialized timing and must be administered in separate rooms from each other. See the requirements in Plan for Computer Usage on page 24.

Please note that some accommodations may be provided in a standard testing room. The NAR will indicate these students should be tested in the standard room with the purple test books. These include:

- Preferential seating
- Wheelchair access
- Use of a large-block answer sheet
- Permission for food or medication
- Use of a 14-point large-print test book
- Use of a magnifying device (non-electronic)
- Use of a sign language interpreter for oral instructions
- Use of a written copy of oral instructions
- Auditory amplification or FM system
- A colored overlay
- Approval to record answers in the test book

If a student is approved for one of these accommodations, and is not approved for another accommodation that would require a separate setting, assign the student to a standard testing room.

SSD *If you have a question about room assignments for a specific accommodation, refer to the NAR or contact the SSD office.*

Seat students using a large-print test, a large-block answer sheet, a calculator with large or raised display, or a magnifier or magnifying device in the back of the room.

Plan Your Staff

The number of each staff position you need depends on the number of students testing and whether that number includes students testing with accommodations that require separate rooms.

TASKS

Identify Staff for Testing

- Work with school administrators to review teacher schedules. Teachers of classes that aren't meeting due to testing are likely candidates to serve as proctors and monitors.
- If you're testing students approved for accommodations or supports, work with your SSD coordinator to ensure you have the proper staffing to meet students' needs.
- Make a list of available staff and their roles. Be sure to include any additional support staff needed for accommodated testing.

Assign Staff to Testing Rooms

Starting with the number of testing rooms you previously identified, determine testing room assignments for staff who will administer the test (proctors) or act as monitors. If you'll be using additional staff to administer the MP3 audio format, work with the SSD coordinator to provide access to the application in advance to staff.

Designate a Backup Coordinator

As part of testing setup, we recommend that you designate and train one of your proctors to act as an alternate test coordinator in case you're absent on test day.

KEY INFORMATION

Staff Policies

To qualify for the test administration team, individuals must be high school graduates, be at least 18 years old, speak English fluently, and possess the same level of integrity and maturity expected of a school staff member. They should reflect the diversity of the students being tested and act in a fair, courteous, nondiscriminatory, and professional manner.

1. Avoid recruiting anyone to serve on the testing staff if they have any of the following conflicts of interest:
 - ◆ Are involved with paid SAT coaching or SAT test preparation. (The teaching and normal review of course content, including test familiarization that is part of regularly scheduled coursework, is acceptable.)
 - ◆ Have taken the SAT within 180 days of test day.
2. When making staff assignments, adhere to these policies:
 - ◆ If a staff member has a child or member of their household taking the SAT School Day at any test site during the same testing window, they must not take a role in which they will have access to test books before test day. At a minimum, this includes the roles of test coordinator, SSD coordinator, and backup test coordinator. In cases where this policy isn't followed, the related student's scores are subject to cancellation.
 - ◆ Never assign a proctor or other support staff to administer the test to a member of their family. If a staff member administers the test to their own child or other member of their household, the scores will be canceled, and the student will require a makeup test.

IMPORTANT: Immediate family includes one's parents, siblings, children, grandparents, and spouse. This applies even if they don't reside in the same household.

Before accepting assignment to the testing staff, all individuals you recruit, including any backup coordinator, must review, agree to, and sign the SAT School Day Testing Staff Agreement. You're also required to sign the form as test coordinator. See the Sample Testing Staff Agreement on page 56 for more information.

Supplementing Testing Staff

If you need to supplement your school staff with additional personnel, follow your school or district policies for adding testing staff. Additionally, retired teachers and current district personnel can help support test administration.

Proctors Needed

Proctors are responsible for conducting a secure, valid administration in the testing room. Each testing room requires 1 proctor. A reader or scribe can serve as proctor in their room, since they are testing just 1 student in a 1-to-1 setting.

Room Monitors Needed

Room monitors help set up the testing area, monitor testing and breaks, and check the hallways during testing and breaks.

Depending on the number of students in the testing room, you may also need room monitors.

FOR EACH STANDARD TESTING ROOM

Number of Students	Number of Room Monitors Needed
1–34	0
35–50	1
51–100	2
101 or more	3+ (1 monitor for each additional 50 students)

FOR EACH ACCOMMODATED TESTING ROOM

Number of Students	Number of Room Monitors Needed
1–20	0
More than 20	1+ (1 monitor for each additional 20 students)

Additional staff may be needed for students testing with accommodations. Work with your SSD coordinator to determine if any additional room monitors will be needed for these students.

Hall Monitors Needed

You'll always need at least 1 hall monitor to supervise students during breaks. Depending on the number of testing rooms, you may need more.

NUMBER OF HALL MONITORS NEEDED	
Number of Rooms	Number of Hall Monitors Needed
1–5	1
6–10	2
11–15	3
16–20	4
More than 20	5+ (1 hall monitor for each additional 5 rooms; e.g., for 21–25 rooms, add an additional hall monitor)

Support Staff Needed for Accommodated Testing

Work with the SSD coordinator to check your NAR for students approved for any of the following support staff. Support staff must meet the same requirements as all other staff:

- Readers
- Scribes
- Sign language interpreters for test directions
- Other support staff (e.g., aide, nurse)

Build Your Room Rosters

Once you have your room assignments for staff, create a roster for each testing room that each proctor can use to record attendance on test day. Proctors testing accommodated students will also use the room roster to make preparations for administering accommodations in their room.

TASKS

Assign a Testing Room Code to Each Testing Room

Testing room codes allow you to better manage your SAT School Day administration. If a group disturbance occurs, the testing room code allows you to identify students who may have been affected by the irregularity and makes it easier to quickly locate the right personnel to answer any questions related to such group irregularities. By speeding up investigations of irregularities, testing room codes help ensure scores for your school are released as quickly as possible.

- Assign a 3-digit testing room code to each room you identified as a testing room in Plan Your Space on page 14. When using codes shorter than 3 digits, include leading zeros (e.g., 001, 020).

- Record the testing room code on each room roster you created. The staff will give the testing room code to students to enter on their answer sheets on test day.

Assign Students to Testing Rooms

Divide your students into testing rooms based on room capacity.

- If you have capacity constraints, you may be able to test students taking the SAT and SAT with Essay with standard timing in the same room. See Identify the Number of Rooms You Need for Testing on page 14 for important guidelines.
- Separate your list of students testing with accommodations or supports into the testing groups indicated on your NAR. Remember that students testing in the same room must have the same color testing materials and the same testing schedule.
- Students may require testing in small groups. Generally, small groups should consist of 15 students or fewer, but this may be smaller or larger depending on room size and individual student needs.
- Add each student's testing room assignment to your Master Student List by recording the testing room code.
- Also record accommodated students' testing room assignments on the NAR. The NAR separates students by testing group to aid the process.

Create Individual Room Rosters

Build the room-level lists, or room rosters, of students testing in a given testing room to distribute to proctors.

- Divide your Master Student List into individual room rosters for students testing in standard and accommodated testing rooms.
- In addition to individual room rosters for accommodated testing rooms, you may want to provide a copy of the relevant pages of the NAR to each proctor for their room. These pages will give them important details about which script(s) to use. The proctor will need to record which accommodations each student tested with next to the student's name.

Update and Finalize Your Room Rosters

As test day approaches, continue to account for additional students who may be eligible for testing (e.g., students who recently transferred to your school). In addition, work with your SSD coordinator to identify students recently approved for accommodations or supports. Continue to update your Master Student List and room rosters.

Build Your Plan for Testing

There are a number of activities you must complete leading up to test day.

TASKS

Plan for Preadministration

The answer sheet for SAT School Day allows students to provide information about themselves, their high school experiences, and their plans for college.

- Schools will receive preadministration materials about 2 weeks before the test, including answer sheets, *Student Answer Sheet Instructions*, and copies of the *SAT School Day Student Guide*. If your students were preidentified by your district or state, you'll receive a separate, similarly timed shipment of your pre-ID labels.
- Filling out the personal information fields may take up to 45 minutes, so schedule a session ahead of test day to walk students through filling them out.
- You may decide to hold preadministration sessions in any number of ways (for example, in a class, in an assembly for students taking the test, or in small groups). Don't let students take the answer sheets out of the room. All activities related to answer sheets must take place under school supervision.
- If you know ahead of time that some students will have pre-ID labels and others won't, plan to conduct separate preadministration sessions for these 2 groups of students to ensure a better experience for both staff and students. Any students who have incorrect pre-ID labels can be reassigned to a session for students without labels.

See Prepare Your Preadministration Session on page 36 for detailed instructions.

Plan Training Sessions

Training is required for all SAT School Day coordinators. You'll receive a link to access training approximately 6 weeks before test day. Other test day staff must either take the online training provided or be trained by the test coordinator. You can share the link in the email with other test day staff, such as SSD coordinators and proctors. Schools can determine the best way to train other test day staff.

See Train Your Staff on page 20 for a list of topics your staff should review prior to testing.

Plan Test Day Schedule

- Select a start time for testing that allows for the full time for testing within the normal school day.

- ◆ To administer the SAT you'll need about 3 hours and 45 minutes for admission, administrative activities, and actual testing of standard time test takers.
- ◆ For the SAT with Essay you'll need about 4 hours and 40 minutes for standard time test takers.

- Schools should plan to have students in their seats and ready to test by 8:30 a.m. at the latest. Contact School Day Support if your school needs to shift your start time to later than 9 a.m.
- Plan for extended time testing: Use the Overview of Timing and Breaks on page 62 to plan for testing students with 50% or 100% extended time on the test or portions of the test.
- On test day, plan to hold a session with staff before testing begins to share last-minute reminders and hand out testing room packets.

Plan Accommodated Testing Window Schedule

- Ask your SSD coordinator for a list of students testing during the accommodated testing window. This is also listed on the NAR.
- Meet with your staff to determine when to start testing students eligible to test in the accommodated window. If possible, start testing these students on the primary test date.
- For students who require 2 days of testing, schedule the second day of accommodated testing on the next consecutive school day.
- Be sure to allow for rooms that are needed for 2 days of testing.
- Track any absentees and plan for them to test as soon as they return to school within the accommodated window.
- Plan for secure storage of materials used for 2-day testing. Materials for students testing during the accommodated testing window must be held until all accommodated testing has been completed before you can return answer sheets for scoring.

Plan Student Check-In

Depending on your needs, plan for either a central check-in or a room check-in. See Admit Students to the Testing Area on page 40 for more information. If you're using a central check-in, you'll need to designate a waiting area where students can assemble before testing and to inform staff and students of the location.

Provide advance guidance to students. Post notices in prominent places stating when students should arrive, where they should meet for room assignments, and what they'll need to bring on test day. Plan for staff to meet them at a predetermined location on test day and direct them to their assigned rooms.

Post Testing Room Assignments

Several days before the test, prominently post room assignments to minimize confusion on test day.

IMPORTANT: Take care not to post any student's personal identifiable information, such as date of birth.

SSD Be sure to post room assignments in a way that doesn't call attention to students testing in accommodated rooms.

Plan for Breaks

Students may have snacks and drinks in designated areas during scheduled breaks in testing. Before test day, designate one or more areas near the testing rooms for this purpose. In general, you should avoid allowing snacks in the testing room. In particular, food and drinks should never be allowed near testing materials.

Your staff may need breaks. While testing is in progress, testing rooms can't be left unattended. Plan a schedule of break times with your staff before test day, and work out how you'll rotate your monitors to allow each staff person at least 1 break. Staff in the extended-time rooms may require additional breaks.

Plan for Makeup Testing

Make note of the makeup date for your school in the event you need to administer makeup testing. Makeup testing requires that you follow all of the same policies as you do for the primary test date.

For students absent on test day, securely store any pre-labeled or pregridded answer sheets with the makeup test materials until you hold the makeup test.

All of the following tasks apply to planning for the makeup test:

- Compile the list of students who were absent or experienced an irregularity and who require a makeup test.
- Order materials on ordering.collegeboard.org within 2 days after the test date.
- Identify the number of rooms needed.
- Assign staff to testing rooms.
- Build your room rosters and update if necessary (to allow for makeups due to reported irregularities).
- Prepare for administering any accommodations required.
- After testing, return materials following procedures in After the Test on page 46.

Manage Test Day Impacts

Administering the SAT on a school day will have an impact on how your school normally operates. Make sure you plan ahead to make the day go smoothly for those who are testing and those who aren't.

TASKS

Prepare to Collect Student Belongings

College Board requires testing staff to collect mobile phones, wearable technology, and other prohibited electronic devices (if permitted under school policy) before administering the SAT. Plan ahead for collecting electronic devices and backpacks as students enter the testing room.

More information is given under Prohibited Devices Policies on page 21.

Plan for Test Day Impacts to Rooms and Students

- Arrange for bells and announcements to be silenced on test day.
- Be sure to schedule lunch for students after testing concludes.
- Review the schedule of classes that would normally meet in the rooms you have identified for testing.
- Determine which classes contain primarily students who will be testing and which classes have a mixture of testing and nontesting students. For test day, the school may need to cancel or relocate classes and/or schedule study halls, field trips, practice testing, or other activities for students not testing.
- Create a list of test day activities or assignments for nontesting students. A few days before test day, share with staff, post in offices, and create individual room signs for display in all affected classrooms.

Establish a Signaling System

Setting up a signaling system can help ensure a smooth test day. This might mean having a central extension for staff to call or a visual signal to indicate that assistance is needed in a particular room. Staff will have a greater level of comfort if they know how to reach you quickly when they need to.

Minimize Distractions

Only students, testing staff, authorized observers, and SSD support staff (e.g., sign language interpreters) are allowed in the testing area on test day. Parents and guardians may need to be reminded of this policy.

Displaying signs or posters stating this policy can help minimize disruptions. When you train your staff, be sure to emphasize this policy is both for security reasons and to protect students from disruptions on test day.

Establish clear rules for conduct during breaks to help control noise and similar distractions. Staff should remind students not to talk in the hallways and not to go to their lockers. The week before the test, instruct school staff to remind students of the importance of not disrupting testing.

IMPORTANT: *The school population should know that during the test administration, the use of school facilities will be restricted and unauthorized people must stay away from the testing area and keep noise to a minimum.*

Train Your Staff

TASKS

Hold Training Sessions

Approximately 6 weeks before test day, you'll receive an email with information on how to access the online training.

About 2 weeks before the test, schedule a training session with your staff to review procedures, test security measures, forms, and timing; to announce staff assignments; and to answer questions. At the session, distribute the appropriate manual to each proctor and encourage them to read through the script for the testing room they're assigned to before test day. This is particularly important for proctors testing students with extended time. In addition, you may want to give your staff access to the online training modules.

If you haven't already done so, have prospective staff read and sign the Testing Staff Agreement (see Sample Testing Staff Agreement on page 56).

During the training, be sure to review the following:

- Maintaining security in the testing room
- Procedures for collecting personal belongings
- Seating policies
- Calculator policies
- General responsibilities of each position
- Using the correct testing materials
- Equipping the testing room
- Timing of the test and breaks
- Testing room forms and reports
- Signaling plan for test day
- Administering applicable accommodations

Share Staff Room Assignments

Share the testing room assignments with proctors and monitors. Remind staff that they are responsible for reviewing and bringing their copy of the manual on test day. Staff members should know:

- Whether they are assigned a standard or accommodated room (if administering the test) and approximately how many students are assigned to their room.
- Whether they are assigned to an SAT room, an SAT with Essay room, or a combined room.
- What script(s) they'll be using and approximate timing of the test. For accommodated testing, the NAR includes information about which scripts to use for students. Your proctors should familiarize themselves with any shifting of scripts that needs to take place on test day.
- Where and when to report on test day.
- General setup of rooms.
- Contents of the testing room packet they'll receive on test day. (See Prepare Your Materials on page 34 for more information.)

Maintain Security

Electronic devices, including smartwatches and mobile phones, can be used to record test questions and answers or to bring unauthorized aids or materials, including notes or answer keys, into the testing room. College Board strictly prohibits such devices to protect test content and prevent security breaches.

