

NEW MEXICO PUBLIC EDUCATION DEPARTMENT

Holiday eGreet

Nursing home and assisted living residents are not getting to see their family members this year. Help make the holiday season a little brighter by making a cheerful, heartfelt video message!

Here's what to do:

1. Sign into Flipgrid. You must use a Microsoft or Google email.
2. Enter Project Code **547d38d4**
3. Choose an idea from the list below to create a message or use your own creative idea! (Be sure to follow your district's technology usage/media policy.) Video messages can be made by individuals or groups.
4. Use a phone, computer, or tablet to record your message so that the NMPED can share it with local and statewide nursing homes and assisted living facilities. Feel free to make your recording in any language you are comfortable speaking!
5. Click "Record a response" and follow the directions. You will be able to edit if necessary. You will have five minutes to record but do not have to use that full amount of time.
6. Before you upload to Flipgrid, be sure to name your video with name, school, town and your message content.

*Examples: Wilferth Elementary, 4th grade class, Springer, singing Feliz Navidad
Jane Doe, Sophomore, Las Cruces High, playing Silent Night on piano*

Ideas for your message:

- ❖ Sing a holiday or seasonal song
- ❖ Play a holiday or seasonal song on a musical instrument
- ❖ Read a book
- ❖ Share a story
- ❖ Make a how-to video for an easy craft
- ❖ Film a short holiday or seasonal skit

***Deadline to upload an eGreet:
December 18, 2020.***

This project is brought to you by NMPED and Hobbs High School English Teachers Mrs. Alex Salazar, Mrs. Brooke Richardson and Mr. Kristopher Otto.

Investing for tomorrow, delivering today.
