### **School Information**

Name of School: Southwest Secondary Learning Center

#### **Facilities Narrative**

Provide a description of the charter school facilities. Enter applicant response in box below:

## **School response:**

Southwest Secondary Learning Center is located at 10301 Candelaria Rd in the NE heights of Albuquerque on the northwest corner of Candelaria and Morris. The main facility is approximately 43,000 square feet, and there are 2 portable buildings comprising 4 classrooms on the grounds. SSLC executed a lease to purchase agreement on April 1, 2022, and the building is now publicly owned. SSLC has a sub-lease agreement with another state charter, Southwest Preparatory Learning Center, which serves students in grades 4-8. The facility includes common areas such as the gym, offices, lobby space, and an outdoor grass field. The gym includes a full basketball court, indoor soccer field, and a weight room. The gym also serves as a lunch space and has seating with tables for eating and moveable bleachers for sports events. Gymnasium lighting was upgraded to LED lighting in spring 2023 via capital outlay funds. Funds will also be used for sound abatement in this large space to reduce noise and echo,

allowing it to also be used as a community meeting space (project underway, expected completion in October 2023).

SSLC's primary instructional space is the Main Lab. In Main Lab, students access their online core curriculum with the support of in-person content teachers.

## **Main Lab**

**Main Lab** 

The Smart Lab is SSLC's hands-on S.T.E.A.M. lab. In the summer of 2022, SSLC utilized funds from a capital outlay award to upgrade Smart Lab computers to Windows 11, providing Career Technical Education students with the most current and realistic technological environment possible.

#### **Smart Lab**

**Smart Lab** 

SSLC added 4 portable classrooms in 2020. These rooms house SSLC's intensive instruction courses, ancillary provider services, and the Support Lab that services students with an IEP.

**Exterior Portable Courtyard** 

**Portable Classroom Interior** 

The exterior of the facility and parking lot is fenced, and additional security fences surround the building, SSLC portables, grass field, and outdoor courtyard/pavilion space. The courtyard is paved and furnished with outdoor tables with benches. SSLC students use this space for outdoor lunch time, recreation, and PE classes take place on the field (weather permitting).

**Outdoor Shaded Area** 

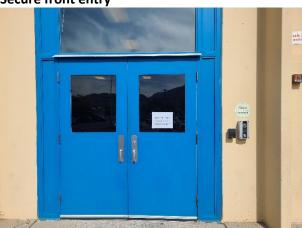

**Grass Field** 

Gates to the outdoor areas require a code to gain access, which helps keep the grounds secure. An extensive camera and lock down system were installed in 2020 through a capital outlay award. The front doors were upgraded from store front glass to security doors. A camera, doorbell, and microphone secure the front entry, so all visitors are identified before gaining access and must be buzzed into the building. All exterior doors remain locked and can only be accessed with a key or card reader. The lockdown system enables interior doors to be locked at once in case of emergency, restricting new entry throughout the building. Students always have free egress to exit as only entry is restricted by the locked doors.

# **Secure front entry**

A bathroom remodel is needed, and SSLC is investigating options for a full renovation and expansion or a refresh of existing fixtures. Capital outlay funds in the amount of \$275,000 were designated for this project, and the award is anticipated in fall 2023.

The school's Facilities Master Plan is current through December 2024.

# ARTICLE IV TERM OF AGREEMENT

- Section 4.1 <u>Term of Agreement</u>. ## Section 4.3 Termination of Agreement. Upon termination of this Agreement:

- (a) All unaccrued obligations of School hereunder shall terminate, but all obligations of School that have accrued hereunder prior to such termination shall continue until they are discharged in full, subject to the supervisory authority of the Public Education Department under NMSA 1978, §22-2-2(C); and
- (b) If the termination occurs because of the occurrence of an Event of Non-Appropriation under Section 4.5 (a) hereof or an Event of Default as defined in Article XI hereof: (i) School's right to possession of the School Site shall terminate; and (ii) School shall vacate the School Site as set forth in 4.5(e). Section 4.4 <u>Continuation of Agreement</u>. In accordance with Article IX, Section 11 of the New Mexico Constitution and NMSA 1978, §§22-26A-5(I) and (J), the parties stipulate and agree that: (a) there is no legal obligation for School to continue this Agreement from year to year or to purchase the School Site; and (b) this Agreement shall terminate if sufficient money is not available to meet any current lease payment.

