

# 2021-2022 Fact Sheet

## Istation's Indicators of Progress (ISIP)

ISIP Reading and ISIP Math (Istation's assessments for pre-K through 8<sup>th</sup> grade) measure and instruct students in the foundational skills known to be the most predictive of reading and mathematics success.

### Who takes the ISIP in 2021-2022?

ISIP Reading in English and Spanish are available to students in grades K-3 statewide. The ISIP Reading assessment in English or in Spanish (for English-learners) is required for all students in grades K-2. ISIP Math is available to students in grades K-2 statewide but is not a required assessment unless a school is in the K5+ program.

### What does the test measure?

Istation's Indicators of Progress (ISIP) Reading in English and ISIP Reading in Spanish integrate computer adaptive testing that accurately reflects the reading ability level of each student and measures growth over time. ISIP Reading can be used as a [dyslexia screener](#) for students receiving instruction in Spanish. ISIP Math utilizes computerized computer adaptive testing that accurately reflects the mathematical ability level of each student and measures growth over time. Monthly results can be used by teachers to monitor student progress and improve instruction.

### When is the test given?

ISIPs are automatically administered monthly as a progress monitoring tool. Three of those monthly scores are used as state benchmarks: beginning-of-year (BOY), given in August-September 2021; middle-of-year (MOY) given in December-January 2022; and end-of-year (EOY) given in April-May 2022. Access the [Online Interactive Calendar](#) for all assessment administration dates.

### How is the test administered?

- Istation is administered online.
- The test is computer-adaptive, adjusting the level of difficulty of questions based on the student's previous responses.
- [Accommodations](#) are available for students with disabilities.
- IEP teams can determine whether students with the most significant cognitive disabilities should take the ISIP, with accommodations, or participate in an alternate assessment.

### What are the performance levels?

1  
0-20<sup>th</sup> Percentile

2  
21-40<sup>th</sup> Percentile

3  
41-60<sup>th</sup> Percentile

4  
61-80<sup>th</sup> Percentile

5  
Above 80<sup>th</sup> Percentile

### Where can I access reports?

- Educators and parents can create an account to access student results at [secure.istation.com](https://secure.istation.com)

For more information, please visit the New Mexico Istation page at [www.istation.com/NewMexico](https://www.istation.com/NewMexico)
