

1. Innovative and Distinctive Education Program

Some of the purposes of the Charter Schools Act are to encourage different and innovating teaching and educational programs that improve student achievement, and encourage parental and community involvement. 1978 NMSA §22-8B-3.

a. School or Mission Specific Unique, Innovative, and Significant Contributions

The school shall provide a narrative on how the school has fulfilled its mission and how the equity council has influenced any decisions for the 2020-2021 SY. These contributions may include:

1. Teaching methods
2. Measures of student achievement
3. Professional development for teachers
4. Learning programs
5. Encouraging parental or community involvement
6. School's Equity Plan
7. Monitoring students' social emotional and behavioral development

School response:

Teaching methods: North Valley Academy revised their teaching methods and instructional delivery in 2014. We started with five, simple and clear directives, about delivering instruction, to lay the groundwork for what evolved into a more complex methodology that is consistent now from kindergarten through 8th grade with a focus on small group learning and guided instruction. This means that students have the opportunity to work in small groups, directly with their teacher, addressing the concepts and strategies that they need specifically. This information is derived from face to face, formative instruction that allows teachers to target instructional concepts and delivery to students; ALL students. This benefits every child and creates an individualized feel to instruction. This model of teaching method puts NVA in the best position to achieve our academic goals AND, it's good for kids. It speaks to the Health and Wellness focus which is about whole child education. Supported through Professional Learning Communities, these work sessions drive collaborative unit planning and instructional strategies for delivery of content. Consistency, leveled materials, and thoughtful, strategic physical arrangement of learning spaces are the additional elements that support these efforts.

Measures of student achievement: NVA allows for and encourages student demonstration of competency in a variety of methods - Short cycle assessments are probably the most commonly thought of measurements in determining overall success of students' proficiency for schools. But we also know that students learn in different ways and should be able to show competency in different ways. Short cycle assessments are reviewed in PLCs and used as data to drive instruction. PLCs also spend time reviewing rubrics, writing samples, problem solving assessments and journal entries to gain insight into students' thinking. All of these methods of evaluation not only help paint a picture of North Valley Academy's progress as a whole, but they also inform the curriculum cycle which is a constant review of how we approach learning, how our students are doing, and what comes next. Formative assessments as described above are critical in meeting our students where they are.

Professional Development for teachers: Having a Chief Instructional Officer (Instructional Coach) allows for scheduled and structured support of teachers in collaborative planning as well as peer to peer feedback and reflection. The Chief Administrative Officer can implement observation and evaluation with critical feedback, but the layer of interaction between coach and teachers, in several configurations (grade level, articulated, content area, etc), facilitates a climate of [adult/teacher] learners who are constantly encouraged to reflect on and improve their practice. ELTP encourages us to support PD in a more intentional and consistent manner, and the CLR framework provides a focused foundation for PD as we strive to integrate it as the foundation of all of our work.

Topics for the 20-21 school year include, but are not limited to –

Culturally and Linguistically Responsive Teaching and Learning

Distance Learning

Using Short Cycle Assessment Data

COVID-19 Training

Standards Prioritization

Social Emotional Learning (continued) Second Step

*Note – return to school in the fall of 2020 was a unique experience with many questions as to the logistics of how to start school and the priorities regarding instruction. The timelines were tight and the target continually moved. Chief Administrator and Chief Instructional Officer attended a national seminar in June (virtually) that provided structure to addressing “learning loss”. We did meet with teachers over the summer to prioritize standards and create a curriculum map and scope of instruction. We did this with the thought that regardless of where the students were getting their instruction, we would create consistency and a plan so we could share the expectation. This was beneficial to engage teachers in this task as they assumed the overwhelming position of being all things to students during a time when no one knew what to expect. We maintain our belief that consistency and normalizing our routines in a virtual setting are providing the support, as well as a sense of “knowing the expectation” for our students, that they desperately need. Our BOY short cycle assessments have shown we are still on track with our academic goals, despite the COVID-19 pandemic.

Learning Programs: Research based programs, structure/strategies such as Reading & Writing Project from Teacher’s College, Daily 5 and CAFE, Illustrative Math, training from the Buck Institute, and training to appropriate developmental conceptual knowledge, have all strengthened NVA teachers to a foundational understanding of meeting students where they are to then develop in a manner that suites genuine growth. This moves the school away from “curriculum” and toward a developmental philosophy about learning, for ALL students.

NVA takes pride in our commitment to Electives and Enrichment, built into the school week that allows students, to choose and experience opportunities they may not otherwise have in a traditional school setting. These classes range from cooking and crafting to outdoor education (in partnership with Cottonwood Gulch), film making, coding, art mediums, music, and much more.

All of these learning models promote problem solving and a sense of process oriented understanding, and this satisfies universal principles for child development. Couple this with developing rapport and value for each child - their unique experiences and heritage; and we have the foundation for creating culturally responsive classrooms and vast opportunity for students.

Parental or Community Involvement: NVA extends a strong school culture to families. This is developed through -

weekly news

an updated website

NVA school wide celebrations

academic nights

social gatherings

newly formed or better implemented advisory opportunities

NVA is one of 7 NM districts awarded the *Support for Improving Health and Student Success* grant. We are in year three.

Also, parent resources and outreach programs are improved every year at NVA; supporting attendance, identification of at risk families, services or materials to

facilitate equity, social work services, and this year, a Family Engagement Coordinator to personalize support.

Equity Plan - The NVA Equity Council began in the winter of 2020 and even with a slight interruption during the spring building closures, the Equity Council has continued the work. Supported by an expert facilitator, the Equity Council meets regularly and has had budget orientation, goal setting discussions and a collaborative project with the administrator core team to provide study materials for the work NVA has committed to with Dr. Sharroky Hollie - Culturally and Linguistically Responsive Teaching. - The Equity Council has reviewed At-Risk allocations and can begin giving supportive input to that budget.

A unique and authentic opportunity for personalized reflection and goal-setting in establishing a culture of equity will present itself through Equity Council sponsorship of a CLR audit of teaching strategies in 2021.

Monitor students' social emotional and behavioral development: NVA's full time Social Worker is not only dedicated to serving students with social work services as part of their IEP, but also dedicated to support in the general education population with teachers and families having the ability to make a referral for contact. She is also instrumental as we have started the school year in reaching out to families to make sure they have the support they need and can provide resources and direction for additional support as necessary. Our Social Worker is facilitating the implementation of the Second Step (Committee for Children) comprehensive, social-emotional learning curriculum, K thru 8. NVA is in the second year of utilizing the Second Step curriculum and this is a collaborative effort among each classroom teacher as well as the social worker who offers focused lessons and support in the classroom. A very timely program as school started this fall (2020). Our Family Engagement Coordinator will support Title 1 work, resources for families, and child care for families. In partnership with the Social Worker, they will work to further develop and implement a solid attendance support framework as well.

b. Equity and Identity within the Culture of the School including Student Support

This item of the renewal application allows schools the opportunity to include additional information that is not already collected, but that should be considered when making a determination about the renewal of its charter. The school will create a representation that highlights how their school environment is inclusive, reflective of the community, validates students' cultures and identities, and supports all students' sense of belonging.

