

Flexible Policies for Administering SAT School Day, PSAT/NMSQT, and PSAT 8/9

As schools continue to deal with uncertainties due to the coronavirus, the top priorities for College Board are the health and safety of you and your students.

To provide the most opportunity for the greatest number of students, we've added administrations and adapted policies and procedures. These changes allow for more flexibility around ordering and ease the process of administering SAT® School Day, the PSAT/NMSQT®, and the PSAT™ 8/9 for in-school testing during the September 2020–January 2021 testing period.

These options currently apply for the in-school administration of SAT School Day in September or October, the PSAT/NMSQT in October or January, and the PSAT 8/9 from September to January. Schools can use these options independently or in combination with one another.

This supplement to your Coordinator Manual explains how the flexible policies will affect how you administer the tests at your school.

1. [Procedural Updates](#)
2. [Revised Administration Dates](#) (including winter PSAT/NMSQT)
3. [Option to Test Across Multiple Dates](#)
4. [Flexible Start Times](#)
5. [No Charge for Unused Tests](#)
6. [Off-Site Testing](#)

IMPORTANT: If you must unexpectedly close your school for testing, do the following:

- Call the Support Hotline immediately.
- Communicate with your testers.
- Follow the instructions for returning/destroying unused test books that apply to your test date (see [No Charge for Unused Tests](#) on page 5).

Procedural Updates

Fee Waivers

Schools no longer need to order fee waivers or fee reductions prior to test day. You'll continue to see a prompt to order fee reductions during the ordering process for SAT School Day, but you can leave this field blank. After test day, sign in to the Test Ordering Site (ordering.collegeboard.org) and select fee-waiver eligible students from an online roster during the invoicing process.

Fall SAT School Day Test Books and Procedures

Schools administering SAT School Day will see a few procedures diverge from what's in the Coordinator Manual.

1. Because covid-19 caused most spring 2020 testing to be canceled, College Board has repurposed unused spring materials for SAT School Day administrations this fall.
 - ♦ For the September 23 SAT School Day administration, test books will have "April 28, 2020" printed on the cover.
 - ♦ For the October 14 SAT School Day administration, test books will have "April 14, 2020" printed on the cover.
 - ♦ For all SAT School Day test dates, complete field 3 on the Coordinator Report Form (CRF) using your actual administration date, not the date printed on the test books.
2. Schools administering SAT School Day on September 23 will not receive the Coordinator Planning Kit. All publications included in the Coordinator Planning Kit (except for the Irregularity Report, which is included in the test materials shipment) are available for download at sat.org/schoolday-downloads.

- Test book return procedures have changed slightly. You will receive two kinds of loosely packed labels in your test materials shipment:
 - The first label is a preprinted UPS return label; affix one to each package in your test book return shipment.
 - The second, a red label, is a new addition. You should also affix one of these labels to each package in your test book return shipment.
 - If administering SAT School Day on the makeup date, bubble in the original October 28 date in field 3 of the Coordinator Report Form (CRF).

<input type="radio"/> Other B	

Changes to PSAT/NMSQT Procedures for the Alternate Test Date

The test date for the PSAT/NMSQT alternate administration has been changed from Wednesday, October 28, to Thursday, October 29. This change will result in a few differences from the directions in your Coordinator Manual:

- The test books will have the of "Wednesday, October 28" printed on the cover. Instructions and fields in the Coordinator Manual and on the CRF also refer to October 28.
- If you're testing students on the alternate administration date for the PSAT/NMSQT, your students must test on Thursday, October 29, to receive valid scores.**
- When returning answer sheets, if testing on Thursday, October 29, select the option for the original test date (Wed, Oct 28) in field 3 when completing the CRF and fill in the actual date of Oct 29, 2020, in field 4.

Image 2: Detail of fields 3 and 4 from the PSAT/NMSQT CRF

	<input checked="" type="radio"/> 9	<input type="radio"/> 9	

Handling Answer Sheets

We encourage you to exercise caution (e.g., by wearing disposable gloves, etc.) when handling used answer sheets, but you must not alter the procedures for returning used answer sheets as given in your Coordinator Manual. We can't process used answer sheets that are individually bagged or placed in sleeves. Doing so may delay or invalidate scores.

Revised Administration Dates

Based on educator feedback, we've added more test dates and adjusted some of the original test dates to provide opportunities to test on different days of the week. College Board added a January administration for PSAT/NMSQT to allow schools to test in the fall or winter. We also added a September administration for SAT School Day to give schools the option to split their students across multiple dates in the fall.