- (c) Any decision not to continue this Agreement shall be made solely by School's governing body, and not by any other School agency or official, except as otherwise provided under the Public School Code, NMSA 1978, Chapter 22 [except Article 5A of the Public School Code.]
- (d) If an Event of Non-appropriation occurs, School shall not be obligated to pay the Base Rent or Additional Rent or any other payments provided for herein beyond the amounts specifically appropriated by School's governing body for the Fiscal Year during which such Event of Non-appropriation occurs; provided, however, that School shall continue to be liable for Base Rent and Additional Rent, to the extent payable from legally available funds allocable to any period during which School continues to occupy or retain possession of the School Site.
  - (e) The School shall in all events vacate the School Site and surrender it to

The first Base Rent payment is due and payable on the first day following issuance of required certificates of occupancy for the Improvements ("Rent Commencement Date"), and thereafter, on the first day (1st) day of each month thereafter during the Term of this Agreement.
- (b) <u>Interest Rate</u>. The Interest Rate charged on the balance of the Purchase Price as defined in Section 6.10 and is as set forth in Exhibit C, is six percent (6%) per annum for the duration of this Agreement.
- (c) <u>Allocation of Base Rent</u>. A portion of each Base Rent payment is paid as and represents payment of the principal and interest component of each payment made under this Agreement, in accordance with NMSA 1978, §22-26A-5(F). Upon receipt of each payment of Base Rent, Lessor shall apply the amount of such payment to principal and interest as shown in Exhibit C, thereby reducing the Purchase Price to be paid by the School if it elects to exercise its option to purchase the School Site. The parties agree that the interest component of each payment made, or net effective interest rate thereon, shall not exceed the maximum permitted by the Public Securities Act, NMSA 1978, §6-14-1 through §6-14-3, as that Act may be amended from time to time.
- Section 5.2 Rent Commencement Date; Cancellation of Current Lease. Rent shall commence on the date Lessor has completed the Improvements described in Exhibit B and appropriate certificates of occupancy have been issued by the governmental entities with jurisdiction, or the Commencement Date which ever date is later. Notwithstanding this definition, rent under the Current Lease will continue until the Rent Commencement Date of this Agreement is triggered at which time the Current Lease shall be cancelled with no further obligations of either party relative to the Current Lease. Any partial month payments owed under either the Current Lease or this Agreement shall be prorated.
- Section 5.3 Additional Rent. In addition to the Base Rent, School shall pay Additional Rent during the Term as herein provided. Additional Rent shall be estimated annually by Lessor and said estimate shall be provided in writing to the School on or before February 1 of every year. If the Lessor fails to submit an estimate on or before February 1, then the amount of Additional Rent shall be the same as the preceding year. The Additional Rent paid by School shall be in an amount sufficient to pay the following costs during the ensuing Fiscal Year, provided that

School's payment of any of these costs or any other costs, fees, or expenses under or according to this Agreement does not violate Article IX, Section 14 of the New Mexico Constitution or pertinent New Mexico statutory or common law: (i) taxes and assessments related to the School Site as set out in Sections 5.8; (ii) the cost of insurance premiums for insurance deemed necessary or desirable in Lessor's reasonable discretion, but which shall not include payment for insurance deemed duplicative by School's insurance carrier; and (iii) all other costs expressly required to be paid by Lessor as Additional Rent hereunder, if any, provided that Lessee's payment of such costs or expenses does not violate Article IX, Section 14 of the New Mexico Constitution. If School's governing body decides to continue this Agreement for the ensuing Fiscal Year, School's obligation under this Agreement to pay Additional Rent during such Fiscal Year shall be limited to the amount so appropriated for Additional Rent. Additional Rental obligations in excess of the amounts so appropriated shall in no event be due or owing from School.