Note: If your school wishes to display visual art or performance art (such as sculpture, painting, recorded performance or live performance by students), your school will be given no more than 15 minutes at its renewal hearing to present the representation. If a school wishes to submit a narrative, it shall be submitted along with the renewal application.

School response:

Statement - NVA strives to work with students and families in an individualized manner with regard to all aspects of student growth - academic, intellectual, and social-emotional. NVA has incorporated a personal power statement for students within the handbook and promotes the idea of self-reliance and integrity for ALL students.

North Valley Academy does have a visual representation we would like to share with the Public Education Commission

2. Academic Performance

The Charter School Act provides as follows:

A charter may be suspended, revoked, or not renewed by the chartering authority if the chartering authority determines that the charter school... failed to meet or make substantial progress toward achievement of student performance standards identified in the charter contract.

a. School Support and Accountability

Any school that has not maintained a “C” or better letter grade in SY2017 and SY2018 OR is not identified in the top 75% of all schools in SY2019 and SY2020 on the NM System of School Support and Accountability, must provide a narrative that describes the improvement actions targeted to improve the student outcomes (school/adult/leader/teacher actions) and the success of those actions (student academic successes/improved outcomes).

Implementation of the described improvement actions should be verifiable through documented evidence at the site including renewal site visit. **Please identify specific evidence of both the school/adult/leader/teacher actions and the student academic successes/improved outcomes in the narrative.**

The narrative should reference performance data that can be reviewed and verified either during the renewal site visit or during the “desk audit” review of the application. If providing data, please attach in Appendix E and reference the appendix by name in this narrative. (Appendix E – Academic Data)

Schools that have maintained a “C” or better letter grade in SY2017 and SY2018 and were identified in the top 75% of all schools in SY2019 and SY2020 in the NM System of School Support and Accountability AND have not received a “D” or “F” in any indicator of the state report card during SY2017 and SY2018 do NOT complete this Section.

School response:

In the 2018-2019 school year North Valley Academy was identified in the top 75% of all schools on the NM System of School Support and Accountability and is considered a Traditional Support School. Additional, highlighted information from this includes (source - NM Vistas):

Overall Performance Score of 52 (state average Elementary/Middle Schools 48)

Performance Scores

Reading	NVA 30%	District 31%	State 34%
Math	NVA 26%	District 21%	State 21%
Science	NVA 55%	District 38%	State 40%

Growth in Reading 56th %

Growth in Math 72nd % NVA HAS A SCHOOL DESIGNATION IN THIS AREA!

English Learners Progress NVA 31% District 29% State 29%

Overall Survey Score 43/50 District Average 39 State Average 41

Educator Quality 58% of our teachers have over 10+ years of experience

NM System of School Support and Accountability shows some of the progress NVA has made over the years. NVA has made purposeful adjustments since the FY2017 and FY2018 report cards. Overall for both of these years, NVA scored a C, however the school did score low in a few categories and we provide the following response:

2017 School Report Card - Overall Final Grade C (55.02)

- D Current Standing 16.84/40
- F Student Growth of Lowest Performing Students 6.08/20

2018 School Report Card - Overall Final Grade C (53.06)

- D Current Standing 15.05/40
- D School Improvement 3.91/10
- F Student Growth of Lowest Performing Students 9.21/20

To improve the current standing of the school, NVA focused on a heightened use of data (short cycle assessment as well as formative) to drive the instructional planning and implementation. In 2017, NVA moved from using (discontinued) Discovery Education to NWEA as the short cycle assessment provider. Our goal was an authentic picture of student proficiency as well as utilizing a short cycle assessment that was a better correlation to the state summative assessments. Although NWEA has comprehensive elements, it did not provide data we found useful to guide instruction and gave elevated proficiency scores when correlated to state summative assessments. After two years of using NWEA, NVA chose to move to the iStation short cycle assessment. IStation has provided our teachers with professional development on how to specifically use the detailed data to drive instruction. Without additional summative assessment (EOY) data, it

is unknown if the correlation will be more in line but, the information we gain from our short cycle assessment does satisfy some of the work we are doing to improve the current standing of the school and growth of the lowest quartile.

In the 2019-2020 school year, North Valley Academy used iStation short cycle assessment for the beginning of year (BOY), and middle of year (MOY) assessment. Even though we were unable to complete the end of year (EOY) assessment due to the spring school closure, NVA saw substantial and promising growth in both math and reading scores as shown:

iStation Short Cycle Assessment:

% of students at or above grade level proficiency or met their individual EOY goal as of January 2020 (Appendix E – Academic Data)

BOY to MOY Reading	K-5th 50.90%
	6th-8th 72.40%
BOY to MOY Math	K-5th 64.30%
	6th-8th 78.40%

The goal is to improve the overall current standing of all of our students.

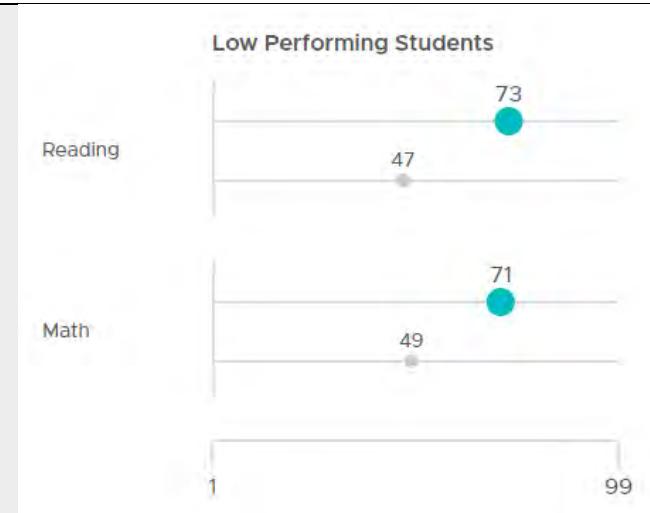

In regards to the *Student Growth of Lowest Performing Students*, NVA has targeted improvement efforts with this group specifically. In the 2018-2019 school year, 19% of our students were *Students with Disabilities*; *Student Growth of Lowest Performing Students* includes most of our students with disabilities.

As NVA's special education population continues to increase, there has been concerted effort around the department and servicing students with disabilities. In the fall of 2017 NVA celebrated opening a new, larger special education facility space to maximize learning potential for our students. The department also created a special education model allowing special education teachers to teach content area specialization of instruction. This allows teachers to focus on individual needs more effectively and additionally, push into classrooms as much to provide students with an additional layer of support in their least restrictive environment. NVA also created a self-contained classroom for the most vulnerable students with disabilities who's IEP specified that level of service (academic and behaviorally) with an expert teacher that focuses not only on strong academic support, but also a structured social curriculum and creating a positive, safe learning environment with high expectations.

2018-2019 Performance Scores for *Students with Disabilities* Proficiency Rates (source - NM Vistas)

Reading	NVA 8%	District 8%	State 12%
Math	NVA <5%	District 6%	State 8%
Science	NVA 16%	District 11%	State 15%

Based on the 2018-2019 overall student improvement rates, most of the students in the *Student Growth of Lowest Performing Students* group have shown expected improvement (source - NM Vistas).

