So we were there at the charter fair
speaking to each other and kind of just networking.
And it's just a lot of fun. It's a lot of fun to be
around the other charter directors. At that charter
fair, we had 15 signatures, unique signatures,

And our retention during the school year was 84 percent, which is great for a first-year school. 80 percent is the goal set by PEC in our contract. And the recurring enrollment returned this year was 86 percent. And the goal in our contract was 70 percent. So significantly though we didn't quite meet attendance, we did really well in the other areas of that indicator. Other sections of the analysis talk about the preparation for implementation. One was about the clarity. And, again, the reference to last year is, in my opinion, irrelevant. But this year's packet does describe the plan to add grades four and five	8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	 improvements to the outdoor space were already in our plan, regardless of an amendment request decision today. There was a reference to sprinkler systems made last year. But that was what was happening last summer in order to prepare the building for school, had nothing to do with the elementary grade levels. That's in place. We have to have appropriate fire safety. We anticipate that the current facility will support growth and expansion for the next few years. But, as mentioned in the request packet, the long-range plan is to add another facility and completely separate elementary and middle school middle-high school grades in the future as we grow. Of course, that would require another

4	I don't understand that point. That's why	4
5	we submitted both requests simultaneously. All	5

Karen, it's always a pleasure to see you.

And there are some things I have there

Also the 14 14 multi-age club and the flex. 15 There's so many elements of this school 15 16 and the Explore concept that, boy, do I just wish 16 17 17 others in New Mexico would learn from. Not that 18 they have to do flavors, but they could allow, in 19 certain areas, teachers to come up with -- as 20 they're working in their -- what do they call 21 their -- the little groups of teachers that all get 22 together? 21	MS. HANNAH PERIA: We had lots of ideas	21	COMMISSIONER BURT: It really is,

2	COMMISSIONER BURT: Okay. And then what	2	THE CHAIR: Commissioner Beck. Then
3	other I just had the other thing up, because I	3	Commissioner Gipson.
4	forgot and talked about playgrounds.	4	COMMISSIONER BECK: Hi. First, I want to
5	Oh. I know in your other models, the	5	say what a great job you did presenting. Really
6	administration grows as well. So right now there's	6	organized. Pretty amazing.
7	one principal like, one executive direct is	7	I don't know how fair it was to bring the
8	the idea would be to add to split the	8	kids in first. But I thought it was really
9	administration into elementary and then six to	9	you've obviously put a tremendous amount of thought
10	twelve as well? Okay.	10	and detail into this. And I will tell you, as a

15	Excuse me.	15	which is the first grade, and it was brutal.
16	COMMISSIONER BURT: Okay. Yeah. I mean,	16	So I love your idea of having the same
17	I think I actually appreciate the level of detail	17	kind of structure in fourth and fifth, so that when
18	that was provided in the application and that it was	18	they get to sixth, they already are accustomed to
19	addressed, like, all I feel like every single	19	what that program is when they get there.

21	in this.	21	My question is first question, I
22	And it makes me happy to hear that you	22	guess is fourth grade, you have two teachers.
23	know, I don't know traffic stuff and, like, the	23	Does one teacher teach STEM and the other teacher

25	the streets. I know Telshore. Most people know	25	fourth-grade teachers? You have one that

3	And then the other question I had is you	3	Cruces.
4	had the two seminars plus electives correct?	4	THE CHAIR: Commissioner Gipson, then
5	in each one of those. And the seminars how does	5	Secretary Armijo.
6	that just, real quickly, how does that work?	6	COMMISSIONER GIPSON: Thanks. I just
7	MS. HANNAH PERIA: So seminars for fourth	7	wanted to offer some support for the grade four-five
8	and fifth grade are those STEM and humanities	8	roll-up. Cruces is probably a little different than
9	flavors. So those are the two seminars.	9	many of the other communities. In fact, there was a

12	having one teacher in the first year, they will be	12	there's a lot of folks coming in with kids that
13	able to have two different flavors, one in the	13	aren't even in a school yet, so that I think that

16	COMMISSIONER BECK: So when you showed	16	because it is hard. You know, a lot of kids don't

18	one?	18	folks coming into the community that I think
19	MS. HANNAH PERIA: Art within STEM.	19	that's makes it less, also, you know, any concern
20	COMMISSIONER BECK: So art would have been	20	by the school district.
21	STEM?	21	Because they're right. In the Metro Verde
22	MS. HANNAH PERIA: And the other one was	22	area, they haven't developed the schools yet to
23	STEM as well.	23	accommodate all those all the houses that are
24	COMMISSIONER BECK: STEM as well. So they	24	you know. It's like a whole other community, you

2	MS. HANNAH PERIA: Separate, two choices	2	COMMISSIONER ARMIJO: Thank you. Kind of
3	for humanities.	3	to build on that somewhat, I think, I'm wondering
4	As it works with electives, once the	4	about I didn't see and maybe it's because
5	students are in that fourth-fifth grade, upper	5	maybe it's because I didn't have the great