Updated Test Dates for Fall–January 2021:

PSAT/NMSQT	SAT School Day
Wednesday, October 14	Wednesday, September 23
Saturday, October 17	Wednesday, October 14
Thursday, October 29 (Revised Alternate Date)	Tuesday, October 27 (Revised Makeup Date)
Tuesday, January 26, 2021*	

*Added for the 2020-21 school year only

Testing may only occur on the dates listed above. Testing on unapproved dates, regardless of what is printed on the cover of the test book, will result in score cancellation and/or scholarship ineligibility. If your school is unable to administer SAT School Day on either primary date, and can only test during the makeup administration, please contact School Day Support for further assistance.

The PSAT/NMSQT alternate test must be administered on the revised date of October 29 and not on October 28.

Option to Test Across Multiple Dates

Schools can administer fall SAT School Day and the PSAT/NMSQT on multiple administration dates. This flexibility already exists for the PSAT 8/9 and spring SAT School Day.

For SAT School Day, schools can split their students across September 23, October 14, and the October 27 makeup administrations. Schools can use the October 27 makeup administration as an additional test date. If schools need to use the makeup date as an additional test date, they'll be able to order immediately following their primary administration.

For the PSAT/NMSQT, schools can administer the test on the primary test date (October 14) or the Saturday test date (October 17), plus the alternate test date (October 29). In addition, the January 26 test date may also be used alone or in combination with any of the others.

NOTE: Schools participating in the PSAT/NMSQT Study Group, the PSAT 8/9 Study Group, or the PSAT 8/9 Research Group must test on October 14 and return materials immediately following the test to be eligible for their incentives. Study and Research Group participants cannot use the multi-administration option.

To split your order across multiple test dates or to reorder for a new test date, visit the Test Ordering Site (ordering.collegeboard.org). If you already placed an order for the original alternate PSAT/NMSQT test date (Wednesday, October 28), your order will be automatically shifted to Thursday, October 29.

How can this help my school?

Schools operating under local health guidelines can take advantage of multiple administration dates to reduce the number of students reporting to school on a single test date. Schools that are unable to test some or all their students in the fall now have an additional chance to test on a different day of the week in January.

What else do I need to know?

General:

- There is no minimum for the number of students who can test on any of the administration dates.
- Schools covered by district or state contracts should verify which test dates are covered before planning to use multiple administration dates.
- Test books shipped to the school for use on a particular test date cannot be used for a different test date.
 - ♦ Scores may be canceled or made ineligible for scholarship consideration for schools that test using materials intended for a different administration day.
 - ♦ To keep from testing with the wrong materials on the wrong day, please store test materials for different administration days separately and securely.
- To ensure timely and accurate reporting, you must return materials immediately following each administration as instructed in your Coordinator Manual using the return packaging, labels, and forms provided in your test shipment for that date. Do not hold materials or try to consolidate return materials from different test dates.
- If you're testing on more than one date, keep test materials from different dates separate. Don't return answer sheets from different administration dates together; this may result in delayed or invalidated scores.

For SAT School Day:

- Students may sit for multiple SAT School Day administrations.
- Schools that intend to use the makeup date (October 27) as their only primary administration can download additional student guides and manuals from sat.org/schoolday-downloads or call School Day Support to request additional printed copies.

For PSAT/NMSQT:

- Students taking the PSAT/NMSQT may not take the assessment more than once. Scores may be delayed or canceled if answer sheets for the same students are returned from multiple administrations.
- Schools can use the Test Ordering Site to place orders for multiple test dates. Ordering for the January administration will open in mid-October.
- Schools may test on all four dates; however, this isn't recommended as it introduces additional complexities. For example, test books for the Saturday and the January test dates must be returned immediately after test day, and score reports won't include question-level detail.
- If your school will be using the test books from the PSAT/NMSQT primary date to review results with students, please ensure that books are clearly marked and stored securely and separately from test materials for other administration dates.
- College Board is providing opportunities for districts and schools to upload bulk registration files for the October and January administrations. If testing multiple times in October, consider using the optional codes to help sort groups of students by test date.

Additional tips:

- Schools should define a set of criteria to determine which students will test on which test dates. For example, students with last names starting with the letters A–L test on the first day, all other students test on the second, etc.
- If administering the PSAT/NMSQT on multiple dates, plan to review scores with the students testing at different times in separate sessions. Scores for answer sheets from the October administrations that are returned on time will be available on the K–12 reporting portal in late November or early March for the January administration.