NVA anticipates an increase in these scores due to the changes we have implemented over the past few years. We continue to implement best practice and monitor for growth.

b. School or Mission Specific Charter Goals

Pursuant to 1978 NMSA, §22-8B-9.1 each charter school authorizer must allow for the inclusion of additional rigorous, valid and reliable indicators proposed by a charter school in each school's performance framework to augment external evaluations of its performance, provided that the chartering authority approves the quality and rigor of the indicators and the indicators are consistent with the purposes of the Charter Schools Act.

All applicants must report on each school or mission specific charter goal that is included in the school's performance framework. Applicants must provide a summary analysis of their performance on each goal over the term of the contract. This analysis must state, for each year of the contract, whether the goal was met and must include longitudinal data that can show the progress of the school over the contract term. For each goal, the applicant should provide a visual representation of the longitudinal data.

For any applicant that did not meet all of their goals in each year of the contract term, provide a narrative that addresses the improvement actions (school/adult/leader/teacher actions) targeted to improve the school's performance on that school or mission specific goal and the success of those actions (student academic successes/improved outcomes). The purpose of the narrative is to demonstrate substantial progress toward achieving and maintaining sufficient performance on the school or mission specific goal. The narrative should only address a goal that was not met in each year of the contract term.

Implementation of the described improvement actions should be verifiable through documented evidence at the renewal site visit. **Please identify specific evidence of both the school/adult/leader/teacher actions and the student academic successes/improved outcomes in the narrative.**

The narrative should reference performance data that can be reviewed and verified either during the renewal site visit or during the "desk audit" review of the application. If providing data, please attach in Appendix A and reference the appendix by name in the narrative. (Appendix A – Mission Goal Data)

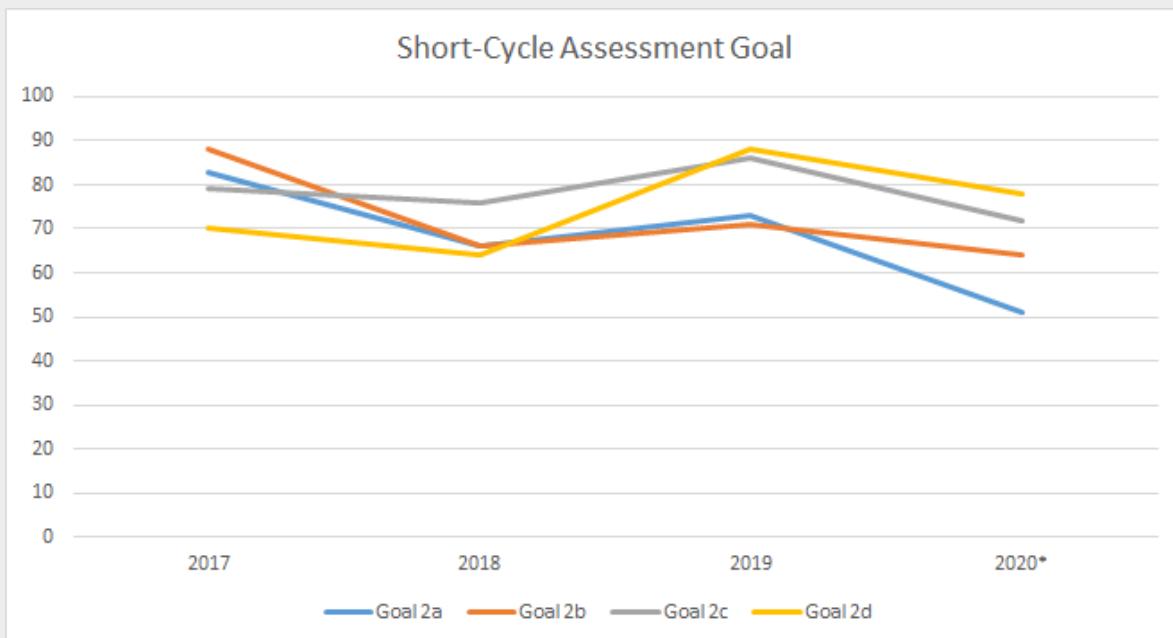

Schools that have met all of their school or mission specific goals in each year of the contract term do NOT provide a narrative.

School response:

Short-Cycle Assessment Data for 2017-2020*

	2017	2018	2019	2020*
Goal 2a	83	66	73	51
Goal 2b	88	66	71	64
Goal 2c	79	76	86	72
Goal 2d	70	64	88	78

Blue= Exceeds Standards Green= Meets Standards
Yellow= Does Not Meet Standards Red= Fall Far Below Standards

*2020 Data is based on Beginning of Year (BOY) to Middle of Year (MOY). End of Year (EOY) is not available due to spring school closure, however NVA wants to note that over 50% of all students were at grade-level proficiency or had met their EOY growth goal by MOY.

Goal 2a: Short-cycle assessment data (Discovery) will be used to measure academic growth or proficiency in Reading of full academic year (FAY) students, grades K-5.

Goal 2b: Short-cycle assessment data (Discovery) will be used to measure academic growth or proficiency in Math of full academic year (FAY) students, grades K-5.

Goal 2c: Short-cycle assessment data (Discovery) will be used to measure academic growth or proficiency in Reading of full academic year (FAY) students, grades 6-8.

Goal 2d: Short-cycle assessment data (Discovery) will be used to measure academic growth or proficiency in Math of full academic year (FAY) students, grades 6-8.

In 2018, North Valley Academy saw a drop in short-cycle assessment data. In 2017, NVA used Discovery Education as the short-cycle assessment, but Discovery did not continue the contract with the state of New Mexico, which caused NVA to choose a different short-cycle assessment vendor for the 2018 school year. NVA chose to administer NWEA for reading and math short-cycle assessments.

The administrative team believes the drop in scores was likely the result of a new assessment platform which was unfamiliar to students. NVA adjusted additional professional development opportunities to focus instruction and capitalize on small group instruction as well as clear strategies and student ownership (understanding their own potential and areas of growth). The following year, 2019, the scores increased dramatically, resulting in 3 Meets Standards and 1 Exceeds Standards.

3. Financial Compliance

The Charter School Act provides as follows:

A charter may be suspended, revoked, or not renewed by the chartering authority if the chartering authority determines that the charter school...failed to meet generally accepted standards of fiscal management.

a. Audit Report Summary

Every charter school is subject to the Audit Act. (1978 NMSA §22-8B-4; 1978 NMSA 22-8-1 *et. seq.*) The Public School Finance Act requires the audit committee of each charter school governing body to track and report progress on the status of the most recent audit findings and advise the local school board on policy changes needed to address audit findings.

Please edit the actual year you are referring to in the table. For example, Year 1 should be changed to the audited year (such as FY16) within the current contract. Also, provide a summary of the nature of findings including category levels. Include and indicate any repeat audit findings involving a material weakness or significant deficiency.

