Training Data

All Board Members

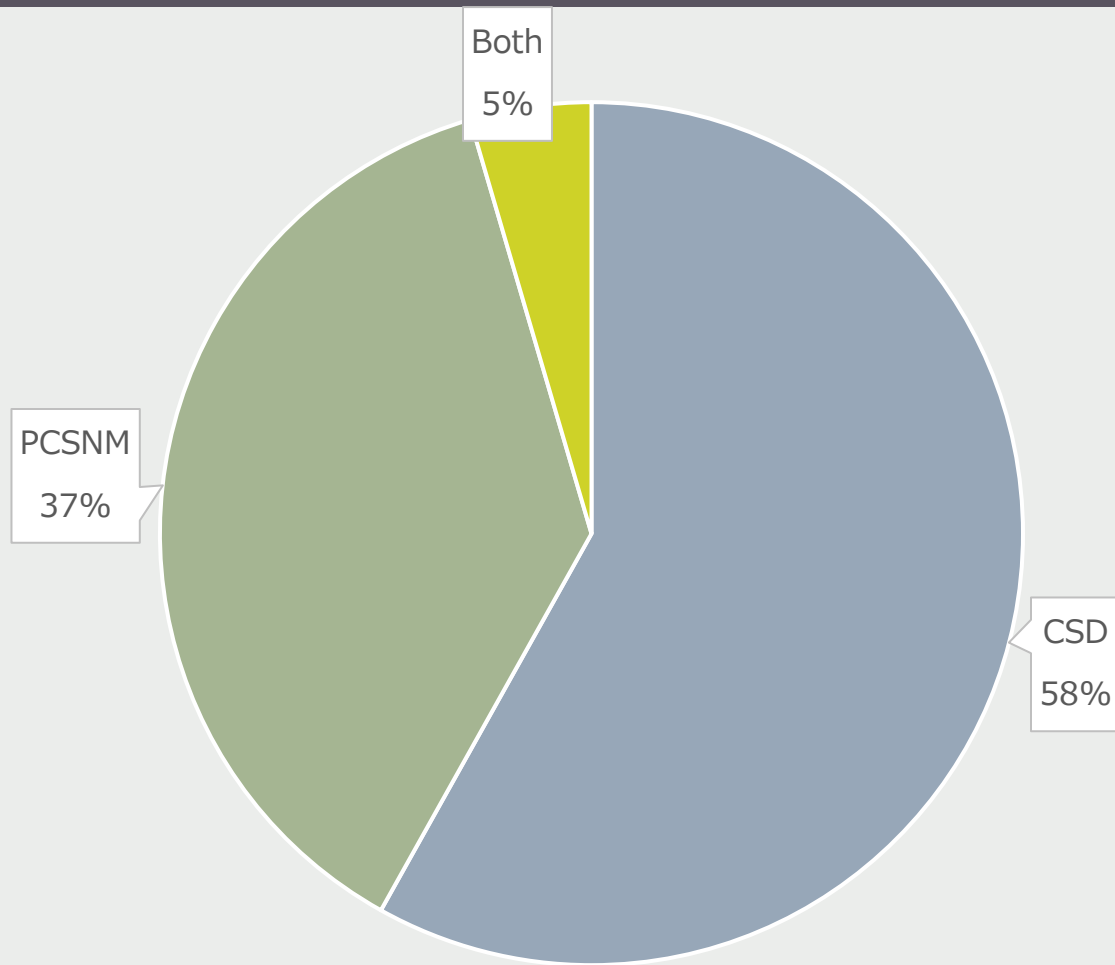

All Training Options

CSD & PCSNM

