

Please describe how the effects of the proposed change (see instructions for “narrative”):

Mission Specific Goal #1: There will be no change the current learning environment and the students will continue to conduct their normal studies as required. Teachers will now be required to provide documented evidence to support that the students in the classroom are mastering Montessori-inspired lessons, arts education and science presented for their Plane of Development.

Mission Specific Goal #2: The Indigenous Montessori Learning Center will begin instructional training March 3, 2023 for the duration of six (6) consecutive trainings, every other week. These trainings will not interrupt the learning environment and will be help on already scheduled professional development days.

The board believes that this is an opportunity for LTMAS as both schools reside on Native American reservations and serve diverse indigenous populations.