Year	Total # of Findings	Nature of Findings including Rating (Compliance, Significant Deficiency, Material Weakness)	School's Corrective Action Plan
2016-17	0	No audit findings in 2016-17.	N/A
2017-18	1	<p>2018-001 – Untimely Cash Receipts (Compliance and Other Matters)</p> <p><i>Condition:</i> During our review of 12 cash receipts, we noted one cash receipt in the amount of \$92 that was not deposited within 24 hours of receipt.</p>	<ol style="list-style-type: none"> Business Manager reviewed the requirements of NMAC 6.20.2.14 with the individual responsible for preparing and delivering the bank deposits. The school designated alternative individual/s to prepare and deliver the bank deposits to serve as a back-up when the responsible individual is absent.
2018-19	2	<p>2019-001 - Controls over Employee Contracts - Other Matters</p> <p><i>Condition:</i> During our review 8 employee files and related employee contract documentation, we identified one stipend for an employee in the amount of \$2,000 in which the School was unable to provide documentation to support the authorization of the stipend payment.</p> <p>2019-002 - Internal Controls over Capital Assets - Other Matters</p> <p><i>Condition:</i> During our audit we identified the following exceptions related to capital asset additions:</p> <ul style="list-style-type: none"> The School incorrectly excluded \$3,277 in applicable taxes on one of the School's FY19 capital asset additions related to building improvements. 	<ol style="list-style-type: none"> Employee contracts will be filed in the employee's personnel file once signed by the employee and authorizing administrator. Prior to processing in payroll, the Business Manager will verify that a signed contract is in the employee's personnel file. Business Manager will review all invoices related to capital assets and building improvements to ensure that the entire cost, including sales tax, is accurately recorded in the fixed asset listing. Donations received by the school will be recorded in an appropriate governmental fund

		<ul style="list-style-type: none">• The School incorrectly classified a \$14,000 contribution from the PTO and the subsequent capital expenditure of drinking water fountains in an activity fund instead of a governmental fund of the School, which required a reclassification adjustment of this activity.	that allows for accurate tracking of expenditures for capital assets.
--	--	--	---

b. Board of Finance

Pursuant to 1978 NMSA §22-8-38, failure of the governing body of a state-chartered charter school to qualify for designation as a board of finance constitutes good and just grounds for nonrenewal or revocation of its charter.

Further, pursuant to 1978 NMSA §22-8-39, the department may at any time suspend a local school board or governing body of a state-chartered charter school from acting as a board of finance if the department reasonably believes there is mismanagement, improper recording or improper reporting of public school funds under the local school board's or governing body of a state-chartered charter school's control.

When the governing body of a state-chartered charter school is suspended from acting as a board of finance, the department is required to consider commencing proceedings before the Commission to revoke or refuse to renew the charter of the state-chartered charter school.

If the school's **Board of Finance was suspended** at any time during the term of the contract, the school must provide a narrative explaining the actions taken (**school/adult/leader/board actions**) on the school's own initiative to correct financial compliance and regain the Board of Finance Authority and the success of those actions (**improved practices and outcomes**).

The school must also describe the current status of the Board of Finance and continuing actions to ensure the same financial challenges do not reoccur. Success should be identified by specific changes in practice.

The narrative must be supported by evidence provided in an appendix (Appendix B – Board of Finance) and verifiable through evidence at the renewal site visit. **Please identify specific evidence of both the school/adult/leader/board actions and the improved practices and outcomes in the narrative.**

Schools that have maintained all Board of Finance authority during the entire term of the contract do NOT complete this Section.

School response:

North Valley Academy has maintained Board of Finance authority during the entire term of the contract.

4. Contractual, Organizational, and Governance Responsibilities

The Charter School Act provides as follows:

A charter may be suspended, revoked, or not renewed by the chartering authority if the chartering authority determines that the charter school...committed a material violation of any of the conditions, standards, or procedures set forth in the charter... *or*...violated any provision of law from which the charter school was not specifically exempted.

a. Charter Material Terms of Comprehensive Educational Program

Pursuant to 1978 NMSA §22-8B-9, each charter contract must contain material terms of the charter application as determined by the parties to the contract. The PEC's contract identifies all material terms, or in some contract versions, the components of the comprehensive educational program.

If a school received a rating of "working to meet standard" or "falls far below standard" for Indicator 1.a in its Web-EPSS annual report for any year within the contract term, the school must describe the improvement actions the school made to address the deficiencies.

School response:

North Valley Academy has met or exceeded standards on the Material Terms for all school years SY17-SY20.

b. Organizational Performance Framework

Pursuant to NMSA §22-8B-9.1, the performance framework for each charter school must include performance indicators and performance targets for governing body performance, including compliance with all applicable laws, rules and terms of the charter contract.

For any school that has received a repeated “working to meet standard” rating or any “falls far below standard” rating for one or more of the organizational performance framework indicators on the most recently completed organizational performance framework evaluation provide a narrative explaining the improvement actions made (school/adult/leader/board actions) to meet all legal compliance requirements and the effectiveness of those actions (improved practices and outcomes) in improving organizational performance and compliance.

The purpose of the narrative is to demonstrate substantial progress toward achieving and maintaining organizational performance and compliance.

Implementation of the described improvement actions should be verifiable through evidence at the site visit. **Please identify specific evidence of both the school/adult/leader/board actions and the improved practices and outcomes in the narrative.**

If the school has received any Office of Civil Rights complaints, formal special education complaints or NM Attorney General complaints or enforcement action, or, the school must identify those, provide all communications (redacted to protect PII) related to those complaints in an appendix (Appendix C – Complaint Communications), and describe the current status of the complaint. If any of those complaints have been resolved and resulted in a finding that the school violated any law, the school must provide a narrative describing the required compensatory and corrective actions required and their status in implementing those actions. The implementation of such actions must be verifiable through evidence during the renewal site visit.

Schools that do not have any repeated “working to meet standard” ratings or any “falls far below standard” ratings on the most recent organizational performance framework evaluation do NOT complete this Section.

School response:

IV-A.00 – 2016-17: The school did not provide evidence of actions taken to address FY16 audit findings related to procurement as requested by CSD. Staff training materials were not uploaded to WebEPSS as requested, but the school did make significant progress in addressing this standard by eliminating the finding in the FY17 audit. In FY17, the school did not receive any audit findings.

IV-A.00 – 2018-19: The school had one minor, non-compliance audit finding regarding untimely cash receipts. The school provided evidence that the finding was discussed in the Governing Council meeting and provided a copy of the school's cash receipt procedure as requested by CSD. NVA showed significant progress as the finding was not repeated in the following year.

c. Governance Responsibilities*

Pursuant to 1978 NMSA §22-8B-4, each charter school must, at all times, have at least five members and no members may serve on any other charter school governing body. Further, the governing bodies must operate in accordance with their charter contract and bylaws. The PEC's performance contract requires that the PEC is notified of board vacancies within 30 days, and that vacancies are filled within 45 days.

Additionally, pursuant to NMSA §22-8-12.3, Boards must maintain audit and finance committees that meet statutory requirements.

Further, pursuant to NMAC 6.80.5.8, and 6.80.5.9, each charter school governing body member must annually complete certain hours of approved training.

Finally, governing body members are held to the conflict of interest requirements laid out in NMSA §22-8B-5.2.

Each school must identify how they have met governance responsibilities during the term of the contract. Specifically, the school must identify:

- the membership of their boards, at all times, during the term of the contract (with roles and service terms for all members), this should also include membership of the required committees;
- any time when membership on the governing body fell below the requirements in their by-laws or the statutory minimum of 5 members;
- any time when the governing body did not maintain the required committee membership;
- the amount of time any vacancies were open;
- any board members that did not complete required training hours in any of the years of the contract term.

If the school identified any governance requirements they were unable to meet, the school must provide a narrative describing the improvement actions the school implemented to move toward full compliance with governance responsibilities.