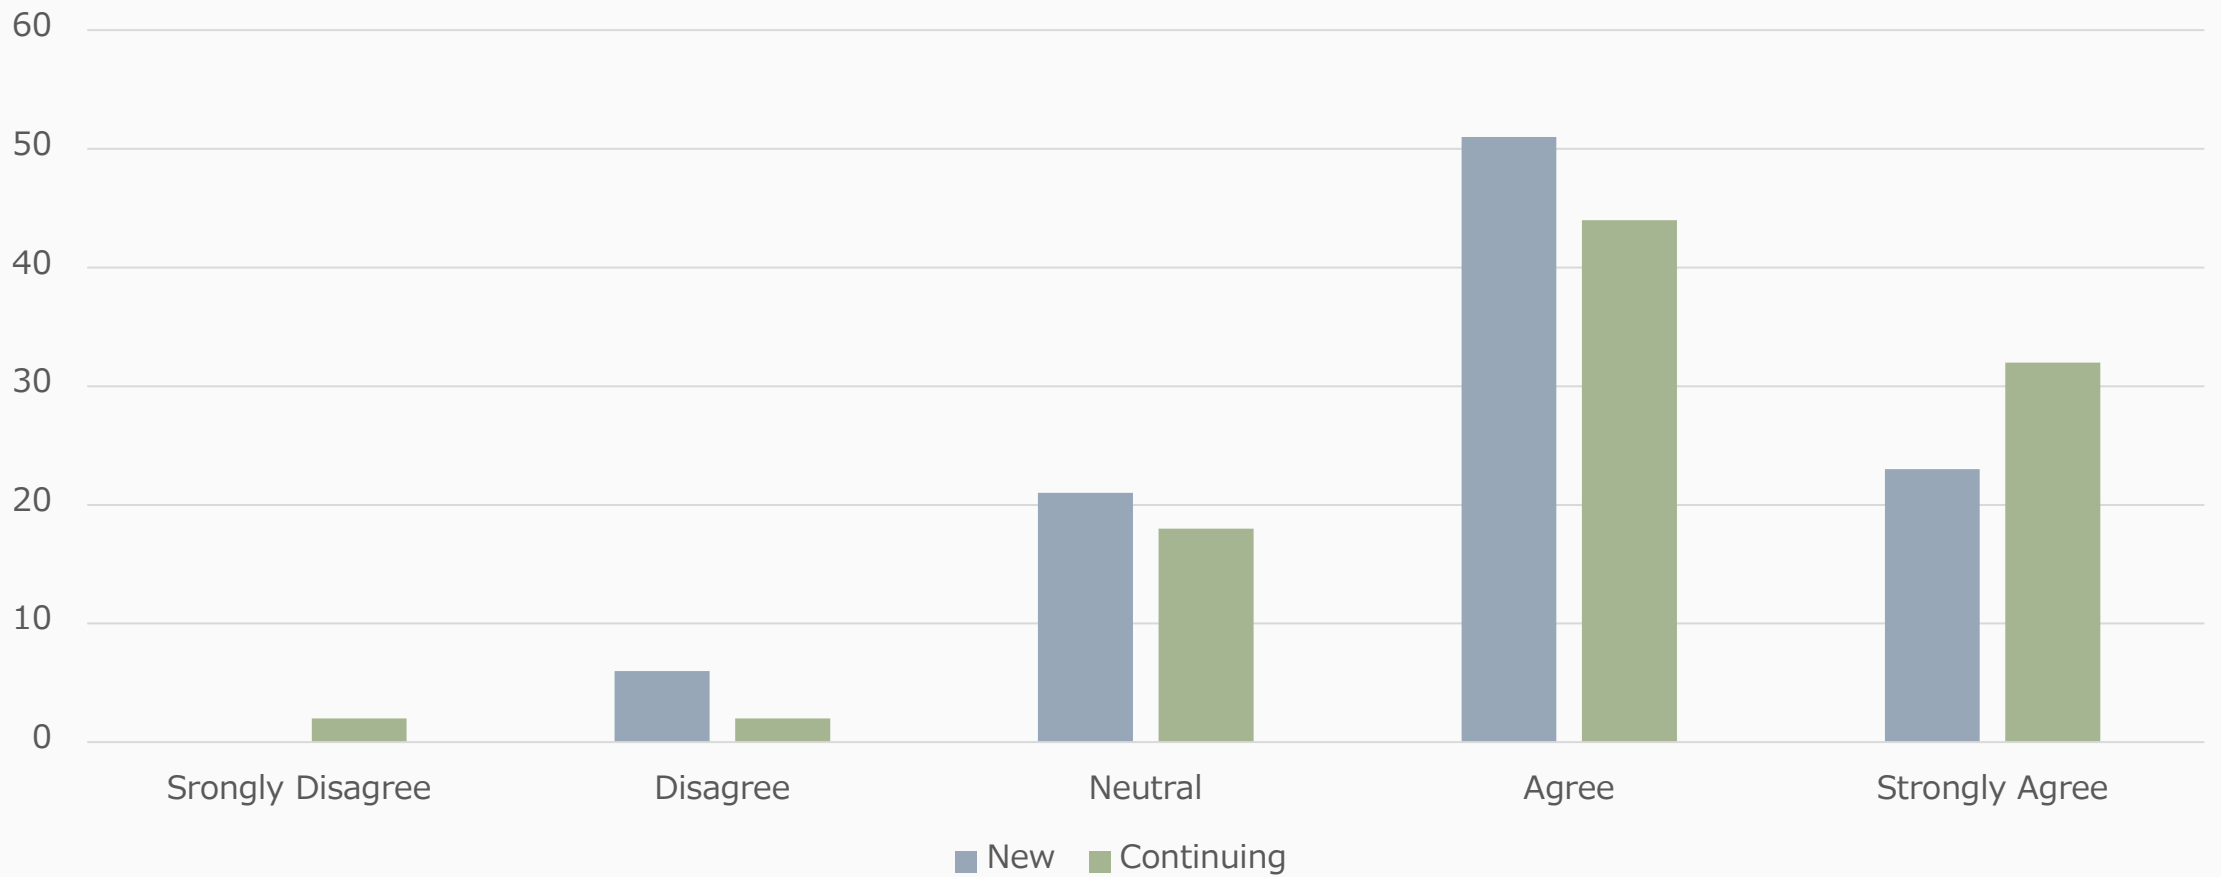

The two main options

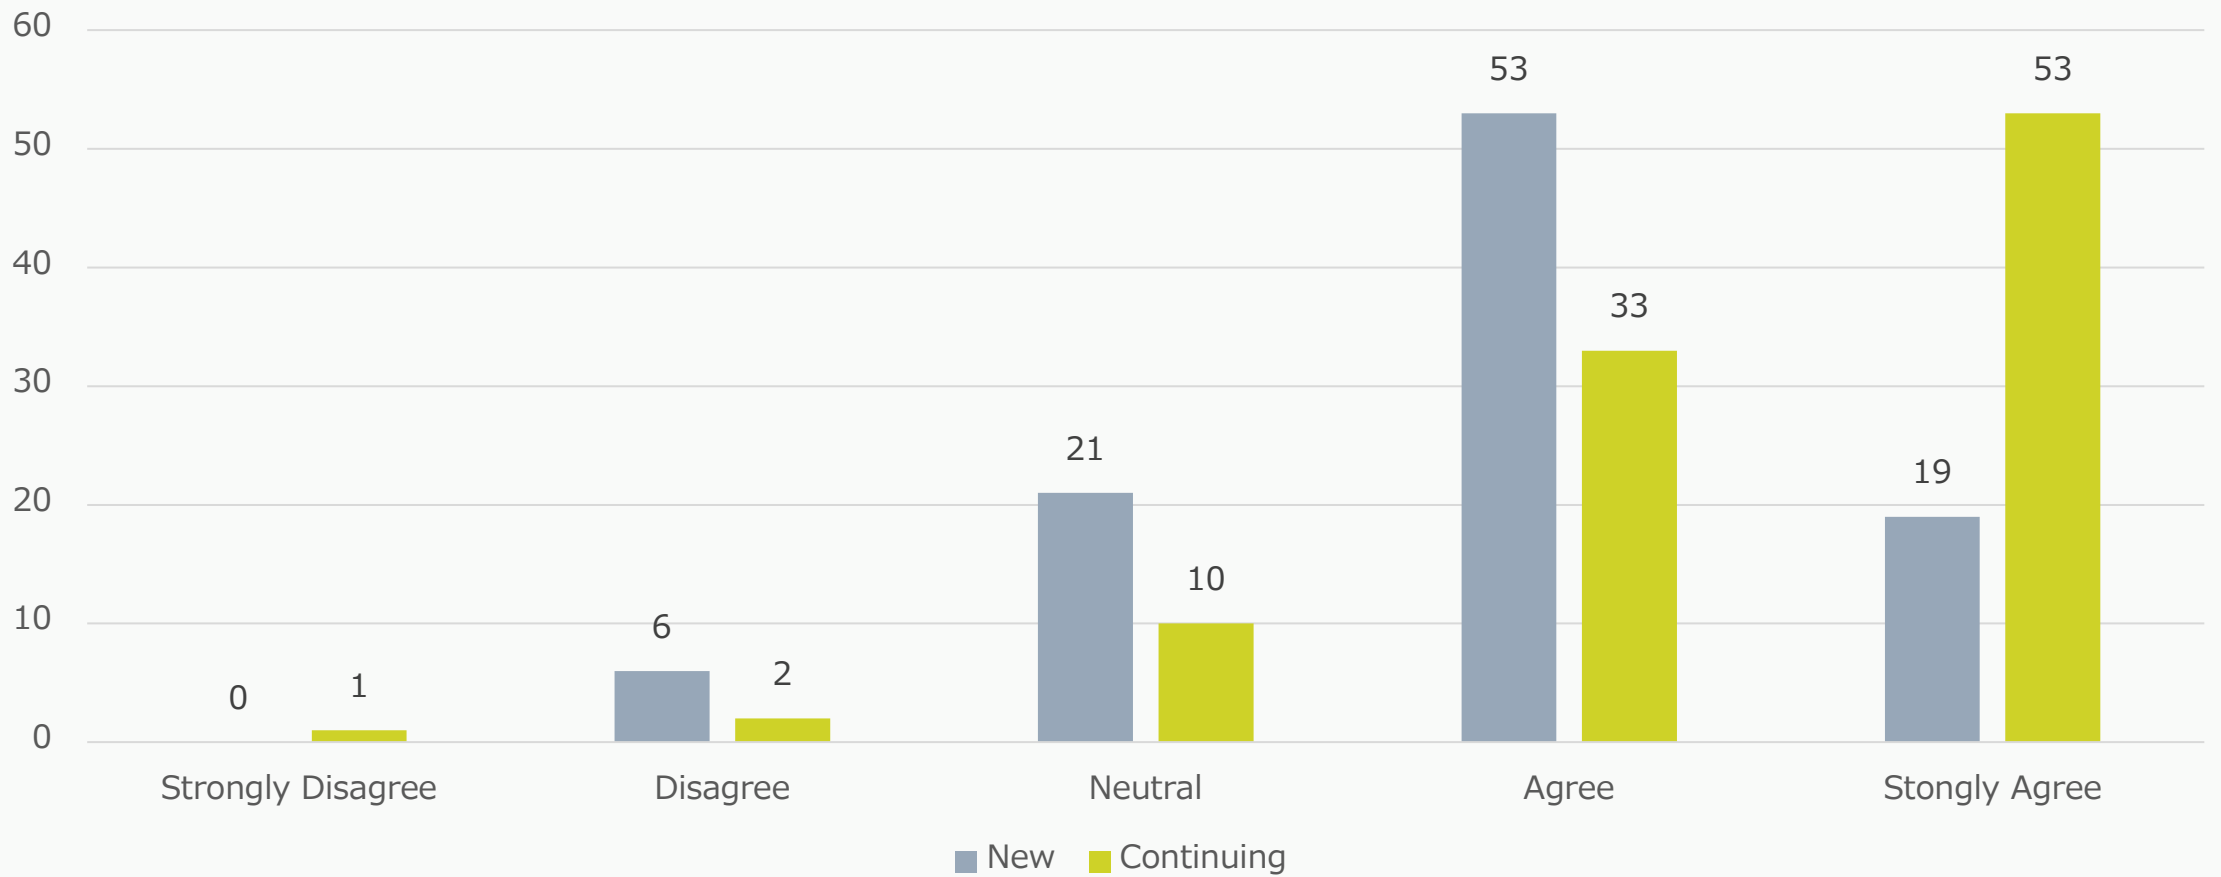

CANVAS

New Member Seven Hour
