- i. The mission of the School is to prepare and provide an extraordinary education to students in the state of New Mexico who are interested in pursuing careers requiring advanced math, science and technology skills.

The School is a STEM-based, dual credit, secondary school with a requirement of 30 credit hours necessary for graduation.

- ii. The Charter School shall report on the implementation of its mission in the following manner:

- a. Annually during the performance review visit required by the Act, as evaluated

through the site visit team's observations and the school's response to any such observations;

- c. At renewal, in the event that the School applies to the Commission for renewal, through a narrative in the renewal application.

3. **Enrollment Cap and Authorized Grade Levels:** The School is authorized to serve no more than 720 students in grades 6-12.

- i. The School may make modifications as to the number of students in any particular grade, and number of students within a class to accommodate staffing decisions that are consistent with the School's programmatic needs; except that, nothing in this Contract shall give the School the authority to combine students from different grade levels into the same classroom unless the school's educational program explicitly provides for mixed grade or age education.
- ii. The School must annually, prior to beginning the annual enrollment process, establish the number of vacancies by grade level available for student enrollment in that year. That number will govern the enrollment throughout the school year.
- iii. The School may not exceed the building capacity of the Facility, which is 394.

4. **Partner Organization or Management Company**

- i. The School has a legal relationship with University of New Mexico that is distinct from a relationship with a non-profit foundation described in 4.5 of this contract. The legal agreement governing the relationship between the School and University of New Mexico is included as Attachment B, incorporated herein by reference. - ii. The legal agreement or Memorandum of Understanding governing the relationship between the School and the foundation is Attachment C, incorporated herein by reference.

- iii. The identity of the Board of Directors and Executive Director of foundation with a conflict of interest disclosure from each are provided in Attachment C.

6. **Comprehensive Educational Program of the School:** The School's educational program shall be as described below:

Due to small class sizes and the collection of student sequential performance data over a number of years, teachers are able to determine strategies which support each students' learning skill. Besides quality instructional techniques, AIMS@UNM utilizes project based strategies to integrate the curriculum. Projects offer students an opportunity to apply their specific core knowledge and skills, learn about their community and give back to their community.

- i. Projects include such initiatives as the Science Fair requirement. For this project, instruction is scaffolded and integrated. The School defines scaffolding as instruction which is built upon each year along with expected outcomes. The School defines integrated instruction as instruction infused into each content classroom.

Each student is required to produce a science fair project, individually or in pairs; devise a project, collect data, write a technical style article and present their results. Although the requirements are the same across grade level, the younger students need a great deal of support; gradually, this support is taken away to allow students their independence. If the student is unable to achieve this independence however, the instructor brings back the support system to help the student experience success until they are able to achieve independence. The project is integrated, with instructors of each content area working with students to produce the final project. The math instructors work with the student's data and the English instructors work with producing a technical style article. The use of a project organized around a theme, such as Science Fair, allows differentiation around a student's prior knowledge, as well as supporting the concept that projects multifaceted and "rich" with a variety of content areas.

- ii. Students are encouraged to support and share what they have learned through the House system in daily meetings. Named for famous archers, the Houses are aligned from grade 12 to grade 6. Senior leadership mentors the younger students within each House.
- iii. The School has a superb technological framework for students. Wireless technology has been a part of the School since 2007. Each student is provided with a wireless laptop, and instruction is given within the framework of the core content areas, in utilization of that technology. As a result, technology is woven into each and every discipline in order to support student achievement. Additionally, communication between instructor, student and parent is supported through an online computer program which posts not only student grades, but assignments and support documents as well.
- iv. In order to **graduate**, students must have a total of at least 30 post-secondary credits; at least nine credits of which must be in math and science. The close relationship with the University of New Mexico as well as the placement of the AIMS campus on the UNM south technology campus facilitates this accomplishment. AIMS will not grant an AIMS diploma to any student not fulfilling the dual credit requirement.
- v. Graduates of AIMS must have 27.5 high school credits: four in English, four in

science, five in mathematics, two in "critical language", ten dual enrollment classes (which convert to approximately 30 credit hours at the college level), one physical science and one and a half in "intensive" coursework.

- vi. The **science** curriculum is the corner stone of the School's curriculum. All students take science each year. The curriculum is in alignment with the state standards and benchmarks for accelerated study. Middle school is Pre-AP, with the high school program including 9<sup>th</sup> grade Accelerated Physics, 10<sup>th</sup> grade Accelerated Biology, 11<sup>th</sup> grade Accelerated Chemistry, and a dual enrollment science course at the post-secondary level.
- vii. The **social studies** program is also Pre-AP and AP, with World and New Mexico History required in the middle school, AP World, AP History, AP Economics and AP Government required in the high school for graduation.
- viii. **Physical Education** at the School is martial arts based. All students are required to take two years of Karate to complete their program. The Karate forms (or Kata's) reinforce the student's development of personal discipline as they progress through their required sequence of movements in coordination with their peers. Karate moves are tied back to the study of physics as students analyze the utilization of body mass and movement. The Karate program also supports "Critical Language" requirement as instructions are given in the language original to the martial art itself.
- ix. All students must complete two years of a Critical Language (Chinese, Japanese, Arabic, etc.) to graduate from the School. These languages have been identified as critical for participation in a global economy; the national trend being the demand for speakers of these languages far exceeds the supply.
- x. **Intensives** are also unique to the School. Each Friday morning, students take two, two hour blocks of what we call an intensive. Taking the place of what are commonly called "electives", Intensives allow all teachers to "teach to their passion". Each instructor develops a course that demonstrates their love of their content area. Examples may include ancient weaponry taught by the world history teacher, or the Japanese Tea Ceremony taught by the Japanese teacher. This allows presentation of content in a different and often integrated context, thereby enriching the standard curriculum.
- xi. **AIMS Houses:** Students at the School are arranged in "Houses". Each House is headed by a senior showing extraordinary leadership skills. Aligned vertically, grades 6-12, students requesting mediation may do so through their house leadership. Students unable to mediate through student leadership may do so through administrative channels. The House structure of the School also facilitates Peer Facilitation. This is where older students work with younger students who need help academically or socially. They may tutor the student or be a reading buddy. The peer facilitation can also involve working with groups of students.