The purpose of the narrative is to demonstrate substantial progress toward meeting all governance requirements.

The implementation of such actions must be verifiable through evidence during the renewal site visit.

School response:

North Valley Academy has met or exceeded standards on the Governance Responsibilities for all school years SY17-SY20.

In 2017-2018, one member of the Governing Council did not complete the required hours of training. To help minimize this from reoccurring, Governing Council Training became a monthly agenda item. Each member was reminded of how many hours they needed for the year, how many hours they had achieved to that date, and upcoming training available to them. Since 2017-2018, all members of the Governing Council have met the minimum training requirements.

Rob Taylor	September 2014	1/25/18
Julie Crespy	February 2018	7/1/19
Ed Manzanares	September 2014	6/27/18
Aaron Tharpe	August 2016	3/4/17
Mark Mico	December 2015	8/25/16
Scott Fitzgerald	Prior to 2016	6/30/16

- At no time did the membership on the Governing Council fall below the requirements in the by-laws or the statutory minimum of 5 members;
- The Governing Council maintained the required committee membership throughout the term of the contract;
- Vacancies were filled within the required timeframe with the exception of one, requested and granted extension, the beginning of the 18-19 school year.

*** All schools must provide a response for this section of the application.**

Mission-Specific Indicator	Analysis
<p>Mission Goal #2.a: SHORT-CYCLE ASSESSMENT READING: GRADES K-5</p> <p>Short-cycle assessment data (Discovery) will be used to measure academic growth or proficiency in Reading of full academic year (FAY) students grades K-5.</p> <p>Growth: In order to show growth (the first phrase in each of the standards set forth below), FAY students grades K-5 will demonstrate academic growth in Reading as measured by four short cycle assessments using Discovery grade level assessment. The growth will be determined using Discovery projected growth targets for each student as set by the fall test as established by the attached charts developed from Discovery data or as set out specifically in a student's IEP in the fall. Students may show the growth on any of the winter or spring assessments.</p> <p>OR</p> <p>Proficiency: In order to show proficiency, a student scores at Achievement Level III, Adequate or Achievement Level IV, Thorough.</p> <p>EXCEEDS STANDARD</p> <p>The school surpasses the target of this indicator if:</p> <ul style="list-style-type: none"> • 87% or more of FAY students grades K-5 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results. <p>OR</p> <ul style="list-style-type: none"> • The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment. <p>MEETS STANDARD</p> <p>The school meets the target of this indicator if:</p> <ul style="list-style-type: none"> • 70-86% of FAY students grades K-5 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results. <p>OR</p> <ul style="list-style-type: none"> • The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment. <p>DOES NOT MEET STANDARD</p> <p>The school does not meet the target of this indicator if:</p>	<p>Analysis: The school provided the raw NWEA spreadsheet data and a projected growth proficiency table with the number of students who achieved the goal, listed by grade and teacher.</p> <p>Rating:</p> <p>The analysis yielded the following rating: "Does Not Meet" because 60-69% of FAY students (66%) in grades K-5 met or exceeded their individual growth target in Reading short-cycle assessment scores (NWEA MAP), when comparing beginning year results to later results, OR achieved proficiency in reading (above the grade level mean) on the winter or spring short cycle assessment (NWEA MAP).</p>

Date: September 11, 2018

School: North Valley Academy Charter School

Staff: Karen Woerner

- 60-69% of FAY students grades K-5 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

FALLS FAR BELOW STANDARD

The school falls far below the target of this indicator if:

- 59% or less of FAY students grades K-5 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Mission Goal #2b: SHORT-CYCLE ASSESSMENT MATH: GRADES K-5

Short-cycle assessment data (Discovery) will be used to measure academic growth in Math of full academic year (FAY) students grades K-5.

In order to show growth, FAY students grades K-5 will demonstrate academic growth in Math as measured by four short-cycle assessments using Discovery grade level assessments.

Growth: In order to show growth (the first phrase in each of the standards set forth below), FAY students grades K-5 will demonstrate academic growth in Math as measured by four short cycle assessments using Discovery grade level assessment. The growth will be determined using Discovery projected growth targets for each student as set by the fall test as established by the attached charts developed from Discovery data or as set out specifically in a student's IEP in the fall. Students may show the growth on any of the winter or spring assessments.

OR

Proficiency: In order to show proficiency, a student scores at Achievement Level 111, Adequate or Achievement Level IV, Thorough.

Analysis: The school provided the raw NWEA spreadsheet data and a projected growth proficiency table with the number of students who achieved the goal, listed by grade and teacher.

Rating:

The analysis yielded the following rating:

"Does Not Meet" because 60-69% of FAY students (66%) in grades K-5 met or exceeded their individual growth target in mathematics short-cycle assessment scores (NWEA MAP), when comparing beginning year results to later results, OR achieved proficiency in math (above the grade level mean) on the winter or spring short cycle assessment (NWEA MAP).

Date: September 11, 2018

School: North Valley Academy Charter School

Staff: Karen Woerner

EXCEEDS STANDARD**The school surpasses the target of this indicator if:**

- 84% or more of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

MEETS STANDARD**The school meets the target of this indicator if:**

- 70-83% of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

DOES NOT MEET STANDARD**The school does not meet the target of this indicator if:**

- 60-69% of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

FALLS FAR BELOW STANDARD**The school falls far below the target of this indicator if:**

- 59% or less of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Mission Goal #2.c SHORT-CYCLE ASSESSMENT READING: GRADES 6-8

Short-cycle assessment data (Discovery) will be used to measure academic growth or proficiency in Reading of full academic year (FAY) students grades 6-8.

Analysis: The school provided the raw NWEA spreadsheet data and a projected growth

Date: September 11, 2018

School: North Valley Academy Charter School

Staff: Karen Woerner

Growth: In order to show growth (the first phrase in each of the standards set forth below), FAY students grades 6-8 will demonstrate academic growth in Reading as measured by four short cycle assessments using Discovery grade level assessment. The growth will be determined using Discovery projected growth targets for each student as set by the fall test as established by the attached charts developed from Discovery data or as set out specifically in a student's IEP in the fall. Students may show the growth on any of the winter or spring assessments.

OR

Proficiency: In order to show proficiency, a student scores at Achievement Level III, Adequate or Achievement Level IV, Thorough.

EXCEEDS STANDARD

The school surpasses the target of this indicator if:

- 87% or more of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

MEETS STANDARD

The school meets the target of this indicator if:

- 70-86% of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

DOES NOT MEET STANDARD

The school does not meet the target of this indicator if:

- 60-69% of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

FALLS FAR BELOW STANDARD

proficiency table with the number of students who achieved the goal, listed by grade and teacher.

Rating:

The analysis yielded the following rating:

"Meets Standard" because 70-86% of FAY students (76%) in grades 6-8 met or exceeded their individual growth target in Reading short-cycle assessment scores (NWEA MAP), when comparing beginning year results to later results, OR achieved reading proficiency (above the grade level mean) on the winter or spring short cycle assessment (NWEA MAP).

Date: September 11, 2018

School: North Valley Academy Charter School

Staff: Karen Woerner

The school falls far below the target of this indicator if:

- 59% or less of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Mission Goal #2.d: SHORT-CYCLE ASSESSMENT MATH GRADES 6-8

Short-cycle assessment data (Discovery) will be used to measure academic growth in Math of full academic year (FAY) students grades 6-8.