Introductory Course

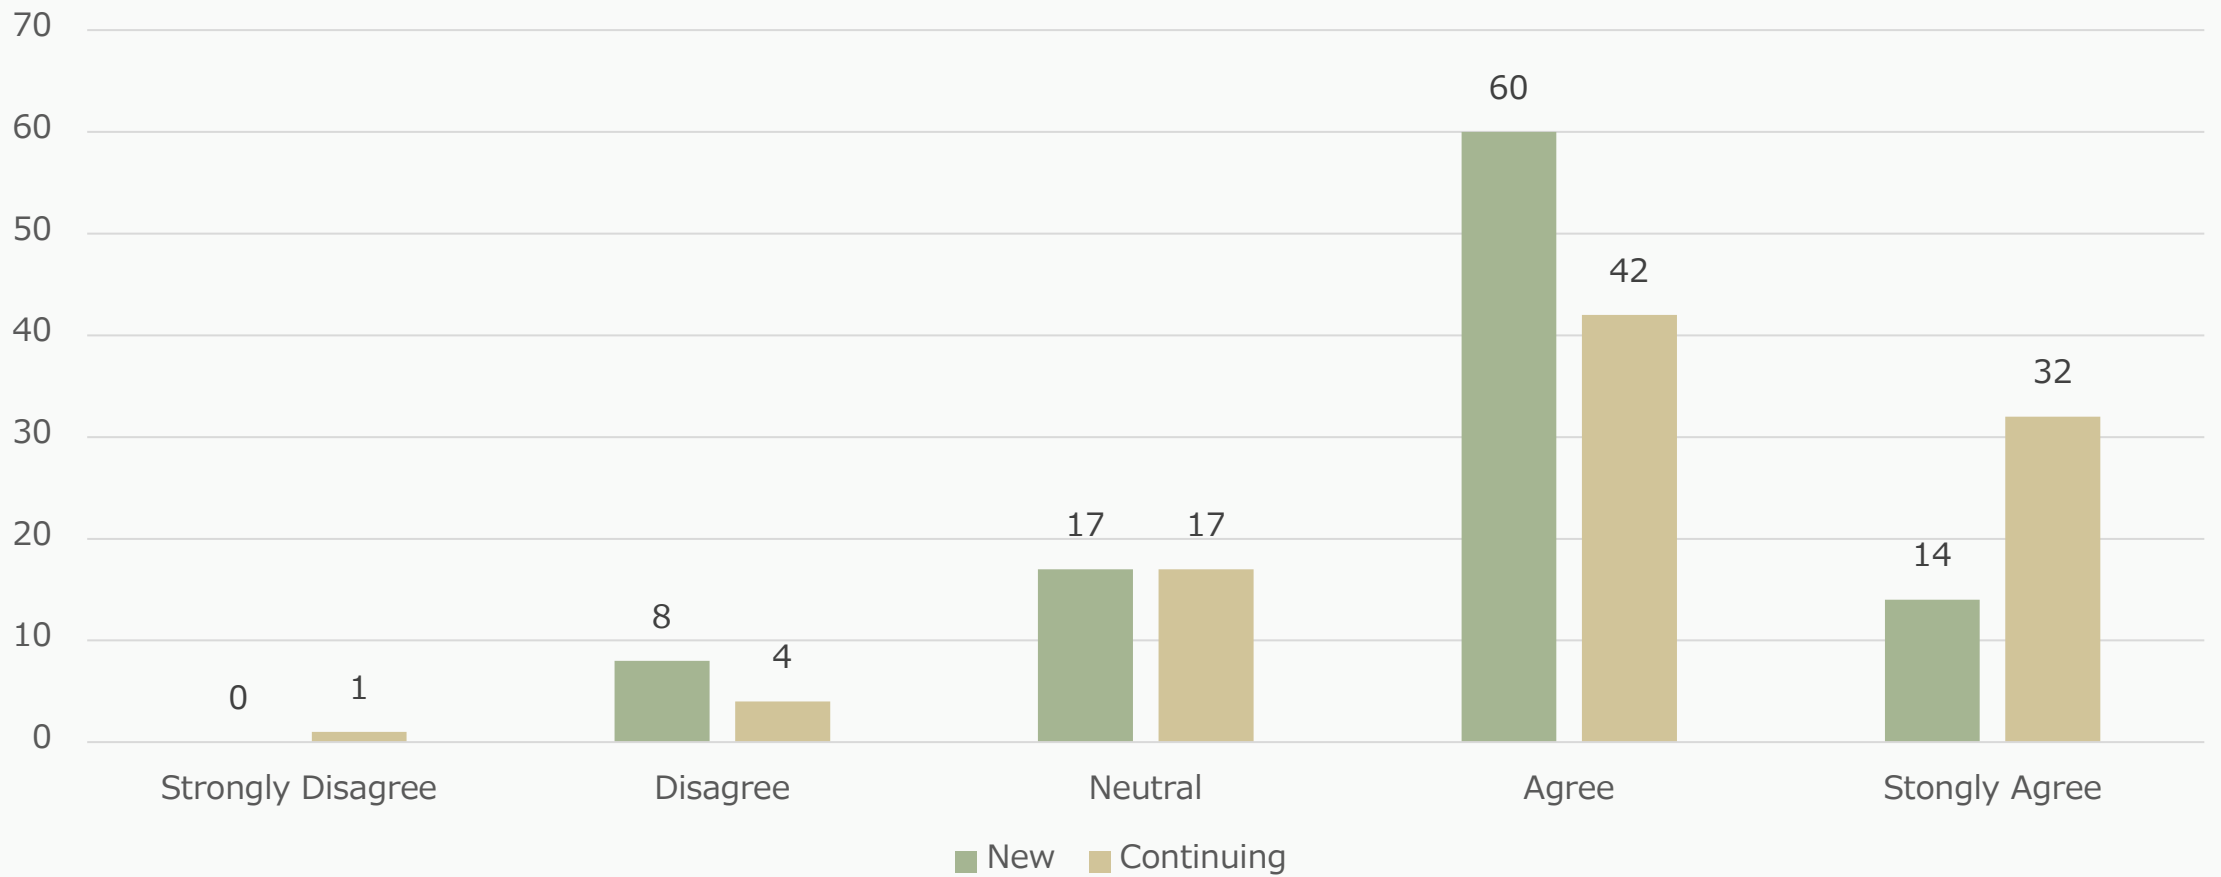

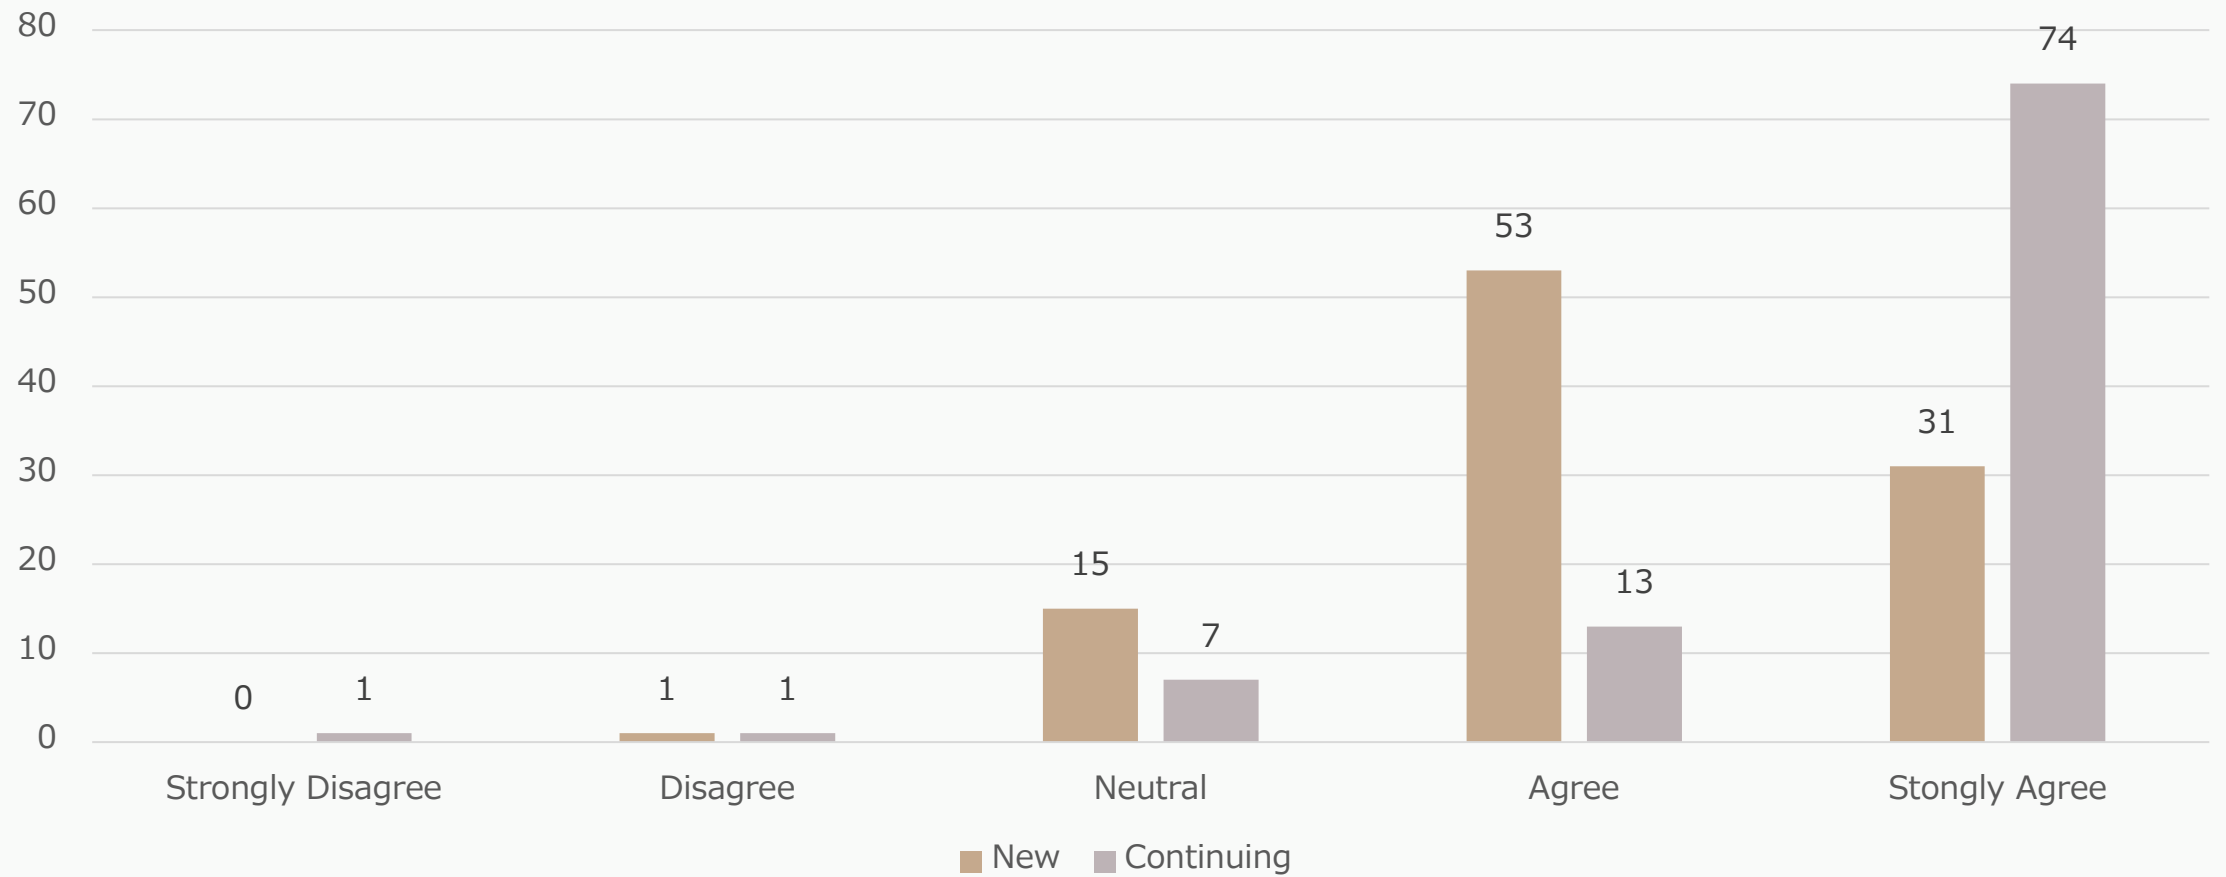

The pacing kept me engaged