- xii. Based on a four tiered evaluation system ranging from high impact in the classroom, to little or no impact in the classroom, teachers are evaluated four times per year; twice by administrative staff, once by instructional leaders (level three teachers), and once by neutral third-party specialists, trained in the use of the instrument. This together with their student's improvement in their scaled state required testing scores determines their evaluation.
- xiii. Upon receiving their state required testing data, disaggregated by student and instructor, teachers meet vertically as departments, and horizontally by grade level, to develop their PDP's departmentally and by grade level, as well as develop personal goals for their professional growth. All goals are student performance based, data driven and must be tied directly to student achievement. Together, teachers ask themselves essential questions concerning their classrooms and student success. From this introspection, teachers develop potential interventions and classroom strategies, which are then immediately applied in the classroom and the results reported back to the group. The results of their work are presented at the end of each school year during "Teacher Research Day". The presentations are open to the community and parents as well.
- xiv. Each teacher is provided with a laptop computer, advanced technological equipment, as well a professional development to allow multimedia to enrich the content area.
- xv. The school hosts an orientation for new parents every year. Parents are matched up with "Parent Mentors"; parents who have been at the School for one or more years, and can work with new parents as they encounter new experiences with their children associated not only with entering a new grade level, but a new school as well.
- xvi. The school year begins with the "AIMS Family Picnic", which is attended by the School's families and their students, as well as the School's faculty, staff and their families. During this time, families and the faculty come together for a social event which facilitates welcoming new parents and making connections with more "seasoned" parents and of course faculty. This is followed by the "Rube Goldberg" event. Here teams are arranged vertically; mixing upper classmen with sixth, seventh and eighth graders. Teams compete to complete a task developed by the science department. All teams have parent mentors who work alongside their student teams; again allowing for camaraderie among not only students, but parents and community members as well.
- xvii. The School is also fortunate to have close ties with science and technology companies sharing the campus with us. These organizations frequently make presentations to parents and students of the School. Additionally, the partnerships provide mentorship opportunities to our senior students, many of whom continue with these organizations after graduation.

- i. The School shall be governed by a governing body in the manner set forth in the governing body's bylaws, Attachment D, incorporated herein by reference.

## Introduction

Through charter schools, the Public Education Commission (“PEC”) as Chartering Authority seeks to provide families with effective, quality educational options.

The PEC is responsible for setting and implementing chartering policies that are consistent with New Mexico charter school law, charter agreements established with schools, and nationally recognized principles and standards for quality charter authorizing. The PEC, through its authorized representative(s), will carry out the data collection and monitoring activities described in the Performance Review and Accountability System.

The New Mexico Charter Schools Act purpose:

The Charter Schools Act ... is enacted to enable individual schools to structure their educational curriculum to encourage the use of different and innovative teaching methods that are based on reliable research and effective practices or have been replicated successfully in schools with diverse characteristics; to allow the development of different and innovative forms of measuring student learning and achievement; to address the needs of all students, including those determined to be at risk; to create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site; to improve student achievement; to provide parents and students with an educational alternative to create new, innovative and more flexible ways of educating children within the public school system; to encourage parental and community involvement in the public school system; to develop and use site-based budgeting; and to hold charter schools accountable for meeting the department's educational standards and fiscal requirements. (§22-8B-3 NMSA 1978 *et seq*).

## Performance Review and Accountability System Objectives

PEC seeks to establish a Performance Review and Accountability System that strikes the appropriate balance between charter school autonomy and chartering authority intervention. The Performance Review and Accountability System is an adaptive tool subject to continuous review and improvement so that the students in New Mexico public charter schools are effectively served.

The PEC invites New Mexico’s charter schools to be partners in the development and continuous improvement of this Performance Review and Accountability System.

The PEC is committed to providing clear expectations about charter school performance and chartering authority oversight activities. PEC objectives for charter school performance review and accountability include:

- Provide clarity about the process and timeline for collecting performance framework data
- Streamline data collection and decrease the burden on NM charter schools
- Consider overall school academic performance across a range of different indicators, including optional, unique, school-identified measures for evaluating mission-specific goals
- Ensure all data and evidence can be reliably and accurately collected and measures can be reliably and accurately evaluated
- Establish financial metrics that provide clarity about the financial health of charter schools
- Establish clear policies and procedures for how performance frameworks inform PEC actions and decisions, including a range of interventions that PEC will take in response to charter school under performance
- Provide annual performance reports that are publicly available to families and schools

## Annual Performance Review Activities

PEC, through its authorized representative(s), evaluates schools on their ability to achieve academic goals with all students while maintaining financial and organizational health. Annual accountability activities are guided by state and federal compliance requirements as well as clear measures of academic progress that allow for a rigorous, state-aligned, fact-based evaluation of school performance.

### Charter School Data Submissions

- Throughout the year, charter schools are required to submit academic, financial, and organizational data to PEC, various PED departments, and other governmental entities.
- Submissions are required for PEC accountability oversight and for compliance with state and federal funding and reporting requirements.
- See Appendix B for a schedule of reports consistently required by the PEC and PED; other reporting may be required if the school is notified by PED, PEC, or other government entities.

### Annual School Visits

- PEC's authorized representative(s) conduct annual site visits to all schools to collect data for the performance framework evaluation and provide feedback as technical assistance. Site visits may be differentiated based on school performance, including academic, financial, and organizational performance.
- New school visits are conducted within the first 40 days after new school opening to collect data for the performance framework evaluation and to provide early feedback and intervention as technical assistance, if necessary.
- Renewal visits are conducted during the fall of the charter school's renewal year and provide additional insights to inform PEC charter school renewal decisions, especially for schools not meeting performance expectations.
- Visits can include a combination of any of the following: file audits, classroom observations, a facility review, and staff, board, and student and family interviews.
- See Appendix C for a summary of the School Visit Protocols.

### Annual Performance Review

- PEC's authorized representative(s) evaluate all schools against the PEC Performance Framework annually, which is comprised of academic, financial, and organizational performance metrics.
- PEC's authorized representative(s) share initial performance framework feedback and evaluations with charter school boards and administrative leaders for review and feedback.
- PEC, through its authorized representative(s), issues any Notices of Concern or Breach related to annual performance reviews.
- PEC approves and publishes Annual Performance Reports for schools.
- See Appendix A for the current PEC Charter School Performance Framework.