Phone access is not allowed in the testing site (unless approved for use as an accommodation). Consequences for using prohibited devices include **dismissal, score cancellation, and confiscation of the electronic device for investigation**. Refer to the Irregularity Chart for direction on how to address students caught using prohibited devices and aids. An IR must be completed for all incidents.

TASKS

Inform Staff of Policies

Make sure your staff understands and follows these policies:

- Prepare testing rooms by covering up or removing any instructional material, such as maps and charts.
- Plan ahead for collecting electronic devices (if permitted under school policy) or having students store electronic devices in bags/backpacks as they enter the testing room so they can't access the devices. Be ready to label items collected so they can be returned after testing or to provide clear plastic bags for students who need them for storing devices to the side of the testing room.

- Follow scripts exactly and minimize confusion by giving students ample opportunity to ask questions about procedures.
- Remain vigilant at all times during testing. Staff must not engage in activities that are not related to testing or that are disruptive to students, such as talking on phones, using a computer, or grading papers.
- Make sure at least 1 staff member is in the testing room at all times and students are monitored during scheduled and unscheduled breaks.
- Make sure students don't use unapproved calculators, phones, or prohibited aids during testing or breaks.

IMPORTANT: *Some mobile phones can be disguised as calculators. Also, separate erasers can be used to conceal aids and notes.*

- Don't leave test materials unattended under any circumstances.
- Make sure test materials aren't removed from the room.
- No one may access or use phones in the testing room, or eat or drink during testing unless they have an approved accommodation.

 *Immediately report significant problems or events that interfere with specific testing procedures or compromise test security, either before or on test day, to School Day Support. See the Irregularity Chart on page 66 for more information.*

KEY INFORMATION

Prohibited Devices Policies

Review College Board prohibited devices policies with your testing staff.

- Students are advised to leave their devices in their lockers during test day. Despite this, many students will have their phones and other devices with them. College Board policy requires staff to collect phones and electronic devices, including wearable technology, before testing begins.
- Devices must be completely powered off before collection. A phone or other prohibited device that makes noise is grounds for score cancellation. **Some alarms are set to sound even when the device is turned off.**
- Before testing begins, students have one more chance to turn off and turn in their phones and other electronic devices if they haven't already.
- **Once the warning script has been read, if a prohibited device is seen in a student's possession, regardless of whether it's making noise, the test coordinator should dismiss that student and confiscate the device.**

- If a student's phone makes noise or creates a disturbance while in the proctor's possession or stored away from the student's desk, this shouldn't be considered grounds for dismissal, but the proctor should turn off the phone to prevent additional disturbances during testing and warn the student who owns the phone that additional disturbances will result in dismissal.
- The Irregularity Chart provides full direction on how to address students caught using prohibited devices and aids. Note any such activities on the IR. Contact the Office of Testing Integrity (OTI) immediately for further instructions if a device has been confiscated and test content is detected on the device.

Prohibited Devices and Aids

Students may not have the following in the test area or break area, except in the case of approved accommodations for particular testing aids:

- Electronic equipment, including phones of any kind; personal computing devices (laptops, notebooks, Bluetooth devices such as wireless earbuds/headphones, or tablets); cameras; separate timers of any kind; audio players/recorders or headphones; wearable technology; digital watches, including smartwatches; or any other prohibited devices that can be used to record, transmit, or receive information.
- Highlighters, compasses, rulers, protractors, earplugs, books or references of any kind, pens or mechanical/colored pencils, and papers of any kind, including scratch paper.

Students with Service Animals

Students are encouraged to request accommodations for both service animals, such as guide dogs, and emotional support animals. These animals may be permitted without an accommodation so long as they're trained and the student can explain what service the animal provides. Don't admit untrained animals that haven't been approved as an accommodation and for which a student can't provide a justification. Contact the SSD office for further information.

Device Collection Procedures

Students must turn in all phones, wearable technology (e.g., smartwatches or fitness trackers), and other electronic devices before beginning to test. It's important for students to feel confident that their devices are safe and will be returned to them promptly at the end of testing. Depending on your school policy, you must use 1 of the following 2 options for adhering to College Board policy requiring collection of devices.

Option 1 – Collect devices and put them in individual bags:

- At the door, ask students to confirm that their phone and other electronic devices are powered off.
- Ask students to label devices with their names.
- Give them envelopes, plastic bags, sticky notes, or another method of reliably identifying their items.
- Reassure students that their devices will be returned after testing.
- Collect labeled items from students as they enter or once they're seated. Keep them out of students' reach during the entire test, preferably at your desk.

Option 2 – Keep devices in students' bags and collect bags:

- At the door, ask students to confirm that their phone and other electronic devices are powered off.
- Ask students to place their devices in their backpacks or bags and to place these bags to the front or side of the room, away from desks.
- If a student doesn't have a bag, label the item and collect it individually as in option 1.
- Tell students to remove their No. 2 pencils, calculator, drinks, and snacks from their bag and take them to their seat. If a student is approved to use an aid, they should include it with the items they take to their seat.

Returning Devices:

- Cell phones and other collected devices should remain out of reach until testing is complete and all test materials have been collected.
- At the end of the test, students will collect their devices as their row is dismissed. If possible, arrange the items to make the return process easy.
- Before returning a device, check the name on the label, and have students confirm the device is theirs.
- If an item is left behind, return it with other materials to the test coordinator. Record the student's name so they can be contacted.

Medical Devices

Epinephrine auto-injectors (e.g., EpiPens) are permitted in the testing room without the need for accommodations. They must be placed in a clear bag and stored under the student's desk during testing.

Other medical devices, such as devices used for testing blood sugar, require an accommodation. In some cases, a student may have College Board approval to have a mobile phone in the testing room for use with a glucose monitor. Only students specifically approved to have a mobile phone in the testing room may do so. (Approval to test blood sugar doesn't automatically permit the

student to have a mobile phone, unless also approved for a mobile phone.)

In these circumstances, the phone must remain on the proctor's desk and can only be viewed under direct supervision. The proctor should confirm with the student prior to testing what actions are needed in the event there is a notification.

- If the student is using an iPhone®, it must be in guided access mode.
- If using an Android™ phone, it must be in airplane mode. (If needed to check their blood sugar, the phone may be taken off airplane mode when the student is accessing the share app, under direct supervision of the proctor, and reengaged following use.)
- The camera feature must be disabled **for all phones**. Bluetooth may only be enabled to connect the phone's share app to a Continuous Glucose Monitor (CGM).

No other device may be connected to the phone. Under no circumstances may a student keep their phone at their desk.

Seating Policies

Inside the testing room, the proctor should follow these procedures:

- Develop a seating plan ahead of time that follows the seating guidelines for type and spacing of seats.
- Assign seats at random or by prearrangement with the coordinator. Never allow students to select their own seats.
- Once testing has begun, complete the seating chart on the back of the Testing Room Materials Report form.

Calculator Policies and Guidelines

Calculators may be used only on the Math Test – Calculator portion of the SAT, unless a student has been preapproved by College Board to use a 4-function calculator as an accommodation on the Math Test – No Calculator portion. Students may have calculators on their desks only when working on the Math Test – Calculator questions.

General policies are as follows:

- All questions can be answered without a calculator.
- We recommend students use a scientific or graphing calculator they are familiar with on the Math Test – Calculator portion of the SAT.
- Students should supply their own calculators.
- Students may also bring acceptable backup calculators in case their primary calculator or batteries fail, but they need the proctor's permission to use the backup.

Monitoring Equipment Use

Follow instructions in the scripts to monitor calculator use.

- Only battery-operated, handheld equipment can be used for testing.
- Students may not share calculators.
- All scientific and most graphing calculators are acceptable. (See Acceptable Calculators on page 60.)
- 4-function calculators are permitted but not recommended.
- Students may use calculators with enlarged or raised displays, but they should be seated where the calculators are not visible to other students.

IMPORTANT: *Students approved to use a calculator on the Math Test – No Calculator section must use a 4-function calculator for this purpose. (Percentage and square root functions are allowed.) Confirm the calculators in use aren't more advanced models.*

Calculator Malfunction

Students should raise their hand if their calculator malfunctions before or during the test and they want to use a backup. Allow them to use an acceptable backup calculator or batteries they brought, and continue to test.

Students without backup equipment may continue testing, since all questions can be solved without a calculator. If they choose to cancel their score, they must cancel the entire test. They'll need to fill out a Request to Cancel Test Scores form before leaving the testing room.

Prepare to Test Students with English Learner Supports

College Board provides supports for English learners approved by their school to use them. The supports used for testing should align to the supports students use for classroom tests. The available English learner (EL) supports include translated test directions, use of approved word-to-word bilingual glossaries, and 50% extended time. (Students using 50% extended time must be entered in SSD Online.) Students can use any of the supports alone or in combination with one another.

Scores are college- and scholarship-reportable when these supports, which are facilitated by the school, are used for testing.

TASKS

Once you identify the students who require EL supports and the languages they need, you'll need to obtain the supports and plan for 50% extended time for those who need it.

Provide Translated Instructions and Glossaries

- Print the translations and review the list of approved glossaries available at sat.org/schoolday-downloads so you can obtain copies for test day. Translations and glossaries aren't shipped with the test materials.
- Schools must provide glossaries for students who need them; students may not bring their own glossaries to the test.
- Store translated directions and/or glossaries securely until you're ready to assemble testing room packets for proctors.

Prepare for Extended Time EL Support

For students testing with 50% extended time as an EL support, you must request the use of the support in SSD Online by the EL supports deadline. These students will be listed on the NAR to facilitate planning. This will also make it possible to order the appropriate materials. When determining room assignments, you can place these students with other students taking the test with 50% extended time on the entire test as long as no other accommodations are being administered that require different timing or breaks.

EL students who use the 50% extended time support receive the same test materials as accommodated students with 50% extended time:

- Purple multiple-choice test book if taking the SAT without Essay. These students complete testing in 1 day.
- Blue multiple-choice test book if taking the SAT with Essay, plus Essay book with blue bar. These students test over 2 days.

Prepare to Test with Accommodations

College Board requires preapproval for all accommodations. Providing accommodations without authorization may result in the student's scores being canceled. To help ensure the students testing in your school receive reportable scores, provide testing accommodations only under one of the following conditions:

- The student is included in the school's SSD Online dashboard of students with approved accommodations.
- The student appears on the online NAR accessed by the SSD coordinator.
- Your SSD coordinator has verified the student's eligibility with the College Board SSD office.
- The student has a documented College Board approval for accommodations. If a student presents an eligibility letter, but doesn't appear on the NAR, you can test them as long as you have enough materials. If not, contact the SSD office for further instructions.

Students with accommodations must be tested with the correct testing materials, using the corresponding scripts.

Students approved for accommodations will fall into these groups:

- Those who will use standard (purple) testing materials must test on the primary School Day test date.
- Those who will use accommodated (blue) testing materials may test on any day during the accommodated testing window.

Your NAR will list each group in its own section. For general guidelines, refer to Standard and Accommodated Testing Rooms on page 8 for a list of the accommodations that typically fall into each group along with which manuals and rooms to assign to students with accommodations.

Accommodated students must adhere to all standard testing administrative procedures, requirements, and timing regulations, unless otherwise approved as an accommodation.

Absentees should take the test later in the testing window. If you have accommodated students testing during the window who require a makeup because of an irregularity, follow the procedures to order a makeup test. See Plan for Makeup Testing on page 19.

TASKS FOR TEST COORDINATORS

Check Room Assignments for Accommodated Students

As the test coordinator, you're responsible for creating room assignments for all students, including those testing with accommodations or supports. See Build Your Room Rosters on page 17 for more information. Proctors testing in accommodated rooms should closely review the *SAT School Day Accommodated Testing Manual* for additional details about administering the test with accommodations.

Plan for Computer Usage

Students approved to use computers for testing must be tested separately from other test takers. Your school must provide computers for these students (a student may not use a personal computer or a computer belonging to their family).

Make sure the appropriate equipment is provided in rooms where needed.

- For students using flash drives for the ATC format, make sure the computers have USB ports.
-
- SSD** *Some newer computer models only have smaller USB Type-C ports in place of full-sized USB ports. If your computer does not have a full-sized USB port, you will need a USB-to-USB-C adapter to connect a flash drive.*
-
- For students using MP3 audio format, you'll need computers with access to the internet for downloading the application and test content. On test day the SSD coordinator or proctor will need to access the test content. Internet availability will be disabled by the application once testing begins and is not needed during the test itself.
 - If you require staff other than the SSD coordinator to proctor the MP3 streaming administration, you'll need to work with your SSD coordinator to provide proctors access to the MP3 audio application. The SSD coordinator will receive an access code to set up additional proctors if needed.
 - For students approved to use a computer for the Essay, make sure the computer has word processing software. The computer must be attached to a working printer.
-
- SSD** *Students using MP3 audio streaming who are approved to use a computer for the Essay will be able to type their essay directly within the streaming application.*
-
- For students approved to use a braille notetaker, provide a display monitor to connect to the notetaker so the proctor can see what the student is typing.

Instruct the staff testing these students to test the equipment before test day and ensure important precautions for electronic equipment are followed. See *Administer Accommodations* on page 45 for related tasks and information.

Ensure Approved Transcription Is Planned

For students using braille writers or other devices, or students approved to write their answers in test books, the proctor or SSD coordinator must transfer the answers (except for the essay) to the answer sheet after the student completes the test. Large-block answer sheets don't need to be transcribed.

Assign Any Support Staff for Accommodated Students

- Using the list supplied by your SSD coordinator, assign support staff, such as readers, scribes, or sign language interpreters (for directions only), to students approved for them. Follow the same guidelines as for other staff assignments (see *Plan Your Staff* on page 15).
- Don't assign a relative of the student testing to act in a supportive capacity to that student.
- Assign a single reader or scribe to each student. (Readers and scribes can't be shared.)
- Notify readers or scribes that their students will take the test with 50% extended time for reading unless they're already approved for 100% (or more) extended time. If taking the SAT with Essay, students assisted by a reader or scribe will test over 2 days. Students assisted by a reader or scribe must test in a 1-to-1 setting.

Continue to Check for Approvals and Plan for Testing Needs

Keep checking for late approvals and for newly enrolled students who need accommodations. Before the ordering deadline, sign in to the test ordering site. Any newly approved students will be displayed for you to select in the "Nonstandard Tests (SSD)" section of the order form. The SSD office will notify the SSD coordinator if late approvals are made that will require testing in the accommodated window.

- Ask the SSD coordinator to alert you if they're notified that a student received approval for accommodations so you can order the student's testing materials.
- As adjustments are made to your test orders, you'll need the SSD coordinator to generate a new NAR. You may need to repeat this process every few days as you get closer to test day. Once the ordering deadline is past, the SSD coordinator will need to arrange for materials for newly approved students by calling the SSD office.

- If necessary, adjust staffing and rooms to allow for additional accommodated students. Be sure to allow for rooms needed for 2-day testing.

TASKS FOR SSD COORDINATORS

Work with the Test Coordinator

The SSD coordinator and the test coordinator must collaborate to ensure a smooth administration.

The SSD coordinator will need to supply the test coordinator with:

- A copy of the NAR. The SSD coordinator will need to review the students listed on the NAR to confirm all students are reflected as anticipated. Any student approved for accommodations who is eligible to test but doesn't appear on the NAR can be added in SSD Online.
- A list of students approved for accommodations, and notification of any updates. This includes any students who will be using the 50% extended time EL support. See *Additional Requirements for Accommodated Testing* on page 15 for more information about specific accommodations.
- A list of needed support staff for accommodated students.
- Help setting up any computers for typed essays or computer-based formats (e.g., MP3 streaming or flash drives for ATC format).
- Assistance planning for rooms and materials.
- Assistance providing access to MP3 audio if staff other than the SSD coordinator will be proctoring the MP3 audio format.

Request Accommodations and EL Supports

The SSD coordinator submits requests for accommodations and EL supports for your students. All accommodations for students with disabilities must be approved in advance in SSD Online. Some requests will require documentation for College Board review. Requests that require documentation review may take approximately 7 weeks to process from the date we receive all documentation. EL supports should only be used by students who, at the time they test, meet the definition of "English learner" as defined by the state in which they test, or the U.S. Federal guidelines, and who attend and test at a school in the U.S.

