## Overview of Renewal Application and Process

By October of the last year of their contract term, charter schools must apply for renewal of their charter contract, either from their local chartering authority (district) or the Public Education Commission (PEC), which serves as the state chartering authority. In accordance with Section 6.80.4.13.A. of the New Mexico Administrative Code (NMAC), renewal applications must be submitted no later than the first business day of October of the year prior to the expiration of the school's charter, and the chartering authority must rule on the renewal of the application in a public meeting no later than January 1 of the fiscal year in which the charter expires.

The Charter Schools Division (CSD) of the New Mexico Public Education Department (PED) provides staff support to the PEC and will review all renewal applications submitted to the PEC, conduct the renewal site visits, and provide an analysis and recommendation for renewal, non-renewal, or conditional renewal. The PEC makes the final decision regarding the renewal application after reading the application, the CSD preliminary analysis, the school's response, and the CSD in final analysis and recommendation, and considering the school's presentation at the renewal hearing.

The PEC developed this state charter renewal application kit to assist charter schools in the development of their renewal applications. The template for the state renewal charter application kit will be posted on the PEC website at <https://webnew.ped.state.nm.us/bureaus/public-education-commission/policies-and-processes/>. The CSD will provide technical assistance training that focuses on the state-authorization charter school renewal process. Schools intending to renew with a district authorizer should check with the district regarding their forms and processes.

The renewal application is divided into six parts, described below. These sections address the requirements of New Mexico Statutes Annotated (NMSA) 1978 §22-8B-12(J) and are intended to provide the PEC the information necessary to determine if the school's past performance supports renewal of the charter.

**Part A: Summary Data Report** is provided by the CSD to the school in the summer before renewal, updated after the newest academic data is released, and provided to the PEC in October along with the rest of the school's application. The school is asked to verify the information in Part A. The school should use the information to report on academic performance goals and other contractual requirements.

**Part B: Progress Report** offers schools the opportunity to provide information regarding their uniqueness, innovation, academic performance, financial compliance, and organizational, contractual and governance responsibilities and improvement actions over the term of their most current charter. This part of the application includes several sections, which are described in the Part B section below.

**Part C: Financial Statement** offers schools the opportunity to demonstrate the financial stewardship it has implemented over the term of the contract.

**Part D: Petitions of Support** offers the opportunity to demonstrate the community support for the continuation of the school. 1978 NMSA §22-8B-12 requires the school provide petitions from school staff and households of students enrolled in the school.

**Part E: Facilities** requires the school to provide a description of the charter school facilities and assurances that the facilities are in compliance with the requirements of 1978 NMSA §22-8B-4.2. The documentation required is listed in the Charter Renewal Application section below.

**Part F: New Authorizer** is required only from district-authorized charter schools applying for renewal under the PEC. Part F consists of Appendices F-1 through F-8, which are listed in the Charter Renewal Application section below.

Upon receipt of the completed application, the CSD will review the application, verify data, and conduct a renewal site visit to verify information provided within the application. Afterwards, the CSD will write a preliminary analysis of the school's renewal application and send a copy to the school and the PEC. The school will have an opportunity to respond to the analysis provided. After the CSD receives the school's response, it will evaluate all information available and provide a final analysis for renewal, renewal with conditions, or non-renewal to the PEC and the school.

New Mexico law 1978, NMSA § 22-8B-12(K) provides that a charter may be not renewed by the chartering authority if the chartering authority determines that the charter school:

- committed a material violation of any of the conditions, standards or procedures set forth in the charter contract;
- failed to meet or make substantial progress toward achievement of the department's standards of excellence or student performance standards identified in the charter contract;
- failed to meet generally accepted standards of fiscal management;
- for a charter school located on tribal land, failed to comply with ongoing consultations pursuant to the Indian Education Act; or
- violated any provision of law from which the charter school was not specifically exempted.

Please contact [charter.schools@state.nm.us](mailto:charter.schools@state.nm.us), with any questions regarding the state charter renewal application kit.

## Process and Timeline

**Note:** All dates below are subject to revision at the PEC meeting on April 8, 2022.

<b>Form and Point of Contact</b>	All submissions should be prepared utilizing the State Charter Renewal Application Kit. Brevity, specificity, and clarity are strongly encouraged. Any questions regarding the application and the review process must be directed to: <a href="mailto:charter.schools@state.nm.us">charter.schools@state.nm.us</a> .
<b>Application Submission (October 3)</b>	The Renewal Application must be submitted by uploading Parts B, C, D, and E (and, for district-authorized schools, Part F) to the Google Drive folder created for that purpose and provided to the school by CSD. Files must be uploaded no later than 11:59 p.m., mountain time, on the first business day of October.  <b>Note:</b> Submission prior to the first business day of October will not change the deadlines for review. Early submissions are welcomed; however, they do not give applicants an advantage.
<b>Technical Assistance Workshops (March—April)</b>	The CSD will facilitate technical assistance workshops for the charter renewal application process. Details regarding these half-day trainings are available at: <a href="https://webnew.ped.state.nm.us">https://webnew.ped.state.nm.us</a>
<b>Renewal Application Review</b>	A CSD review team analyzes applications and schedules renewal site visits prior to completion of the Renewal Analysis. This site visit is designed to verify the evidence and documentation supporting the renewal application and evaluate compliance with academic, contractual, organizational, governance, and financial requirements.
<b>CSD Preliminary Renewal Analysis (November 14)</b>	The CSD will send each renewal applicant and the PEC a Preliminary Renewal Analysis. This analysis will synthesize the strengths and weaknesses of the charter school in relation to the statutory reasons for non-renewal.
<b>Response to Preliminary Analysis (November 28)</b>	Renewal applicants may respond in writing to the Preliminary Renewal Analysis. These responses must be uploaded to the school's Google folder and will be included in the CSD final renewal analysis.
<b>CSD Final Renewal Analysis to PEC (December 1)</b>	The CSD will provide the PED with a final renewal analysis including a recommendation that the PEC approve, approve with conditions, or deny the renewal application no later than December 1. Renewal applicants will receive a copy of the final renewal analysis.
<b>Final Authorization Meeting of PEC (within first three weeks of December)</b>	The PEC will hold a public decision-making meeting to renew, renew with conditions, or non-renew the renewal application not later than January 1 of the following calendar year.