I think 19 that's a long time. And when I think about that, 20 that was from 2003 to 2010, around that time. 21 And what I am most profoundly warmed by, 22 just into my bones, that Middle College's literal 23 face and student body has shifted dramatically in 24 the last several years, just shifted dramatically,

I think you have to mitigate that to some I don't know what that would potentially can anyone I don't is Louie around? Just to see. DIRECTOR CORINA CHAVEZ: Dr. Russell can answer that question. DR. BRIGETTE RUSSELL: So it was Mr. Chair, Commissioners, and Commissioner Gipson, the current expiring CSP grant was roughly \$2,000 per student. COMMISSIONER GIPSON: Okay. So that's substantial. DR. BRIGETTE RUSSELL: Yeah, it is. And it's going to depend on the way the grant is written. And I may so the way the current grant was written is that the school had to have an enrollment cap increase or a grade-level increase. 2	COMMISSIONER INGHAM: Yes.	2	recommendation is not voting on this at this point
3	COMMISSIONER ARMIJO: Commissioner	3	in time until we can run data so that we can make

6	COMMISSIONER ARMIJO: Commissioner Gipson.	6	So at this moment in time, our
7	COMMISSIONER GIPSON: Yes.	7	recommendation is that there be a contract executed
8	COMMISSIONER ARMIJO: Commissioner Manis.	8	through an REC because that's going to be the
9	COMMISSIONER MANIS: Yes.	9	quickest so that we can run the data have the
10	COMMISSIONER ARMIJO: Commissioner Beck.	10	data run for us, and that we receive that back no
11	COMMISSIONER BECK: Yes.	11	later than June.
12	COMMISSIONER ARMIJO: Commissioner	12	And that's late, that's you know,
13	Carrillo.	13	that's late. But this is March. So no later than
14	COMMISSIONER CARRILLO: Yeah.	14	June preferably May, but no later than June so
15	COMMISSIONER ARMIJO: Chair Brauer.	15	that we can make a vote in July on the Performance
16	THE CHAIR: Yes.	16	Framework. So that's where we sit at this moment in
17	COMMISSIONER ARMIJO: That passes, nine to	17	time.
18	zero.	18	And I guess I'll see you all on Zoom.
19	THE CHAIR: Thank you. Thank you, all,	19	THE CHAIR: Great. Thank you. Any other
20	for helping us ensure that our vote and decisions	20	discussion points from the Commission at large? Any
21	are accurate.	21	questions?
22	We're going to move into Item No. 10,	22	(No response.)
23	Discussion and Possible Action on Contract	23	THE CHAIR: All right. Let's move into
24	Contract Documents.	24	Part "b.," which is the contract. Julia.
25	First one up is Performance Framework.	25	MS. JULIA BARNES: I suggest that we
	119		121

1	I'm going to have the Performance Framework	1	that you let the Commission know when we can do a
2	Subcommittee what are you all kind of talk a	2	special meeting to approve that contract. We do
3	little bit about what we've done, and likely and	3	want to approve the contract for contract
4	hear if there are any actions at this stage. But	4	negotiations starting in April.
5	Commissioner Gipson.	5	I think something like an April 6th date
6	COMMISSIONER GIPSON: Well and thanks.	6	for a special meeting would likely work. But I
7	And so based on the discussion that occurred	7	think that you could just let the Commission know.
8	yesterday, we're not comfortable with moving forward	8	I've shared the the redline document
9	at this moment in time with the Performance	9	that Pattie Matthews and I are working through with
10	Framework because we don't have clarity as to the	10	the subcommittee, and we'll get it to the full
11	we don't have clarity as to the I don't want to	11	Commission when it's finalized.
12	say categories or the accuracy of the what	12	THE CHAIR: So we'll likely be having a
13	are we calling them?	13	having a special session or a special meeting
14	COMMISSIONER BURT: Performance	14	to review and take action on the contract.
15	indicators.	15	COMMISSIONER GIPSON: Can we just have a
16	COMMISSIONER GIPSON: Indicators. Thank	16	date on that potential or did I miss
17	you, that we've highlight that we've effectively	17	MS. JULIA BARNES: April 6th, I think.
18	established the appropriate criteria for the	18	COMMISSIONER GIPSON: April 6th.
19	indicators, because we don't have the data to	19	MS. JULIA BARNES: That assumes we get
20	support it at this moment in time.	20	that done in time to get it to the full Commission.
21	It's still going to be a little bit of a	21	And we still have I think the contract
22	test run, even when we do approve it, because we	22	negotiations are not until the 19th. So there's a
23	won't know how accurate we were until we get that	23	little bit more time after that.
24	first year. But that's a discussion for down the	24	But let's it's also Easter Week, and so
25	line.	25	I'd like to I think there will be some possible

1	vacations in there.	1	changes throughout that. I was able to accept a lot
2	THE CHAIR: Commissioner Carrillo.	2	of them.
3	COMMISSIONER CARRILLO: As long as there's	3	There's a third category, which I can go
4	no danger of that meeting going later, that's also	4	over with you if you want to, of suggested changes
5	Passover, the 5th and the 6th. So it would be in	5	from the PED that I did not accept that I considered
6	the morning, probably?	6	to be substantive. And I'm happy to walk you
7	THE CHAIR: Yeah. And we can determine	7	through those and see if you would like to accept
8	the date. If it's not in alignment with some	8	them.
9	Commissioners, we can figure that out.	9	There was an e-mail I don't know how
10	COMMISSIONER CARRILLO: I don't know very	10	many people just got it, and I'll show you where
11	many Jews that go to services for Passover. It's	11	I've made the change. They sent me they sent a
12	more in the evening.	12	legal case that I think I've I've fixed,
13	THE CHAIR: Sure. Sure. Absolutely.	13	because yes.
14	Director Chavez.	14	COMMISSIONER BURT: So when I opened up
15	DIRECTOR CORINA CHAVEZ: So just	15	10.b., it's not a redline; is that correct?
16	clarifying. This would be a Zoom-only meeting?	16	MS. JULIA BARNES: Correct.
17	THE CHAIR: Yes.	17	COMMISSIONER BURT: So is 10.c. the same
18	DIRECTOR CORINA CHAVEZ: And so the	18	document but redlined?
19	Commission knows, I will be in school site visits in	19	MS. JULIA BARNES: No, 10.c. is the
20	Las Cruces on the 6th.	20	redline we got yesterday.
21	COMMISSIONER GIPSON: We could do it	21	COMMISSIONER BURT: So 10.c. is the
22	together by The Belgium.	22	exact well, it does have some comments on it as
23	THE CHAIR: Let's move on to "c.," under	23	well.
24	10, Draft Rule to Move forward on Rulemaking and	24	MS. JULIA BARNES: So so we I left
25	Process to Approve the Rule.	25	here at 6:15. And so at 6:30, I went back to my

123

1	Ms. Barnes.	1	office, took their redline, accepted what I could,
2	MS. JULIA BARNES: Thank you. There is a	2	and put them into this draft.
3	document 10.b. in the draft folder not in the	3	COMMISSIONER BURT: Okay.
4	draft folder in the meeting materials for today.	4	MS. JULIA BARNES: I and I highlighted
5	And it is the rule that I'd like to walk you	5	those in green, even though I accepted them, so that
6	through.	6	if you want and I'm happy to walk through that
7	I think this portion is ready to this	7	document. And if it's red, I put a comment. Either
8	is a draft rule that would be ready to have you vote	8	I didn't accept it as substance, or I indicated that
9	on today. But let me tell you what we've done.	9	we discussed it during the meeting.
10	I took the document from yesterday,	10	COMMISSIONER BURT: Okay.
11	because the discussion items were wordsmithed as we	11	MS. JULIA BARNES: Because there were
12	went along. And then yesterday afternoon we	12	quite a few of those that were discussed during the
13	received a pretty extensive redline from PED, part	13	meeting. So I didn't do a you know, because it
14	of which was discussed during the meeting.	14	was discussed in the redline, all of those
15	I think Director Chavez raised issues that	15	resolutions were done potentially in a different
16	were also in a redline we received.	16	way, so the redline would have been really hard to
17	There was a second group of changes that	17	do.
18	were the technical ones, like to not like, that	18	COMMISSIONER BURT: Okay. Thanks. I was
19	you have to do in order to make your rule be	19	trying to figure out what I was looking at with
20	accepted by the State Registry, like taking the	20	respect to the differences.
21	number "10" and writing the word "ten."	21	MS. JULIA BARNES: I want to walk you
22	I had also received comments from the	22	through 10.b. and just highlight some of the things.
23	State Registry on technical things about like how to	23	They have one of the changes we accept
24	cite the statute, how to cite the rule. Made all of	24	was the was the objective, which I think is
25	those changes. And then there were wordsmithing	25	consistent with the agreement we have with them,

2	Commission for its procedures, protocols, and	2	that there can be further discussions with the OGC
3	relations to State charter schools.	3	to clarify and reach an agreement on some of these
4	So I actually think that sentence	4	things.
5	articulates the agreement that we have; so I'm	5	Thanks.
6	trying to see if there was anything that I want to	6	THE CHAIR: And I just want to share I
7	mention.	7	don't think the question, Director Chavez, is
8	I think the definitions, there was nothing	8	whether or not the PED and PEC want to collaborate.
9	of there was nothing of substance that was	9	I think it's understood that both parties want to
10	changed.	10	collaborate on this.
11	There's been some tightening up of things,	11	But we also want to move forward and have
12	fixing typos.	12	a rule that's effected, and we're doing that in a
13	COMMISSIONER BURT: So they and I do	13	way that's timely for both parties, for sure.
14	think it would be helpful for me I don't know	14	Julia, go ahead.
15	about the rest of you, but I know, like, the PED	15	MS. JULIA BARNES: Some of these changes
16	wanted to delete some of the definitions or, like,	16	are very technical. And they're cleanup. And we
17	did have something else	17	had asked them for the cleanup.
18	MS. JULIA BARNES: Let me open that	18	In addition, I had gotten very specific
19	document. I'll walk you through it.	19	direction from the State Registry, so today I went
20	COMMISSIONER BURT: That's probably the	20	through and did all those.
21	easiest one to go through first. I do want to see	21	6.2. I accepted their change. It was
22	theirs, and then why we because I'm also I	22	very technical. I'm just going to kind of switch
23	don't know. Are PED attorneys here to or Greg or	23	back and forth.
24	anyone to go through this?	24	They used the word I changed it to
25	COMMISSIONER CARRILLO: (Off mic.)	25	"adopt" order. They had used a different word. But