from beginning to end

This course was visually appealing

The course was high quality and engaging

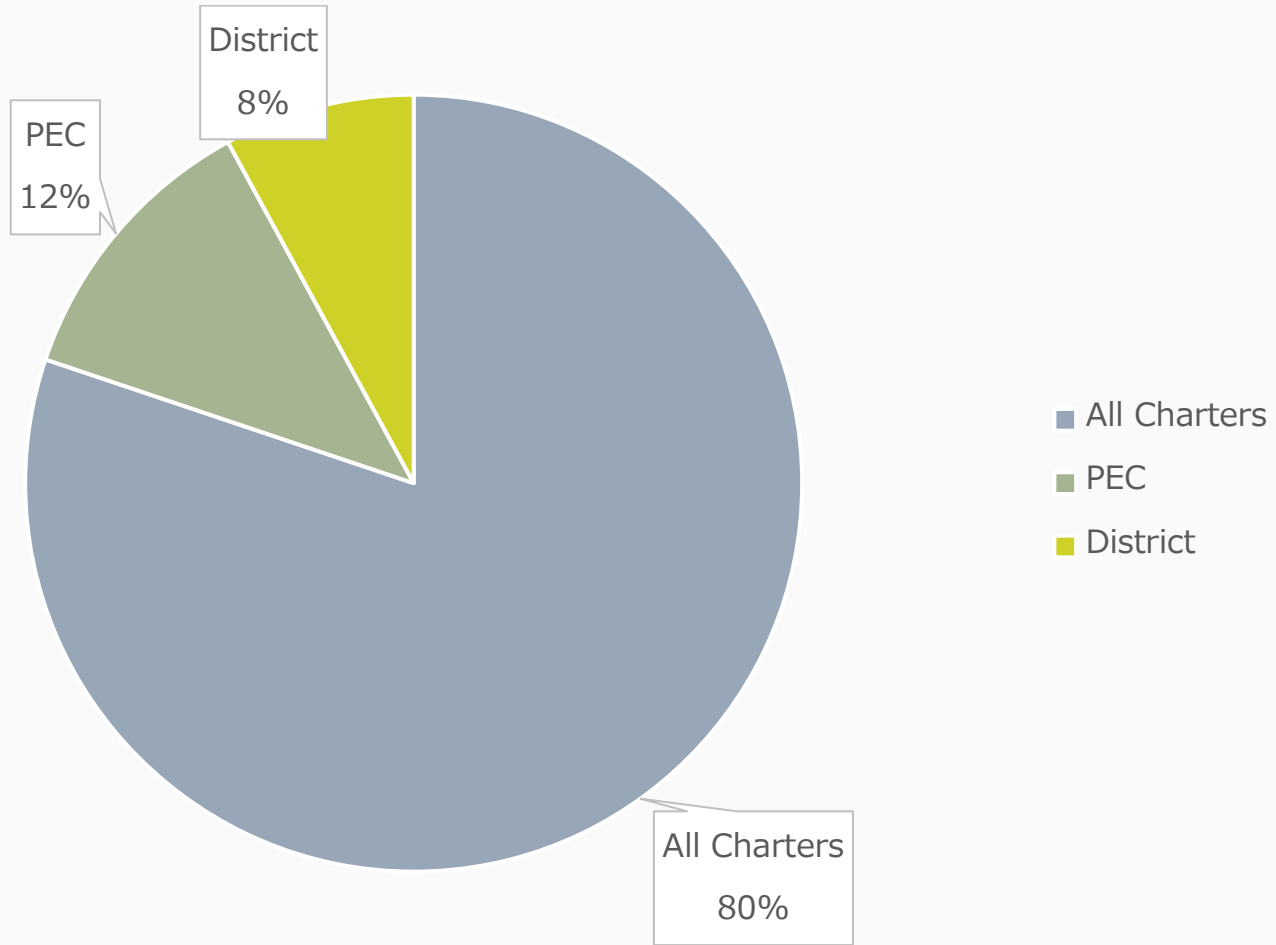

