

Fall DTC Training Registration

The [registration](#) deadline Fall DTC trainings is this Thursday, September 9th. DTCs who miss the deadline may not have immediate access to the start of trainings on Monday, September 13th. For participants needing registration support, please email canvas.admin@state.nm.us.

This year's trainings will be hosted in Canvas and held the week of September 13.

NAEP Request

Many schools will be participating in the NAEP 2022 administration and Westat is looking for proctors to administer NAEP in 4th and 8th grade classrooms throughout the state. Retired teachers or retired school personnel are often welcomed candidates for this opportunity. Please assist PED by extending this [NAEP-2022-Job-Flyer](#) to local community members or retired colleagues.

Upcoming: Assessment Literacy Trainings Hosted by Cognia

All DTCs, educators, and school leaders are encouraged to attend the trainings below. Please follow the links for training details.

- [Equity Mindset and Culturally Responsive Practices Training](#)
- [Assessment Literacy Training dates and registration links](#)

NM-MSSA Individual Student Reports (ISRs)

Spring 2021 NM-MSSA ISR reports have shipped and should be arriving in schools shortly. UPS shipments may arrive this week. There will be 3 delivery attempts before being returned to Cognia. For support with the ISR shipments, please contact the Cognia help desk at 877-676-6722.

College Board Reporting Portal Webinar Recording

The recording from the optional August 24, 2021 College Board Reporting Tools Webinar is available and can be accessed [here](#) using the passcode: *NMK-12Portal*.

This webinar covered topics such as the roles and responsibilities for data access, an overview of the available reports, and ways to communicate scores to schools.

For more information, please contact the College Board Team at NMSAT@CollegeBoard.org.

Correction: Istation Off-Campus Settings

Unless a [Pandemic-Related Non-Standard Assessment Waiver](#) is on file, you must ensure that your current ISIP settings do not allow for ISIPs to be visible from IP addresses that are not official district locations during the required (BOY, MOY, EOY) windows. Please reach out to Istation Tech Support for help changing this setting. Note: In the last newsletter, it was erroneously noted that "Istation will turn OFF the administration function of the off-campus state required BOY, MOY, and EOY assessments." The language above, which was echoed in Istation's direct communication last week, is correct.

Recording and Resources: Fall Paper ACCESS Administration

The recording links for the Paper ACCESS administration, including materials from the September 2, 2021 training with Sabrina Read with WIDA, are available below:
