## Part III. Implementation Year Checklist Authority and Purpose

The *Public Education Commission Implementation Year Checklist* serves as a guide and tool for a charter school to develop and produce all necessary materials to demonstrate compliance with all applicable laws, rules, and charter provisions as readiness to operate a public school in New Mexico.

The *Public Education Commission Implementation Year Checklist* also provides an opportunity for a charter school to demonstrate it has the capacity to both operate and function as a place of education and learning. The legal, regulatory, and policy requirements of an authorized charter school are significant. Successful school operators need to both demonstrate an understanding and a capability to institute and implement a program consistent with the requirements presented within this document.

The PEC holds charter schools accountable to all applicable laws, rules, and charter provisions, making the *Public Education Commission Implementation Year Checklist* a requirement for authorization to commence full operations. Prior to the end of the implementation year, a school must apply to the PEC for authorization to commence full operations (NMAC § 6.80.4.11[E]). Successful completion of the Implementation Year Checklist *is required for approval of commencement of operation*.

The PEC makes the final determination regarding commencement of operations, and any conditions of charter approval, after considering the review and recommendations made by the CSD in completing the *Public Education Commission Implementation Year Checklist*. The PEC is not limited by these reviews and recommendations and may request any additional documentation, information, or input that the PEC deems appropriate.

### A. Development of the Implementation Year Checklist

The items identified in the *Public Education Commission Implementation Year Checklist* template are those designed to address local, state, and federal, laws, rules and regulations, charter contract provisions, charter best practices, and PEC directives. Each year, the CSD reviews any changes to the aforementioned laws, rules and regulations, charter contract provisions, charter best practices, and PEC directives and prepares a revised draft *Public Education Commission Implementation Year Checklist* template for review and approval by the PEC. The proposed revised template along with any CSD recommendations is presented to the PEC at a regularly scheduled meeting. The PEC reviews and makes the final determination regarding the draft template and these CSD recommendations. The PEC is not limited by these recommendations and may add, remove, or revise any language presented in the draft template.

On the PEC's webpage, within the PED's website, the most recently approved *Public Education Commission Implementation Year Checklist* template is made available.

### B. Directions

1. Any PEC conditions must be completed by the PEC deadlines identified in the approval with conditions of the charter application, and items on the *Public Education Commission Implementation Year Checklist* **MUST** be completed on or before May 15th, 2022 to receive a CSD recommendation regarding commencement of operations.
2. The school must attend all implementation year training and technical assistance sessions hosted by the CSD.
3. All submissions and all documentation must be submitted to the CSD for review **on or before** the deadlines indicated within each submission window. Documentation should be submitted electronically via method provided by the CSD.
4. The CSD staff will review all submissions. This review will provide the basis for any recommendation to the PEC. All documentation re-submitted by schools for additional review and/or revision shall be saved in Word or PDF format with the track changes function enabled, to maintain all changes made to the document until the final draft is reviewed and approved by the CSD.
5. The CSD will provide three summary reports to the school which will detail a summary of all findings, issues, and concerns identified by CSD. The school is required to arrange a phone, zoom or in-person conference with CSD within 10 days of receipt of these summary reports. The purpose of this conference will be to discuss the issues and concerns identified by CSD and action steps necessary to resubmit documentation for review.
6. Following receipt of a summary report, the school is required to address and resolve all findings, issues, and concerns 14 days from the date of the conference.
7. Key Terms:
  - a. An **“Indicator”** is a stated compliance objective that **must** be addressed and completed by the school. These objectives may be legal, regulatory, charter contract provisions, charter school best practices, or PEC directives.
  - b. **“Documentation”** requires a school to submit copies of all policies, procedures, forms, protocols, spreadsheets, documents, or any other material that will provide evidence that the school has addressed or completed the relevant indicator and compliance objective.
  - c. **“Date of Completion”** is the date that CSD certifies that documentation addressed or completed the relevant indicator. This field will be left blank until such time as CSD has received sufficient documentation to certify that a relevant indicator was completed.
  - d. **“Findings”** are those CSD comments and notes which identify deficiencies in the “documentation” provided by the school and which details the reasons why CSD was unable to certify documentation as having addressed or completed the relevant indicator.
  - e. **“Condition”** means the PEC's approval of the charter school application with conditions as provided in NMSA §22-8B-6(M).

8. When an “Indicator” or “Documentation” names a statute, rule, or regulation, this is an indication that specific materials are required by statute, rule, or regulation. The school **must** address each element or provision that is required in the statute, rule, or regulation.
9. Some “Indicators” may require the school to consult, update, and receive approval from different agencies, departments, or divisions within the PED. The school must provide evidence of these consultations where indicated and provide copies to CSD of any materials provided to these different agencies, departments, or divisions.
10. Additional elements may be added to the *Public Education Commission Implementation Year Checklist* based on changes to legislation, statute, regulation, or due to PEC direction or condition.
11. The PEC makes the final determination regarding the *Public Education Commission Implementation Year Checklist* for commencement of operations, after considering the review and recommendations provided by the CSD. The PEC is not limited by these reviews and recommendations and may request any additional documentation, information, or input that the PEC deems appropriate.

## D. Review Process

Acting as staff support to the PEC, the CSD will review all school submissions and provide a summary report and any findings **within 30 days of each submission** deadline.

Generally, the CSD review process is as follows:

- 1) The school sends all policies, procedures, and documents related to an indicator or documentation requirement on or prior to the indicated submission date.
- 2) CSD consults any applicable laws, regulations, charter contract provisions, written PEC policies, or written guidance manuals applicable to the indicator or documentation required.
- 3) CSD analyzes the school’s documentation to determine whether all required elements of the applicable laws, regulations, contract provisions, written PEC policies, or written guidance manuals were addressed and satisfied.
- 4) Should all elements be addressed and satisfied, CSD then reviews the school’s documentation for completeness. CSD also considers implementation of the documentation to determine the feasibility of the documentation, and whether the described program is possible, consistent, and reasonable.
- 5) Finally, CSD reviews implementation and consistency in relationship to all other policies and procedures provided by the school.
- 6) In the case of PEC imposed condition(s), the CSD reviews documentation provided that addresses and satisfies the specific condition(s) imposed by the PEC.

- 7) All documentation re-submitted for additional review and/or revision shall be saved in Word or PDF format with the track changes function enabled, to maintain all changes made to the document until the final draft is reviewed and approved by the CSD. All submitted documents must be submitted electronically via the method provided by CSD.
- 8) Two Weeks Prior to Opening Review – The CSD will review for completeness all required indicators. If the school fails to submit and/or provide any items due two weeks prior to opening date, the CSD will inform the PEC.

**REVIEWER COMMENTS:**

Several indicators in this review call for a status check or update. There is no expectation that the documents will be finished at this time. In these instances, "COMPLETED" indicates the items have been completed to the

- extent necessary for checking progress. A final version of these documents will be expected at a future submission date.
- Items calling for policies and procedures should be formatted in a format ready for approval by the GB and should include a numbered or otherwise organized identification system as per best practices.
- It is strongly recommended for any document(s) available to staff, students, parents and other public entities go through a thorough editing/proofreading check and revision and that the revision/final product be consistent with writing style standards.
- Twenty (20) Draft Board Policies related to previous submission items are undergoing development. These need to be completed, reviewed by CSD and approved by the Governing Board.
- All procedures as well as policies are required to be in final form as part of the IY process.