Canvas was a great way to take this course

New Member Onboarding

Every Charter has the opportunity to create their own, school specific training for new members.

The training can count for up to three hours of board training.

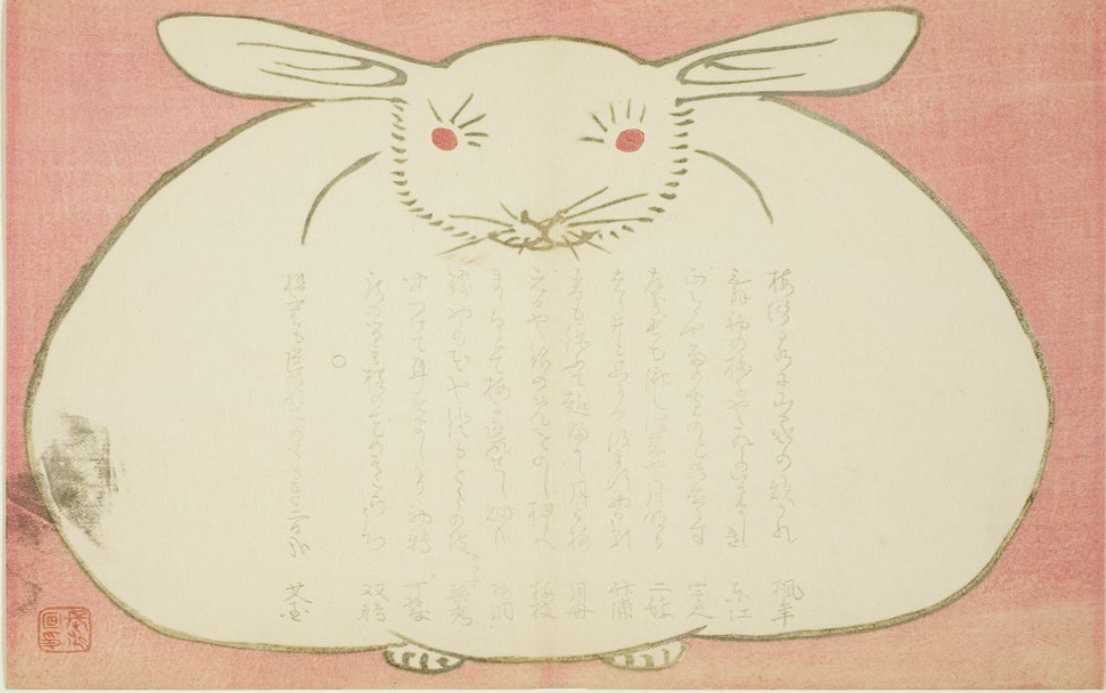

Promoting Onboarding

We hope to present a workshop at PCSNM's conference on developing an onboarding training also will generate a presentation walking folks through the very easy process for getting approved.