For EL students requiring 50% extended time for the entire test, the SSD coordinator will work with the test coordinator to enter the request in SSD Online. Unlike College Board accommodations, the EL 50% extended time must be requested each year for students who need it.

- Each school must have at least 1 SSD coordinator with access to SSD Online.

- For instructions to get access, see collegeboard.org/ssdonline.
- If a student needs temporary assistance for an injury such as a broken arm or concussion, visit collegeboard.org/ssd to download and submit a Support for Students with Temporary Physical/Medical Conditions form as soon as possible. Don't submit these requests in SSD Online.

Review Approvals and Add New Requests

The SSD coordinator will:

- Identify students who will be testing this year and confirm accommodations.
- Use the SSD Online dashboard to look up students or print the eligibility roster. The roster lists all students approved for accommodations at your school.
- Submit a request in SSD Online for new students or students who need accommodations that haven't yet been requested.
- Verify the following information for students with previously approved accommodations:
 - ◆ The accommodations approved match the student's current accommodation needs and will be used by the student on test day. (Submit updates in SSD Online.)
 - ◆ The student's name, birth date, and graduation date are correct. (Submit a name change form to make any updates.)
- Submit updates to the eligibility roster (e.g., removing students no longer at your school) by mail or fax. Contact information is provided at collegeboard.org/ssdonline.
- Submit requests in SSD Online for newly enrolled transfer students with previously approved accommodations. On the first screen of questions, respond that a request for accommodations has already been submitted, and that the student is a transfer student.
- Work with the test coordinator to determine which students will be using the EL support of 50% extended time and submit the request in SSD Online by the EL deadline.

Download and Verify the NAR

As noted under Continue to Check for Approvals and Plan for Testing Needs on page 25, the SSD coordinator will need to supply the test coordinator with the NAR regularly in the weeks leading up to the test administration. After the test material orders are placed, you should obtain an updated copy of the NAR from the SSD coordinator. A final NAR should be provided to the test coordinator in the days before testing to ensure proper planning for test day.

Set Up Computers for ATC Users

The ATC format is composed of Microsoft® Word files that work with assistive technology such as screen magnification or screen readers. If the student is using a Mac® for the ATC format, the Microsoft Word software must be installed.

See the *SAT School Day Accommodated Testing Manual* for instructions.

Set Up Computers for MP3 Audio Streaming

For students testing with the MP3 audio format, the audio version of the test will be delivered via a streaming application. Internet access is required to install the application from SSD Online and to download the test form on test day. Internet availability will be disabled by the application once testing begins. A sample test form will be available to ensure your school's computers can support MP3 audio streaming.

IMPORTANT: *The MP3 streaming application must be installed prior to test day. If computers at your school are set up to require staff or students to sign in, the application has to be installed on the user profile for the computer that the student will be signed in to on test day. (The MP3 streaming application will be visible as a desktop icon only on the user account it was originally installed on.)*

Once installed on a PC or Mac, the streaming application appears as an icon on the desktop. (Chromebook™ computers require you to launch the software from the Apps link.) Only the SSD coordinator or proctors with access can launch the application, using their College Board username and password.

To prepare and administer the MP3 format, the following steps are needed. Complete instructions are provided in the *SAT School Day Accommodated Testing Manual* and on the MP3 streaming access instructions accessed by the SSD coordinator in SSD Online.

1. The SSD coordinator receives and shares an access code (used in SSD Online) with proctors administering the MP3 streaming format.
2. The SSD coordinator works with technology staff to download and install the application, creating a desktop icon on all PCs or Macs. (The application is launched from the Apps link on Chromebooks.)
3. Staff downloads and launches the sample form to confirm functionality on all testing devices.
4. Each day of testing and for the Essay section, if applicable, the proctor will launch the application for each student.
5. Either the proctor or the student will download and launch the relevant test content before testing begins.

When testing is complete, all test content will be removed from the computers. The application can remain installed for future College Board testing.

IMPORTANT: *Start early! The MP3 application must be installed prior to test day. Call the SSD office for assistance (see the contact information at the front of this manual). If we can't address a technical issue, or internet access is not available at your school, we need to ship MP3 audio flash drives in time for test day.*

KEY INFORMATION

Types of Accommodations and Materials

College Board offers extended time; special formats such as braille, MP3 audio, and large-print materials; and other accommodations to approved students with documented needs. Some students may be approved for one or more alternate test formats. A brief explanation of how to administer these accommodations follows. See Materials Provided for Accommodated Testing on page 31 for a list of the materials provided for specific accommodations.

The information here, along with the information on the NAR, will help you plan for administering the test to students using these formats. It's also included in the *SAT School Day Accommodated Testing Manual*.

Accommodated Timing and Breaks

Some of your students may be approved for accommodations that require different timing and/or breaks for one or more sections on the test.

- Students will get extended time only for the subject area(s) they're approved for (e.g., math only or writing only). **Exception: Extended time for reading and EL 50% extended time apply to the entire test. These students will receive extended time for all sections of the test.**
- Your proctors may need to use combinations of scripts for some students. See the Overview of Timing and Breaks on page 62 for detailed information about which scripts to use for various accommodations. The NAR also has instructions for which script(s) to use for each student.
- A student can be approved for accommodated breaks of various types. During their breaks, students approved for extra breaks, extended breaks, and breaks "as needed" are still subject to the same regulations that apply to students with standard breaks. Proctors should post break times for them as noted in the scripts.

See the *SAT School Day Accommodated Testing Manual* for more information about accommodated breaks and timing.

When Accommodated Students Test

As shown in the NAR, many accommodated students will use standard (purple) test books to test in 1 day. These students must test on the primary test date along with other students using standard materials. Students approved for large print (14-point type) also test on the primary test date.

Students approved for certain accommodations, such as MP3 audio format, use of support staff (e.g., a reader or scribe), or 100% extended time, are eligible to test during the accommodated testing window. Some of these students will still test in 1 day, while others must test over 2 (or sometimes more) days.

The *SAT School Day Accommodated Testing Manual* includes scripts for both 1- and 2-day accommodated testing.

Accommodated Testing on 1 Day

The first 3 scripts in the *SAT School Day Accommodated Testing Manual* can be used for 1-day testing, both on the primary date and during the window.

- Script 1: Standard Time with Accommodations
- Script 2: Standard Time with Extra Breaks
- Script 3: 50% Extended Time for One-Day Testing. This script covers 1-day testing for students:
 - ◆ Testing with 50% extended time for math (Math Test only)
 - ◆ Taking the SAT without Essay and testing with 50% extended time for reading, use of a reader or scribe, or the 50% extended time EL support (entire assessment)
 - ◆ Taking the SAT with Essay and testing with 50% extended time for writing (Essay only)

Accommodated Testing During the Window

The accommodated testing window begins on the primary test date and extends through the following 2 weeks. Testing during the window encompasses combinations of accommodations; most students testing in the window will use the following scripts or combinations of any of the scripts in this manual. (The NAR includes specific instructions for combining scripts.)

- Script 4: 100% Extended Time. This script covers:
 - ◆ 1-day testing for math only, 100% extended time
 - ◆ 1-day testing for writing only, 100% extended time on the SAT with Essay
 - ◆ 2-day testing for reading, 100% extended time
 - ◆ 2-day testing for combined math and writing, 100% extended time on the SAT with Essay

SSD *Students using the ATC format must receive 100% extended time for Section 2. All other sections should be timed based on the student's approved accommodations.*

- Script 5: 50% Extended Time for Two-Day Testing. This script covers 2-day testing for students taking the SAT with Essay with 50% extended time on the entire test.
- Script 6: MP3 Audio Format Script. This script covers 2-day testing of students using the MP3 audio format, including 100% extended time, plus an additional 45 minutes for Section 2 of the test.

Accommodated Testing Over 2 Days

Students may only test over 2 days if they're approved for an accommodation or support that requires 2-day testing. Students with accommodations that require more than 6 hours of testing (including breaks) will test over 2 days. This includes:

- 50% extended time for entire SAT with Essay
- 100% extended time for Math and Writing on the SAT with Essay
- 100% extended time for entire SAT or SAT with Essay
- MP3 audio format
- Students approved for limited-time testing

All students testing over 2 days should be tested as early in the window as possible and over consecutive days whenever possible. Students absent on the second day should resume testing on the day they return to school. In most cases, testing on the first day will end with Section 3. The proctor will return the materials to you for secure overnight storage. Students will complete the test on the second day.

Test Aids and Support Staff

Students may be approved for support staff—such as a reader to dictate test questions or scribe to record responses—or test aids, such as a computer or braille device.

Students who are deaf or hearing-impaired may be approved to have:

- A sign language interpreter to translate test directions from spoken English.
- A copy of the spoken directions and/or blank paper for communicating with the proctor available on test day.

Students assisted by a reader:

- Take the test with 50% extended time unless already approved for 100% (or more) extended time. If taking the SAT with Essay, these students will test over 2 days.
- Test in a 1-to-1 setting. (The reader can act as the proctor for their student.)

- Will be provided a reader script (for use by the reader), a regular-type test book for student use, and a separate Essay book. If approved for other accommodations, the student may also be provided additional test materials (e.g., raised line drawings).

Readers may read only what is in the reader script (they may not elaborate), but may repeat questions as often as requested.

Students who use readers or audio files in conjunction with other formats will find the 2 texts may differ slightly because the script read by a reader or the one recorded on the audio file describes the figures in greater detail than in other formats.

Students assisted by a scribe:

- Take the test with 50% extended time unless already approved for 100% (or more) extended time. If taking the SAT with Essay, these students will test over 2 days.
- Test in a 1-to-1 setting. (The scribe can act as the proctor for their student.)
- Must provide punctuation as they dictate the essay.
- Do not need to dictate spelling unless the spelling is unclear or the word is unfamiliar to the scribe.
- Cannot receive any grammatical or usage corrections from the scribe.

When students are approved for the use of a computer for the SAT with Essay:

- They are approved only for the use of a word processor to complete the Essay question.
- The computer can't be used for the multiple-choice portion of the test.

Other software or assistive technology, such as screen readers, may only be used when specifically approved in SSD Online.

Students may be approved to record their responses in their test book. Staff must transfer these responses to the standard answer sheet after the test.

Students may be approved to record their responses on a large-block answer sheet. Large-block answer sheets are returned with other used answer sheets in the white Accommodated Testing Envelope (for students listed on the NAR). No transcription is required.

General Notes for Electronic Devices

Computers used for the MP3 streaming application must have internet access in order to set up the test; during the test itself, access to other applications will be disabled and internet access is no longer needed. Use of the internet in the testing room is only permitted in order to set up the MP3 streaming app. Make sure that any other electronic device used for testing in any

format, including a computer for use of ATC, a braille writer, or any electronic magnification device, is not connected to the internet or to any network (disable all LAN or ethernet connections). Disable all unapproved assistive features such as spell checkers, grammar checkers, thesauruses, dictionaries, or word processing features (for example, cut and paste). Any device or computer or monitor connected to an electronic magnification device must not be able to copy, store, or print the magnified images. Any capability for recording, storage, snapshot, or transmission of data, whether in the form of pictures, text, or other information, is strictly prohibited.

To be scored, all typed essays must be printed out according to the guidelines outlined in Administering Computer Use for the Essay. All written responses must be deleted from the equipment following successful printout.

Administering Computer Use for the SAT Essay

Students approved to use a computer for the SAT Essay must use a school-provided computer with word processing software that is connected to a working printer. Students may not use their personal computer or one belonging to their family. Use the page settings below to help you set up the essays to print properly for accurate scoring.

- Use letter-size paper, printing portrait style with double spacing between lines.
- The top margin should be 2 inches; bottom and side margins should be 1 inch.
- Use Times New Roman or Arial font.
- Font sizes and page limits should match the student's approved accommodations:
 - ◆ Standard size (most students): 10-point font and 4-page limit
 - ◆ Large Type—14-point: 14-point font and 6-page limit
 - ◆ Large Type—20-point: 20-point font and 10-page limit

After testing, the proctor should print and save an extra copy of the typed essay with the student's name written on it, and give it to you for your records.

IMPORTANT: *The MP3 streaming application allows students to type their essay directly into the application. All page and font settings are automatically preselected by the application, and no additional set up is required.*

Large Print

Students who test with large print (14-point, 20-point, or larger font) test with standard time and breaks unless approved for other accommodations. Students using test books with larger than 14-point print must test in an accommodated room.

Braille Test Formats

- Students who test with braille test formats test with standard time and breaks unless approved for other accommodations.
- Braille test formats are in Unified English Braille (UEB) with Nemeth Code for math. You may see these materials referred to as “Braille with raised line drawings,” indicating that raised line drawing of graphs and figures are provided when graphs and figures are included in the test.
- To supplement each braille test and accompanying braille Essay book (when applicable), a regular-type test book and Essay book are included for your use as a reference. A reader's script will also be sent in case the student asks to have a question read.
- Provide each student with a copy of the *Guide to the Nemeth Code* and the *Braille Reference Information* (a braille math reference book). The *Guide to the Nemeth Code* lists the current versions of Nemeth Code mathematical symbols with their meanings. Students taking the braille test or using the graphs and figures (or raised line drawings) supplement may refer to the guide during the test. The *Braille Reference Information* contains math reference material required for the braille test.

Raised Line Drawings

Some students who don't read braille may be approved to use the accommodation of raised line drawings (braille graphs and figures), along with a reader or MP3 audio format. Labels and numbers given with figures in the *Braille Figure Supplement* can be found in corresponding locations in both the regular and large-print tests.

Braille Writers

Manual braille writers (e.g., Perkins Braille) may be used for all test sections, but unless otherwise approved, electronic braille writers/notetakers (e.g., BrailleNote) may only be used for essay writing and math calculations. An electronic braille writer may not be connected to any network, but it must be connected to a display monitor so the proctor can see what the student is typing. In addition, a student may not use their own computer or a computer belonging to their family as a braille writer. Students recording their answers on a braille device may also be approved to use scratch paper.

MP3 and ATC

The school must provide suitable computers for MP3 audio and ATC formats. Whenever possible, students should use earphones when testing with an audio format or text-to-speech software.

The MP3 audio format is an audio recording of the test. It is delivered via a streaming application and consists of read-only files.

- Setup for MP3 testing should be done in advance of test day to ensure a smooth administration. Setup information is included in the *SAT School Day Accommodated Testing Manual* and on the MP3 streaming access instructions page accessed by the SSD coordinator in SSD Online.
- Setup requires 2 steps: installing and testing the application prior to test day and downloading the actual test content during each day of testing.
- If your school's computers require login credentials, the person who installed the program before test day must also be present on each day of testing to sign in to each computer and start the application.
- To launch the test form, students will need their College Board SSD number. Your SSD coordinator can locate this number through the SSD Online dashboard; it's also listed on the NAR.
- All students using an MP3 audio format will test with 100% extended time for the entire test and will have an additional 45 minutes to complete Section 2. These students test over 2 days.
- If your school has been approved to use MP3 audio flash drives, they also must be set up in advance of test day, as instructed in this manual. The MP3 flash drives contain read-only files and a built-in player to deliver the test content. Information for schools that have approval to use flash drives appears in the Appendix of the *SAT School Day Accommodated Testing Manual*.

The ATC format is composed of 5 Microsoft Word files created to work with students' assistive technology, such as screen magnification or screen readers. You may need to install Word on any computers being used. The ATC format has been tested with ZoomText® (with and without reader), JAWS®, and NVDA, on both a PC and a Mac laptop. If you have a student using other assistive technology, encourage them to try a practice test, as some of the freeware or less commonly used screen readers may not be compatible with ATC files. When using VoiceOver on a Mac, the student must use the mouse, not the keyboard, for navigation. Kurzweil doesn't offer enough functionality to be used for the SAT.

- Students using the ATC format need to double-click on a separate file for each section and enter the password printed on the ATC packaging. When timing of each section ends, they need to close the file.
- The proctor should allow these students to keep the ATC packaging at their desks and be ready to help students locate the password on the inside flap of the envelope and give them time to open the file before starting the timed section. Once a student has successfully entered the password for a test section, they should be instructed to place the ATC packaging under their desk.

