

NMPED School Reentry List

Updated: September 4, 2020

Assuming New Mexico continues to meet the statewide gating criteria for reopening, the following districts and schools are eligible for a phased-in, hybrid model of in-person learning, having met the following criteria:

- District/school county is **in the "green zone"** for new daily cases and test positivity rates
- District/school has a **PED-approved reentry plan**
- District/school has **safety and support plans** in place

To note: Some local School Boards have decided to extend distance learning beyond September 8, 2020. Furthermore, the phase-in plan begins with the prioritization of in-person learning for elementary students. Updates for older grades are forthcoming.
