Mission: *Equity, Excellence, and Relevance*

Vision: *Rooted in our Strengths*

Mission:

The New Mexico Public Education Department partners with educators, communities, and families to ensure that ALL students are healthy, secure in their identity, and holistically prepared for college, career, and life.

Vision:

Students in New Mexico are engaged in a culturally and linguistically responsive educational system that meets the social, emotional, and academic needs of ALL students.

Core Values

Student-Centered: We center our decision-making process and policy platform on providing relevant educational pathways for every student's chosen future.

Responsive: We recognize students in New Mexico have varying social and cultural backgrounds and individual communities in New Mexico have different assets and unique needs.

Collaborative: We value partnerships with the Legislature, other state agencies, non-profits, local businesses, labor organizations, educators, parents, students, families, and communities.

Transformative: We aim to engage in a process of racial healing that is built upon truth, equity, intentional learning, and sharing of lived experiences within the context of race, identity, belonging, and justice.

Innovative: We value creating spaces for educators to design, develop, and create new ways of thinking about education. We aim to provide support and resources for new policies that promote innovative learning models rooted in the strengths of New Mexico that meet the needs of all students.

Reflective: We believe learning is a continuous improvement process involving intentional self-awareness and reflective practice to encourage thoughtfulness, personal growth, profound learning, and meaningful change.