12	The annual report notices I have	12	were good ones on technical stuff on "good standing"
13	actually indicated in the definition of "annual	13	and "financial reporting," so I accepted all of

15	So, for example and I don't I'm not	15	They wanted us to delete on P for head

1 why they struck some times that they were going 1 Under Performance Framework, again, all 2 2 to -- where things were in law. So, for example, on through here, I have fixed, according to the State 3 3 the Corrective Action Plan, Corrective Action Plan Records -- State Registry -- how you technically do 4 4 is referenced in the statute. It is a thing that that. So in Performance Framework -- so you 5 5 you are supposed to utilize as a tool, and we capitalize the "S" in "Section," you put New Mexico 6 identified where it was in the statute. 6 Administrative Code, NMAC. Fixed all of that. 7 7 They wanted to strike it. I don't want I think you guys had fixed yesterday a 8 8 you to strike it. It actually kind of references good technical thing in the definition, that it 9 something that's kind of buried a little bit in the 9 should be "academic, organizational, and performance 10 10 State law, and so we wanted to highlight it, because frameworks." 11 it's a required tool. So I didn't accept that. 11 And then there was a comment that somehow 12 "Request an amendment." That was a good 12 requiring -- citing that you're requiring elements 13 change. We accepted that. 13 as required by law somehow is limiting, I think you 14 The next -- a lot of the things on 14 have to -- you have to follow -- follow the law. 15 Corrective Action Plans were discussed at the 15 So -- let me see if I -- so, for example, 16 meeting, so a lot of the things that they raised 16 in that one, I kept it, because you do have to have 17 there were addressed somehow in the document 17 all of the elements required in law. 18 already. So that's, I think, already done. 18 Sorry. Let me get back to where I was. 19 "Division" and the definition of 19 Most of the technical language was good 20 "division" is a very big technical change. There's 20 and easy to take. But, for example, a -- we're 21 another thing that CSD is required by statute to do, 21 really in the weeds, so I appreciate you being in 22 which is to review and approve State school budget 22 the weeds -- the language that was proposed said 23 matters. Good change. I accepted it. 23 something like -- it says, "An annual report 24 Let's see. Oh. The one thing that I 24 document subsequent to that of the phase one," as if 25 changed -- not there -- lots of it is super 25 it's a different document, but it's not a different

2	you're finalizing it.	2	the fact that the Division had to follow the rules.
3	So I just changed that language a little	3	I think the Division has to follow the rules. So I
4	bit that indicates that it's created from the phase	4	think all the parties are following the rules. So I
5	one report. So I think it's more in line with	5	didn't accept that change.
6	exactly what we're meaning rather than that comment.	6	Let me see where that is. I want to flag
7	Bud I consider that the comment was worthy to look	7	that one for you. It is that is in 6.2.9.8 in
8	at, so I looked at it. But I tried to keep the	8	support of making high-stakes decisions. It says
9	changes very consistent with what we have been	9	that these will be used by the by the Commission
10	discussing. But if they raised something and said	10	and the Division, and they wanted to strike "and the
11	that we should look at it, I did try to look at it.	11	Division." But I think the Division is going to be
12	The ones in green, I thought were good	12	following these consistent with their authority
13	comments, and I accepted.	13	under the Act.
14	We had a long discussion yesterday on	14	That appeared to be looking to change the
15	procedure and procedures, AA. So I just indicated	15	purpose that this is this is affecting all State
16	that those were discussed at the meeting, because	16	charter schools, the Commission, and the Division.
17	you had already worked all the way through that.	17	Let's see. We another one was
18	And I think that we dealt with a lot of	18	discussed at the meeting. A lot of these next
19	the the all the comments in there.	19	sections were discussed at the meeting.
20	"State charter school." I've already	20	So on the procedure review, I think I
21	identified that I didn't call it a "State-chartered	21	wasn't here the whole time, but you guys went
22	charter school." There's already a lot of words.	22	through that in detail. So I started with the
23	"Uncorrected unsatisfactory performance,"	23	document from yesterday.
24	I have indicated, again, it has to be in two it	24	There was another technical comment in
25	has to be in two or more consecutive final reports,	25	6.2.9.9B that I accepted. 6.2.9.10 yeah. I'm
	135		137
1	because you get a uncorrected performance, and it's	1	sorry.
2	not corrected till the next year. So it will have	2	COMMISSIONER GIPSON: (Off the mic.) If
3	been in something for two years.	3	we go back to 6.2.9.8 and that letter D, did we not
4	So the change was trying to clarify. But	4	change the dates yesterday so that the new
5	it was clarified in a way that I didn't think was	5	application we changed that date yesterday so
6	accurate. So I did clarify it in a way that I	6	that the new application would not any changes in
7	thought was accurate, "as reflected in two or more	7	that would not be effective for that application
8	consecutive final annual reports."	8	cycle, it would be the following. Did we not?
9	And I do think that you're not	9	MS. JULIA BARNES: It's the September
10	ping-ponging around. So something is not	10	and January.
11	unsatisfactory performance in year one, okay in year	11	COMMISSIONER GIPSON: That letter D, that
12	two, and unsatisfactory in the year three. That's	12	last it says, "On December 31st and implemented
13	not uncorrected, because it has been corrected.	13	beginning January"
14 15	There was a technical change to	14	COMMISSIONER BURT: It's removed in the
15 16	"unsatisfactory performance." I made that.	15	new version.
10	On A 6.2.9.8A, we're trying to say	16	COMMISSIONER GIPSON: Okay. Got you.
17	there, that you've got procedures on making forms.	17	COMMISSIONER BURT: If you look at 10.b.,
18 19	But that can't change these processes that you were doing on high-stakes decisions.	18	that D is just gone. So it follows all the rest
20	So I didn't accept it exactly, but I	19 20	of them.
20	largely accepted the comment.	20	COMMISSIONER GIPSON: Got you. Thanks. MS. JULIA BARNES: That if you look
22	Sections C and D were discussed in detail.	21	at open up 10.b. And what that reads is that
23	And so I that's already in there. But it's not	23	you can look at "b" if you want, make sure it's
24	exactly like this document was pre that	24	right.