## Performance Framework

The PEC Charter School Performance Framework sets the academic, fiscal, and organizational standards by which PEC-authorized public charter schools will be evaluated, informing the PEC and charter school about the school's performance and sustainability. See Appendix A for the current PEC Charter School Performance Framework.

The Performance Framework consists of three separate, free standing frameworks. Performance under these three separate frameworks does not get rolled up into one overall evaluation. No one document necessarily carries more weight than any other.

**Academic Framework:** The academic framework includes measures that allow the PEC to evaluate the school's academic performance and assess whether the academic program is a success and whether the charter school is implementing its academic program effectively. The framework includes measures to evaluate student proficiency, student academic growth, achievement gaps in both proficiency and growth between student subgroups, and for high schools, post-secondary readiness and graduation rate. The PEC considers increases in student academic achievement for all groups of students as one of the most important factors when determining whether to renew or revoke a school's charter. The framework also includes unique, school-identified measures for evaluating mission-specific goals. These goals must be approved by the PEC to insure quality and rigor of proposed indicators and that the indicators are consistent with the purposes of the Charter Schools Act.

Based on performance across the academic indicators and measures, schools receive an overall academic tier rating that is used by the PEC in annual monitoring and renewal decisions. The academic framework has four rating tiers. Schools in Tier 1 are exceeding PEC performance expectations and are on par with or exceed the highest-performing schools in the state. Schools in Tier 4 are consistently failing to meet academic performance expectations.

**Organizational Framework:** The Organizational Framework primarily lists the responsibilities and duties that charter schools are required to meet through state and federal laws. The organizational framework is the primary focus of the annual school visit process. It was developed pursuant to the New Mexico Charter Schools Act and includes indicators, criteria statements, and metrics related to schools' educational program, financial management, governing body performance, school environment, and employee and student policies, including compliance with all applicable laws, rules, policies, and terms of the charter contract. For each indicator a school receives one of three ratings: "Meets Standard," "Working to Meet Standard" and "Does Not Meet Standard". Indicator ratings are assigned based on evidence that the school is meeting the criteria statement(s).

Based on performance across the organizational indicators and measures, schools receive an overall organizational rating that is used by the PEC in annual monitoring and renewal decisions. The overall rating will be either "Meets Standard" or "Does Not Meet Standard" based on cumulative performance on the organizational indicators. A school will only receive an overall rating of "Does Not Meet Standard" if the school receives "Does Not Meet Standard" ratings for three more indicators.

**Financial Framework:** The financial framework is currently being revised to include more effective measures of financial health. When a new financial framework is developed, school reported financial data will be evaluated on a quarterly basis and the Performance Framework will be populated with the most recent data. This internal school data is not final, but will be

used by the PEC as a preliminary evaluation for progress monitoring improvements in financial health and/or act as a flag for potential financial problems or concerns.

A final performance framework will be populated after final audited end-of-year cash amounts are available from the annual external audit. The final framework will be used to evaluate whether the school is meeting financial performance expectations for purposes of annual evaluations and renewal decisions.

The current financial framework requires schools to annually, in August, submit a completed and signed self-reported questionnaire. The questionnaire includes a series of questions about organizational performance as it relates to financial management practices. Several of the questions in the current financial framework are included in the revised organizational framework as indicators.

## Intervention Ladder

PEC is responsible for holding charter schools accountable for the performance and legal compliance of charter schools under their authority. To meet this obligation, PEC has adopted an intervention ladder to communicate concerns about academic performance, fiscal soundness or legal, contractual, or policy requirements.

In the absence of evidence to the contrary, all schools are considered to be in **Good Standing**. Schools in good standing are expected to participate in routine annual accountability activities and maintain open communication with PEC and its authorized representative(s).

### Notice of Concern

Schools may receive a **Notice of Concern** if the PEC and/or its authorized representative receives a verified complaint of significant concern, or if the annual performance review or site visit identifies significant questions or concerns about academic, financial, or organizational performance; such as a Tier 4 rating on the academic framework or a finding of “not meeting expectations” on an organizational indicator. PEC's authorized representative(s) will communicate with school leaders, parents, and any other necessary stakeholders to verify complaints.

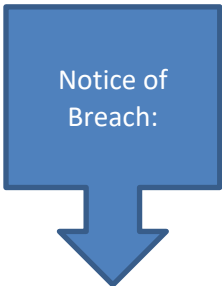

Notice of  
Concern:

PEC will issue a Notice of Concern at a properly noticed public meeting. PEC's authorized representative(s) shall provide schools notice that they will be appearing on the PEC's agenda for the purposes of issuing a Notice of Concern at least 10 days prior to the meeting. As part of issuing a Notice of Concern, the PEC will establish expected outcomes and deadlines<sup>1</sup> that must be met by the school. The deadline established for correction shall be no less than 10 days including holidays and weekends, unless the matter is an emergency matter<sup>2</sup> in which case the deadline shall be no less than 72 hours.

Upon remedying the concern and complying with the expectations established by the PEC, the school returns to **Good Standing**. If the PEC's expectations and deadlines are not met, the school progresses to the next level of the intervention ladder.

### Notice of Breach

A school can receive a **Notice of Breach** if it fails to correct a Notice of Concern or for certain violations of law that are serious enough to justify a heightened initial response.

Notice of  
Breach:

PEC will issue a Notice of Breach at a properly noticed public meeting. PEC's authorized representative(s) shall provide schools notice that they will be appearing on the PEC's agenda for the purposes of issuing a Notice of Breach at least 10 days prior to the meeting. As part of issuing a Notice of Breach, the PEC will establish expected outcomes and deadlines<sup>1</sup> that must be met by the school. The deadline established for correction shall be no less than 10 days including holidays and weekends, unless the matter is an emergency matter<sup>2</sup> in which case the deadline shall be no less than 72 hours.

Once a Notice of Breach is issued, schools are required to submit a Corrective Action Plan (financial or organizational performance) or an Improvement Plan (academic performance) that details the actions and timeline that the schools will implement to

---

<sup>1</sup> Deadlines will vary depending on the urgency of the matter and the amount of time it takes to reasonably cure the concern.

