Response to COVID Pandemic

[Tierra Encantada](#) serves 315 students, grades 7-12, in Santa Fe. The school leaders discussed that at the beginning of the pandemic, the staff worked hard to connect with the community, get the right equipment to families, and to plan for the next school year so that it would run smoothly. After developing strong plans for school year 2020-21, the school has received a lot of great responses and positive feedback from families. Many students still had high academic performance and celebrated straight A's and perfect attendance and those success stories increased as the year progressed.

Prior to the pandemic, the students were already practicing self-sufficiency and independence. The school leaders were allowing students to take their Mac Books home and to turn in work through google classroom. The school leaders found more success with google classroom than they did with Zoom as an online platform for teaching. The school leaders explained that some TE students thrived in the more flexible learning environment while others obviously needed more structure.

Since opening the doors for in-person learning, 110 students said that they wanted to return but the numbers for in-person attendance are usually around 40-50. When there were dips in attendance school leaders used [ENGAGE NM](#), and other resources to connect with struggling students. The efforts worked; however, other students decided to return to remote learning. The 7th and 8th graders had the lowest attendance rates, but school leaders stated that it was difficult to gauge whether these grades struggled more because of the pandemic, or because of their age, or because it is a much higher population within the school.

Teaching, Learning, and Assessment

Tierra Encantada implements schoolwide [NWEA MAPs](#) which was administered during this school year. The school also implements the bilingual test for biliteracy, [Avant](#). The school did not administer [NM-MSSA](#) this year but will start next year.

Tierra Encantada teaches SEL habits of citizenship and character. Students are given class assignments and assessments in a home-based 45-minute class. In the SEL class, students create and form relationships with a CREW class, they work on team building, and they have wellness checks and break-out sessions within the course. Lead teachers for SEL are in constant communication with students. School leaders explained that this support was extremely helpful to students as the parental loss this year was quite significant. Not all losses were necessarily because of COVID, but twenty or so families lost a parent or guardian. The school staff tried to support students through all these hardships including, job loss and parent deportation. Because of all these factors, many TE students found themselves as primary caregivers or guardians to their siblings during the day. As a result, the school staff tried to offer individualized programs for students to meet all of the various needs.

The school leaders discussed their mission specific goal and material terms around dual-credit classes. Tierra Encantada works with [Northern NM College](#) and [Santa Fe Community College](#). TE staff still supported students in getting them

registered for classes, and in helping students understand how to best learn from college professors. The school leaders tracked their dual credit cohorts and many students found that the
YEAR Annual Performance Report Summary

online dual credit was easier than in-person. TE also expanded the dual credit program offerings to 9-10th graders. The school leaders also managed to collaborate with their dual credit entities and make important modifications such as best practices around dropping a class, attending class and on bussing students to locations. Many students passed their dual credit classes despite the pandemic.

Student and Family Support and Engagement

The school leaders talked about a focus on school community outreach. The school hosted a clothing drive and bolstered their virtual presence on the TE Facebook page. Since the school normally focuses on projects that are community based, it was hard to fully implement that due to the pandemic restrictions. However, the school leaders did say that, as it was possible, the projects went virtual.

Performance Framework Indicators (school-specific questions)

2.a. Is the school meeting financial reporting and compliance requirements?

The CSD asked the school about the business manager's last known certification date which was 2018.

The school leaders affirmed that the business manager has recertified his CPO and assured CSD that he will also register as CPO on the GSD website.

3.a. Is the school complying with governance requirements?

Board members have a two-hour training exemption in Fiscal Understanding, so they only have 6 hours to complete however only one member has 2 hours completed. Has the board developed the tracking tool to monitor their training as requested during the September 2019 site visit?

The school leaders confirmed that the remaining board will be taking classes with PSCNM.

4.a. Is the school protecting the rights of all students?

Can the ELL Coordinator confirm that parents are also receiving their student's ACCESS assessment outcomes with their annual letters? *School leaders confirmed this.*

4.c. Is the school meeting teacher and other staff credentialing requirements?

School leaders confirmed that the instructor in question has received a waiver from the PED licensure department.

Overall Financial/Organizational Framework Rating: Meets Standard

If a school receives a "Does Not Meet Standard" rating for three or more indicators, the school will receive an overall organizational framework rating of "Does Not Meet Standard" for the year. In addition, if a school receives a "Does Not Meet Standard" rating, on any indicator, the CSD and PEC may conduct a closer review the following year on that indicator, and/or the PEC may require the school to submit a corrective action plan in order to specify actions and a timeline to correct the performance deficiency. See ratings for individual indicators in Appendix A.

PERFORMANCE FRAMEWORK AND PUBLIC EDUCATION COMMISSION (PEC) TIER LEVEL

The 2020-21 Performance Monitoring Plan was modified in response to the COVID-19 Pandemic. Many of the indicators were unmeasurable and the Performance Framework ratings in Appendix A is reflective of this. Rather than identifying evidence of compliance, schools are required to sign an assurance of compliance.

PEC Tier Levels are based on three indicators: (1) NM School System of Support and Accountability, (2) Student Subgroup Performance, and (3) Mission Specific Goals. Again, due to the pandemic and the resulting flexible administration of state assessments, in 2020-21 there is limited academic data, that could be used as an accountability measure. **Therefore, PEC Tier Levels cannot be assigned for the 2020-2021 academic year.**

Academic Performance: The school may provide evidence of meeting mission-specific goals to receive a rating on indicator 3 of the Academic Performance, however, if the school was unable to implement the goals due to the pandemic, the school will not be rated in this section.

Organizational Performance: The assurances document covers the majority of the indicators of organizational performance. Where possible, results of desktop monitoring and bureau/division reports will be considered.

Financial Performance: For indicator 2.c, evidence of implementing an Action Plan to prevent further findings will not be collected this year, therefore the school’s rating is solely based on repeat findings.