16 Renewal section. But it's on 10.b., it's H3.a. 16 circumstance for this school at this particular 17 and b. 17 renewal, they need to present something outside of 18 So in the PED's redline, they really 16 renewal, they need to present something outside of 20 know, it may present - these exact things. And it 10 10 looks like they just their recommendation or what 21 they want, it's not as specific. 18 So in the PED's redline, they really 18 that that we're not thinking of right now, because 19 like, we have it very specific as to the you 18 that that we're not thinking of right now, because 20 know, it may present - these exact things. 24	as Commissioner Carrillo has.	24	question.
25	DIRECTOR CORINA CHAVEZ: Neither have I.	25	COMMISSIONER BURT: Done. Next topic.
	167		169
1	THE CHAIR: In my mind, I just think about	1	So, like
2	if there is a hard "no" from any party that says,	2	COMMISSIONER CARRILLO: May I speak to
3	"You cannot bring a staff member on to the	3	that directly?

5	already is that settled in other places?	5	was I am.

6 Like, you know, if you have a union --7 your union collective bargaining agreement does not 8 allow you to be on the stand somewhere, like, isn't 9 that covered by somewhere else versus this rule? 10 Like, wouldn't the attorney want to say that in 11 terms of witnesses and stuff? 12 MS. JULIA BARNES: This doesn't talk about 13 whether they should come or not. It says they 14 "shall be requested." 15 DIRECTOR CORINA CHAVEZ: I think that 16 "shall be requested" is a little strong. But I do 17 think that that's also -- that's the concern here,

that this rule is being directive towards staff atthe PED in a way that PED wouldn't put this in the

20 rule.
21 And PEC is requesting it. And I think
22 there's a concern that should be more formally
23 discussed by those that understand the union
24 contract and the rights of PED employers.
25 THE CHAIR: I mean, "request" versus

5 was -- I am. 6 COMMISSIONER CARRILLO: Okay. 7 COMMISSIONER BURT: But I think for me, 8 one of the things that, yeah, makes that -- if 9 that's the reasoning behind it, I'm struggling more 10 now than I was before. 11 I thought it was just, like, because we 12 were being redundant. But if it's that, I'm 13 actually -- feel more secure that it could be in 14 here, because it's also just saying a 15 representative. So if there's -- there's -- in 16 every single division, there are -- there is a 17 manager that is not under the union contract, every 18 single division. There are people that are not 19 under this. 20 And so if that -- if they have to figure 21 out who might come and talk about it, figure it out. 22 Like, we're not prescribing anything to the PED or 23 any division. It's just that someone would -- I 24 mean, that's -- this is, like, a really simple thing 25 to me, because if we're proposing non- -- this is

3	has laid out to the Commission that this is a	3	Like, that is that's frustrating. I'm
4	serious issue at the school, which if it's up for	4	actually really sick of being, like, told that kind

8	speak on it, that's like a bare minimum.	8	And I don't care if I don't know about
9	That's, like, the most shallow request to	9	the "shall" to "may." I don't know if it's that big

17	I mean, now I'm I'm actually more I	17	as to the overall intent of the paragraph, the
18	was trying so when I went through this, it felt	18	"shall be requested," I think "shall be requested."
19	intimidating to see all the PED comments, because it	19	The problem that PED may have is the difference