Growth: In order to show growth (the first phrase in each of the standards set forth below), FAY students grades 6-8 will demonstrate academic growth in Math as measured by four short cycle assessments using Discovery grade level assessment. The growth will be determined using Discovery projected growth targets for each student as set by the fall test as established by the attached charts developed from Discovery data or as set out specifically in a student's IEP in the fall. Students may show the growth on any of the winter or spring assessments.

OR

Proficiency: In order to show proficiency, a student scores at Achievement Level 111, Adequate or Achievement Level IV, Thorough.

EXCEEDS STANDARD

The school surpasses the target of this indicator if:

- 84% or more of FAY students grades 6-8 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

MEETS STANDARD

The school meets the target of this indicator if:

- 70-83% of FAY students grades 6-8 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later

Analysis: The school provided the raw NWEA spreadsheet data and a projected growth proficiency table with the number of students who achieved the goal, listed by grade and teacher.

Rating:

The analysis yielded the following rating:

"Does Not Meet Standard" because 60-69% of FAY students grades 6-8 (64%) met or exceeded their individual growth target in Mathematics short-cycle assessment scores (NWEA MAP), when comparing beginning year results to later results, OR achieved math proficiency (above the grade level mean) on the winter or spring short cycle assessment (NWEA MAP).

|--|--|--|

FALLS FAR BELOW STANDARD

The school falls far below the target of this indicator if:

- 59% or less of FAY students grades K-5 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Date: November 13, 2019

School: North Valley Academy Charter School

Mission Goal #2b: SHORT-CYCLE ASSESSMENT MATH: GRADES K-5

Short-cycle assessment data (Discovery) will be used to measure academic growth in Math of full academic year {FAY} students grades K-5.

In order to show growth, FAY students grades K-5 will demonstrate academic growth in Math as measured by four short-cycle assessments using Discovery grade level assessments.

Growth: In order to show growth (the first phrase in each of the standards set forth below), FAY students grades K-5 will demonstrate academic growth in Math as measured by four short cycle assessments using Discovery grade level assessment. The growth will be determined using Discovery projected growth targets for each student as set by the fall test as established by the attached charts developed from Discovery data or as set out specifically in a student's IEP in the fall. Students may show the growth on any of the winter or spring assessments.

OR

Proficiency: In order to show proficiency, a student scores at Achievement Level 111, Adequate or Achievement Level IV, Thorough.

EXCEEDS STANDARD

The school surpasses the target of this indicator if:

- 84% or more of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

MEETS STANDARD

The school meets the target of this indicator if:

- 70-83% of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

DOES NOT MEET STANDARD

The school does not meet the target of this indicator if:

- 60-69% of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

FALLS FAR BELOW STANDARD

The school falls far below the target of this indicator if:

- 59% or less of FAY students grades K-5 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.

OR

- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Analysis:

The school provided data reports generated from the NWEA vendor (Achievement Status and Growth Summary Report Math) for grades K-5 indicating individual student assessment outcomes. Reports provided contained data for both Fall to Winter and Fall to Spring. The school also provided a description of how the school determined the percent of student who met the goal. The school determined 88.76% of students met this goal

Rating:

The analysis yielded the following rating: "Meets Standard" because 70-83% of FAY students (70.51%) in grades K-5 met or exceeded their individual growth target in Math short-cycle assessment scores (NWEA MAP), when comparing beginning year results to later results, OR achieved proficiency in Math (above the grade level mean) on the winter or spring short cycle assessment (NWEA MAP).

Mission Goal #2.c SHORT-CYCLE ASSESSMENT READING: GRADES 6-8

Short-cycle assessment data (Discovery) will be used to measure academic growth or proficiency in Reading of full academic year (FAY) students grades 6-8.

Growth: In order to show growth (the first phrase in each of the standards set forth below), FAY students grades 6-8 will demonstrate academic growth in Reading as measured by four short cycle assessments using Discovery grade level assessment. The growth will be determined using Discovery projected growth targets for each student as set by the fall test as established by the attached charts developed from Discovery data or as set out specifically in a student's IEP in the fall. Students may show the growth on any of the winter or spring assessments.

OR

Proficiency: In order to show proficiency, a student scores at Achievement Level 111, Adequate or Achievement Level IV, Thorough.

Analysis:

The school provided data reports generated from the NWEA vendor (Achievement Status and Growth Summary Report Reading) for grades 6-8 indicating individual student assessment outcomes. Reports provided contained data for both Fall to Winter and Fall to Spring. The school also provided a description of how the school determined the percent of student who met the goal. The school determined 92.43% of students met this goal.

EXCEEDS STANDARD

The school surpasses the target of this indicator if:

- 87% or more of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

MEETS STANDARD

The school meets the target of this indicator if:

- 70-86% of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

DOES NOT MEET STANDARD

The school does not meet the target of this indicator if:

- 60-69% of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Falls Far Below Standard:

The school falls far below the target of this indicator if:

- 59% or less of FAY students grades 6-8 made at least one full year's growth in Reading short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Rating:

The analysis yielded the following rating: "Meets Standard" because 70-86% of FAY students (85.71%) in grades 6-8 met or exceeded their individual growth target in Reading short-cycle assessment scores (NWEA MAP), when comparing beginning year results to later results, OR achieved proficiency in reading (above the grade level mean) on the winter or spring short cycle assessment (NWEA MAP).

Mission Goal #2.d: SHORT-CYCLE ASSESSMENT MATH GRADES 6-8

Short-cycle assessment data (Discovery) will be used to measure academic growth in Math of full academic year (FAY) students grades 6-8.

Growth: In order to show growth (the first phrase in each of the standards set forth below), FAY students grades 6-8 will demonstrate academic growth in Math as measured by four short cycle assessments using Discovery grade level assessment. The growth will be determined using Discovery projected growth targets for each student as set by the fall test as established by the attached charts developed from Discovery data or as set out specifically in a student's IEP in the fall. Students may show the growth on any of the winter or spring assessments.

OR

Proficiency: In order to show proficiency, a student scores at Achievement Level 111, Adequate or Achievement Level IV, Thorough.

EXCEEDS STANDARD

The school surpasses the target of this indicator if:

- 84% or more of FAY students grades 6-8 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

MEETS STANDARD

The school meets the target of this indicator if:

- 70-83% of FAY students grades 6-8 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

DOES NOT MEET STANDARD

The school does not meet the target of this indicator if:

- 60-69% of FAY students grades 6-8 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

FALLS FAR BELOW STANDARD

The school falls far below the target of this indicator if:

- 59% or less of FAY students grades 6-8 made at least one full year's growth in Math short-cycle assessment scores, when comparing beginning year results to later results.
- OR
- The student tests at "Achievement Level III or IV" on the winter or spring short-cycle assessment.

Analysis:

The school provided data reports generated from the NWEA vendor (Achievement Status and Growth Summary Report Math) for grades 6-8 indicating individual student assessment outcomes. Reports provided contained data for both Fall to Winter and Fall to Spring. The school also provided a description of how the school determined the percent of student who met the goal. The school determined 94.95% of students met this goal.