Section 5.4 <u>Budgeting</u>. In any Fiscal Year that this Agreement is in effect, School shall, to the extent permitted by New Mexico law, and by Public Education Department practice, policy, or directive, include in the budget proposal to the Public Education Department for the ensuing Fiscal Year an amount equal to one hundred percent (100%) of the Base Rent and estimated Additional Rent; provided, however, that the decision whether to continue this Agreement and whether to appropriate such amounts therefor shall remain within the sole discretion of School's governing body. The Base Rent, Additional Rent, and any other obligations payable by School under this Agreement shall constitute currently appropriated expenditures of School and shall not constitute a debt or multiple Fiscal Year direct or indirect obligations whatsoever of School or a mandatory charge or requirement against School in any Fiscal Year beyond the Fiscal Year for which such payments have been approved.

Section 5.5 Nature of Payment. School and Lessor acknowledge and agree that the Base Rent and Additional Rent hereunder shall constitute currently appropriated expenditures of School and may be paid from any legally available funds. School's obligations under this Agreement shall not constitute a mandatory charge or requirement for payment of any amounts in excess of amounts appropriated for any Fiscal Year beyond the Fiscal Year for which such appropriation has been made. No provision of this Agreement shall be construed or interpreted as creating a debt or multiple Fiscal Year direct or indirect debt or other financial obligation whatsoever of School within the meaning of any constitutional or statutory limitation or requirement. No provision of this Agreement shall be construed or interpreted as creating a delegation either of governmental powers or as a donation by or a lending of the credit of the School within the meaning of any constitutional or statutory limitation or requirement. This Agreement does not directly or indirectly obligate the School to make any payments beyond those appropriated for any Fiscal Year for which payments have been appropriated.

# Section 5.6 <u>Manner of Payment.</u>

(a) The Base Rent and any Additional Rent shall be paid on the first (1st) day of every month of the Term in lawful money of the United States of America. If Base Rent and any Additional Rent is not paid in full when it becomes due, School shall have a ten (10) day

grace period thereafter. However, if the Base Rent and any Additional Rent is not received by Lessor by the tenth (10<sup>th</sup>) of the month, School shall pay a late fee on the outstanding amounts owed equal to .5% of those outstanding amounts. Payments made shall be credited first to outstanding Base Rent and then to any Additional Rent. No other late fees or charges shall be assessed by Lessor.

(b) The obligation of School to pay the Base Rent and Additional Rent required under this Agreement shall not be abated through accident or unforeseen circumstances, except as otherwise provide by law. School shall during the Term hereof make all payments of Base Rent and Additional Rent when due and shall not withhold any Base Rent or Additional Rent, nor shall School assert any right of set-off or counter-claim against its obligation to make such payments required hereunder; provided, however, that the making of such payments shall not constitute a waiver by School of any rights, claims, or defenses which School may assert. No action or inaction on the part of Lessor shall affect School's obligation to pay Base Rent and Additional Rent of this Agreement.

Section 5.7 <u>Funding of Improvements to School Site</u>. School and Lessor agree that School may use all legally available funds to acquire, construct, equip, install, or make improvements to the School Site during the Term of this Agreement upon written approval of the Lessor, which approval shall not be unreasonably withheld. Prior to any termination of this Agreement as provided hereunder, Lessor may require School to remove, at School's own expense, any improvements to the School Site that were funded by School.

