Mission Specific Goal: Data Tracker

School Name	Hozho Academy	Academic Year	2023
School Mission	The mission of Hózhó Academy is to train the minds, improve the hearts, and strengthen the bodies of our students through a classical education in the liberal arts and sciences, with instruction in the principles of moral character, civic virtue, and physical vigor.		

GOALS

Hózhó Academy students will be able to demonstrate knowledge of classical concepts in art, music, architecture, poetry, and civic awareness of basic rights and responsibilities as citizens of the United States. The ability to identify classical pieces of art and music is the first step in promoting an appreciation and later, a love for beautiful art and music. With this love, students can access beautiful things and improve their quality of life and open doors to connect with others across countries, cultures, and time. It is our goal to ensure that students who graduate have a knowledge of these pieces. All Hózhó Academy students who are enrolled from the 40th to 120th day each year will be assessed on the Hózhó Academy Grade Level Classical Education Assessment and to be given by a school administrator or classroom teacher prior to the last day of school each school year and tracked on the school-wide spreadsheet.