1	COMMISSIONER ARMIJO: That passes, nine to	1	hand in hand.

3	THE CHAIR: Thank you. All right. Let's	3	through things that you see in this report that are
4	move on to Item No. 11, Discussion and Possible	4	a year late. I mean, that already happened. We
5	Direction Provided to the Public Education	5	already had a person in the audience who had quit a
6	Commission Contract Negotiation Subcommittee.	6	previous job. And so it's just really late.
7	MS. JULIA BARNES: So in the past, we've	7	And I was really encouraged by
8	followed the same process. We're just following it	8	Dr. Russell's comment that you may get this next
9	now, which is a group of five members and then one	9	the next set of data in August, which would be
10	alternate agree to attend the negotiations.	10	awesome, 'cause April is not awesome.
11	We just give an opportunity for the	11	Anyway, I did want to we did put it on
12	Commission to give any direction you might have to	12	here to talk about it. Maybe you did talk about it.
13	the negotiating teams.	13	But I did want to raise that option you always have
14	Last time there wasn't any. But, you	14	under the Intervention Ladder, and that you would
15	know, you are kind of delegating this to the	15	need to ask the Division to bring some of that
16	subcommittees.	16	information forth, which might be a lot of work.
17	What we want that those negotiating	17	THE CHAIR: Commissioners, any discussion?

19	expected.	19	Commissioner Gipson.
20	So it's just an opportunity for any	20	COMMISSIONER GIPSON: Just kind of
21	Commissioner that will not attend those to provide	21	yeah. So this is kind of what I'm thinking at this

23	THE CHAIR: Great. Excellent.	23	But I don't want schools that have reds to
24	So let's move on to so I'm hearing,	24	just get a pass for the year. That's a concern.
25	Commissioner Gipson, you want to take a lunch break?	25	So I think at this point in time I
	183		185
1	Is that what you're saying?	1	mean, when are we looking at potentially seeing

10	MS. JULIA BARNES: The there was	10	seriously

12	FY22 Annual Reports. And it's March 24th. And if	12	we're saying
13	you get them in April, it's still really, really	13	that are in th

15	Commission the Division is already doing the next	15	But no

17	So at some point, I don't know how you're	17	going to say
18	going to take action on any of those annual reports	18	so how are w
19	that you get previously, or you might wait.	19	this. How a
20	At some point, those reports become more	20	And I
21	and more less and less relevant. And I don't know	21	DIRE
22	that if you want to look into them now or not. It	22	thought you
23	actually ties a little bit into what I anticipate	23	due to simul

- 24 Commissioner Carrillo was thinking in terms of
- 25 putting that on the next agenda item, so it might go

ng? For the April meeting? Are we clear it's going to be 57 reports, so -- but as to -- to me, it has to be a given s that receive a red, they have to --

nly get a notice that their next annual

- ich is, like, in ten days, you know,
- that -- and that's where I -- that's
- uggle at this point in time, because
- g that we want to see that, from schools
- the red, at their next annual review,
- proved that.

now their next annual review is coming u know, like right now. So schools are y, "Well, we didn't know that was a red, we going to fix it? We've struggled with

are we going to fix it in a year?" I know schools have seen them.

ECTOR CORINA CHAVEZ: Okay. I have u said they hadn't seen, but (inaudible iltaneous speaking).

24 COMMISSIONER GIPSON: No. But we hadn't 25 seen it. Our notification is coming to them within

48 (Pages 186 to 189)