Rating:

The analysis yielded the following rating: "Exceeds Standard" because more than 84% FAY students (88.39%) in grades 6-8 met or exceeded their individual growth target in Math short-cycle assessment scores (NWEA MAP), when comparing beginning year results to later results, OR achieved proficiency in Math (above the grade level mean) on the winter or spring short cycle assessment (NWEA MAP).

2019-2020 Summary Report

North Valley Academy

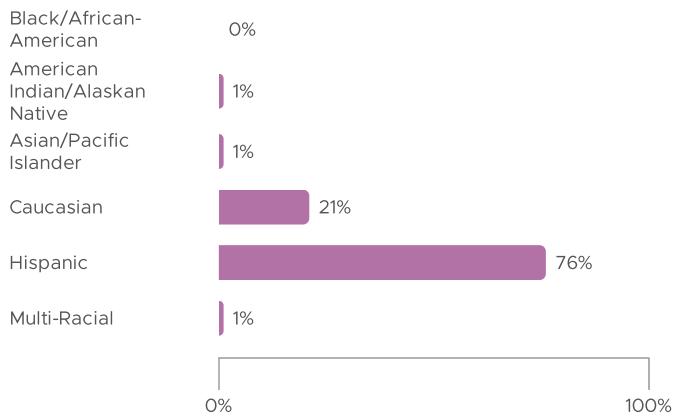

School type	District	Address	Phone
Public State Charter	Albuquerque Public Schools	7939 4th Street NW Los Ranchos De Albuquerque, NM 87114	None
Grades served	Principal	Website	
Pre-K - Grade 8	Susan Mcconnell	http://www.nvanm.org/	

State Authorized Public Charter School with Health & Wellness Emphasis

North Valley Academy Charter School is committed to providing all students with a rich and well-balanced education, through a rigorous focus on Mathematics, Language Arts, and an emphasis on Health and Wellness. We teach our students how to think, not what to think.

Total Enrollment: 469

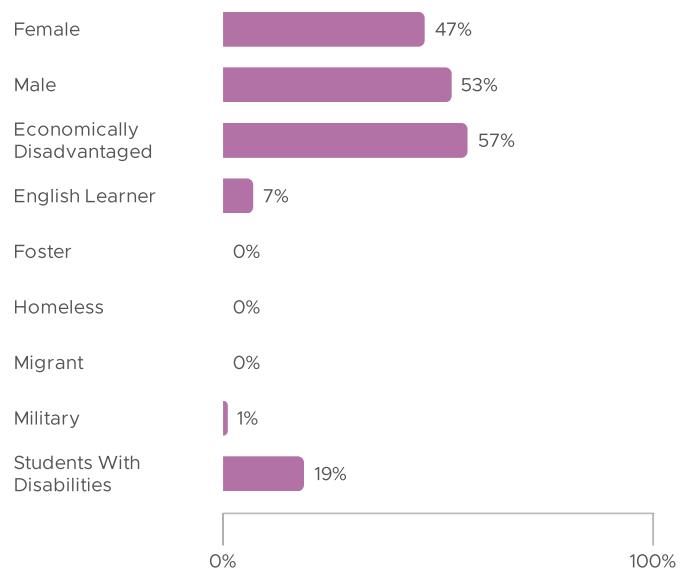

Enrollment by race/ethnicity

What does this mean?

The NM PED celebrates the diversity of its student population. This measure showcases the racial and ethnic diversity of the school or district.

Enrollment by student group

What does this mean?

The NM PED celebrates the diversity of its student population. This measure showcases the diversity of students enrolled at the school or district.

Academic performance

The New Mexico Public Education Department (NM PED) is committed to ensuring every student is adequately equipped to achieve their goals. Academic Performance is one way to understand how well schools are preparing students for their futures.

Overall Performance 2018-2019

52

out of 100

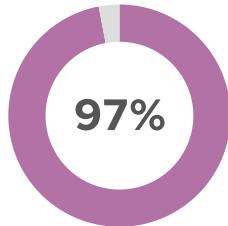

What does this mean?

This number represents an overall score for the school. It helps to inform the level of support provided by the PED, and also identifies areas for celebration. The average score for Elementary and Middle Schools is 48, while High Schools average 49. The average overall score for Districts is 53. All schools that score within the top 25% across the state will receive a Spotlight Designation.

How was this calculated?

Schools can earn points by performing well in a variety of areas. Some components reflected in a schools overall performance number include school climate, attendance and graduation rates, as well as traditional metrics around academic proficiency and growth. For additional detail on how this number is calculated, please refer to the technical user guide.

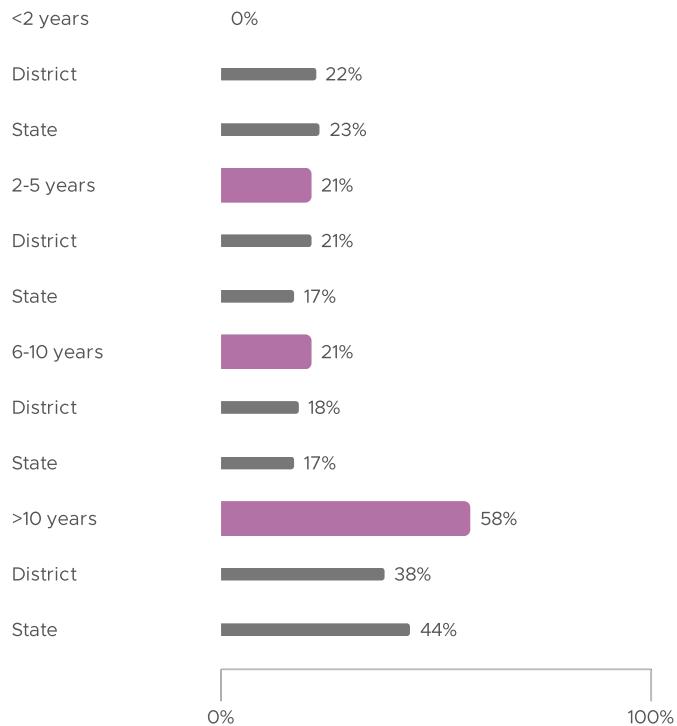

Teacher Certification

What does this mean?

This reports the percentage of teachers at this school who are certified.

Average teacher experience

What does this mean?

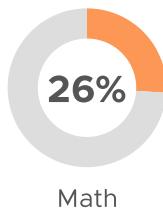

This includes the percentage of teachers at this school/district by years of experience.

Academic performance (continued)

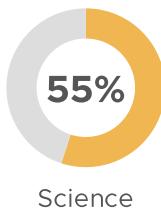

Proficiency rates

Reading

Math

Science

What does this mean?

The reading proficiency rate measures the percent of students who are reading at the expected level, or higher, for the student's grade.

What does this mean?

The math proficiency rate measures the percent of students whose ability in math is at the expected level, or higher, for the student's grade.

What does this mean?

The science proficiency rate measures the percent of students whose knowledge in science is at the expected level, or higher, for the student's grade.

Academic Growth

56
Reading

What does this mean?

This measure shows whether students are learning less than, about the same as, or more than other students who are academically similar to them in reading.

72
Math

What does this mean?

This measure shows whether students are learning less than, about the same as, or more than other students who are academically similar to them in math.