Table 1: Example of 3 different multi-administration testing plans for SAT School Day

	School A (250 students)	School B (250 students)	School C (250 students)
Wednesday, September 23	None	100 students test	100 students test
Wednesday, October 14	All 250 students test	150 students test	100 students test
Tuesday, October 27	Makeup testing only	Makeup testing only	50 students test* (in addition to makeup testing)

*The 50 students testing on October 27 won't have a makeup option.

Table 2: Example of 3 different multi-administration testing plans for the PSAT/NMSQT

	School A (250 students)	School B (250 students)	School C (250 students)
Wednesday, October 14	125 students test	None	None
Saturday, October 17	None	50 students test	None
Thursday, October 29	125 students test	150 students test	None
Tuesday, January 26	None	50 students test	250 students test

Flexible Start Times

For SAT School Day, the PSAT/NMSQT, and the PSAT 8/9, schools can start testing earlier and/or later than usual and split their students across multiple testing groups.

How can this help my school?

Schools operating under local health guidelines can stagger arrivals and dismissals to be certain they have enough space to meet social distancing requirements.

What else do I need to know?

All requirements for timing and breaks still apply, and all testing must be completed within the same day (unless students are approved for a multiday testing accommodation).

Schools participating in the PSAT/NMSQT and/or PSAT 8/9 Study Group(s) may also use flexible start times.

Important reminders:

- All testing must start before the first group to test completes testing; that is, no group of students can begin testing after another group has completed the test.
- A group must have completed all testing before they are dismissed for lunch.
- Mobile phones may be returned to exiting groups of students as they complete testing only after the last group of students has begun testing.

- Schools can use flexible start times when testing groups of students taking the same assessment or taking different assessments. (For example, if administering both SAT School Day and PSAT/NMSQT, the group of SAT School Day testers could begin first, with PSAT/NMSQT testers starting at a later time.)

Additional tips:

- Consider multiday test takers and students with extended time when assigning test groups. College Board recommends assigning students testing with extended time to the earliest testing group.
- Work with school administrators to keep track of bus schedules and when students will arrive at school for testing. This will affect testing group assignments.
- Plan for any necessary changes to attendance-taking procedures for early and late testing groups.
- Assign rooms for separate testing groups in different areas of the school building to limit contact between students.
- Allow students to consume snacks and drinks while standing behind their desks (away from test materials). Snacks and drinks must still be stored under desks during testing.
- Be aware of staff schedules while planning. Overlapping groups will require additional proctors and test staff relative to regular testing. Consider assigning proctors to help with other duties when they are not testing their own groups.

Table 3: Example of multiple start times when administering SAT School Day and/or PSAT/NMSQT

Group A Time	Group B Time	Task
6:45 a.m.	8:45 a.m.	Staff reporting time and facility preparation.
7 a.m.	9 a.m.	Review staff assignments and room assignments. Distribute materials to staff, including Testing Room Materials Report forms.
7:15 a.m.	9:15 a.m.	Staff report to their rooms and prepare for student arrival.
7:30 a.m.	9:30 a.m.	Students report to the designated assembly area.
7:45–8 a.m.	9:45–10 a.m.	Admit students to assigned testing rooms and collect electronic devices (if applicable).
8 a.m.	10 a.m.	Close testing room doors.
8–8:30 a.m.	10–10:30 a.m.	Distribute materials and read preliminary instructions.
8:30 a.m.	10:30 a.m.	Begin testing.
11:25 a.m.	1:25 p.m.	Testing ends for standard timing of the PSAT/NMSQT.
11:45 a.m.	1:45 p.m.	Testing ends for standard timing of the SAT without Essay.
12:55 p.m.	2:55 p.m.	Testing ends for standard timing of the SAT with Essay.

No Charge for Unused Tests

Schools won't be charged test fees if they're unable to administer:

- September or October SAT School Day
- September to February PSAT 8/9
- October or January PSAT/NMSQT

How can this help my school?

As the covid-19 pandemic continues to evolve, we understand many schools and districts are pursuing partial or full virtual instruction options and experiencing shifting schedules. We know the decision to test may not be made until closer to the administration dates, so we're providing this additional flexibility.

What else do I need to know?