	186		188
1	moments of the next annual review. So the notion	1	it took a long time just to go through the reports.
2	that, you know, our process has now been established	2	DIRECTOR CORINA CHAVEZ: During the work
3	that the anticipation is that we see that they have	3	session, we did walk through
4	a red, and that unless it's something that has been	4	COMMISSIONER CARRILLO: So the idea of
5	pulled out and sent down the road of the	5	doing 57 of those is simply just not going to work.
6	Intervention Ladder, every other red, the	6	So the reason I put Item 13 on was and
7	anticipation is that they will have worked on it,	7	now I'm making it two work sessions instead of
8	and we'll see improvement at the next Annual Report.	8	one a month, and maybe it's only for, you know,
9	But now we've got this time frame of just	9	from 9:00 till 1:00 or from 8:30 till 12:30, where
10	a couple of weeks, potentially, of seeing that, so	10	we're only looking at academic things more than
11	that our notification isn't going out in a timely	11	anything.
12	fashion. And that's where the difficulty is.	12	My my experience on the Commission is
13	So I don't know what I don't know what	13	that, typically, those things that are in red that
14	a good answer is. But I think every school that has	14	have to do with finance or organizational work,
15	a red, by our processes, have to receive a	15	those things are usually corrected pretty swiftly
16	notification that it's unsatisfactory performance,	16	when they not board stuff. Board stuff, I know
17	you know. I don't see how we get around that at	17	sometimes you get a good eye roll. But the other
18	this point. And I don't want to get around it. You	18	stuff, in my experience, tends to be taken
19	know, I'm not looking to subvert the system. So I	19	seriously. If it's obviously something super
20	think they have to have that.	20	serious, then, yeah, we're going to give it the
21	And, hopefully, schools can provide	21	letter.
22	information to the Charter School Division that they	22	No, we've lapped ourselves, just exactly
23	have worked on it, and it has been fixed, and at the	23	what Julia said. So we have to catch up. The way
24	next cycle of site visit reviews, that it can be	24	to catch up, in my feeling, is to have a work
25	communicated back to us that they have you know,	25	session, only by Zoom. We're not going to call
	187		189
1	they have worked on it, or are working on it, and	1	anybody in. We'll know the schools that we're going
2	are successful in this.	2	to be discussing, so they'll know to be available to
3	But, you know, we're kind of between a	3	answer for the red.
4	rock and a hard place in terms of timing.	4	And then we're going to say "Look, hey, we
5	THE CHAIR: Commissioner Carrillo. Then	5	just have a concern about this."
6	Commissioner then Vice Chair Burt.	6	And this is where we can go through a
7	COMMISSIONER CARRILLO: So this does tie	7	whole bunch of schools really quickly. I mean, my
8	directly into the what I had there.	8	feeling is this is done in two months and maybe with
9	Okay. First, they've all received their	9	two work sessions each month and where we're just
10	annual reports already; correct? The schools.	10	allowing through this. And then we've played
11	DIRECTOR CORINA CHAVEZ: They have seen	11	catch-up. Now we're caught up, and now we can start
12	draft reports, yes.	12	to be a little bit more methodical for next year
13	COMMISSIONER CARRILLO: So they have a	13	about when these reports come in and how we address
14	good idea of where there's going to be red.	14	them in a timely fashion.
15 16	DIRECTOR CORINA CHAVEZ: Yes, there's	15	But to have a year pass where we haven't
16	definitely red, green, yellow, and the reasons	16 17	been able to address something, to me, that's
18	behind each red. COMMISSIONER CARRILLO: And so we could	18	unconscionable, not just for us, but for them as well.
19		19	THE CHAIR: Vice Chair Burt. Then
20	then, if we had to, use the draft report as a basis for issuing the letter. Because it's not a	20	Commissioner Gipson.
20	right? We're not on the ladder yet. We're on the	20	COMMISSIONER CARRILLO: And Dr. Russell's
21	letter? Okay. Cool.	21	hand is up.
22	So given let's see. This is some	23	COMMISSIONER BURT: I think, for me, I
23	month this is March. So last month, the dep	24	would be more interested in what to do with this
25	the Director presented was it three schools? But	25	group and then what we should do in the future. So

49	(Pages	190	to	193)

	190		192
1	not try to, like, make it to what we're doing right	1	Gipson said, where we aren't we aren't timely
2	now is the same as what we're going to do in the	2	with something we would send to the schools at this
3	future.	3	point. Like, it is so out of touch with reality.
4	I actually am of the opinion that if we do	4	It would just be so out of touch with reality to
5	extensive reviews of this year's Annual Report, it's	5	send them something and half of them have actually
6	a bad look on us, and I do not think it's going to	6	already had their next year's site visits.
7	be well received by the schools.	7	I mean, it's just if I was a school
8	I mean, if I'm a school leader and we do	8	leader, I would literally laugh at something I got
9	the kind of review that we should be doing next	9	from the Public Education Commission saying, "In
10	year, and we do that right now, and then we say,	10	'21-'22, you-all had you know, you guys got a red
11	"Oh, you know, we saw this" I don't know	11	in this, make sure you do it better." I literally
12	"yellow, red, whatever. You need to fix it," I	12	would laugh.
13	mean, that's so inappropriate.	13	I think it would make us look
14	I mean, it's, like, massively	14	unprofessional. I think it would make us look out
15	inappropriate. It's like going to a teacher and	15	of touch, like, genuinely, we're out of touch with
16	being, like, "Hey, like, last year you did these	16	it.
17	things wrong, and right now in March " like	17	So I think for me, it would be that we're
18	now, in April of this year and telling a teacher,	18	going to unfortunately, I think we're going to
19	"Hey, I need you to fix it this year for last year's	19	have to do, like, a mass bulk review, do a large
20	stuff." And it's April of this year.	20	acceptance of maybe almost all of them at the same
21	And you're, like, "What? I have literally	21	time. And, once again, the one thing I would say is
22	a month left of school. Like, what do you want me	22	if there's something that CSD uncovered from last
23	to do with it? Like, what are you" you know.	23	year during a site visit that may that is
24	But I also I understand Commissioner	24	serious, like, it is something that we should not,
25	Gipson's, like it's from us it's also, like,	25	like it was it has to be a red, number one,
	191		193
1	we can't ignore it either.	1	but also, like, a serious red, like a serious,
2	So I do think I still think we're	2	serious red, not their governing board training, not
-		1	, E E B,

