### State Accountability System:

State and federal statute mandates accountability for all public schools. This section provides a snapshot of the school's academic performance according to data collected by the Public Education Department (PED) for the 2022-23 school year.

The New Mexico State Accountability System (<u>NMVISTAS</u>) gives every public school in the state an overall score. Schools were ranked by percentile within school type, with high schools being ranked separately from elementary and middle schools because of differences in how points are calculated (e.g., graduation factoring into high school but not elementary school accountability). Schools with an overall score that places them in the top 25% of schools in the state are awarded the Spotlight designation. Schools may also receive designations of excellence in specific areas. Schools below the 75<sup>th</sup> percentile are designated either a Traditional Support School or are given one of several designations indicating a need for greater support.

Schools were ranked by percentile within school type, with high schools being ranked separately from elementary and middle schools because of differences in how points are calculated (e.g., graduation factoring into high school but not elementary school accountability).

**New Mexico School for the Arts** ranked above **89.4%** of high schools statewide. The school received a designation of **Spotlight school**.