<sup>2</sup> An “emergency” refers to unforeseen circumstances that, if not addressed immediately by the public body, will likely result in injury or damage to persons or property or substantial financial loss to the public body

correct the breach. PEC's authorized representatives will monitor the school's implementation of Corrective Action and Improvement Plans, and regularly update PEC on progress. Once the school has met the Notice of Breach requirements, they return to **Good Standing**. Repeated Notices of Concern or Breach may lead to increased oversight, including additional annual site visits or regular phone calls to discuss key performance indicators.

#### **Revocation Review**

Failure to meet the requirements specified in the Notice of Breach, or certain violations of law that are serious enough to justify an initial heightened response, will result in a charter school **Revocation Review**. Schools may also be subject to the Revocation Review if they receive more than one Notice of Breach in the same school year.

PEC will issue a Notice of Revocation Review at a properly noticed public meeting. Unless impractical, PEC's authorized representative(s) shall provide schools notice that they will be appearing on the PEC's agenda for the purposes of issuing a Notice of Revocation Review at least 10 days prior to the meeting. As part of issuing a Notice of Revocation Review, the PEC will establish the actions to be taken by its authorized representative(s) and a deadline for the school to respond to the prospect of revocation. The actions of the PEC's authorized representative may include additional visits to the school, an in-depth audit to assess the school's educational program, and/or financial and organizational health, or other actions appropriate to determine if a revocation hearing is appropriate.

Findings from the revocation review will be presented to the PEC at a properly noticed public meeting, at which will determine whether to issue a Notice of Intent to Revoke, which sends the school into revocation proceedings. In lieu of a Notice of Intent to Revoke, the PEC may decide to grant a Notice of Breach, or a revised Notice of Breach. A revised Notice of Breach will allow a school more time to achieve expected outcomes established in an initial Notice of Breach or adjust the expected outcomes initially established by the PEC.

In extraordinary circumstances, the PEC may forgo the process outlined above and may, with proper statutory notice, consider whether to hold a revocation hearing or hold a revocation hearing.

The table on the following page provides examples regarding triggers and evidence, and actions and consequences; however, the table shall not be considered exclusive.

## **Charter Renewal**

As part of renewal consideration, PEC will consider a schools' annual school performance, school visit reports, information contained in the school's renewal application, and other relevant information in their decisions. Renewal decisions are based on the statutory standards in Section 22-8B-12(K) New Mexico Statutes Annotated.

After the final performance evaluation is completed for each year of its contract, a school will receive notice of whether it is on track for a renewal recommendation for 1) expedited renewal, 2) full renewal, 3) renewal with conditions, or 4) non-renewal. When the school has two years remaining on its contract term, the PEC's authorized representative(s) will provide the school with a Preliminary Notification of Renewal Profile. These notices are based on the school's performance profile over the contract term and the renewal performance profiles on page 11 of this Charter Performance Review and Accountability System. The PEC expects that schools will use these notices to both take action to respond to the potential renewal action by improving performance, as necessary, and to prepare and submit a response to the potential renewal action.

After final school performance data is released for the year prior to the school's renewal year, the school will receive a final notice of its renewal profile. Schools that have an Expedited Renewal Profile will have limited submission requirements and a limited site visit.

### **Renewal Decision Criteria**

PEC decisions on charter school renewal will be based on an analysis of the following questions:

1. Is the school an academic success or making progress toward academic success? (Academic Framework)
2. Is the school an effective, viable organization? (Organizational Framework)
3. Is the school fiscally sound? (Financial Framework)

Staff providing support to the PEC will develop renewal recommendations based on the cumulative performance of the charter school over the contract term. The PEC will consider the following sources of evidence for renewal decisions, including any additional factors highlighted in the charter school renewal application.

### **Renewal Evidence Sources**

- Annual performance reports, which constitute a report on the status in relation to meeting the academic performance, financial compliance and governance responsibilities of the charter school, including achieving the goals, objectives, student performance outcomes, state standards of excellence and other terms of the charter contract, including the accountability requirements set forth in the Assessment and Accountability Act;
- School developed reports, for schools not meeting the above standards, on the progress toward meeting the established standards;
- Evidence gathered that confirms or does not confirm the school developed reports identified above;
- A financial statement that discloses the costs of administration, instruction and other spending categories for the charter school that is understandable to the general public, that allows comparison of costs to other schools or comparable organizations and that is in a format required by the department;
- Petitions of support; and
- Facility assurances.

## Renewal Outcomes

Staff providing support to the PEC will recommend one of four renewal outcomes (profiles) for PEC to consider. Although renewal recommendations will be guided by the performance profiles described below, the PEC has ultimate authority to make any renewal decision that is consistent with New Mexico charter school law.

Renewal Decision	Renewal Performance Profile <sup>3</sup>	Renewal Terms
<b>Expedited Renewal<sup>4</sup></b>	<b>Academic</b> <ul style="list-style-type: none"> <li>• Maintain Tier 1 or 2 rating for previous four years of the charter contract</li> </ul>	Five-year term with no additional conditions outside normal charter contract; streamlined renewal application and review process
	<b>Organizational / Financial</b> <ul style="list-style-type: none"> <li>• Meet Expectations for previous four years of the charter contract</li> </ul>	
<b>Full Renewal<sup>5</sup></b>	<b>Academic</b> <ul style="list-style-type: none"> <li>• Earn no Tier 4 ratings within the past three years, and</li> <li>• Either: <ul style="list-style-type: none"> <li>○ Maintain Tier 1 or 2 rating for at least three of past four years, or</li> <li>○ Demonstrate consistently improving Tier rating over the last 3 years</li> </ul> </li> </ul>	Five-year term with no additional conditions outside normal charter contract
	<b>Organizational / Financial</b> <ul style="list-style-type: none"> <li>• Meet Expectations for the last two years, or</li> <li>• Meet Expectations for at least three of past four years</li> </ul>	
<b>Renewal with conditions<sup>6</sup></b>	<b>Academic</b> <ul style="list-style-type: none"> <li>• Earn Tier 4 performance rating for two or more years during the last four years but not in both of the last two years, or</li> <li>• Earn Tier 3 or 4 rating for three of the past four years, or</li> <li>• Earn two or more Tier 3 or 4 ratings and demonstrate declines in Tier rating in any of the last two years</li> </ul>	Three- or five-year renewal term with defined goals for school improvement on academic, organizational, and/or financial frameworks
	<b>Organizational / Financial</b> <ul style="list-style-type: none"> <li>• Earn “did not meet” expectations for two or more years including one of the last two years</li> </ul>	
<b>Non-Renewal<sup>7</sup></b>	<b>Academic</b> <ul style="list-style-type: none"> <li>• Earn Tier 4 performance rating for past two years, or</li> <li>• Earn Tier 4 performance rating for three or more years during the last four years including the most recent</li> </ul>	Recommendation for non-renewal
	<b>Organizational / Financial</b> <ul style="list-style-type: none"> <li>• Earn “did not meet” expectations for three or more years during the last four years including the most recent year</li> </ul>	