Section 5.8 <u>Taxes and Assessments</u>. During the Term, if the School Site or any portion thereof shall, for any reason, be deemed subject to taxation, assessments, or charges lawfully made by any governmental body, School shall pay, as Additional Rent the amount of all such taxes, assessments, and governmental charges then due. With respect to special assessments or other governmental charges that may be lawfully paid in installments over a period of years, School shall be obligated to provide only for such installments as are required to be paid during the Term of this Agreement. School shall not allow any liens for taxes, assessments, or governmental charges to exist with respect to the School Site or any portion thereof, including any taxes levied thereon which, if not paid, will become a charge on the rentals and receipts from the School Site or any portion thereof, or any interest therein, including the Lessor's interests or the rentals and revenues derived therefrom or hereunder. If School shall first notify Lessor of the intention of School to do so, School may, at the expense and in the name of School, in good faith contest any such tax, assessment, and other charges and, in the event of any such contest, may permit the tax, assessment, or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless Lessor shall notify School that, in the opinion of independent counsel, whose reasonable fees shall be paid by School, by nonpayment of any such items the School Site or any portion thereof will be subject to loss or forfeiture, or Lessor will be subject to liability, in which event such tax, assessment, or other charges shall be paid promptly or secured by posting a bond with Lessor in form satisfactory to Lessor (provided, however, that such payment shall not constitute a waiver of the right to continue to contest such tax, assessment, or other charges).

Section 5.9 <u>Utilities</u>. During the Term, School shall pay, as the same respectively become due, all gas, water, electricity, heat, sewer and waste disposal, and other utility charges incurred in the maintenance and upkeep of the School Site and School shall place all such utilities in its name.

# ARTICLE VI OPTION TO PURCHASE

- Section 6.1 Option to Purchase. In consideration of the agreements, promises, and covenants made each to the other in this Agreement, and other good and valuable consideration received, which consideration Lessor acknowledges to be adequate, Lessor grants to School the option to purchase the School Site upon the terms and conditions set forth in this Agreement, and to the extent permitted by the Public School Lease Purchase Act.
- Section 6.2 <u>Purchase Price on Exercise of Option</u>. The Purchase Price for the School Site on exercise of the option to purchase hereunder shall be the amount necessary to pay the outstanding principal balance on the unpaid Initial Purchase Price, as set forth in Section 6.10 and the Base Rent Schedule attached at Exhibit C hereto, plus any accrued and unpaid interest to that date. The interest rate on the principal balance remaining on exercise of the option to purchase shall not exceed the maximum permitted by the Public Securities Act.
- Section 6.3 <u>Additional Annual Advanced Principal Payments</u>. In addition to the Base Rent, and any Additional Rents due, School may pay additional principal payments in an amount decided by the School to be applied toward the Purchase Price. The School's decision to make advance principal payments shall be subject to the School's capital needs and at its sole discretion.
- Section 6.4. <u>Prepayment</u>. The Option to Purchase may be exercised sooner than the expiration of 360 months (thirty years) from the Rent Commencement Date upon express written approval of Lessor, without penalties, fees or other charges except those set forth in Section 6.5.
- Section 6.5 Expenses, Mortgage. The Purchase Price to be paid by School to Lessor at closing shall be a net amount to Lessor, and all expenses in connection with the transfer of the School Site, including title insurance, recording fees, documentary stamps, and any other closing costs, shall be paid by School. The Purchase Price shall be paid by School in cash to Lessor concurrent with Lessor's conveyance of the School Site to School by special warranty deed as provided in Section 6.6 hereof.
- Section 6.6 <u>Transfer of Title.</u> Except as provided in Section 6.9 of this Agreement, at the closing of the transaction between the parties, Lessor shall convey the School Site to School free and clear of any mortgage, indenture, and other encumbrances of record, except permitted exceptions. The conveyance shall be by a standard form special warranty deed from Lessor to School.

