I. INTRODUCTION

A. PURPOSE OF THIS REQUEST FOR PROPOSALS

The purpose of the Request for Proposal (RFP) is to solicit sealed proposals to establish a contract through competitive negotiations for the procurement of recruitment supports to strengthen the teacher pipeline and retention of highly qualified educators in the State of New Mexico (hereto referred to as the “Provider”). Specifically, the Provider will design and deliver recruitment strategies to equip New Mexico’s institutions of higher education (IHEs) with candidates for teacher preparation programs. This work will be accomplished with ongoing relationships and support between Local Educational Agencies (LEAs) and Educator Preparation Programs (EPPs).

B. BACKGROUND INFORMATION

New Mexico is currently experiencing a significant teacher shortage and these high rates of teacher turnover and vacancies negatively impact student learning. A strong educator workforce is foundational to the success of New Mexico’s public education system. Knowledgeable and skillful educators are the most important in-school influence on student learning and the most important element in closing the achievement gap. A significant body of national research demonstrates that teacher experience, preparation, and qualifications influence student achievement, especially with respect to the achievement of students of color and those from low-income families. New Mexico teacher preparation programs are not producing the number of teachers needed to fill all available teacher positions with highly prepared teachers. During the 2018- 2019 academic year, there were 798 completers from those programs, a 15 percent decrease from the 936 completers in 2015–2016.⁵ This follows national trends not only in declining enrollment but in declining interest in becoming teachers among high school students.⁶ There is also a need to recruit racially, ethnically, and linguistically diverse educators that better reflect our state’s students. Though 62 percent of students identify as Hispanic, only 34 percent of teachers identify as such. For Native Americans, the gap is even starker: 10% of students compared to 3% of teachers. With these recruitment and retention efforts aim to get pre-service educators enrolled into teacher residency programs at New Mexico Public Education Department’s approved Educator Preparation Programs across the state so that we ensure every child has well prepared, well supported, highly effective educators who use culturally and linguistically responsive pedagogy to guide their learning and development.

C. SCOPE OF PROCUREMENT

The New Mexico Public Education Department is seeking support in recruitment efforts of high school seniors, college freshmen and sophomores, and community college students who commit to teaching in a high needs area for a minimum of 3 years after the completion of an approved teacher residency program in the State of New Mexico. These recruitment efforts shall be made sustainable by ongoing technical assistance, mentoring, job-placement assistance, and academic and social support for students enrolled in a teacher residency program. Provider will need to build relationship and recruitment strategies with all eligible LEAs and serve as a

liaison to the EPPs with introductory and ongoing visits, maintenance of effective ongoing communication, and engagement in active and equitable partnerships. This professional recruitment strategy and programming will target high school aged and early college students who have an interest in becoming an educator or learning more about the profession.

The resulting contract will be a single award.

This procurement will result in a contractual agreement between two parties; the procurement may ONLY be used by those two parties exclusively.

Only information supplied in writing by the Procurement Manager or contained in this RFP shall be used as the basis for the preparation of Offeror proposals.

15. Contract Terms and Conditions

The contract between an agency and a contractor will follow the format specified by the Agency and contain the terms and conditions set forth in the Draft Contract Appendix C. However, the contracting agency reserves the right to negotiate provisions in addition to those contained in this RFP (Draft Contract) with any Offeror. The contents of this RFP, as revised and/or supplemented, and the successful Offeror's proposal will be incorporated into and become part of any resultant contract.

The Agency discourages exceptions from the contract terms and conditions as set forth in the RFP Draft Contract. Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Agency (and its evaluation team), the proposal appears to be conditioned on the exception, or correction of what is deemed to be a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the terms and conditions as set forth in the RFP Draft Contract (APPENDIX C) strongly enough to propose alternate terms and conditions in spite of the above, the Offeror must propose **specific** alternative language. The Agency may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions of the Draft Contract are not acceptable to the Agency and will result in disqualification of the Offeror's proposal.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror) is an **explicit agreement** by the Offeror that the contractual terms and conditions contained herein are **accepted** by the Offeror.

16. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions they expect to have included in a contract negotiated with the Agency. See Section II.C.15 for requirements.

17. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation (such terms and conditions having been proposed during the procurement process, that is, the RFP process prior to selection as successful Offeror), will be discussed only between the Agency and the Offeror selected and shall not be deemed an opportunity to amend the Offeror's proposal.

18. Offeror Qualifications

The Evaluation Committee may make such investigations as necessary to determine the ability of the potential Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any potential Offeror who is not a Responsible Offeror or fails to submit a Responsive Offer as defined in §13-1-83 and §13-1-85, NMSA 1978.

19. Right to Waive Minor Irregularities

The Evaluation Committee reserves the right to waive minor irregularities, as defined in Section I.F.20. The Evaluation Committee also reserves the right to waive mandatory requirements, provided that **all** of the otherwise responsive proposals failed to meet the same mandatory requirements and the failure to do so does not otherwise materially affect the procurement. This right is at the sole discretion of the Evaluation Committee.

20. Change in Contractor Representatives

The Agency reserves the right to require a change in contractor representatives if the assigned representative(s) is (are) not, in the opinion of the Agency, adequately meeting the needs of the Agency.

21. Notice of Penalties

The Procurement Code, §§13-1-28 through 13-1-199, NMSA 1978, imposes civil, and misdemeanor and felony criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

22. Agency Rights

The Agency in agreement with the Evaluation Committee reserves the right to accept all or a portion of a potential Offeror's proposal.

23. Right to Publish

Throughout the duration of this procurement process and contract term, Offerors and contractors must secure from the agency written approval prior to the release of any information that pertains to the potential work or activities covered by this procurement and/or agency contracts deriving from this procurement. Failure to adhere to this requirement may result in disqualification of the Offeror's proposal or removal from the contract.

24. Ownership of Proposals

All documents submitted in response to the RFP shall become property of the State of New Mexico. If the RFP is cancelled, all responses received shall be destroyed by the Agency unless the Offeror either picks up, or arranges for pick-up, the materials within three (3) business days of notification of the cancellation. Offeror is responsible for all costs involved in return mailing/shipping of proposals.

25. Confidentiality

Any confidential information provided to, or developed by, the contractor in the performance of the contract resulting from this RFP shall be kept confidential and shall not be made available to any individual or organization by the contractor without the prior written approval of the Agency.

The Contractor(s) agrees to protect the confidentiality of all confidential information and not to publish or disclose such information to any third party without the procuring Agency's written permission.

26. Electronic mail address required

A large part of the communication regarding this procurement will be conducted by electronic mail (e-mail). Offeror must have a valid e-mail address to receive this correspondence. (See also Section II.B.5, Response to Written Questions).

27. Use of Electronic Versions of this RFP

This RFP is being made available by electronic means. In the event of conflict between a version of the RFP in the Offeror's possession and the version maintained by the agency, the Offeror acknowledges that the version maintained by the agency shall govern.