<sup>3</sup> PEC renewal decisions will be guided by performance profiles, but PEC has ultimate authority to make any renewal decision that is consistent with New Mexico charter school law.

<sup>4</sup> When considering schools currently in a contract with a term of less than 5 years, the expedited renewal profile criteria are 1) Maintain Tier 1 academic rating for the contract term, and 2) maintain Meets Expectations for organizational and financial performance for the contract term.

<sup>5</sup> When considering schools currently in a contract with a term of less than 5 years, the full renewal profile criteria are 1) in the academic framework either a) demonstrate a consistently improving Tier rating over the term of the contract or b) maintain at least Tier 2 rating for the contract term, and 2) earn Meets Expectations for organizational and financial performance for the year prior to the renewal year.

<sup>6</sup> When considering schools currently in a contract with a term of less than 5 years, the conditional renewal profile is for schools that do not fall into any other renewal profile.

<sup>7</sup> When considering schools currently in a contract with a term of less than 5 years, the non-renewal profile 1) earned a Tier 4 academic performance rating for the year prior to the renewal year or 2) earn Does Not Meet Expectations for organizational or financial performance for the year prior to the renewal year.

### Annual Performance Evaluations

After the final performance evaluation is completed for each year of its contract, a school will receive notice of whether it is on track for a renewal recommendation for 1) expedited renewal, 2) full renewal, 3) renewal with conditions, or 4) non-renewal. At least one year prior to the date the school will apply for renewal, the PEC's authorized representative(s) will provide the school with a Preliminary Notification of Renewal Profile. These notices are based on the school's performance profile over the contract term and the renewal performance profiles on page 11 of this Charter Performance Review and Accountability System. The PEC expects that schools will use these notices to both take action to respond to the potential renewal action by improving performance, as necessary, and to prepare and submit a response to the potential renewal action.

After final school performance data is released for the year prior to the school's renewal year, the school will receive a final notice of its renewal profile. Schools that have an Expedited Renewal Profile will have limited submission requirements and a limited site visit.

### Renewal Profile

The first stage of the formal renewal process is the preparation by the PEC's authorized representative(s) of school-specific renewal profiles. The Renewal Profiles are based on the record of the charter school's academic, financial and organizational performance as reported in their **Annual Performance Reports** and in alignment with any prior renewal or approval conditions. Renewal Profiles will be provided to the school in the late summer of the final year of the school's charter term. The profiles are based on evidence collected over the contract term and publicly available information. Schools eligible for expedited renewal will be identified during this phase. At this time in the process, all schools will be aware of the performance profile and thus the renewal recommendations from the staff supporting the PEC. The renewal application will provide the school an opportunity to submit and prepare a response to the potential renewal action.

### Renewal Application by the School

The Renewal Application provides schools the opportunity to provide an overview of school progress and a response to the potential renewal action, if performance expectations have not been met during the contract term. It is the goal of the Commission, to the extent possible, to decrease the burden from the preparation of the Renewal Application.

Schools eligible for expedited renewal will not be required to submit some sections of the renewal application. Annually, the Public Education Commission reviews and, as necessary, revises the renewal application. The current renewal application is available on the PEC website.

### Renewal Site Visit

The PEC's authorized representatives will conduct at least one Renewal Site Visit during the renewal process. The purpose of the Renewal Site Visit is to test, verify and/or supplement the information provided in the school's Renewal Application. The information obtained through the Renewal Visit will be considered with all other evidence at the time of the renewal decision by the PEC. Appendix C provides more detailed information regarding site visits.

Schools eligible for expedited renewal may be eligible to receive a site visit that utilizes a modified protocol focused on gathering community feedback and verifying any outstanding performance corrections. Site visits will also be used to investigate any significant concerns that may arise during the renewal period.

### Additional Requests for Information

At any time during the renewal process, the PEC and/or its authorized representatives may request additional information from the school in an effort to fully inform the renewal decision.

### Final Renewal Report

Staff supporting the PEC will prepare a renewal report once all renewal review activities are completed. The report will be provided to the school at least 5 days before the matter is put to a vote by the PEC so that the school has a final opportunity to prepare and submit a response to the information in the report.

### PEC Renewal Vote

The PEC reviews and votes on each Renewal at a properly noticed public meeting. The public may offer comments to the PEC during the public participation section of PEC meeting regarding each renewal. After each decision, the PEC issues a written notice to the school detailing the renewal decision.

### New Contract Negotiation

When renewal is granted by the PEC, the PEC, directly or through its authorized representatives, and the school negotiate a contract for the new term. The contract negotiation will address the school mission, any material terms that limit charter activities (e.g., enrollment cap, grade levels) or material terms that establish explicit program requirements (e.g., STEAM, PBL, vocational education). The contract negotiation shall also include additional rigorous, valid and reliable mission specific indicators, which may not to be duplicative of required state assessments but must measure achievement of the school's specific mission.

---

### **Expedited Renewal**

Schools that have maintained a Tier 1 or 2 rating for previous four years of the charter contract and earned a "met expectations" rating on the organizational and financial frameworks for the previous four years are eligible for an **expedited renewal process**. The expedited process will include all of the renewal activities described above, but will include a modified renewal application and a condensed renewal site visit as appropriate.