Materials Provided for Accommodated Testing

For some accommodations, you'll receive regular and large-print test books and/or regular and large-block answer sheets and instructions. These extra materials

are included to cover the different needs of your students and support staff, where applicable.

Prepare Your Students

TASKS

Inform Students About SAT School Day

Several weeks before test day, meet with students, including those with accommodations, to review important information for test day. Let them know their schedule and that lunch won't be served until after testing ends for the day.

Distribute the *SAT School Day Student Guide*, delivered in your preadministration shipments, to your students as soon as possible.

Tell your students they can send their test scores to up to 4 eligible colleges, universities, or scholarship programs for free. Have them visit collegeboard.org/sat-codes to look at the score reporting code list for domestic and international educational institutions and scholarships. Also remind students to access Official SAT Practice on Khan Academy® for free, personalized online SAT practice at satpractice.org. Developed with actual test questions from College Board, Official SAT Practice is tailored to each student's strengths and areas they need to work on.

Students can find answers to general questions about the SAT and what to expect on test day at sat.org. Inform them that School Day testing has been arranged and may differ from weekend testing in a few important respects (for example, the dates of testing and of score release are not the same as those for the weekend administrations). Let students know how the SAT helps their college and career planning.

Inform Families About SAT School Day

We suggest you inform students' families of what students can expect on test day and what the SAT means to students' college and career planning. Let them know about free practice from Khan Academy. Also make them aware of the 4 free score reports and additional privacy policies as described in the *SAT School Day Student Guide* so they can discuss them with their child.

KEY INFORMATION

When and Where to Report

Students should arrive by the regular start of the school day and go straight to the waiting area where you have instructed them to congregate. Share the following with students:

- Admission to the testing area starts at about 7:30 a.m. All students should be in their assigned rooms by 8 a.m. (Times can be adjusted based on your school's usual start time.)

- Students may not go to their lockers or leave the building during testing. When dismissed, students should return to the waiting area and await dismissal for lunch.
- Lunch will be served after, not during, testing.

What to Bring on Test Day

On test day, students should bring the following:

- Two No. 2 pencils with soft erasers; no pens or mechanical pencils.
- Acceptable calculator (for the Math Test – Calculator portion of the test only).
- Acceptable photo ID if a student is unfamiliar to testing staff or testing at a school they don't usually attend.
- Signed and notarized SAT School Day Student ID Form with an acceptable photo if a student doesn't have an acceptable photo ID or is homeschooled. (A homeschooled student should live within 75 miles of the school where they're testing.)
- Earphones, if the student is approved for use of an ATC or MP3 audio format.

We also recommend that students bring:

- Snacks and drinks (which must be packed away during testing).
- Extra batteries and a backup calculator.

SSD *Remind students approved to use a basic, 4-function calculator on the Math Test – No Calculator portion of the test to bring one on test day in addition to their acceptable calculator for the Math Test – Calculator.*

What Not to Bring on Test Day

Students may not have any of the items listed under Prohibited Devices and Aids on page 21, except in the case of approved accommodations.

Marking the Answer Sheet

Correctly marking the answers is very important. Marks that are too light or that do not completely fill the bubbles won't scan properly and could lead to lower scores.

- No. 2 pencils with soft erasers are required. Mechanical pencils are not allowed because they may punch through the answer sheet or may not have No. 2 lead. Marks made with the wrong kind of lead don't scan properly.
- Students must fill in each bubble darkly and completely. Students using a large-block answer sheet must mark Xs darkly in the squares. If students need to erase a response, they must do so as completely as possible.
- Students may not use a pen to mark or write on their answer sheet. Information written or gridded in ink will scan as blank.

- Students must mark their answers on the answer sheets—no credit is given for answers recorded in the test book (unless College Board has approved this accommodation).

IMPORTANT: *College Board will not adjust scores in cases of failure to follow instructions for marking the answer sheet.*

Important Reminders for ATC and MP3 Users

Share these important details with your ATC and MP3 audio format users ahead of test day.

- Students using the MP3 audio or ATC format with text-to-speech should use earphones. Students are responsible for bringing their own earphones. Bluetooth capabilities are not allowed.
- Students using either format should practice to become familiar with the software before testing. For tips and practice tests, go to collegeboard.org/students-with-disabilities/after-approval.
- The MP3 audio test requires 100% extended time testing (over 2 days) plus an additional 45 minutes for Section 2 (Writing and Language Test).
- The ATC format will be administered with the same approved timing as a paper test format with 1 exception: Section 2 requires 100% extended time.
- Students use ATC and MP3 formats to access test questions, but still must record their answers on an answer sheet (or other method according to an approved accommodation).

Protecting Student Privacy

We are committed to protecting student data:

- As test coordinator, it is your responsibility to ensure that test day rosters are only handled by staff supporting the administration and are stored securely.
- Student information including date of birth, address, and accommodations or supports should not be posted or otherwise shared publicly. If you post room assignments at your school, include name and room number only.

When students take a College Board assessment such as the SAT, they have the option to participate in Student Search Service®. If they decide to opt in, College Board will share information from the optional assessment questionnaires (such as college major) and from collegeboard.org, as well as score ranges for College Board assessments with eligible colleges, scholarship, and other nonprofit education programs. These education organizations may contact students who may be a good fit for their programs by mail or email. The service is free to students; education organizations contacting students pay College Board for the service. To learn more, visit studentsearchservice.org.

Khan Academy and College Board are committed to creating a safe and secure online environment for all students using Official SAT Practice. College Board and Khan Academy don't share students' personal information or practice work without their consent. Students can link their Khan Academy and College Board accounts to get a personalized practice plan based on their SAT results. Account linking is entirely student-driven, and students can unlink their accounts at any time.

Prepare Your Materials

TASKS

Identify Authorized Staff

Provide a list of authorized staff to all personnel who will be handling test materials. Remind your staff to carry identification at all times during test day and never to allow unauthorized individuals near test materials.

IMPORTANT: *Any staff member, including the test coordinator, who will have access to test books before test day must not have a child or member of their household taking the same College Board test in the same window at any test site. In such instances, the related student's scores are subject to cancellation.*

Check the Preadministration Materials Shipment

Preadministration materials typically arrive in one or more separate shipments. Contents include:

- Answer sheets
- Large-block answer sheets, if applicable
- Student Answer Sheet Instructions* (in large print as well, if students are approved for them)
- Copies of the *SAT School Day Student Guide*
- Testing manuals

Check Pre-ID Labels Shipment

If your school is using pre-ID labels, you'll receive a separate shipment containing the labels and a Pre-ID Label Instructions memo.

See Preparing for the Preadministration Session for Schools with Pre-ID Labels on page 37.

Check the Test Materials Shipment

All testing materials, for both standard and accommodated testing, will be shipped to the test coordinator and may arrive in multiple shipments. You should receive testing materials no later than 5 days before test day. We recommend you go online to professionals.collegeboard.org/test-ordering-services to check on the status of your order because materials may ship and arrive at different times.

Each shipment may include more than 1 box.

IMPORTANT: *If your school will be on break the week before testing, please notify School Day Support at least a few weeks before the ordering deadline so the delivery date can be changed.*

 Check the contents of the test materials shipments within 24 hours of delivery so we can get missing or extra materials to you in time, if needed. Use the packing list(s) to make sure all items are accounted for. Don't remove any testing materials from the test site without the consent of the Office of Testing Integrity (OTI).

 If you don't receive testing materials by the expected date, call School Day Support.

See the SAT School Day Materials Table on page 4 for further information about each shipment.

Your shipments will include:

- Shipment-level shipping notice. One box will contain a summary list of all materials in the shipment.
- Standard SAT test books and, if applicable, Essay books.
- Accommodated materials, as ordered for individual students approved to use them.

SSD *Be sure to test each student with the correct materials as specified on the NAR.*

- Box(es) or UPS Express Pak(s) with preapplied labels for returning used answer sheets (including materials for both standard and accommodated testing).
- Pink IR labels to affix to all answer sheet return packages if returning one or more IRs.
- Loose preprinted UPS label(s) for returning all test books.
- School Day Coordinator Testing Materials Kit:
 - ◆ Extra copy of the *SAT School Day Coordinator Manual*
 - ◆ Extra copy of the *SAT School Day Standard Testing Manual*
 - ◆ Forms and posters
 - ◆ Envelopes for returning other critical materials
 - ◆ Tape to seal the boxes when you return materials

- Coordinator Testing Materials Kit for Accommodated Testing Window:

- ◆ Extra copy of the *SAT School Day Accommodated Testing Manual*
- ◆ Forms and envelopes for returning critical materials
- ◆ Tape to seal the boxes when you return materials

Your testing materials shipments of standard and accommodated test books will be packaged in serial-number order as follows:

- SAT multiple-choice test books with purple-accented covers, in bundles.
- If applicable, Essay books with a purple bar and Essay icon, in bundles.
- For accommodated testing during the testing window: Individual alternate test formats, with blue covers, and if applicable, Essay books with a blue bar and Essay icon. Includes formats such as braille with raised line drawings, MP3 audio, ATC format, reader scripts, etc., and large-block answer sheets (if necessary).

SSD *For flash drive formats, you'll receive just 1 flash drive for each student that contains questions for the entire test, including the Essay prompt.*

Check your shipment as follows. (For security reasons, don't unseal or open the test book wrapping until test day.)

- Verify that you have received all boxes in the shipment.
- Validate each item in the shipment against the shipping notice.
- Verify the quantities of test materials.
- Carefully count the test books and Essay books enclosed inside the shrinkwrapped bundles but do not open the shrinkwrap.
- Compare the serial numbers on multiple-choice test books against those on your shipping notice.

IMPORTANT: *Call OTI immediately if materials (including Essay books) are missing or damaged; if you detect any loss, theft, or tampering; or if the serial numbers on the test books do not correspond with those on the shipping notice. Note these or any other irregularities on the IR.*

Extra standard test materials are usually included in the shipment. They may be used for students added on test day (on a case-by-case basis) or to replace defective materials.

IMPORTANT: *If you need additional materials, call School Day Support immediately.*

After you check the test materials, reseal the cartons with the tape provided. Sign your name across the tape and extending onto the carton and store the sealed cartons until the test date in a locked, secure area that's not widely accessible. Don't store materials in a classroom, trunk of a vehicle, or residence. Never allow students to transport test materials.

 Check the sealed cartons daily, and contact OTI immediately if there's any evidence of tampering.

Create a Testing Room Cover Sheet

In preparation for distributing materials to your proctors, we recommend that you create a testing room cover sheet for each testing room. Include the following information:

- Number of students assigned to a room
- Type of test administered in the room—standard or accommodated (e.g., 50% extended time)
- Name of proctor administering the test in that room
- Monitor name(s) (if applicable)
- Testing room code
- School (AI) code

Assemble Testing Room Packets

As close to test day as possible, you'll need to create packets for your testing rooms. This will make distributing materials to proctors much easier on test day. We recommend placing the packets into bins. Sort materials to create a packet for each testing room.

Use the following items to create your testing room packets:

- Testing room cover sheet.
- Testing Room Materials Report form (you'll finish filling this out on test day).
- A copy of the room roster you created or NAR showing students assigned to the testing room.
- Answer sheets (for the students assigned to each testing room):
 - ◆ Prelabeled answer sheets and/or answer sheets used in a preadministration session.
 - ◆ Blank answer sheets or large-block answer sheets, if necessary (plus a few extra if using prelabeled and/or pregridded answer sheets).
- *Student Answer Sheet Instructions* booklets for students who didn't participate in a preadministration session or for students who want to change their score report selections on test day. (A large-print version of the instructions booklet is available for approved users.)

- Pre-ID Label Instructions memo, if applicable, for proctors who may have students with pre-ID labels who didn't participate in a preadministration session.
- Irregularity Report (IR) forms.
- SAT School Day Request to Cancel Test Scores forms (at least 1 per testing room; make copies if you need more).
- Testing in Progress flyer. Make copies if you need more.
- The *SAT School Day Standard Testing Manual* or *SAT School Day Accommodated Testing Manual*, if not already distributed prior to test day.
- If applicable, printed copy of spoken test directions for any students approved for this accommodation.
- If applicable, EL supports (translated directions and/or word-to-word glossaries) for students who need them.
- Clear plastic bags for storage of collected electronic devices. Also include any other materials needed, such as sticky notes or envelopes. Note that the bags can also be used to store medical devices (e.g., EpiPens).

 Test books must be kept securely stored until test day. Don't add them to the kits until the morning of the test. See *Equip Testing Rooms* on page 40 for associated tasks.

Prepare Your Preadministration Session

Plan the Session

Holding a preadministration session in advance of test day allows students to fill out their identifying information on the answer sheets early to save time on test day.

There are several tasks you should plan for to ensure a successful preadministration session.

TASKS

- Use your Master Student List of who will be testing (both standard and accommodated).
- Work with your SSD coordinator to identify which students on the NAR should receive a large-block answer sheet instead of a standard one. If you're waiting for approval to use large-block answer sheets for any students, don't have those students participate in the session. Have them fill in their information on test day instead, or in a later preadministration session if you have enough students to warrant one.

- If your school is using pre-ID labels, follow instructions under Preparing for the Preadministration Session for Schools with Pre-ID Labels.
- Inform students of the planned sessions. Tell students they'll need No. 2 pencils with soft erasers for the preadministration session, where they'll answer various questions about themselves and their interests. Alert them in advance to come prepared with:
 - ◆ A list of up to 4 colleges, universities, or scholarship programs they want their scores sent to. Students may select score recipients during the preadministration session and on test day.
 - ◆ Their top 3 college majors.
 - ◆ Student ID number (depending on school, district, or state requirements).
 - ◆ Email address (optional).
- Determine how you will conduct the preadministration session (for example, in a class, in an assembly for students taking the test, or in small groups). Work with your school administration if additional space is needed to conduct the session.
- Determine staffing needs prior to preadministration. Depending on how you plan to conduct the preadministration session and the number of students you're testing, the preadministration session may be conducted by you, or you may need one or more staff to conduct multiple sessions.
- Before the preadministration, meet as a group with the staff who will administer the sessions.
 - ◆ Distribute copies of the manuals and instruct them to become familiar with the preadministration scripting.
 - ◆ Review roles and responsibilities of staff conducting the sessions.
 - ◆ Review the materials students will use during the session: answer sheets with pre-ID labels, the Pre-ID Label Instructions memo (if applicable), and *Student Answer Sheet Instructions*.
 - ◆ Instruct staff to display the 6-digit school (AI) code in a prominent place in the preadministration room for students to see.
 - ◆ Tell staff to sort the answer sheets alphabetically before returning them to you. You'll need to organize the answer sheets for test day by placing them in the correct testing room packets.

Preparing for the Preadministration Session for Schools with Pre-ID Labels

TASKS

Check the Pre-ID Labels

The labels are sorted either alphabetically by grade, or by an optional sort code (labeled "Sort"). The label looks like this:

All the data fields provided for a student appear on the label. Some data fields are shortened on the label, although the complete data are captured in the barcode. For example, only the last 3 digits of the student ID are printed on the label, very long student names may be cut off due to space constraints, and a yes/no indicator is used to convey whether an email address has been provided.

The data provided on the labels may include:

- Assessment
- School (AI) code
- Sort group (optional)
- First name, last name, and middle initial
- Mailing address (street, city, state, zip)
- Student ID
- Gender
- Date of birth
- Grade
- Race/ethnicity identifier
- Email indicator

Verify and Apply Labels

As soon as possible after you get the labels, confirm they're correct.

- Check the labels:
 - ◆ Is the school (AI) code correct?
 - ◆ Do the students named attend your school?
 - ◆ Is the grade level correct?
- If your labels show incorrect data for the fields listed above:
 - ◆ Contact School Day Support immediately.
 - ◆ Shred or securely destroy incorrect labels.

IMPORTANT: Do not use incorrect labels—they cause discrepancies in score reports and billing.