Section 6.7 Agreement is Subordinate. School's rights under this Agreement are and shall be subject and subordinate to any underlying mortgage (including a consolidated mortgage), indenture, or deed of trust constituting a first lien on the School Site, or any part thereof, whether such mortgage, indenture, or deed of trust has heretofore been, or may hereafter be, placed upon the School Site to secure Lessor's indebtedness to any bank or other financial institution, trust company, or other financial lender, whether private or public, for the acquisition of the School Site, or to any renewal, modification, consolidation, replacement, or extension of any such mortgage, indenture, or deed of trust. Any mortgage, indenture, or deed of trust, securing the Lessor's indebtedness to acquire the School Site shall not exceed the Purchase Price when the option to purchase hereunder is then exercised. This subordination clause shall be self-operative, and no further instrument of subordination shall be required. School shall, nevertheless, execute and deliver, from time to time, any instrument and certificate affirming and confirming such subordination that Lessor may reasonably request. Lessor will cause any such mortgage, indenture, or deed of trust to contain provisions requiring the holder of the indebtedness secured thereby to mail to School by registered mail, addressed to School at its office as set forth in this Agreement, a copy of each notice of breach of covenant, default, or foreclosure given by the holder or the trustee under such mortgage, indenture, or deed of trust to Lessor. School may, upon receiving notice of breach of covenant, default, or foreclosure under any such mortgage, indenture, or deed of trust as herein provided exercise the Option to Purchase set forth herein by paying the then-outstanding principal amount of the debt secured by mortgage, indenture, or deed of trust plus any accrued and unpaid interest and any amounts necessary to pay all amounts due to the first call date secured by the mortgage, indenture, or deed of trust.

Section 6.8 <u>Performance of Option</u>. If the School is not in default as defined in Article XI of this Agreement, it shall have the right to exercise the option to purchase as set forth herein.

Section 6.9 <u>Adjustments</u>. Adjustments and proration of taxes, water rents, insurance premiums, and similar items shall be made as of the date of the closing of title, in accordance with the practice approved by the parties.

Section 6.10 Initial <u>Purchase Price and Principal Pre-Payment</u>. The Initial Purchase Price for the Property shall be \$6,000,000 (Six Million Dollars and no/100), plus the actual cost of Improvements which shall not exceed \$184,385.00 (One Hundred Eighty-Four Thousand Three Hundred Eight-Five Dollars and no/100). School shall make the Advanced Principal Payment on the Rent Commencement Date as defined in Section 5.2, equal to the Lessor's costs to complete the Improvements, which shall be immediately applied to the Purchase Price.

Section 6.12 <u>Priority</u>. The option to purchase under this Agreement shall be a covenant running with the land for the term of the Lease, and no conveyance, transfer, easement, or encumbrance thereof shall defeat or adversely affect the option to purchase hereunder.

# ARTICLE VII TENANT IMPROVEMENTS, MAINTENANCE, AND INSURANCE

Section 7.1 <u>Construction of Improvements</u>. Lessor shall complete the Improvements as described in Exhibit B by no later than August 1, 2020.

Section 7.2 <u>Maintenance and School Site Costs.</u> After the Commencement Date hereof, School shall, for the remainder of the Term hereunder, maintain, preserve, and keep the entire School Site or cause the School Site to be maintained, preserved, and kept, with the appurtenances and every part and parcel thereof, in good repair, working order, and condition, subject to normal wear and tear, and School will from time to time make or cause to be made all necessary and proper repairs to maintain the School Site to Statewide Adequacy Standards. Except as expressly set forth in this Agreement, Lessor shall not have any other responsibility for the making of any additions, modifications, or replacements to the School Site during the Term of this Agreement.

Section 7.3 Removal of Improvements. Except as provided in Subsection 4.3 and Section 9.3 of this Agreement, School agrees and covenants with Lessor that any and all alterations, additions, and improvements, except the School's property (moveable furniture, equipment, portable or modular buildings and such other items of personal property that are removable from the wall, ceiling and floor surfaces without causing damage to such surfaces), shall become a permanent part of the School Site at the termination of this Agreement, if not removed by School. School agrees that if such improvements are removed at the termination hereof, it will repair or restore the area of such surface, if removal of School's personal property creates an unsightly condition, by capping any electrical outlets and concealing any surface areas where personal property, such as counters or shelving, may have been stabilized by attachment to such surfaces.