- Please adjust your test book volumes the best you can by the ordering deadlines. (Wednesday, September 16, for October SAT School Day and PSAT/NMSQT, and December 4 for the January PSAT/NMSQT.)
- If you end up only using some of your test books for SAT School Day, follow the instructions in your Coordinator Manual for returning materials within 2 days of testing to Ewing, N.J.
- If you end up only using some of your test books for PSAT/NMSQT or are unable to test any students, follow the instructions in your Coordinator Manual for returning materials:
 - ♦ For Oct 17 test date: Return test books no later than the next school day after testing is completed.
 - ♦ For Oct 14 or 29: Discard all unused test books (except for Study or Research Group participants, for whom all test books must be returned).
 - ♦ For Jan 26 test date: Return test books no later than the next school day after testing is completed.

Off-Site Testing

Schools don't need to submit an off-site plan for approval for their SAT School Day fall 2020 administrations. For SAT School Day, the PSAT/NMSQT, and the PSAT 8/9, you'll simply select the sites you want to use and order materials for those sites accordingly.

How can this help my school?

Schools following local health guidelines can use this option to distribute students among multiple locations, allowing for more distance between test takers.

What else do I need to know?

- To ensure accurate test material tracking, security, and adherence to test administration policies:
 - ♦ Record the off-site location name and testing room code(s).
 - ♦ Provide test books in intact bundles—don't open shrink wrap prior to test day.
 - ♦ Record the number of test books provided to each off-site location.
- Order extra materials in proportion to the number of off-site locations you are using to avoid the need to break test book bundles.
- You must return all materials for the off-site and primary locations following each administration.
- College Board recommends that schools return materials from off-site and primary testing locations in one consolidated shipment for each test administration date, if possible. If you plan to return materials directly from each site, contact customer service using the contact information listed in the Coordinator Manual to request additional test return kits.

For Planning Purposes:

- Assign an off-site test coordinator for each off-site location.
- Each location's test coordinator is responsible for ensuring the off-site location meets the requirements for test material security, room configuration, seating (round tables are prohibited for testing), and test day staffing, as described in the applicable assessment Coordinator Manual.
- Make sure off-site test coordinators and proctors are provided with the appropriate training.
- Plan for secure transport of materials to each off-site location and ensure each off-site location is supplied with the necessary materials prior to test day. Off-site test coordinators must be available to accept materials and securely store them until they are returned after testing.
- For locations that are not owned by your school district, make sure there is somebody available to address any problems that arise on test day. Also ensure that you are able to disable bells, alarms, and intercoms for the entirety of test day.
- Plan for any necessary changes to attendance-taking procedures for off-site testing and ensure your school administration is appropriately informed of all students' whereabouts on test day.
- Take steps to ensure the testing experience for students is not disrupted or negatively impacted by their environment. If this is not possible for a given location, consider a different one. This is especially critical if a school chooses an outdoor site.

Additional tips:

- Consider district offices, religious institutions, or community centers as viable off-site testing choices. Look for other sites in the district that are on bus routes to make it as easy as possible for students to get to their designated testing site.
- Make a plan early and clearly communicate it to staff, students, and parents to limit test day confusion.
- Work with your SSD coordinator to plan for students with accommodations.
- Schools participating in the PSAT/NMSQT and/or PSAT 8/9 Study may also take advantage of off-site testing.

We're Here to Help

We're pleased to give schools these options for administering our assessments during this unprecedented time. Schools will be required to follow local public health guidelines and should be prepared to implement last-minute changes and effectively communicate them to students. College Board supports efforts to help ensure the safety and comfort of their staff and students. The [CDC](#) recommends taking precautions such as:

- Requiring and/or providing face masks, gloves, hand sanitizer, or other PPE.
- Spacing students at least 6 feet apart to adhere to social distancing guidelines.
- Encouraging students and staff to practice regular handwashing and stay home if they are sick.

If your school will be closed on your scheduled test date, College Board must be notified immediately by your district. If you are unsure whether your district will notify College Board, please contact the Support Hotline immediately.

If you have already received test materials and are unable to test on your scheduled test date, please ensure materials are safely secured:

- PSAT/NMSQT and SAT School Day test materials cannot be reused later and must be destroyed or returned to College Board when school resumes and it is safe to do so:
 - ♦ For SAT School Day, return all test books.
 - ♦ For PSAT/NMSQT, follow instructions under [No Charge for Unused Tests](#) on page 5.
 - ♦ Please notify PSAT-related Assessments or School Day Support that you cannot test.
 - ♦ If feasible to test on the SAT School Day Makeup date, follow instructions in your manual to order materials.
- If your school was scheduled to administer PSAT 8/9, test materials can be used later in the testing window.

College Board is committed to giving you and your students a positive testing experience. We'll continue to provide detailed updates for schools and districts, as well as professional learning opportunities.

PLEASE CONTACT US WITH ANY QUESTIONS.
