## Site Visit Summary: April 12, 2021

---

### Virtual Site Visit Participants

**School:** Bridget Barret: SAMS Head Administrator (first year in that position); Jill Brame: SAMS Director of Operations; Sean Fry: SAMS business manager; Larry Kennedy: SAMS Governing Board President

**PED:** Corina Chavez; Brigette Russell; Karen Woerner

### Response to COVID Pandemic

[SAMS Academy](#) serves 250 students in grades 7-12 in Albuquerque. SAMS enrollment dropped from its usual 260-265 to approximately 230 students this year, though with community engagement, advertising, and social media outreach, 297 students thus far are signed up for the 2021-22 school year, including 15 students in grade 6, which is being added in 2021-22. The school was remote only until February 22, when small groups of students returned. On April 6, approximately 30-40% of students returned in person. Because the school's regular curriculum even before COVID was [Edgenuity](#) for most classes, the pandemic affected the school less than it did some others. The school began using [Google Classroom](#) for both Smart Lab and aviation classes and switched from desktops to Chromebooks using CARES Act funding.

### Teaching, Learning, and Assessment

Edgenuity is the school's primary curriculum aside from Smart Lab (STEAM), aviation, and PE. Wanting more separation between middle and high school, the school divided its large computer lab by grade levels. Students have always been able to earn a pilot's license at the school, but this year the school added a drone piloting program in response to the many career opportunities available to graduates with this competency. Students can take cumulative exams in Edgenuity or complete final projects instead of exams; [Edgenuity My Path](#) is used for interim assessment. Dual credit courses are available.

### Student and Family Support and Engagement

The biggest challenge has been students not showing up for [Zoom](#) classes. Social-emotional support has been a challenge because teachers want to hold students accountable, but the COVID context poses unique challenges. Students and parents are kept apprised of progress through Edgenuity progress reports, and parents have access. The head administrator sends weekly updates to parents. The school community lost a student to suicide this year and provided extensive counseling and supports to students in the aftermath. Edgenuity has a built-in program for social-emotional health, and student's complete modules on depression, anxiety, time management, etc., as needed. There is a social worker on staff. The school uses the I Can Help and Work to Be Well programs.

**Performance Framework Indicators (school-specific questions)**

---

**1.d. Is the school protecting the rights of English Learner students?**

CSD: What is the status of the two students listed on the ELP Report? The school must research to identify the correct EL status for the student(s) and correct the errors (coding or EL status). Document the results of the investigation and keep until next reporting window when the school runs the report again. Also, file the results in the student(s) cumulative folder.

**2.a.-f. Financial Indicators**

2020-001 Internal Control over Financial Reporting (Significant Deficiency)

*Sean Fry, SBO, responded to FY20 audit finding. There was a change in business management services, an additional level of review was added, and procedures were revised to increase internal control structures. Paula Gonzales is serving as the school's on-site business assistant.*

**4.c. Is the school meeting teacher and other staff credentialing requirements?**

CSD: What is the status of the licensure discrepancy reported in STARS for PB, Aviation Instructor? What actions has the school taken to correct the licensure error?

The teacher teaches social studies and the 7<sup>th</sup> grade aviation history course. The school must check the coding for the courses and contact the professional licensure bureau.

**5.c. Is the school complying with health and safety requirements? Has the school submitted its Safe Schools Plan for review in December 2020? Has the school received approval from Safe and Healthy Schools Bureau?**

*The SSP was submitted on 1/8/21 (extended deadline) and the school has not yet heard back. The Safe Schools State Coordinator, Melanie Granito, has indicated that she is working on the charter schools' SSPs now. The school was advised to contact the Safe Schools Bureau if they do not hear back in a couple of weeks.*

**Mission-Specific Goals:**

Goal 1: 75% of students in grades 7-9, enrolled on 40<sup>th</sup> day, will complete the SMART Lab elective annually with a score of “C” or better;

School Response: Of the 117 students on 40<sup>th</sup> day count, 6 disenrolled before a final grade could be given. Of the 111 students left, 93 students completed a Smart Lab class with a “C” or better. This gives us a 84% completion/pass rate for Mission Goal 1.

Goal 2: 75% of students in each grade level 10-12, enrolled on the 40<sup>th</sup> day, will take one STEAM elective, at least 0.5 credit annually, earning a “C” or better.

School Response: Of the 110 students on the 40<sup>th</sup> day count, 6 disenrolled before a final grade could be given. Of the 104 students left, 91 students completed a STEAM elective in at least one semester of the year with a “C” or better. This gives Mission Goal 2 a completion/pass rate of 88%.

**Assurances:**

The school provided the signed assurances document (Appendix B).

**Overall Financial/Organizational Framework Rating: Meets Standard**

*If a school receives a “Does Not Meet Standard” rating for three or more indicators, the school will receive an overall organizational framework rating of “Does Not Meet Standard” for the year. In addition, if a school receives a “Does Not Meet Standard” rating, on any indicator, the CSD and PEC may conduct a closer review the following year on that indicator, and/or the PEC may require the school to submit a corrective action plan in order to specify actions and a timeline to correct the performance deficiency. See ratings for individual indicators in Appendix A.*

**PERFORMANCE FRAMEWORK AND PUBLIC EDUCATION COMMISSION (PEC) TIER LEVEL**

The 2020-21 Performance Monitoring Plan was modified in response to the COVID-19 Pandemic. Many of the indicators were unmeasurable and the Performance Framework ratings in Appendix A is reflective of this. Rather than identifying evidence of compliance, schools are required to sign an assurance of compliance.

PEC Tier Levels are based on three indicators: (1) NM School System of Support and Accountability, (2) Student Subgroup Performance, and (3) Mission Specific Goals. Again, due to the pandemic and the resulting flexible administration of state assessments, in 2020-21 there is limited academic data, that could be used as an accountability measure. **Therefore, PEC Tier Levels cannot be assigned for the 2020-2021 academic year.**

**Academic Performance:** The school may provide evidence of meeting mission-specific goals to receive a rating on indicator 3 of the Academic Performance, however, if the school was unable to implement the goals due to the pandemic, the school will not be rated in this section.

**Organizational Performance** The assurances document covers the majority of the indicators of organizational performance. Where possible, results of desktop monitoring and bureau/division reports will be considered.

**Financial Performance Framework:** For indicator 2.c, evidence of implementing an Action Plan to prevent further findings will not be collected this year, therefore the school’s rating is solely based on repeat findings.