## Appendix A: Academic, Organizational, and Financial Performance Framework

### ACADEMIC PERFORMANCE FRAMEWORK

The Academic Performance Framework answers the evaluative question: Is the academic program a success? The framework includes indicators and measures that allow the PEC to evaluate the school's academic performance and was developed pursuant to the New Mexico Charter Schools Act. This section includes indicators, measures and metrics for student academic performance; student academic growth; achievement gaps in both proficiency and growth between student subgroups; and graduation rate and post-secondary readiness measures for high schools. (Section 22-8B-9.1.A. (1-3, 6, 7) NMSA 1978).

The Academic Performance Framework includes three indicators, with several required measures, and allows for the inclusion of additional rigorous, valid and reliable indicators proposed by the school to augment external evaluations of school performance.

#### Description of Academic Framework Indicators and Measures

Indicator 1: Components from NM System of School Support and Accountability. The PEC considers charter school performance on each of the components of the NM System of School Support and Accountability.		Points	
Measure	Description	Elem	High
1.1 Math and Reading Proficiency	Math and Reading Proficiency is the percentage of students who are proficient on state assessments in math and reading.	30	25
1.2 English Learner Progress Toward English Language Proficiency	English learner progress toward English language proficiency is measured by the WIDA ACCESS assessment given annually to students identified as English learners.	10	5
1.3 Science Proficiency	Science proficiency is the percentage of students who are proficient on state assessments in science.	5	5
1.4 Growth of Highest-Performing Students (Q4)	These growth measures are calculated separately for three student subgroups. The three student subgroups are the lowest-performing students (lowest 25%), the middle-performing students (middle 50%) and the highest-performing students (highest 25%).	5	5
1.5 Growth of Middle performing students (Q2/3)		10	10
1.6 Growth of Lowest-Performing Students (Q1)		25	15
1.7 Graduation Rate	<p>The graduation measure includes 4-year, 5-year, and 6-year cohort graduation rates.</p> <p>Graduation rates are one-year lagged. Meaning, rates that are published in the school report are for the cohort that graduated by August 1 of the prior year. Students are expected to graduate in four years, however rates are calculated for 5- and 6- year graduates. Calculation of 4-year, 5-year, and 6-year cohort graduation rates uses the <i>Shared Accountability</i> method, which gives each school in</p>	N/A	<p>10</p> <p>5 for 4 year, 3 for 5 year, and 2 for 6 year</p>

	<p>which the student was enrolled in high school proportional credit for their timely or lack of timely graduation.</p> <p>For schools that qualify as SAM schools, an auxiliary graduation rate is computed using a senior completer method which includes only 12th grade students who are not members of the 4-year cohort.</p>		
1.8 Growth in 4-year Graduation Rate	Improvement in the 4-year graduation rate is based on the slope of the 4-year graduation rates for the past three years. For schools that have a 4-year graduation rate that is over 90%, all points are awarded for graduation growth.	N/A	5
1.9 Career and College Readiness	<p>College and Career Readiness (CCR) scores are determined by the percentage of the prior year 4-year graduation cohort members (this indicator is also one-year lagged) who show evidence of participating in college or career preparation, along with the proportion of those students meeting a benchmark. This indicator is also calculated using the shared accountability model.</p> <p>High school students are expected to participate in at least one college or career readiness program:</p> <ol style="list-style-type: none"> <li>1) College entrance exams (Accuplacer, ACT, ACT Aspire, Compass, PLAN, PSAT, SAT, or SAT Subject Test);</li> <li>2) Evidence that the student can pass a college-level course (Advanced Placement, Dual Credit, or IB); or</li> <li>3) Eligibility for an industry-recognized certification (Career Technical Education).</li> </ol> <p>Points are given separately for students' participation and for their success in achieving targets.</p> <p>SAM schools are allowed use of additional indicators including ASVAB, WorkKeys, and TABE.</p>	N/A	10
1.10 Chronic Absenteeism	Schools earn points based on the percentage of students who were not chronically absent. A chronically absent student is one who was absent from school for any reason for at least 10 percent of the days enrolled.	5	5
1.11 Educational Climate Survey, Multicultural Initiatives, and Socio-emotional Learning (SEL)	The Educational Climate survey measures the extent to which classroom teachers demonstrate instructional practices known to facilitate student learning. Students answer survey questions on topics such as classroom teaching and expectations of students.	10	5

Indicator 2: Subgroup Performance Subgroup measures are based on the school's relative performance (statewide percentile rank) compared to all NM public schools serving the same grades. Points assigned for each subgroup are averaged to calculate overall points for measures 2.1, 2.2, and 2.3.		Points	
Measure	Description	Elem	High
2.1 Subgroup Growth of Highest- Performing Students (Q4)	Students are compared to all students statewide serving the same grade levels, based on the Growth results calculated by NM PED for Q4 students.	25	25
2.2 Subgroup Growth of Middle- Performing Students (Q2/3)	Schools are compared to all students statewide serving the same grade levels, based on the Growth results calculated by NM PED for Q2/3 students.	25	25
2.3 Subgroup Growth of Lowest- Performing Students (Q1)	Schools are compared to all students statewide serving the same grade levels, based on Growth results calculated by NM PED for Q1 students.	25	25
2.4 Subgroup Proficiency	Students are compared to all students statewide serving the same grade levels, based on subgroup proficiency rates for all eligible subgroups.	25	25

Indicator 3: School-Specific Goals The performance framework allows for the inclusion of additional rigorous, valid and reliable indicators (as determined by the PEC) proposed by a charter school to augment external evaluations of its performance. (1978 NMSA§22-8B-9.1(C).)		Points	
Measure	Description	Elem	High
School identified Mission Specific Goals, not to exceed two goals.	<p>Charter schools shall propose mission-specific goals that are specific, measurable and rigorous. School-proposed goals are subject to approval by the PEC and are incorporated into charter contracts. Not more than two goals will be used.</p> <p>The goals must appear on the NM Spotlight Dashboard to be measurable as a SMART goal.</p> <p><i>PEC guidance for setting school goals:</i>            Use a SMART goal format (Specific, Measureable, Achievable, Relevant, and Time-bound)            Include metrics and measures using the following criteria: "Exceeds standards," "Meets standards," "Does not meet standards," and "Falls far below standards."            Set goals that <i>augment external evaluations of school performance</i> and do not duplicate existing framework measures.            Goals must be able to be documented and supported using objective, verifiable evidence of results.            Mission specific goals must be distinct from ESSA indicators 1 and 2            If using additional assessments:            Proficiency and growth targets must be distinct and measured separately.            Assessments need to be rigorous and reliable. The data will need to be reported on the NM Spotlight Dashboard, in a format useable by PED.            Additional assessments must be aligned to school mission.            Reading and math goals are already included within indicators 1 and 2.</p> <p>If two goals are included, the score on this measure will be the average of the two ratings. There are four rating categories:            Exceeds = 100 pts            Meets = 75 pts            Does not meet = 25 pts            Falls far below = 0 pts</p>	100	100

## Summary of Indicator Rating System and Assigned Points

*Schools receive up to 100 points for each academic measure. The average weighted points across the framework are used to assign the overall rating (tier).*

Indicators	Description	Assigned Points	Total Weight?	
			Elem	High
Indicator 1: Components from NM System of School Support and Accountability	The PEC considers charter school performance on each of the components of the NM PED ESSA Plan	The school earns points equal to the school's overall index score from the New Mexico System of School Support and Accountability. (1-100 pts)	35%	37.5%
Indicator 2: Subgroup Performance	Subgroup measures are based on the school's relative performance (statewide percentile rank) compared to all NM public schools serving the same grades.	Points assigned for each subgroup are averaged to calculate overall points for measures 2.1, 2.2, 2.3, and 2.4. (1-100 points)	30%	25%
Indicator 3 Mission Specific Goals	Charter schools shall include <b>mission-specific goals</b> that are Specific, Measurable, Achievable, Relevant and Time-bound.	Points are assigned based on the average of the ratings (if there are two goals) for the goals listed in Indicator 3. (0-100 points)	35%	37.5%

*Based on performance across the academic indicators and measures, schools receive an overall academic tier rating that is used by the PEC in annual monitoring and renewal decisions.*

## ORGANIZATIONAL PERFORMANCE FRAMEWORK

The Organizational Framework primarily lists the responsibilities and duties that charter schools are required to meet through state and federal laws. It was developed pursuant to the New Mexico Charter Schools Act and includes indicators, criteria statements, and metrics related to schools' educational program, financial management, governing body performance, school environment, and employee and student policies, including compliance with all applicable laws, rules and terms of the charter contract (Section 22-8B-9.1A (4, 5, 9) NMSA 1978).

NACSA Principles & Standards (2012) states that,

"A Quality Authorizer implements an accountability system that effectively streamlines federal, state, and local...compliance requirements while protecting schools' legally entitled autonomy and minimizing schools' administrative and reporting burdens" (p. 16).

The organizational framework is the primary focus of the annual school visit process. The framework is structured into five categories of information. Each category has multiple **indicators** and each indicator includes one or more **criteria statements** that serve as the metric for evaluating organizational performance.

For each indicator a school receives one of three ratings: "Meets Standard," "Working to Meet Standard" and "Does Not Meet Standard" which are defined below. Indicator ratings are assigned based on evidence that the school is meeting the criteria statement(s).

### **Meets Standard:**

The school meets the standard if it satisfies each of the criteria statements described for the indicator OR if the authorizer currently has no evidence or information to indicate the school does not meet the criteria statements.

### **Working to Meet Standard:**

There is evidence to indicate the school does not, or at some point in the school year did not, satisfy the criteria statements described for the indicator AND within 30 days after receiving a notification of non-compliance, the school submitted evidence to demonstrate immediate correction of any outstanding matters AND submitted a corrective action plan to prevent future occurrences of the same concern.

### **Does Not Meet Standard:**

There is evidence to indicate the school does not, or at some point in the school year did not, meet the criteria statements described for the indicator and the school failed to submit evidence of correction and/or a corrective action plan within 30 days of notification OR the school failed to implement the corrective action plan OR the non-compliance is repeated from the prior evaluation.

Schools receive an overall organizational performance rating of either "Meets Standard" or "Does Not Meet Standard". If a school receives "Does Not Meet Standard" ratings for three more indicators, the school will receive an overall organizational framework rating of "Does Not Meet Standard". Fewer than three such ratings will result in an overall rating of "Meets Standard." In addition, if a school receives a "Does Not Meet Standard", on any indicator, CSD and PEC may conduct a closer review the following year on that indicator, and/or the PEC may require the school to submit a corrective action plan in order to specify actions and a timeline to correct the performance deficiency.

## **FINANCIAL PERFORMANCE FRAMEWORK**

Under Development

## **Appendix B: Annual School Reporting Calendar**

Under Development

## **Appendix C: Summary of Site Visit Protocol**

Protocols under development.

The purpose of the school visit is to evaluate whether schools are in compliance with their legal and contractual requirements and to provide technical assistance including evaluative feedback, legal references and citations, and guidance manuals and resources. The goal of this visit is to evaluate compliance in key areas and observe the program of instruction in action, as described in the charter contract and Performance Framework. There are three types of school visits conducted by the PEC's authorized representatives:

- 1.** New school visits – Within the first four months of opening, the PEC's authorized representatives visit all new schools.
- 2.** Annual visits – All schools are visited annual, generally between November and May. Annual site visits may be differentiated based on school performance, including academic, financial, and organizational performance.
- 3.** Renewal visits – In the fall of the renewal year, the PEC's authorized representatives visit schools as part of renewal activities.

Two to four staff members who are the PEC's authorized representatives will participate in site visits. Site visits generally do not last longer than a day, but the time required depends on school performance and availability of necessary data, records, and staff time. Schools will be notified in advance as to the timing of site visits.

## Appendix D: Glossary of Terms

**Annual Notice of Renewal Profile** – is an annual notice that will be sent to the school leader and all members of the school governing body. The notice will identify the renewal profile(s) the school is on track to fall within based on its performance under the current charter term. The PEC expects that schools will use these notices to both take action to respond to the potential renewal action by improving performance, as necessary, and to prepare and submit a response to the potential renewal action.