- If your labels show correct data for the school, attending students, and grade level, check them for the following:
 - ◆ Students who have the wrong address and/or race/ethnicity but correct data for all other fields—use these labels; students will fill in their correct addresses on the answer sheet.
 - ◆ Students who have other data fields that are incorrect (e.g., student ID number or date of birth)—shred or securely destroy these labels.
 - ◆ Students no longer enrolled at your school—shred or securely destroy these labels.
- Prepare your answer sheets for the preadministration session:
 - ◆ Set aside a supply of blank answer sheets for students who don't have correct labels. If possible, plan to hold a separate preadministration session for these students.
 - ◆ Apply your verified labels in the shaded box on page 1 of the answer sheets. Place each label as accurately as possible within the box.
- Organize your labeled answer sheets by alphabetizing them within preadministration groups before securely storing them. Remind proctors to return answer sheets to you in alphabetical order after conducting the preadministration session.
- Make photocopies of the Pre-ID Label Instructions memo to share with each staff member assisting students in the preadministration session.
- If your school is using answer sheets with pre-ID labels, instruct proctors to update the script under “Script for Answer Sheets with Pre-ID Labels” based on the information listed in the Pre-ID Label Instructions.
- Before starting the session, staff should post any information the students will need, such as the 6-digit school (AI) code.
- Staff will give each student an answer sheet, and a copy of the *Student Answer Sheet Instructions*.
- If your school has pre-ID labels:
 - ◆ Make sure your staff is prepared to correctly match the labeled answer sheet to the student whose information is on the label.
 - ◆ Staff may also need to assist students with blank answer sheets if a separate session can't be arranged for them.
- Staff will read aloud the scripts in shaded areas and pause when *[pause]* appears to give students time to follow instructions. Instructions for the proctors that shouldn't be read aloud appear outside the shaded areas.
 - ◆ Not every school uses the same approach to various fields on the answer sheet. Tell staff to watch for scripts with letter designations and read the script that applies to your school.
 - ◆ The scripts guide students to fill in any required information (if not provided on a pre-ID label) by filling in the appropriate bubbles (or squares on a large-block answer sheet).
 - ◆ Students will need to reference the *Student Answer Sheet Instructions* for some questions on their answer sheet.
 - ◆ Students will have the opportunity to add or change their 4 free score sends on test day.
 - ◆ Students will skip fields A–D on the back of the answer sheet because these sections are completed on test day.
- If you're using pre-ID labels, we strongly recommend that you hold an additional preadministration session for any students who don't have pre-ID labels or who have incorrect labels. Staff will need to use the “Script for Unlabeled Answer Sheets” for these students.
- After the preadministration session is complete, collect all answer sheets and *Student Answer Sheet Instructions* from staff. Sort answer sheets by testing room, as described in Assemble Testing Room Packets on page 36.
- Answer sheets must be securely stored until test day. Keep the *Student Answer Sheet Instructions* to add to the testing room packets for test day distribution so that students can add or change their 4 free score reports on test day.

Conduct the Preadministration Session

Some students who take the test may be absent for the preadministration session. The 2 testing manuals (for standard testing and accommodated testing) include instructions for assisting students to complete the student information questions after testing is completed. If you have a large enough group of these students, consider assigning them to a separate testing room so they can complete the nontest portion of the answer sheet without delaying other students. These students should not be assigned to a combined room for SAT and SAT with Essay.

TASKS

Staff who are conducting the session will need to use the scripts in the appropriate manual under Conduct the Preadministration Session. Be sure to distribute copies of the manual to staff who need them.

Direct your staff to choose the script that matches whether you have unlabeled answer sheets or answer sheets with pre-ID labels.

During the Test

Follow Your Test Day Schedule

TASKS

To ensure standardization across all School Day testing, adhere to the prearranged schedule as closely as possible.

Holding a preadministration session before test day can reduce the time students spend completing nontest administrative tasks on test day. However, if you aren't able to hold a preadministration session before test day, or if you have students who missed the preadministration session, the script will guide the proctor to collect required information from students before beginning the test. After the test is completed, dismissal instructions allow the proctor to dismiss students who are finished and guide remaining students to fill in remaining optional information. Students who have not attended a preadministration session shouldn't be assigned to a combined SAT and SAT with Essay room.

KEY INFORMATION

Timing of the Test and Breaks

The SAT is timed by section in all rooms, standard and nonstandard. Students must be given the test in the correct sequence with the entire amount of time; they may not move on to the next SAT section until time is called. Proctors can use the section timing chart(s) provided in the Appendix of their testing manual to help them accurately time each section.

Remind staff to follow these policies to ensure uniform timing of tests:

- Accurately time each test section. Students must be given the entire amount of time and cannot move on to the next SAT section until time is called.
- Record the start and stop times on the lines provided in the scripts and on the board for students to see.
- Announce the remaining time at regular intervals as indicated in the scripts.
- Immediately inform the test coordinator of any timing irregularities.
- Record irregularities and actions taken on the Irregularity Report (IR).

Scheduled Breaks

College Board policy requires every student to be offered breaks at regular intervals. Scheduled break time does not count as testing time.

Students who receive standard time on the entire test, whether taking the test with other accommodations or not, receive:

- a 10-minute break after Section 1
- a 5-minute break after Section 3
- a 2-minute break after Section 4 (if taking the SAT with Essay in an uncombined room)

During breaks after Sections 1 and 3, students may go to the restroom or to the area designated for eating snacks.

Some students may be approved for extra and/or extended breaks. Students approved for extended time on some or all of the assessment receive extra breaks. Specific timing instructions may be noted on the NAR.

The Overview of Timing and Breaks on page 62 in the Appendix provides a visual guide to these requirements.

Unscheduled Breaks

When students take an unscheduled break, the clock doesn't stop. To maintain security, staff should adhere to the following guidelines for permitting unscheduled breaks:

- Inform students they won't get extra testing time.
- Allow only 1 student at a time to take an unscheduled break.
- Collect the student's test book and answer sheet before they leave the room. Make sure the test book is the actual test book and not a substitute. Fan the book to make sure no pages have been removed. Also collect any EL supports (translated directions or glossary) the student may be using.
- Never leave the testing room unattended. If possible, have a monitor accompany the student. It isn't necessary to record a student taking an unscheduled break on an IR unless you find the activity suspicious (e.g., frequent breaks or breaks in coordination with other students).

Equip Testing Rooms

TASKS

Provide Materials to Proctors

The morning of test day:

- Count test books before placing them in the packets for proctors. You'll need to count them again when collecting materials from proctors and preparing them for return.

If a test book is missing, contact OTI immediately.

- Complete your testing room packets:
 - Break the shrinkwrap and add the multiple-choice test books (standard or accommodated) in serial number order, along with Essay books (standard or accommodated), if applicable, to each testing room packet.
 - Fill out the Testing Room Materials Report forms.
- Distribute testing room packets to proctors. Proctors must count the materials when they receive them from you.
- In addition to the testing room packets you provide to proctors, other items needed in the testing room are:
 - A pencil sharpener
 - A supply of No. 2 pencils
 - Extra calculators (if your school is providing them)
 - Supplies for collecting or storing personal items (e.g., clear plastic bags and sticky notes)

Post Signs

You or your proctors should post signs on the doors of testing rooms and in the adjacent hallways indicating that testing is in progress.

Information for Posting in Testing Rooms

Be sure to supply the 6-digit school (AI) code and the 3-digit testing room code (if any) to your proctors as part of the materials you give them on test day. If needed, provide the school code and information for any students who don't attend your school. Homeschooled students should record "970000" as their school code.

Staff must post the following information in a location visible to all students in the room, as noted in the scripts:

- Test date
- School name, city, state

- 6-digit school (AI) code
- 3-digit testing room code (or other room identifier)
- "SAT with Essay" and/or "SAT" as appropriate
- "Use a No. 2 pencil only. Do not use a pen or mechanical pencil."

Remind proctors testing students with formats that require computer navigation (e.g., MP3 audio format) to post relevant information on the board for these students, as indicated under Prepare the Testing Room in the *SAT School Day Accommodated Testing Manual*.

Admit Students to the Testing Area

TASKS

Manage Central Check-In

If you designated a central location where students can gather before testing begins, follow these procedures.

- Check ID for students you don't recognize.
- Annotate your Master Student List as students check in.
 - Write a "P" (present) next to the name of each student who checks in.
 - If a student is ineligible to test, mark their name with an "X" and dismiss them to the principal's office for assignment to nontest activities.
 - After check-in is complete, put an "A" (absent) next to the name of any absent student.
 - Add student information for any student not on your original Master Student List. Use "M" to indicate students who are moved (see how to manage these requests later in this section).
- Send students to the correct testing rooms. Station monitors at each entrance to help direct students.

Manage Classroom Check-In

If you're having students check in at their testing room, plan to have proctors use the room rosters in standard testing rooms and the NAR (in accommodated testing rooms) to check in students as they arrive. You'll use this information after testing ends to help you create a list for ordering makeup materials.

You'll need to process any requests to change from standard to accommodated testing (or the reverse) centrally. Anyone requesting such changes should be directed to the test coordinator.

Staff should:

- Check ID for students they don't recognize. If a student from another school can't present acceptable ID, send them to the coordinator.
- Write a "P" (present) next to the name of each student who checks in.
- After check-in is complete, put an "A" (absent) next to the name of any student who is absent.
- Add student information for any student not on the original room roster or NAR when a note is provided by the test coordinator.

Manage Late Arrivals

See Admitting Latecomers on page 42 for more information.

- Follow the procedure for central check-in.
- If students arrive before the timed test has begun, send them to their assigned room.
- If testing has begun and you have planned for a late-arrivals room, instruct the proctor to add the student's name to the late-arrivals room roster.
 - ◆ Note the change on your Master Student List. Mark the student as moved by printing an "M" next to the student's name and note the new testing room assignment.
 - ◆ Deliver test materials for the student to the late-arrivals room, and remember to update the Testing Room Materials Report form.
- Students who arrive after the timed test has begun in the late-arrivals room cannot test. They should be marked as absentees on your Master Student List for followup actions (e.g., add them to the list of students requiring a makeup).

Manage Requests to Change to Accommodated Testing on Test Day

If a student presents a College Board eligibility approval letter and requests to test with accommodations that require a new room assignment, follow these steps as long as you have appropriate materials and enough staff and space available:

- Mark the student as moved by printing an "M" next to the student's name in the original assigned room roster.
- Add the student to the accommodated room roster by printing their name and eligibility number at the bottom of the roster. Write a note to the proctor authorizing the change, sign the note, and give it to the student to present on entry to the testing room.
- Deliver test materials for the student to the testing room, and remember to update the Testing Room Materials Report form.

If a student requires specific accommodated materials that aren't available, you may still have time to request materials for testing later in the accommodated window. If so, note the student as absent and immediately request materials for testing. If it's too late to order materials for testing in the accommodated window, call the SSD office.

You can provide accommodations as long as a student provides an eligibility approval letter, or if they are noted on your NAR, display as approved in SSD Online, or are listed on the eligibility roster from the online SSD system. If none of these circumstances apply, contact the SSD office for instructions.

SSD *Make sure students are approved for accommodations (including the 50% extended time support for EL students). Providing accommodations to students not approved will result in their scores being invalidated. Call the SSD office if you have any questions about providing accommodations to a student.*

Manage Requests to Waive Accommodations on Test Day

If a student requests to change from accommodated testing to standard testing, follow these steps as long as you have appropriate materials and enough staff and space available:

- Ensure the student has a signed letter indicating this request to waive approved accommodations (must be signed by the student or by a parent/guardian if the student is younger than 18). Keep the letter in the student's file for future reference. (Don't send it back to College Board.)
- Note the change on your Master Student List. Mark the student as moved by printing an "M" next to the student's name and note the new testing room assignment.
- Write a note to the proctor authorizing the change, sign the note, and give it to the student to present on entry to the testing room.
- Deliver test materials for the student to the testing room, and remember to update the Testing Room Materials Report form.

KEY INFORMATION

Admitting Extra Students

Some students who recently enrolled in your school may be eligible to test there. You can accommodate these students as long as you have enough materials, staff, and seats. If unable to test them, include these students in your list of absentees.

Photo ID is not required for students from your school who are familiar to the testing staff. If you're asked to test students who don't attend your school, you'll need

to check their identification. Advise these students to keep their IDs handy during test day. See Photo ID Requirements on page 61.

Admitting Latecomers

You can admit latecomers at your discretion if you can assign them to a room where the proctor hasn't yet begun the timed testing or if you've set aside a late-arrivals room for testing groups of students who arrive late. Make sure latecomers are escorted to the appropriate testing room.

If you are admitting them one at a time to rooms where testing procedures are already in progress, they may be admitted only if the proctor hasn't begun the timed portion of the test and is still reading the preliminary instructions, and if the student has time to read the instructions on the back cover of the test book.

A few things to note about admitting latecomers:

- The preliminary instructions include directions to complete required fields for students who have unlabeled or blank answer sheets. Before beginning the test, the proctor must ensure that students admitted during these preliminary instructions complete these fields.
- If you have a late-arrivals room, late testing should start no more than 45 minutes after testing has begun in the other testing rooms.
- Admittance to the late-arrivals room shouldn't be allowed after other testing rooms have begun their first break. The proctor must close the door to the late-arrivals room before the first break occurs in other rooms.
- Ensure that testing in any late-arrivals room begins early enough to end before your normal school dismissal time.

 *Do not, under any circumstance, admit students to a testing room once the timed portion of the test has begun.*

Your Role During Testing

Maintain School Security

TASKS

Test Observers and Visitors

Staff from College Board, Educational Testing Service (ETS), or administrators from your district or school may visit your school the day of the test or in the weeks preceding it. Verify visitors have government issued identification and a letter of authorization from College Board, ETS, or your district administration.

Staff, including assistants for students with approved accommodations, and authorized visitors are the only individuals allowed in the testing rooms besides test

takers. There are no exceptions. Keep unauthorized individuals away from secure testing materials and out of the sight and hearing of the students until testing is complete. Limit access to the testing rooms and adjoining hallways.

If the media are present during a test, they must remain outside the building. Make sure their presence doesn't distract or disturb students. Stop any attempts to record or photograph the test administration. Call School Day Support about any media requests for test information or test coverage.

IMPORTANT: *If you have any concerns about an individual's authorization, contact School Day Support for verification before admitting that person to a testing room.*

Handle Escalations

As a test coordinator, you'll be called on to address many kinds of situations, most of which can be resolved on the spot. Always contact School Day Support if you encounter:

- Security breaches of any kind (suspicion of tampering, attempts to steal test materials, missing materials, etc.)
- Unauthorized visitors
- Events that interfere with testing procedures or require cancellation of testing or changes in reporting location
- Timing irregularities or other administration issues that may require a makeup test
- Observed misconduct that warrants dismissal, such as attempted impersonation, removing test materials from the testing room, or leaving the building during testing

Handle Dismissals

Don't allow students who have been referred to you for misconduct to return to the testing room. Explain the reasons for their dismissal and refer them to the Test Security and Fairness Policies provided in the *SAT School Day Student Guide*. Ensure that a complete description of the infraction(s) and actions taken by staff is provided on an IR. Escort the student to their normally scheduled class or follow your school's predetermined protocol for students dismissed from testing for misconduct (e.g., the principal's office). Students dismissed for misconduct aren't eligible for makeup testing.

 *If you or a member of your staff suspect that a phone or other electronic device has been used to view, record, or transmit test questions or answers, you should confiscate the device. In such cases, explain to the student that the device is needed for further investigation and will be returned to them. Contact School Day Support for further instructions.*

Refer to the Irregularity Chart on page 66 for further instructions on handling specific dismissals.

Handle Student Complaints

Many student complaints can be prevented by careful planning, preparation, and implementation of the procedures described in this manual. We sometimes receive the following types of complaints:

- Delayed check-in and testing
- No visible clocks or announcement of remaining test time
- Apparent mistimings or distracting noise
- Cheating

Report every student complaint, even those resolved on-site, on the IR. Advise students that all feedback is welcome. Tell them their scores may be delayed while their complaint is being reviewed, in the event that additional investigation is required.

Students with concerns can also contact College Board by the fourth weekday after the test date. (See contact information on the inside front cover of this manual if you need to provide this information to students.)

Report Test Administration Irregularities

TASKS

Complete the Irregularity Report (IR)

The IR form is scanned, so use a No. 2 pencil and don't write any notes or make any other extraneous marks on the form. Be sure to print all information neatly and fill in bubbles completely.

