

CS Year Distinctions

Our goal today is to give you time and space to connect with and learn from one another through a series of small group discussions!

For our first two discussion groups, choose which distinction best describes your situation as a coordinator at your school. Place a corresponding sticky dot on your name tag.

- **I am a brand new community school coordinator (<1 year)**
- **My school is going into or currently in a planning year**

- **I am a new-ish community school coordinator still with many questions (1-2 years)**
- **My school is currently in implementation year 1 or 2**

- **I am an experienced community school coordinator (2+ years)**
- **My school is currently in implementation year 3 or more**