Four-Year Graduation Rate

What does this mean?

This measures the percent of students graduating within four years with a high school diploma. The data for graduation rates is one year behind the data for other accountability measures.

Regular Attendance

81%

What does this mean?

Regular attendance is the percent of students who attended more than 90% of school days.

School Designations

Traditional Support

Schools that are not identified as needing comprehensive or targeted support will receive traditional levels of support.

What does this mean?

Schools receive designations based on a number of factors, including performance scores.

How was this calculated?

Schools can receive designations for earning top scores or be identified as needing support.

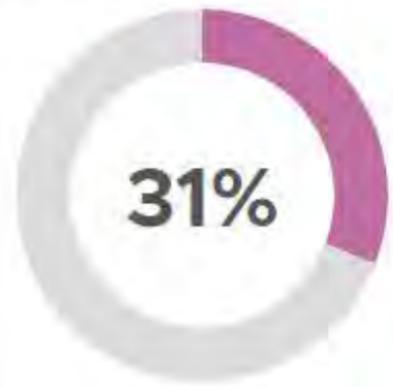

Math

What does this mean?

Schools that score in the top 10% for any accountability measure receive the Designation of Excellence for that measure.

How was this calculated?

Schools that score in the top 10%, in comparison with other schools in New Mexico, for any accountability measure receive the Designation of Excellence for that measure.

**What does this mean?**

EL Progress measures the percent of English learners who are on track toward achieving English proficiency within five years.

How was this calculated?

The NM PED has set annual goals for English Learner (EL) students. These annual goals were developed based on the expectation that an EL student attains English language proficiency within five years of initial identification. The annual goals take into account the student's grade level and level of English language proficiency at the time the student is identified as an EL student.

Compared to:

District  29%

State  29%

Survey - Overall (parent & student combined)

Appendix E

43

out of 50

What does this mean?

The Opportunity to Learn survey measures the percent of students and parents who think the school is a good place for learning.

How was this calculated?

This measures aggregates survey scores from both the family and student surveys; each survey is given equal weight when calculating the overall score.

Compared to:

District

State

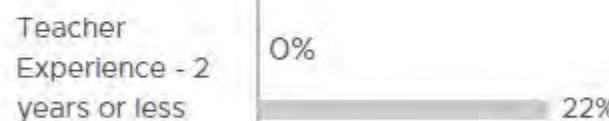

0

50

Teacher experience

Compare to

 District**What does this mean?**

This includes the percentage of teachers at this school/district by years of experience.

How was this calculated?

This calculation divides the number of teachers with a specific category of experience at a school/district by all of the teachers at that school/district.

Overall student improvement

Compare to

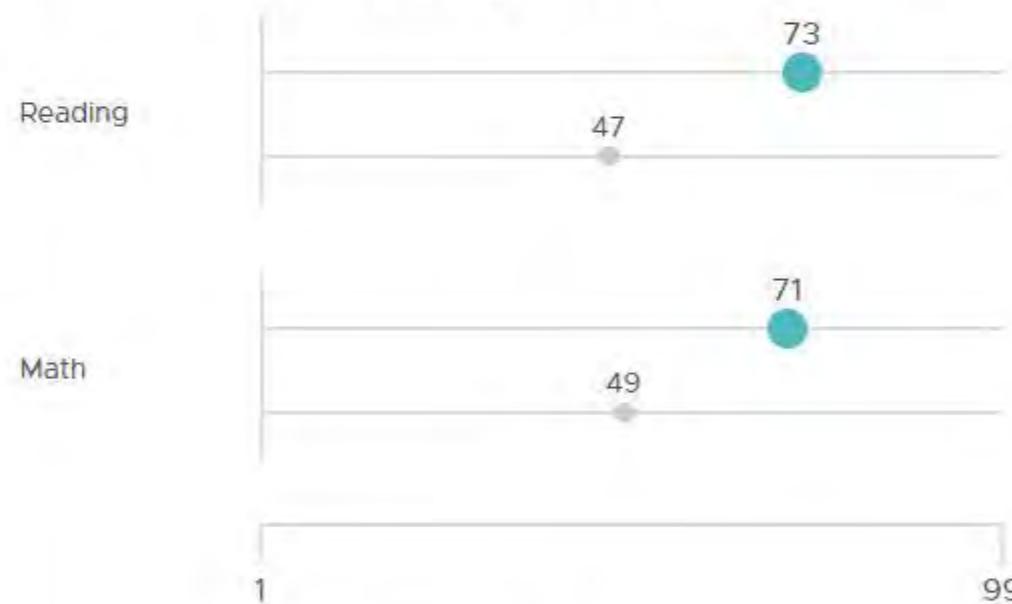

District ▾

This container shows the breakdown for both reading and math subjects, for each of the three groups of growth levels.

- Below 25: Less than a year of improvement
- 25-74: Expected improvement
- 75 and up: More than a year of improvement

Students are measured on their progress year-over-year. The values have been grouped into the three categories of less than a year, expected, and more than a year.

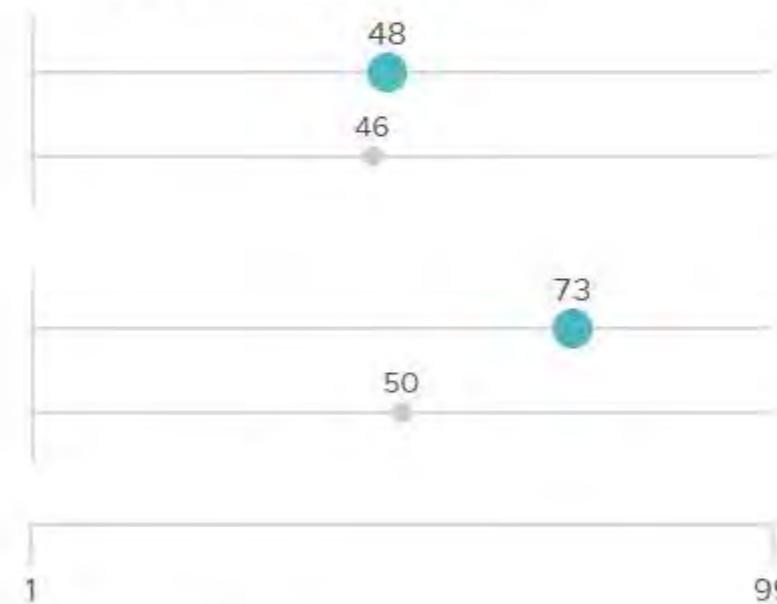

Low Performing Students

What does this mean?

Each student's previous test scores are used to predict how well they can be expected to perform this year on state tests. Low performing students are those who previously performed below average on the state reading or math test. This measure shows how much progress students who are low performers have made in reading or math as compared to other low performing students.

Middle Performing Students

What does this mean?

Each student's previous test scores are used to predict how well they can be expected to perform this year on state tests. Middle performing students are those who previously performed about average on the state reading or math test. This measure shows how much progress students who are middle performers have made in reading or math as compared to other middle performing students.

High Performing Students

What does this mean?

Each student's previous test scores are used to predict how well they can be expected to perform this year on state tests. High performing students are those who previously performed well on the state reading or math test. This measure shows how much progress students who are high performers have made in reading or math as compared to other high performing students.

Enrollment by student group
