

STOPit provides your district with an Anonymous Reporting System and Social & Emotional Learning Resources to help create safer, healthier school communities

NMPSIA is partnering with STOPit Solutions to offer their Anonymous Reporting System (ARS) with expanded incident coverage, Crisis Text Line, and On-Demand SEL & Wellness Training Center to your school district fully funded.

How the Anonymous Reporting System Works:

Step 1:
Observe & Submit

Individual observes an incident or concern and submits it using the STOPit app, website, or telephone hotline

Step 2:
Monitor & Escalate

STOPit 24/7/365 Incident Response Center monitors and escalates life threatening incidents to school officials and law enforcement (as needed)

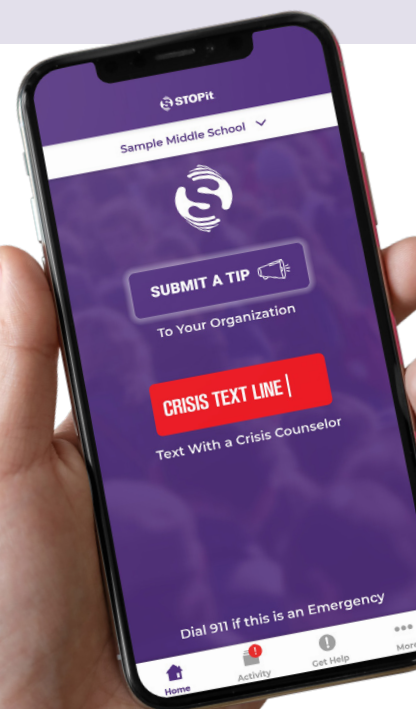

Step 3:
Manage & Resolve

School officials receive and act upon the incident using the STOPit admin app and/or web-based Incident Management System

STOPit provides the industry's most comprehensive onboarding for program administrators AND training for students and adults on how to recognize safety, misconduct, and/or compliance concerns and use the STOPit Anonymous Reporting System through our account management, training, and customer success teams.

How your District Will Benefit