IMPORTANT: Always include the names of students and the answer sheet litho codes (8-digit serial number from bottom right corner of answer sheet) involved in an irregularity. (See the Sample Irregularity Report (IR) on page 76.)

- For all irregularities, fill in fields 1–4 (page 1) and field 10 (page 3) of the form.
 - ◆ In field 1, fill in “Form ___ of ___” (e.g., “1 of 3”) at the top of the box.
 - ◆ In field 4a, write your 6-digit school (AI) code.
 - ◆ In field 4b, fill in the appropriate bubble for your test date. Fill in your primary or makeup test date according to what administration you're reporting.
 - ◆ In field 4c, fill in the bubble if the irregularity has occurred during a makeup administration.

- To report a **group irregularity** (an issue that affects all or a portion of a testing room), fill in fields 6 (page 1), 9 (page 3), and 11 (page 4) to denote the type of occurrence, describe the events and actions, and list information about the students affected. You'll need to note the date of birth and answer sheet litho code for each affected student.
- To report an **individual irregularity** (an issue that affects 1 student, such as illness), fill in fields 5 (page 1), 7 (page 2), and 9 (page 3) to denote the type of occurrence and the events and actions taken. Be sure to fill out the information in its entirety.
- In all situations, provide as much detail as possible. Do not attach answer sheets to the IR, but return them with the other used answer sheets.

KEY INFORMATION

Using the Irregularity Chart

The Irregularity Chart on page 66 lists the most common irregularities along with the procedures and actions you should use in response to them. Where the chart indicates the need for immediate action, respond right away. The chart also indicates when you should complete and submit an IR and when you should order makeup tests.

IMPORTANT: Contact School Day Support immediately for timing irregularities or other issues.

Use the IR to record an irregularity, including:

- Security incidents
- Misconduct
- Test question errors or ambiguities
- Other incidents or disturbances
- Student complaints
- Staff misadministrations

Make sure reports are complete and explicit. Fill out just 1 form for each issue, even if it affects more than 1 student (such as mistiming).

Irregularities filed by proctors must be countersigned by the test coordinator, who should add any useful information. Tell students a report will be submitted, but inform them that if they feel they were affected, they can call to file a complaint no later than the fourth weekday after test day.

Proctor Role During Testing

Administer the Test

TASKS

Prepare the Testing Room

Make sure proctors:

- Double-check that their testing room meets seating requirements, including guidelines for type and spacing of seats.
- Assign seats at random or by prearrangement with the coordinator. Never allow students to select their own seats.
- Cover or remove any instructive material, such as maps and charts.
- Confirm the clock works.
- Post information for students on the board.
- Read scripts exactly as written.
- Maintain security in the testing rooms.
- Have a plan to collect devices, such as mobile phones and smartwatches, from students, or have a designated area in the room for students to place their devices as they enter the room. Be sure to instruct students to power off their devices before collecting/storing them.

Count and Distribute Materials

Ensure your proctors account for testing materials in the testing room as instructed in their manual. Proctors must count the test books:

- After receiving the materials from you
- After distributing materials to students
- After collecting multiple-choice test books
- Before they dismiss students from the testing room

If administering the SAT with Essay, proctors must count the Essay books:

- After receiving them from you
- Before dismissing students from the testing room

Admit Students to the Testing Room

If your school is conducting classroom check-in, staff must check each student against the room roster as they enter the room, following the instructions in their manuals (see *Manage Classroom Check-In* on page 40). The proctor admits students one at a time, taking care to assign them seats at random or by prearrangement. The proctor verifies students have powered off their mobile phones as they are admitted to the room.

Monitor and Time the Test

- The proctor times the test following the instructions in their manuals (see *Timing of the Test and Breaks* on page 39).
- Once testing has begun, the proctor completes the seating chart on the back of the Testing Room Materials Report form.
- The proctor walks around the room at regular intervals to check that students are working on the correct section in the test book and on the answer sheet.

IMPORTANT: Staff shouldn't, under any circumstances, review the test sections on answer sheets for completeness or make any corrections or changes to the marks made on them.

Maintain Security in the Testing Room

KEY INFORMATION

Preventing Copying and Communication

Copying and prohibited communication are the most common ways for students to obtain an unfair advantage. Staff must:

- Ensure proper spacing between students and watch for roaming eyes to prevent copying and communication during testing.
- Watch for use of mobile phones or other prohibited items.
- Be on the lookout for “cheat sheets” written on paper, calculators, or clothing and shoes/footwear.
- Carefully observe students using calculators. A mobile phone can be disguised as a calculator.
- Watch for signals. Students may signal across a testing room by using their hands, tapping their feet, using different colored pencils, and so on.

 Staff must always note any suspicious activities on the IR. They should immediately report significant problems or events that interfere with specific testing procedures or compromise test security.

Monitor Breaks

Testing staff need to monitor students during breaks to make sure they don't discuss the test or use calculators, phones, or prohibited aids.

Report Irregularities

If proctors encounter security breaches or other situations that affect the test, they need to follow the reporting procedures provided in their manuals. These procedures are similar to those followed by the test coordinator, as explained in *Report Test Administration Irregularities* on page 43.

SSD Coordinator Role During Testing

Administer Accommodations

Staff testing students with accommodations may need to perform the following tasks, depending on the needs of the students. This information is also given in the *SAT School Day Accommodated Testing Manual*.

TASKS

Prepare Computers for Accommodated Testing

Students may be approved to use a computer for taking the entire test with certain formats or for taking the Essay. For students using formats delivered on flash drives (ATC) or streaming app (MP3), the proctor should set up each computer for the appropriate test format before test day. Information about and instructions for setting up and testing computers is provided in the *SAT School Day Accommodated Testing Manual*.

Before testing begins, the SSD coordinator assists the staff in setting up computers, as follows:

- **For the MP3 audio streaming format:** Ensure each student's computer is powered on and connected to the internet.
 - ◆ Confirm the volume on each computer is unmuted.
 - ◆ Launch the application on each computer and follow any other instructions for preparing computers before admitting students to the testing room.
 - **For test formats on flash drive:** Ensure each student's computer is powered on and the flash drive inserted. Disconnect the computer from any networks and from the internet.
 - ◆ Disable camera and recording functionality.
 - ◆ Verify all spelling and grammar check tools are disabled so errors to be identified by the student as part of the assessment aren't flagged by software running on the computer.
-  *Monitor students to ensure they do not run spelling or grammar checks, access a thesaurus or dictionary, or use any unapproved calculators at any time during the test.*
- ◆ Leave flash drive packages on the students' desks so students can reference them during testing.
 - Students should use earphones when testing with recorded audio formats (if used with text-to-speech software). Bluetooth features aren't allowed. If earphones aren't available, the student should be tested in a separate room.

KEY INFORMATION

The *SAT School Day Accommodated Testing Manual* contains detailed instructions on how to administer the test to students with accommodations, including:

- Extended time
- Accommodated breaks
- Large print
- MP3 audio
- ATC format
- Braille with raised line drawings
- Raised line drawings
- Readers
- Scribes

Be sure any staff testing students with these accommodations are familiar with this information and have the manual at hand.

After the Test

As test coordinator, you need to complete the test administration with the following activities. These activities may take place more than once: first on the primary test date, again for students testing in the accommodated testing window, and finally after any makeup testing. **Always keep materials in secure storage until pickup.**

Collect Testing Materials

You'll need to collect all the materials you provided to proctors in the testing room materials packets. If you created Testing Room Cover Sheets, check to make sure you received everything you distributed in the packets. Use your Testing Room Materials Report forms to ensure all serialized multiple-choice test books and Essay books (if applicable) have been returned.

TASKS

Collect Materials from Proctors

- Testing Room Materials Report form (or testing manual), with completed seating chart on the back.
- Annotated room roster and/or NAR.
- Multiple-choice test books, both used and unused, and Essay books (if applicable).
- Any additional test materials related to accommodated testing (such as test books with answers, printed essays, USB flash drives, etc.).
- Answer sheets, both used and unused (see What is a Used Answer Sheet? later in this section). Make sure there are no answer sheets remaining inside test books.
- Any completed IRs.
- Student Answer Sheet Instructions*.
- Supplemental Instructions memo, if applicable.
- Any printed translated testing instructions and copies of oral instructions.
- Any word-to-word glossaries.
- Any completed Request to Cancel Test Scores forms.

Also perform these tasks:

- Using the Testing Room Materials Report forms, verify the materials returned by each proctor match the materials you initially issued to them.
- Ensure the proctor or support staff have transcribed answers to a scannable answer sheet when necessary: for answers recorded in the test book, use of a braille device, or use of a computer to record answers.

- Count materials by hand.** Record your counts for use on the Coordinator Report Form (CRF). As you count, do a spot check to ensure that all required information is filled in on the front (fields 1–9) and back (fields A–C) of the answer sheets. If any fields on the front of the answer sheet have been skipped, make sure that the information is printed on the student's pre-ID label.
- Ask each proctor to double-check their room to see if anything has been left behind, either by staff or by students.
-  *If a test book or Essay book is discovered missing after students have been dismissed, contact School Day Support immediately. Report the incident on an IR. Speak with School Day Support before returning any test materials.*
- Make sure each staff member has signed the Testing Staff Agreement.
- Review and sign IRs. Confirm your school (AI) code is gridded correctly. If needed, complete additional IR(s). Note any student irregularities that may require a makeup.
- Release staff members.

KEY INFORMATION

What Is a Used Answer Sheet?

An answer sheet is considered used if it has one or more answers to test questions gridded in for the test or anything written on the lined pages of the SAT Essay.

Answer sheets are also considered used if they have demographic information or labels but no test responses (i.e., absentees). Store these securely until all accommodated window testing and any makeup testing is complete. Return these in the last outgoing used answer sheet return shipment, being sure to count them in the total number of used answer sheets on the CRF.

Sort Materials

TASKS

Sort Answer Sheets, Test Books, and Forms

Once you've collected all the materials from the proctors and reconciled them, you'll need to sort them before filling out the CRF and packing materials for return or secure storage.

Answer Sheets

Separate the answer sheets into the following groups (see What Is a Used Answer Sheet? if you need clarification).

To be placed in storage:

1. Completely blank, unused answer sheets. Place these answer sheets in secure storage for use during the accommodated window or for makeup testing. Destroy any blank, unused answer sheets once makeup testing is complete.
2. Answer sheets that have student information (i.e., a pre-ID label and/or student's gridded information) but no answers marked for the test questions. Place these answer sheets in secure storage for use during the accommodated window or for makeup testing. If not used for testing, return them with other used answer sheets after all accommodated and makeup testing is completed.
3. Used answer sheets for accommodated testing with students listed on the NAR who need to complete Day 2 of testing. Include in this group the answer sheets for EL students testing with 50% extended time on the SAT with Essay who haven't completed testing. Place these answer sheets in secure storage for the next day of testing in the accommodated window.

To be returned in the primary test day answer sheet return shipment:

1. Used answer sheets for standard testing with no accommodations.
2. Used answer sheets for students listed on the NAR who completed testing on the primary test date. Make sure that test books for students approved to write their answers in them are clipped to and returned with their respective answer sheets.

SSD *The answer sheet of any student listed on the NAR who tested with their approved accommodations must be returned in the white Accommodated Testing Envelope for accurate scoring, including students who tested with the 50% extended time EL support or tested in the standard room (for example, with 14-point test book).*

Test Books

- Separate multiple-choice test books from Essay books.
- Separate standard test books from alternate test formats.
 - ◆ Keep any blue accommodated materials for use in the window separate, and securely store them for later testing.
- Set aside test books for students approved to record answers in test books, clipped to the corresponding transcribed answer sheets. Ensure the test book says "Answers in Test Book" on the cover.
- Set aside all other unused test books for return (new materials will need to be ordered for makeup testing).

Forms and Other Materials

Sort any materials that will be included inside return envelopes in the return shipment. These include Testing Room Materials Report forms, Testing Staff Agreement forms, room rosters, NARs, IRs, and Request to Cancel Test Scores forms.

Make copies of any forms if necessary. Refer to Store Materials for Your Records on page 52 for guidance.

For all other materials, refer to What to Do with Materials later in this section for what you should keep or destroy.

Prepare Documentation

TASKS

Complete the CRF

Fill out a Coordinator Report Form (CRF) for the shipment of testing materials you're returning. See How to Fill Out the Coordinator Report Form (CRF) on page 64 for step-by-step instructions.

- Testing on the primary test date:** Fill out and return a CRF with answer sheets for all students who completed testing on the primary test date, including those with accommodations or EL supports. Select the primary date in field 2 as your administration date and leave field 3 blank.
- Accommodated testing window:** After all students testing in the window have completed testing, fill out a separate CRF and return with answer sheets for these students. Select the primary date as your administration date in field 2 and select the last day you tested students in field 3.
- Makeup testing:** At the end of makeup testing, fill out a CRF and return with answer sheets for all students who tested on the makeup date. Select the makeup date as the administration date in field 2. (Do **not** return answer sheets for students who tested on the primary test date or during the accommodated window in this shipment.)

IMPORTANT: Remember to include in your last answer sheet shipment any answer sheets with student information but no answers recorded. Include these in the count recorded on the CRF.

Ensure Completeness of Room Rosters

Once you've collected all materials from proctors, carefully check each room roster and NAR against your final Master Student List (if you created one), noting the room assignment and testing room code of each student. Having an accurate, final list of test takers provides important information to College Board, particularly when discrepancies arise. For this reason, we strongly suggest you make a copy of either the room rosters or the Master Student List for your files before you return the original(s) with the CRF and used answer sheets.

The final annotated NAR must be returned in the white Accommodated Testing Envelope with the used answer sheets for students listed on it.

KEY INFORMATION

Common Errors That May Delay Score Reporting

Use care to avoid these common issues:

- The number of used answer sheets received does not match the number of used answer sheets reported on the CRF.
- The school (AI) code on the CRF is incorrect.
- The test coordinator didn't complete the CRF in pencil.
- Used answer sheets are returned with the test book shipment.
- Used answer sheets for students with accommodations or supports who appear on the NAR are not returned in the white Accommodated Testing Envelope.
- Used answer sheets aren't returned according to the instructions specified in Pack Used Answer Sheets, Forms, and Envelopes for Return on page 48n.
- Typed essays aren't returned clipped to the students' answer sheets.
- The school hasn't responded to a query from ETS or College Board regarding a testing irregularity.
- Materials aren't returned in a timely fashion (see Return Timetable on page 52 and Schedule Pickups and Ship Materials on page 51).

IMPORTANT: Please make sure students fill out their answer sheets correctly and the information on the CRF is complete and correct.

Pack Materials for Return

TASKS

Pack Used Answer Sheets, Forms, and Envelopes for Return

IMPORTANT: Using the prelabeled UPS Express Pak or box(es) provided with your test materials is the only way to ensure your answer sheets will be correctly returned and processed.

In your test materials shipment, you received 1 or more boxes or UPS Express Paks that you must use to return your answer sheets and associated forms and envelopes. Each carton or UPS Express Pak will have a UPS return label and a dark pink or green label affixed to the outside. **Use the package with the dark pink label to return answer sheets of test takers who completed testing on the primary test day (both standard and accommodated). Use the package with the green label to return answer sheets for testing completed during the accommodated testing window.**

Make sure to complete all necessary information on the preapplied colored labels, including school name, school code, school address, and total number of answer sheet return packages included in the shipment—e.g., “box 1 of 2.” (Don't count your test book return packages in the total number of answer sheet return packages.)

The used answer sheet shipment includes the items specified in the Returning Used Answer Sheets and Forms diagram in this section. Place items in the box or UPS Express Pak **from bottom to top** in the order shown. Don't use rubber bands or other fastenings that might damage the answer sheets.

IMPORTANT: See *Returning Used Answer Sheets and Forms* to confirm the correct order of materials and envelopes.

Place ancillary items, which include the following, directly on top of the standard used answer sheets:

- Used answer sheets for standard test takers associated with a reported irregularity. (The associated IR should be returned in the Gray-Bordered Envelope.)
- Used answer sheets for standard test takers with misplaced marks, clipped together by student.
- Test books with answers to be transcribed because of insufficient or defective answer sheets.