-		
2	So I do think I still think we're	
3	I'm in kind of the same vein that we talked about	
4	last month, is I don't think we should I think	
5	for this year, because of the circumstances that the	
6	PED data has put us in, we should go like, do	
7	a I think I would depend on Director Chavez and	
8	the staff to highlight serious concerns.	
9	Like, anything that is, like, "We saw	
10	this, and we think it's a serious concern that does	
11	need to be addressed," to the point where maybe it's	
12	only things that might need to get, like, a Letter	
13	of Concern, like, that's how serious it has to be.	
14	Because I think even if they got a red last year and	
15	then we tell them, like, "You got a red last year,"	
16	I don't know. You guys already did start doing site	
17	visits already; right, Director Chavez? You-all	
18	have been out doing them?	
19	DIRECTOR CORINA CHAVEZ: For School Year	
20	'22-'23, we're probably more than halfway through	
21	all the school visits. And we're looking at the	
22	Draft '21-'22 Reports, when we go into those school	
23	visits to look for improvement.	
24	COMMISSIONER BURT: So, once again, we're	
25	in a tough place as the PEC, like Commissioner	

serious red, not their governing board training, not 3 their -- but, like, a serious red that could lead 4 to, like, student -- that's what I'm thinking --5 student performance issue -- like, special -- law, 6 laws, if they're breaking laws, we need to know 7 about that, and have those pulled out and discussed 8 and, like, then let us make that decision if we 9 should carry further down with those. 10 But other than that, I think, for me, 11 it's, like, we're just going to have to do the bulk 12 acceptance. Once again, I hated it. I hated it so 13 much I did not want to ever do that again. But I 14 think for this year that's the position we've been 15 put in. 16 But I would like to do it very differently 17 last year, and I'm very interested in Item 13 for 18 next year's -- as we review renewals of '22-'23, 19 that we do this in a rolling cycle, that we're doing 20 it where it's being looked at and cared for in the 21 way it should be.

But I'm disappointed to have just made
this -- have this discussion. I, like -- I'm not
happy about this at all. But I just -- I don't know
what else to do. Imagine giving your staff a review

50 (Pages 194 to 197)

2	it's how dumb would you look as a boss	2	Brauer, Commissioners. Wanted to just respond to
3	right? if you're, like, "Hey, last year you did	3	Commissioner Carrillo's point about not looking at
4	this, and we need you to fix it, and I'm reviewing	4	organizational and financial, reds and yellows, just
5	you right now, if your performance" you know	5	looking at academic. That's what we don't have.
6	like we're in a tough situation. So that's kind	6	What we do have is the whole
7	of where I'm at.	7	organizational and financial framework minus the
8	THE CHAIR: Commissioner Gipson.	8	Indicator 1.b., which is assessment participation.
9	Dr. Russell. Then Commissioner Carrillo.	9	We have all the rest of it. What we don't have is
10	COMMISSIONER GIPSON: Yeah. I mean, at	10	any academic data beyond graduation.
11	this point in time, I wholeheartedly agree. And I	11	So we don't have any reds. And as you
12	think I said that. There's little we can do about	12	know, as I reported to the Commission yesterday, we

15	our processes.	15	Commissioner Carrillo.
16	But I think we clear I thought we	16	COMMISSIONER CARRILLO: If I had a cowboy
17	clearly set up this process to start with number	17	boot that you could take off right now, a la
18	one, that we're not going to go through each	18	Khrushchev, I would slam it on the counter, and I

school, Cottonwood Classical, that has transitioned
from being under APS to being a State-authorized
charter school. So let's work within this fiscal
year to ensure that they spend all the money.
So we're providing a sit-down meeting with
Cottonwood Classical. We're having this, you know,
conversation about the tough lesson learned that we
had with another school and, "Make sure you spend
all your federal money. Make sure that you're clear
about your deadlines and when you report data and
how you get access to this money."
And it may be that the school, because it
has a newly established identity, might have to wait
a little bit of time before they get their first
award letter.
So that's something that we're parsing out
and communicating to the schools that have started
going down that path, to schools that are going to
the renewal training as they are making the
decision, do I stay with the local district, do I go
with the PED, do I go back to the district, I'm
already with the PED. But we're incorporating that
level of training for all schools and gaining in our
knowledge and capacity to be able to guide them and

And I would also like for everybody to

help keep Moises Padilla in their prayers. He is

they're going to be hiring someone new. So, you know, if you have -- I think a nonprofit -- are charters somewhere else? So best of luck to him and, hopefully, they'll get someone great to replace him.
And then the last thing, just with all the CSD staff here, I wanted to say thank you. You guys do a lot of work for us for the meetings on top of doing site visits and technical assistance, on top of all the other things you do. So we really are

- appreciative of all the work you do, and it's always
- reflective in the quality of work we're able to do.
- We can't do anything without you all. So really

appreciative of that. And so thank you.
 THE CHAIR: Thank you. Anyone on the Zoom
 that would like to share?
 COMMISSIONER CLAHCHISCHILLIAGE: This is

- Sharon. I'd like to.
 - THE CHAIR: Go ahead, Commissioner.
- COMMISSIONER CLAHCHISCHILLIAGE: Okay. I
- would like to thank all the Commissioners right now
- 3 for all the contribution and for making us look like
- 24 a very reliable -- well, especially me, I'm a
- 25 newbie -- I really appreciate the honesty. I