**Chartering Authority Intervention** – is action taken by the Commission or its authorized representatives to notify a school that it is failing to meet its legal and contractual requirements, to prompt the school to take action to correct its own failure to meet its legal and contractual requirements, and/or to revoke or non-renew a school that has demonstrated the inability or unwillingness to meet its legal and contractual requirements. Intervention may include providing findings of non-compliance during or after a site visit, issuing a Notice of Concern, a Notice of Breach, or a Notice of Revocation Review or Intent to Revoke, monitoring the implementation of an improvement plan or corrective action plan, or not-renewing a charter school.

**Chartering Authority Oversight** – is action taken by the Commission or its authorized representatives to evaluate whether a charter school is meeting its legal and contractual requirements. This may include evaluating submissions from the school, investigating complaints or allegations, conducting site visits or audits, evaluating data about the school's performance, or completing performance evaluations.

**Charter School Autonomy** – is the right of all charter schools to determine the methods by which they achieve their legal and contractual requirements, including all performance standards. Charter School Autonomy reflects the additional flexibilities granted through any non-discretionary or discretionary waivers as defined in statute, regulation, and policy.

**Intervention Ladder** – is the process by which the Public Education Commission will communicate to charter schools its concerns about academic performance, fiscal soundness or legal, contractual, or policy requirements.

**Final Notice of Renewal Profile** – is the notice provided to the school after the final performance profile prior to renewal is released. This notice will identify the renewal recommendation the school will receive and will notify any schools of their eligibility for expedited renewals.

**Legal and Contractual Requirements** – are the obligations a charter school must meet based on state and federal statutes, regulations and policies, and the terms of the charter contract. These requirements include the performance expectations established in the Performance Review and Accountability System, which consists of the PEC's Academic, Organizational and Financial Performance Frameworks, Intervention Ladder, Renewal Process, and Site Visit Protocols.

**Mission-Specific Goals** – are required indicators that are incorporated into the Academic Performance Framework. These goals should be outcome based measures of the school's effectiveness in implementing its mission. Goals are weighted as 35% (elem/middle) or 37.5% (high) of the Academic Performance Framework

**Notice of Breach** – a formal, written notice issued pursuant to a vote of a majority of Commission members at a properly noticed public meeting that a school is not meeting performance expectations or has failed to comply with legal or contractual requirements and, as a result, is in breach of the contract. This notice will often, but not always, be issued after a school has been issued a Notice of Concern and has failed to meet the requirements of the prior notice. In the notice, the Commission will establish expected outcomes and deadlines that must be met by the school. Deadlines will vary depending on the urgency of the matter and the amount of time it takes to reasonably cure the concern. Once a Notice of Breach is issued, schools are required to submit a Corrective Action Plan (financial or organizational performance) or an Improvement Plan (academic performance) that details the actions and timeline that the schools will implement to correct the breach. PEC’s authorized representatives will monitor the school’s implementation of Corrective Action and Improvement Plans, and regularly update PEC on progress.

**Notice of Concern** – a formal, written notice issued pursuant to a vote of a majority of Commission members at a properly noticed public meeting that a school is not meeting performance expectations or has failed to comply with legal or contractual requirements. In the notice, the Commission will establish expected outcomes and deadlines that must be met by the school. Deadlines will vary depending on the urgency of the matter and the amount of time it takes to reasonably cure the concern.

**Performance Review and Accountability System** – consists of the PEC’s Academic, Organizational and Financial Performance Frameworks, Intervention Ladder, Renewal Process, and Site Visit Protocols. It is an adaptive tool subject to continuous review and improvement so that the students in New Mexico public charter schools are effectively served. New Mexico’s charter schools are invited to be partners in the development and continuous improvement of this Performance Review and Accountability System.

**Preliminary Notification of Renewal Profile** – is the annual notice provided to the school at least one year prior to the date on which it must apply for renewal. The notice will identify the renewal profile(s) the school is on track to fall within based on its performance under the current charter term and will act as notice to schools that are likely to be eligible for expedited renewal. The PEC expects that schools will use these notices to both take action to respond to the potential renewal action by improving performance, as necessary, and to prepare and submit a response to the potential renewal action.

**Reliability** - is a demonstration that an assessment or other measure is an externally, national- or state-normed metric (e.g. ACT, SAT, ACCESS for ELLs, Spanish IPT).

**Revocation Review** – is the process by which a charter school is considered for revocation of their charter. The revocation review can arise as a result of the school’s failure to meet requirements specified in a Notice of Breach, receipt of multiple Notices of Breach in the same school year, or as a result of a violation of law that is significant enough to justify immediate revocation. A Notice of Revocation Review is issued at a properly noticed public meeting and established the actions to be taken by its authorized representative(s) and a deadline for the school to respond to the prospect of revocation.

**Rigor** – is the demonstration that a performance goal is an ambitious but realistic target that has been established using a valid benchmark (e.g. comparison to national/state average, improvement from school historic performance).

**Student Academic Growth** – is the measurement of student level improvement within a school year as compared to their performance peers’ improvement in the same year on the state’s annual academic

assessments in math and reading.

**Student Proficiency** – is performance at grade level on the state’s annual academic assessments in math and reading. This may also include performance at grade level on other state assessments including Science, and end-of-course assessments.

**Substantial Progress** – is related only to academic performance, is reflected in a school’s “Renewal Performance Profile,” and makes a school eligible for full renewal. This is defined as “consistently improving performance over the last 3 years.” Inconsistent performance over the last three years shall demonstrate that a school is not making “substantial progress.”

**Support** – is making charter schools aware of PED resources and programs available to support their improvement or excellent performance. This may also include sharing information between charter schools about effective or best practices being implemented at effective and successful schools. This shall not include providing recommendations on the method by which the school must/can/should achieve its legal or contractual requirements, as charter schools are granted the autonomy to determine the methods they will utilize to meet their legal or contractual requirements.

**Technical Assistance** – is information provided to make a school aware of, or to help a school understand, its legal or contractual requirements. This can include information about why the school is not currently meeting its legal or contractual requirements. Technical assistance shall not include providing recommendations on the method by which the school must achieve its legal or contractual requirements, as charter schools are granted the autonomy to determine the methods they will utilize to meet their legal or contractual requirements.