Returning Used Answer Sheets and Forms

6 Coordinator Report Form (CRF)

5 Annotated Master Student List (or Room Rosters)

Include a copy of your Master Student List or a copy of each room roster with any notations

4 Gray-Bordered Envelope

3 White Accommodated Testing Envelope

2 Ancillary items (if any)

1 Standard used answer sheets (for students not listed on the NAR)

Prelabeled Shipping Box (or UPS Express Pak)

Copy the tracking number for your records and to schedule your UPS pickup.

UPS Return Label

Colored Label

Note: Supplied labels may be different from samples shown.

Refer to the instructions earlier in this section for how to pack the Gray-Bordered and white Accommodated Testing Envelopes and for a list of materials to include as ancillary items.

Don't forget to:

- Put forms and envelopes in the first box of answer sheets with the CRF on top.
- Place answer sheets flat without wrapping, rubber bands, tape, or staples.
- Add a pink IR label to the outside of all boxes if you're reporting an irregularity.
- Use the correct prelabeled package for each shipment—primary test date, accommodated window, or make-up testing.
- Make sure package labels are legible and complete.

Returning Test Books and Essay Books

1 Pack

Use carton(s) from original test materials shipment and include only the items listed for each shipment:

Primary

1. Used and unused **purple** Essay books, if applicable (place loosely on top in the first carton)
2. Used and unused **purple** test books

Accommodated window

(Once all students designated to test in the window have completed testing)

1. Used and unused **blue** Essay books, if applicable (place loosely on top in the first carton)
2. Used and unused alternate test formats, if any (place flash drives in original packaging)
3. Used and unused **blue** test books

Makeup

1. Used and unused Essay books, if applicable (place loosely on top in the first carton)
2. Used and unused alternate test formats, if any (place flash drives in original packaging)
3. Used and unused test books

2 Seal

Use supplied tape and remove, cover, or cross out the original shipping labels.

- For small boxes, the tape should extend 3 inches.
- For large boxes, place tape around the perimeter of the box.

3 Label

- Use the supplied UPS return labels from your test book materials shipment.
- Place one label on each box. Don't put two UPS return labels on one box. Make sure each label can be clearly read.
- Copy the UPS tracking number (starting with "1Z" in the center of the label) for your records and to schedule your UPS pickup.

Note: Supplied labels may be different from samples shown.

4 Ship

Test coordinators will schedule their own pickups with UPS to return materials shipments no later than:

1. Primary test day
2. Day accommodated testing has completed (no later than end of the window)
3. Day of makeup testing

Important Notes

- Don't return any answer sheets, used or unused, in this shipment. Make sure there aren't any answer sheets inside test books.
- For each shipment, clearly mark all packed test book cartons as a set (e.g., "Box 1 of 2").
- If your return labels are missing, contact School Day Support.

Place the following items in the white Accommodated Testing Envelope:

- Annotated NAR (required for scoring).
- Used answer sheets (standard or large block) for students listed on the NAR.
- Any test books for students approved to write answers in their test books, clipped to corresponding transcribed answer sheets.
- Any computer pages or braille pages, all clipped to the corresponding answer sheets.
- Any scratch paper, with student's name clearly written on each page.
- Typed essays, clipped to the corresponding answer sheets. Ensure the back of each essay page includes identifying information so the essay can be matched with the student's answer sheet: student name, 6-digit school (AI) code, and answer sheet litho code number. Attach the typed essay page(s) by paper clip to the student's answer sheet.
- Any answer sheets for students listed on the NAR that are associated with an irregularity (such as misplaced marks or defective answer sheets). The associated IR should be returned in the Gray-Bordered Envelope.

Place the following items in the Gray-Bordered Envelope:

- Testing Room Materials Report forms with seating charts.
- SAT Testing Staff Agreement form with staff signatures.
- SAT School Day Request to Cancel Test Scores forms (if any).
- If applicable, defective test books, defective Essay books, or defective flash drives in their original packaging.
- Test books associated with specific irregularities that require the test book to be attached to the IR (e.g., attempted theft of a test book).
- Any other IRs from the administration.

Place your Annotated Master Student List (or individual room rosters) on top of the Gray-Bordered Envelope. Then place the completed CRF on top of all other materials.

Make sure to record the tracking number for all of your shipments and keep them on file for 6 months.

If you're returning any IRs, apply the pink IR label to the front of each package in the answer sheet return shipment next to the return label.

IMPORTANT: *If there's not enough room on the front, wrap the IR label over the top or side of the package—don't cover up any other return labels.*

Pack Test Books for Return

You'll receive loose test book UPS return labels with your test materials shipment. Reuse the boxes that your original test materials arrived in and apply the test book UPS return labels to them. Cover or remove any existing labels on the exterior of the shipping cartons. Before packing, check to confirm there are no used answer sheets inserted in test books.

If you're missing the preaddressed labels, contact School Day Support.

Place items in the box **from bottom to top** in this order. Confirm the correct order of materials using the diagram Returning Test Books and Essay Books.

- Used and unused test books. Confirm no answer sheets have been left inside test books.
- Used and unused alternate test formats, such as flash drives, braille with raised line drawings, reader scripts, etc. Place flash drives in their original packaging before packing them in the return box.
- Essay books, if applicable. Place Essay books on top in the first box (e.g., "box 1 of 2").

Return Materials

You'll receive enough return materials for 3 pickups: 1 for primary testing, 1 for accommodated window testing, and 1 for makeup testing (as applicable).

When returning materials:

- Remember to return answer sheets promptly after testing to avoid scoring delays.
- Give your package to the UPS driver or responsible person to ensure chain of custody for the shipment.
- **Don't use a drop box for shipping test materials.**
- Record tracking numbers for your records and for monitoring shipping progress.
- If you need assistance with shipping, contact School Day Support.

TASKS

Schedule Pickups and Ship Materials

Test coordinators will schedule their own return material shipments for the primary test date, the end of the accommodated testing window, and the makeup date. You'll receive an email closer to test day with more detailed information about materials return procedures.

Arrange for packages to be picked up before the end of the test day, or at the latest by the next school day after the test administration. Keep materials secure until pickup.

- If UPS makes daily stops at your school, you can provide any packed boxes to them during their pickup.
- If UPS doesn't make a daily stop at your school, schedule a pickup at [ups.com](https://www.ups.com), or call 800-PICK-UPS (800-742-5877).
 - ♦ **Make sure to use the tracking number printed on the preapplied answer sheet return labels when scheduling pickups.**
 - ♦ You can also take packages to any UPS counter, but **don't** place materials in a UPS drop box.

You must hand them directly to a UPS driver or UPS counter employee so you have a chain of custody for the shipment. (Detailed instructions to arrange a pickup on [ups.com](https://www.ups.com) can be found at collegereadiness.collegeboard.org/pdf/sat-sd-ups-self-service-overview.pdf.)

- Write down your UPS package tracking number(s) for your records.
- If UPS isn't available in your area, contact School Day Support for further guidance.

KEY INFORMATION

Return Timetable

For testing completed on the primary test date, return materials no later than the day after the primary test administration.

For testing in the accommodated testing window, return materials the day after all accommodated testing is complete, but no later than the end of the accommodated window.

For makeup testing, return materials no later than the day after the makeup test administration.

Make sure to record the tracking numbers for all of your shipments and keep them on file for 6 months.

Makeup Ordering

You'll receive an email on test day with instructions on how to order materials for students who were absent on test day or experienced an irregularity. Place the makeup order as soon as possible and **no later than 2 days** after the primary test date.

Submitting Payment

TASKS

After you've received confirmation that your answer sheets have been processed, you'll prepare for submitting payment.

Guidelines for Fee Payment

If test fees for different grade levels are being paid by different sources (e.g., state, district), each student's answer sheet must have the grade level appropriately filled in. Your school is responsible for students not covered by a district or state contract.

Reviewing Your Processed Answer Sheet Roster

- Your school will be alerted when you can go online to review the number of answer sheets processed for your administration.
- Sign in to ordering.collegeboard.org to review the processed answer sheet counts.
- If fee waiver-eligible students tested at your school, you'll see a roster of students who tested and be asked to identify the eligible students. The number of students identified shouldn't exceed the number of fee waiver benefits your school was allocated.
- Once you confirm your counts, the system will calculate your payment, and you'll be notified of how to access your invoice and make your payment.

Store Materials for Your Records

Securely store copies of the following for your records for 6 months:

- Annotated Master Student List (if applicable)
- Room rosters
- NAR
- Tracking numbers
- IRs
- CRF(s)
- Testing Room Materials Report forms
- Signed SAT School Day Testing Staff Agreement form
- List of testing rooms, assigned testing room codes, and assigned staff
- If applicable, printed copies of essays written by students approved to use a computer for the Essay
- Invoice
- Any signed letters from parents/guardians for students waiving their approved accommodations

KEY INFORMATION**What to Do with Materials**

In this table, “securely destroy” means to shred or otherwise render unreadable.

Sample Master Student List

These are suggested fields. You should create a list based on your own school's needs.

SSD All students testing with accommodations and EL students testing with 50% extended time are listed on the Nonstandard Administration Report (NAR). Reach out to your school's SSD coordinator to print copies in advance of the test. You will need to include these students when planning for staff and selecting test rooms.

Sample Testing Staff Agreement

SAT School Day Testing Staff Agreement

All staff must sign this agreement prior to the start of testing. Return this document along with your other completed forms after each administration as instructed in the relevant SAT® School Day manual.

Each testing staff person affirms that they:

- Have read and agree with all rules and guidelines indicated in the relevant SAT School Day manual, including, but not limited to, the pages setting forth conditions under which the SAT must be administered and the information on staff qualifications and conflict of interest restrictions;
- Are a high school graduate, at least 18 years old, speak English fluently, possess the same level of unquestionable integrity and maturity expected of a member of the school staff, affirm the diversity of the students being tested and act in a fair, courteous, nondiscriminatory, and professional manner;
- Understand and agree that the SAT and all the questions contained in it are the property of College Board and protected by copyright law, and that no one other than the student or authorized reader for College Board–approved accommodations can open a test book and see the test content;
- Understand and agree that copying, reproducing, or removing any materials from any SAT test book or digitally reproduced test form is illegal;
- Are not prohibited by any law or regulation from working with minors or on school property;
- Are not engaged in any private SAT test preparation that is conducted outside the auspices of their school or district and for which they receive compensation above and beyond the terms of their employment as a teacher or other professional employee with the school or district, and will not engage in such activity for the remainder of the current school year (the teaching and normal review of course content, including test familiarization, that is part of regularly scheduled school course work is acceptable);
- Have not taken the SAT within 180 days of the above test date; and
- If authorized to handle test books before test day, do not have a member of their household or immediate family (“related student”) taking the SAT on the test date on page 2 of this form at any testing site. (Immediate family includes one’s parents, siblings, children, grandparents, and spouse. This applies even if they don’t reside in the same household.) In such instances, the related student’s scores are subject to cancellation.
- Understand and agree that providing any assistance or coaching to students on the SAT (including directing or changing answers) prior to, during, or after the administration is prohibited. In such instances, any impacted students’ scores are subject to cancellation, and any staff involved may be referred to school/district/state administration or to law enforcement, as appropriate.
- Will act with integrity and will refrain from any illegal or unethical acts, including those that attempt to provide an unfair advantage for one or more test takers.

All staff, including coordinators, proctors, room monitors, and hall monitors, must sign this form to indicate their acceptance of these provisions. College Board has the right, in its sole discretion, to remove or bar staff who violate these terms from administering future College Board tests.

Ensure that every staff member signs the back of this form.

IMPORTANT: Test coordinators must ensure that the testing staff are properly trained to administer a secure administration. Test coordinators should not discuss details about test policies or procedures (e.g., handling test materials, training, and packaging for return) with anyone other than their staff, including the media or through social media. Refer all media questions to SAT School Day Support as listed in your manual.

Sample Nonstandard Administration Report (NAR)

The NAR will include a summary of students with their SSD numbers, followed by a list of the students with accommodations who will test on the primary test date. If applicable, the primary test date list will be followed by another section that provides a list of students with accommodations who will complete testing during the accommodated testing window. The NAR will also provide additional instructions for testing students with accommodations. The sample below shows a page from a NAR showing two of these groups of accommodated students.

Test Date: October 14, 2020

SECTION 2 - STUDENTS WHO CAN COMPLETE THE TEST OVER THE ACCOMMODATED TESTING WINDOW

Information about window testing:

- All students in this section are eligible to complete testing during the accommodated testing window. Testing can begin as early as the primary test date and can extend through the timeline indicated in your Coordinator Manual.
- All students testing over two days should complete their testing on the next consecutive day within the window whenever possible. If a student is absent on the second day, they can resume testing on the day they return to school.

Instructions:

- Work with the test coordinator to identify which testing rooms students will be assigned to before the test day.
- Students with the same **testing group** can be tested together. Be sure to place students with different **testing groups** into separate rooms.
 - Note : Students in the following **testing groups** cannot test together and must test in their own, individual room **(I:I setting): SBI, SB2, SB3, SB4, SB15 and SB28**. For example, if you have 4 students in group SB1, you will need 4 rooms for them (one for each student).
- If your school is using testing room codes, your test coordinator will provide you with the three-digit code for each of your testing rooms. Write in the testing room code and Proctor assigned to each student/group.
- On test day, mark an "A" next to any student who is absent.
- Test scripts are located in your *SAT School Day Accommodated Testing Manual*. All staff will **BEGIN** reading from the section labeled "*SAT Scripts for Testing Accommodated Students*" and then **PROGRESS** to the script name listed for each student on your roster.
- Refer to the Appendix for any additional instructions and a description of the script name listed on the roster.

Testing Group	Last Name, First Name (Mark A if absent on test day)	Approved Accommodations	Test Type	Test Book Color	One or two day testing	Script Name	Testing Room Code and Proctor

SB45	Gena, Alvis SSD #0007025910	Extended Breaks , Reading +100% (double time) , Preferential seating	SAT with Essay	Blue	Two days	Script 4	

Additional Instructions for Administering MP3 Audio Formats

Using MP3 Flash Drives (for Approved Schools)

Setting Up Computers for MP3 Flash Drives

An audio version of the test on a flash drive may be offered to schools with technical issues that may prevent them from using the MP3 streaming application. The MP3 audio format flash drive contains read-only files and a built-in player to deliver the test.

Setup for MP3 testing should be done in advance of test day to ensure a smooth administration. If your school has been approved for flash drives, please use the following instructions for setting up computers and guiding students on the use of flash drives.

From time to time, a license may fail on a specific machine or USB port. If you experience error messages referring to media authorization, unlocking of media, and/or licenses, follow the instructions under Troubleshooting for MP3 Audio Flash Drives later in this section.

Follow these steps for all devices to prepare for testing with the MP3 audio format on a flash drive. You'll perform these steps before test day and then again at the beginning of Day 1 and Day 2 of testing.

1. Print the student's last name, first name, and middle initial on the back of the MP3 packaging.
2. Remove each flash drive from its packaging.
3. Insert the flash drive into a USB port. (If prompted, do not choose to run the files using your device's media player.) On Day 2, use your completed seating chart to ensure you're inserting each flash drive into the same computer the student used on Day 1.

(SSD) *Some newer computers only have smaller USB Type-C ports in place of full-sized USB ports. If your computers don't have full-sized USB ports, you'll need USB-to-USB-C adapters to connect flash drives.*

4. Complete setup depending on the type of equipment in your room.

Set Up PCs or Macs

- Open the flash drive.
 - ♦ On both PCs and Macs, find the icon in the lower left corner of your screen.
 - ♦ On a Mac, select the icon to open **Finder**. You should see a description of the drive in the pop-up list under **Devices**.
 - ♦ On a PC, select the icon and select **File Manager** or **File/Windows Explorer**. The flash drive will appear in the list labeled **This PC** or **Computer**.
 - ♦ Select the name of the flash drive (which appears as a 6-digit number).

- Start the software:
 - ♦ Select the software application, labeled **Start** (".exe" on PC or ".app" on Mac).
 - ♦ A media player named Flux Player will launch.
 - ♦ When you launch the application, a table of contents will display the sections of the test.