## Evaluation Standards

Based on the completed Renewal Application Kit, the charter school site visits conducted during the charter term, the Renewal Analysis from the CSD staff, status reports provided by the PED's divisions and bureaus, and, if applicable, the local school district, the CSD will make a recommendation to the PEC regarding renewal of a school's charter. The following questions guide the CSD's final analysis regarding renewal and are based upon the five reasons that a chartering authority must determine a charter school has violated in order to refuse to renew a charter pursuant to Subsection K of Section 22-8B-12 NMSA 1978.

### **Has the school committed a material violation of any of the conditions, standards, or procedures set forth in the charter?**

The school's performance contract defines the terms under which it proposes to operate and the Performance Framework (Attachment A to the contract) which defines the measurable goals that the school agreed to meet. The CSD will analyze the evidence presented in the application from the school during the renewal site visit, and from the monitoring conducted during the term of the contract, to provide a recommendation to the PEC regarding whether the school committed a material violation of any of the conditions, standards, or procedures set forth in the charter. Applicants that are currently authorized by a school district, and not the PEC, must provide these documents as well.

### **Has the school failed to meet or make substantial progress toward achievement of the PED's minimum educational standards or student performance standards identified in the charter application?**

The CSD will analyze and evaluate student achievement data on required state tests and on other measures set forth in the contract. The school must report data for school or mission specific goals both throughout the term of the contract and as part of the renewal application. The school's own analysis and supporting data will both be considered.

### **Has the school and, if applicable, the school's foundation failed to meet generally accepted standards of fiscal management?**

The CSD will rely on documentary evidence based on the annual independent financial audits and reports from the School Budget and Finance Analysis Bureau and the Audit and Accounting Bureau with regard to whether the school has met generally accepted standards of fiscal management.

### **For a charter school located on tribal land, has the school failed to comply with ongoing consultations pursuant to the Indian Education Act?**

The CSD will confirm by means of an interview with tribal officials that consultation took place in compliance with statute.

### **Has the school violated any provision of law from which the state-chartered charter school was not specifically exempted?**

The CSD will rely on documentary evidence gathered by the PED or, if applicable, local district authorizer staff, during the term of the school's charter contract to determine if the school has compiled a record of substantial compliance with applicable state and federal laws and regulations. Evidence will also be evaluated during the site including renewal site visit and from monitoring reports throughout the term of the contract.

## Charter Renewal Application

Part A of the application will be completed by CSD. State-authorized schools must complete Parts B, C, D, and E of the application. District-authorized schools must also complete Part F. Parts B, C, and E should be completed using the forms in the 2022 Renewal Application Kit. Parts D and F consist only of appendices, which should be submitted as PDFs using the naming conventions indicated below.

### Part B: Progress Report

Please submit the Progress Report using the Charter Renewal Application Part B document available on the Charter Renewal Application web page: <https://webnew.ped.state.nm.us/bureaus/public-education-commission/policies-and-processes/renewal-application/>.

### **2.b. Financial Compliance**

How is the school managing its finances (Performance Framework Indicators 2.a-f.)?

For each year in which the school had a significant deficiency, material weakness, or repeated finding(s) identified in the external audit, the school must provide a narrative explaining the improvement actions made to meet financial compliance requirements and the effectiveness of those actions in improving financial compliance. Success should be identified by specific changes in practice and changes in the audit findings in subsequent years. The purpose of the narrative is to demonstrate substantial progress toward achieving and maintaining financial compliance. Implementation of the described improvement actions should be verifiable through evidence at the site including renewal site visit.

If the school's Board of Finance was suspended at any time during the term of the contract, the school must provide a narrative explaining the actions taken on the school's own initiative to correct financial compliance and regain the Board of Finance Authority and the success of those actions. The school must also describe the current status of the Board of Finance and continuing actions to ensure the same financial challenges do not reoccur. Success should be identified by specific changes in practice. The narrative must be supported by evidence to be reviewed during the renewal site visit.

## **2.f. Other Performance Framework Indicators**

For any Performance Framework indicator for which a school received a “Does Not Meet Standard” or a repeated “Working to Meet Standard” rating over the term of the contract, the school should provide a narrative to address improvement actions it has made to correct those findings. The purpose of the narrative is to demonstrate substantial progress toward meeting organizational performance expectations. Implementation of the described improvement actions should be verifiable through evidence at the renewal site visit.

If the school has received any Office of Civil Rights (OCR) complaints, formal special education complaints or NM Attorney General complaints, the school must identify those, provide all communications (redacted to protect PII) related to those complaints in **Appendix B-1 Complaint Communications**, and describe the current status of the complaint process. If any of those complaints have been resolved and resulted in a finding that the school violated any law, the school must provide a narrative describing the required compensatory and corrective actions required and their status in implementing those actions.
