

2022-23

Istation's Indicators of Progress (ISIP)

ISIP Reading and ISIP Math measure and instruct students in the foundational skills known to be the most predictive of reading and mathematics success.

Who takes the ISIP in 2022-23?

ISIP Reading in English and Spanish is available to students in Grades K-3 statewide. The ISIP Reading assessment in English or in Spanish (for English learners) is required for all students in Grades K-2. ISIP Math is available to students in Grades K-2 statewide, but is highly recommended. K-2 ELA and math are required for the K5+ program schools. K-2 ELA is required for ECLIPSE schools.

What does the test measure?

Istation's Indicators of Progress Reading in English and ISIP Reading in Spanish integrate computer-adaptive testing that accurately reflects the reading ability level of each student and measures growth over time. ISIP Reading can be used as a dyslexia screener for students receiving instruction in Spanish. ISIP Math utilizes computer-adaptive testing that accurately reflects the mathematical ability level of each student and measures growth over time. Monthly results can be used by teachers to monitor student progress and improve instruction.

When is the test given?

Access the [Online Interactive Calendar](#) for all assessment administration and training dates.

How is the test administered?

- Istation is administered online.
- The test is computer-adaptive, adjusting the level of difficulty of questions based on the student's previous responses.
- Accommodations are available for students with disabilities.
- IEP teams can determine whether students with the most significant cognitive disabilities should take the ISIP with accommodations or participate in an alternate assessment

What are the Proficiency Levels?

1 0-20th Percentile	2 21-40th Percentile	3 41-60th Percentile	4 61-80th Percentile	5 Above 80th Percentile
---------------------------	----------------------------	----------------------------	----------------------------	-------------------------------

Where can I access reports?

Educators and parents can create an account to access student results at secure.istation.com.

Where can I access training as a classroom teacher?

Educators can access professional development opportunities at [Istation | Professional Learning Opportunities](#).

For more information, visit the New Mexico Istation page at istation.com/NewMexico.