Set Up Chromebooks

- Start the software:
 - ♦ Select the **Launcher**, the icon on the far left of the taskbar.
 - ♦ Select **Files**, which will bring up another taskbar.
 - ♦ Find the flash drive in the task list and select it to display a list of file folders on the drive.
 - ♦ Open the folder called **Chrome_Version** to access the test sections.

Before and During Test Day

See the Appendix in the *SAT School Day Accommodated Testing Manuals* for additional instructions on what to do before and during testing.

Troubleshooting for MP3 Audio Flash Drives

If you see an error message about failed authorization or unlocking of media files or if you encounter other problems related to the flash drive, first try changing to a different computer. If you still encounter a problem, follow these steps:

1. From within the Flux Player, select the **Help** drop-down menu.
2. Select **Contact support**.
3. In the **Describe your issue** box, type "Failed to apply license file."
4. Enter an email address so the fix can be emailed to you. (If you have a technical support person, use their email address.)
5. Check the box for "I agree to collect support-related information about this computer" (this step identifies which license you need).
6. Select **Send**.

Technical support will review the request and respond with specific instructions.

Additional Information About Administering MP3 Audio on Flash Drives

Consult the *SAT School Day Accommodated Testing Manual* for additional information about administering the MP3 audio format on flash drives. The manual's appendix includes detailed instructions on posting information for students, using the MP3 testing script with flash drives, and closing media players and collecting flash drives after testing is completed.

Acceptable Calculators

The following calculators are acceptable for use on the Math Test – Calculator. Only this test permits the use of a calculator (unless a student has an approved accommodation). This list doesn't include every calculator model. **Call School Day Support if you aren't sure about a calculator that's not on this list.**

- All scientific calculators, which can perform complex mathematical functions but don't have a graphing feature, are acceptable as long as they don't have any prohibited features given under Unacceptable Calculators.
- All 4-function calculators are acceptable but not recommended.
- Graphing calculators included in the following table of acceptable graphing calculators.

THE FOLLOWING GRAPHING CALCULATORS ARE PERMITTED:

- Models that use electrical outlets, make noise, or have a paper tape

In addition, the use of hardware peripherals such as a stylus with an approved calculator isn't permitted. Some models with touchscreen capability are not permitted (e.g., Casio ClassPad). Check the list of acceptable graphing calculators above for models that are permitted.

Photo ID Requirements

Acceptable IDs

You're not required to confirm with a photo ID the identity of students who regularly attend your school and are familiar to you. For students unfamiliar to you, refer to this list of acceptable and unacceptable forms of identification.

ID Requirements

Photo IDs aren't required for SAT School Day testing unless a student is testing at a school they don't attend.

To be acceptable, a photo ID must:

- Be a valid (unexpired) photo identification that is government issued or issued by the student's school. (A school ID from 2019-20 is valid through December 31, 2020, and is acceptable for fall 2020 testing.)
- Be an original, physical document (not photocopied or electronic).
- Bear the student's full, legal name.
- Bear a photo that clearly matches the student's appearance. Black and white photos are acceptable.
- Be in good condition, with clearly legible English language text, and a clearly visible photo.

Examples of Acceptable ID

- Government issued driver's license or nondriver ID card
- Official school-produced student ID card from the student's current school
- Government issued passport or U.S. Global Entry ID card
- Government issued military or national ID card
- SAT School Day Student ID form, available under Educator Downloads at sat.org/school-day (must be prepared by the student's school or signed by a notary if a student is homeschooled)

Unacceptable IDs

Types of Identification to Reject

- Any document that doesn't conform to the requirements
- Any document that is worn, torn, scuffed, scarred, or damaged
- An electronic document presented on a device
- Any document that appears tampered with or digitally altered
- Any document that bears a statement such as "not valid as identification"

Examples of Unacceptable ID

- Credit or debit card of any kind, even one with a photo
- Birth certificate
- Social Security card
- Employee ID card
- Missing child (Child Find) ID card
- Any temporary ID card

How to Fill Out the Coordinator Report Form (CRF)

If you're testing any students with accommodations that are administered on the primary test date, account for these materials on the CRF with your standard test taker materials and ensure they're returned together. You'll need to complete additional CRFs to return with both accommodated testing window and makeup materials.

Use a No. 2 pencil to complete this form. Please confirm that your school (AI) code is correctly prefilled in item 4—it's required for reporting scores to your school, district, and/or state. Contact School Day Support if your prefilled code isn't correct.

IMPORTANT: Remember that an answer sheet is considered used if it has one or more answers to test questions gridded in for the test and/or includes a label or gridded student information.

1. Print your school name and address and coordinator contact information.
2. Confirm your 6-digit school (AI) code.
3. Fill in the oval for the test date.
4. Leave blank, unless you're testing multiday test takers beyond the date listed in field 2.

5. Print the number of SAT:
 - a. Used transcribed answer sheets and test books for students approved to record their answers in the test book.
 - b. Used answer sheets for other accommodated testing, including any large-block answer sheets.
 - c. Used answer sheets for standard testing.
 - d. Total count of used answer sheets. (This should include answer sheets with pre-ID labels and/or demographic information but no test responses.)
6. Print and fill in the ovals for the total number of answer sheets you're returning.
7. If you are returning transcribed materials, ensure that answers have been transcribed to a standard answer sheet and included in the counts in fields 6, 7, and 8. Then print the number of students with answers transcribed from:
 - a. Test books with answers
 - b. Braille printouts
 - c. Computer printouts
8. Sign and date the form.
9. Fill in "No" if you're not submitting an IR or "Yes" if you're submitting one or more IRs.

Test Site Issues		
<p>Test site closing/cancellation of testing</p>  <p>Call School Day Support immediately.</p>	<p>In the event of a storm, power failure, or other emergency that requires cancellation before test day:</p> <ul style="list-style-type: none"> ▪ Notify your principal or district. ▪ Notify campus/building security. ▪ Notify students of the cancellation. ▪ Don't attempt to use the test materials you have on-site. Secure them for earliest possible return. ▪ Order makeup materials as soon as possible. 	<p>Explain circumstances and impact of issue.</p> <p>Bubble Page 1, Section 6—"Disturbance/interruption."</p> <p>Include a list of students affected.</p>
<p>Suspension of testing due to active threat</p> <p>Contact law enforcement immediately.</p>	<p>If faced with an active threat such as bomb threat, active shooter, any threatening behavior including those involving a firearm or weapon, or if student brings a firearm to a test site:</p> <ul style="list-style-type: none"> ▪ Follow your school's procedures for lockdown or evacuation. ▪ If possible, follow all procedures under "Interruption" to ensure student and staff safety and to secure materials. <p>IMPORTANT: <i>Weapons don't include religious items, or small pocket knives or multi-tools.</i></p>	<p>Explain circumstances and impact of issue and section(s) affected.</p> <p>Bubble Page 1, Section 6—"Test site environment issue."</p>
<p>Interruption</p>  <p>Call School Day Support if the interruption (e.g., fire alarm) can't be resolved.</p>	<ul style="list-style-type: none"> ▪ Provide clear instructions for student and staff safety. ▪ Direct students not to talk or use electronic devices. ▪ Collect test books and answer sheets, if necessary, while maintaining safety. Ensure the room is locked if everyone must leave. ▪ Monitor students if they must leave the testing room. Keep them together in a group and don't allow them to go to their lockers. ▪ If you're able to resume testing, ensure materials and students were properly monitored, and continue testing where each room left off. Timing should be paused, and no extra time may be given. ▪ If testing must be canceled, your primary test date materials can't be kept or used for makeup testing (see "Test site closing/cancellation of testing"). The test coordinator must: <ul style="list-style-type: none"> – Order makeup materials immediately. – Securely store all primary test date test materials. As soon as possible, pack and return all primary test date test materials following the instructions in After the Test on page 46. – Notify students they'll take a makeup test. 	<p>Note the source, length, and impact of the interruption and the section(s) affected.</p> <p>Bubble Page 1, Section 6—"Disturbance/interruption." Fill in the number of affected students in 6a and the testing room code in 6b. If the entire school is affected, note this in the Comments section; otherwise, if no testing room code is available, list the individual students and their answer sheet litho codes (8-digit serial numbers) in Section 11.</p>

CollegeBoard SAT **SAT SCHOOL DAY IRREGULARITY REPORT (IR)**

1. GENERAL INSTRUCTIONS TO TESTING STAFF: Form 1 of 1

Use this form to report irregularities encountered during testing. See the Irregularity Chart in your manual for more details. Report each irregularity on a separate IR and return all IRs immediately after testing ends.

- Keep inside the margins. Fill in the appropriate circles completely. Use black or blue ink or No. 2 pencil.
- Complete sections 2–9 and 11 as appropriate to the irregularity type. The staff member reporting the incident **MUST** sign section 10 of this form. The test coordinator must also sign all IRs.
- Attach (but don't staple) defective materials to the IR when instructed to in the Irregularity Chart.
- If administering the Digital SAT, specify any technical issues that prevent completion of the test.
- **As a last step, on each form, fill in "Form ___ of ___" (e.g., "1 of 3") at the top of this box. This information will aid further communication about potential makeup testing.**

Fill in the circle for the month. Then print and fill in the day and year when testing actually occurred.

Glossary of Terms

50% extended time: For students with disabilities, a preapproved accommodation that gives a student time-and-a-half for each approved section of the assessment. Students may receive extended time in reading, math, and/or writing (on the Essay only). For EL students, a support that gives a student time-and-a-half for the entire assessment.

100% extended time: A preapproved accommodation that gives a student double time for each approved section of the assessment. Students may receive extended time in reading, math, and/or writing (on the Essay only).

Accommodated testing window: Designated period beginning on the primary test date during which students with certain accommodations are eligible to test.

Advanced Placement (AP®): A College Board program that enables high school students to take college-level courses and exams.

AI code: A 6-digit code that identifies an attending institution (a school a student is enrolled in). Each attending institution has a unique AI code. This code is sometimes referred to as a school code.

Alternate test format (ATF): An accommodated format of the test, such as braille or MP3 audio.

Assistive technology-compatible (ATC): A digital version of the test for use with screen readers and other assistive technology; delivered on a flash drive for preapproved students.

Bulk registration: The process a district or school uses to submit a file to order pre-ID labels for answer sheets.

Canceled score: A score that has been removed from, or never posted to, a student's record or designated as nonreportable (in cases where all scores are reported to the student's state). Scores may be canceled voluntarily by the student or by ETS for testing irregularities, misconduct, or score invalidity. See Irregularity.

Coordinator Report Form (CRF): The scannable form used to document how many answer sheets are being returned for scoring. The test coordinator returns this completed form with the used answer sheets after testing.

Delayed score: A score report that has been delayed because of an issue resolved too late to include the score in on-time reporting.

District coordinator: Responsible for overseeing all testing at the district level and acting as backup support at the school or building level.

EL: English learner.

ETS: Educational Testing Service. College Board partners with ETS to support test administration in various capacities, including publishing tests and producing accommodated formats, oversight of test administration, and statistical support of scoring.

Extended breaks: A preapproved accommodation where students are given 10-minute breaks at the break times rather than 5-minute breaks.

Extra breaks: A preapproved accommodation where students are given a break halfway through longer sections and a break after every section.

Form Code: Identifies which SAT test form the student is taking during an administration. The correct Form Code is required for scoring.

Grid (verb): To enter a response (multiple choice or text) onto a machine-readable paper form such as the answer sheet. Also refers to filling in the bubbles. Entries on the answer sheet must be made using a No. 2 pencil.

Hall monitor: Person responsible for monitoring the hallways during testing to respond to proctor needs (e.g., breaks, requests for test coordinator action) and to prevent any unauthorized activities in the testing area.

Irregularity: A problem, disruption, or unacceptable behavior during a test administration. An irregularity may result in a canceled test score or a required makeup. Refer to the Irregularity Chart for more information.

Irregularity Report (IR): Scannable form used to document any irregularities that occur, including security incidents, misconduct, test question errors or ambiguities, other incidents or disturbances, or student complaints.

Large-block answer sheet: A special answer sheet with large answer blocks (squares) instead of bubbles, designed for students with disabilities who have difficulty using a standard answer sheet. Must be approved.

Litho code: 8-digit serial number listed on the answer sheet at the bottom right corner of the first page. This code is used when reporting irregularities.

Makeup test: An administration offered to students who miss a primary administration of the test or encounter an irregularity that invalidates their original administration.

Master Student List: The list of test takers developed by the test coordinator for a test administration at a particular test site or school.

MP3 audio: An accommodated test format that delivers an audio version of the test through an online streaming application.

Nonstandard Administration Report (NAR): A list of students approved for accommodated testing during a specific test administration. Generated in SSD Online and includes detailed information about the accommodations the students are approved for.

Office of Testing Integrity (OTI): An ETS department in charge of test security that investigates reported security breaches.

Pre-ID label: Label provided for each student for schools that participate in bulk registration (preidentification) of students. Label contains some student personal information, such as name, school, birth date, and grade level. The pre-ID label is applied to the answer sheet before the test.

Proctor: Staff member responsible for conducting a secure and fair test administration and for reading the scripts aloud to students. Accountable for and monitors everyone and all testing materials in the testing room.

PSAT/NMSQT® (Preliminary SAT/National Merit Scholarship Qualifying Test): An assessment cosponsored by College Board and National Merit Scholarship Corporation that enters students in the National Merit® Scholarship Program. The PSAT/NMSQT is part of the SAT Suite of Assessments and tests the same knowledge and skills as the SAT, PSAT™ 10, and PSAT™ 8/9.

Reader: A member of the testing staff who reads the test aloud to a student. This must be completed in a 1-to-1 environment. Students with readers automatically get 50% extended time and extra breaks on all sections.

Request to Cancel Test Scores form: Students must complete this form to request score cancellation. Included in the test shipment to test coordinators.

Room monitor: Person responsible for assisting the proctor with monitoring students in the testing room.

Room roster: The list of students assigned to a particular testing room.

SAT questionnaire: The questions that students answer on their answer sheets as part of participating in SAT School Day (also referred to as student information questions). Included is information such as the courses the student has taken in high school, their grades and GPA, experience in various areas of study, extracurricular activities, sports, goals, college interests, and so forth.

SAT School Day coordinator: The staff member responsible for managing the test site and testing staff and for ensuring all test materials are handled securely. The person assuming the test coordinator role is expected to be at the school to supervise all activities related to testing, including accommodated testing.

Services for Students with Disabilities (SSD) office: College Board department that supports accommodation requests and accommodated testing.

SSD coordinator: School staff member who works with students with disabilities who require accommodations on tests. Assists students in applying for accommodations through the SSD Online portal, accesses and prints the NAR and provides it to the test coordinator, and assists the test coordinator in determining testing rooms and staff needed for administering the test with accommodations.

SSD Eligibility Form: A paper form that a student can use to request College Board approval for accommodations on College Board assessments without the assistance of their school.

SSD number: A unique code assigned by College Board to a student who has requested SSD accommodations.

SSD Online: College Board's online system for educators that allows them to submit and manage accommodation and support requests for students.

Student-produced response: A math question that requires the student to arrive at and record an answer rather than select a multiple-choice answer.

Test book serial number: A unique 6-digit code that identifies the test book and is used for tracking secure return of tests.

Test coordinator: See SAT School Day coordinator.

Test ID code: A 7-character code on the back of the test book that identifies the version of the test and is required for scoring.

Testing room code: A 3-digit code assigned by the test coordinator to each test room. It allows timely identification of answer sheets related to any reported irregularities. Test coordinators provide the code to proctors, and students fill in the code on their answer sheet.

Testing Room Materials Report form: The form used by the test coordinator to document the test books, Essay books (if applicable), and answer sheets delivered to the proctor. The form is completed by the proctor to report the testing materials being returned. It also includes a seating chart to record the serial number of each multiple-choice test book distributed to each seat in the room in the order it was distributed.

Testing Staff Agreement: A form that must be signed by all testing staff prior to the start of testing. Each member of the testing staff affirms their acceptance of specific provisions regarding the administration of College Board tests.

Writer/scribe: A staff member who records answers on the answer sheet for a student who is approved for this accommodation. Students with scribes automatically receive 50% extended time and extra breaks on all sections.