Section 7.4 <u>Liens</u>. Except as otherwise expressly provided in this Agreement, neither School nor Lessor shall directly or indirectly, create, incur, assume, or suffer to exist any mortgage, pledge, lien, charge, encumbrance, or claim on or with respect to the Improvements, other than the individual rights of Lessor and School as herein provided. Lessor and School shall promptly, at their own expense, take such action as may be necessary to duly discharge or remove any such mortgage, other than existing mortgages as of the Commencement Date or subsequent mortgages as agreed to by the parties in writing, pledge, lien, charge, encumbrance or claim if the same shall arise at any time, during the respective party's control of the School Site and each party shall reimburse the other for any expense incurred by it in order to discharge or remove any such mortgage, pledge, lien, charge, encumbrance, or claim which arose during the control of the School Site. Nothing herein shall limit Lessor's right to refinance or restructure debt against the School Site; however, no refinance or restructure shall impair School's rights under the terms of this Agreement. School covenants and agrees to execute and deliver, upon demand, such further reasonable instrument or instruments subordinating this Agreement to the lien of any mortgage or mortgages as shall be desired by Lessor and any mortgagees or proposed mortgagees, provided such documents contain commercially reasonable non-disturbance agreements. Lessor, within thirty (30) days of refinancing or restructuring, shall provide notification to School with certification from the financial institution that this Agreement does not violate any term or condition of the restructured or refinanced obligation.

## Section 7.5 <u>School's Insurance Obligations.</u>

- Liability Insurance. Beginning on the Commencement Date hereof, School shall procure and maintain or cause to be carried and maintained in full force and effect during the Term hereof at School's sole cost and expense and as Additional Rent above the Base Rent hereunder, such public liability insurance covering bodily injury, disease, illness or death, and property damage liability as is available from and provided by the Public Schools Insurance Authority or its successor, with limits of coverage not less than \$300,000 for each person for all past and future medical and medically-related expenses arising out of a single occurrence and \$400,000 in the aggregate for all claims other than medical or medically-related expenses arising out of a single occurrence, and \$200,000 for personal property damage liability per address with a combined limit/maximum liability of \$1,050,000, for the benefit of both School and Lessor as protection against all liability claims arising from activities on the School Site, causing Lessor to be named as an additional-named insured on such policy of insurance, and delivering a copy thereof to Lessor upon the commencement of the Term hereof and with a deductible per loss of no greater than \$25,000. School shall adjust such minimum coverage limits annually or as necessary to conform to the minimum coverage limits required for local public bodies pursuant to NMSA 1978, §41-4-19 and §41-4-20, and NMSA 1978, §22-29-1 through §22-29-11.
- (b) Property Insurance. Subject to the availability of such coverage from the Public Schools Insurance Authority, School shall also carry and maintain or cause to be carried and maintained in full force and effect during the Term hereof, at School's sole cost and expense, fire and extended coverage insurance upon the School Site, including all buildings, alterations, additions, and improvements in an amount equal to their replacement values. Lessor and any lending institution(s) of record shall be named as loss payees on the property insurance policy and shall be provided with a copy of this policy annually on the anniversary date of the policy. In the event that the School Site should be destroyed or substantially damaged in whole or in part, and such loss is covered by fire and extended coverage insurance, School shall have the option to either continue this Agreement and use the insurance proceeds to replace or repair the School Site and on Lessor's behalf, or terminate this Agreement and tender to Lessor all such insurance proceeds attributable to the loss or damage to the School Site. If for any reason School is prohibited by law or regulation from carrying such insurance, Lessor may obtain such insurance, and School shall pay the premiums of such insurance as Additional Rent, to the extent permitted by New Mexico law.
- (c) <u>Business Personal Property Insurance</u>. Subject to the availability of such coverage from NMPSIA, School shall also carry and maintain business personal property insurance. Special form insurance for perils on all business personal property on the School Site including fixtures, machinery and equipment installed by School, and such other insurance as Lessor may require if available to School by NMPSIA. Such insurance to be in an amount equal

to one hundred percent (100%) of the insurable value thereof, if available by NMPSIA.

- (d) <u>Workers' Compensation Insurance</u>. If required by New Mexico law as of the Commencement Date hereof, School shall carry workers' compensation insurance covering all its individual employees on, in, near, or about the School Site, and upon request shall furnish certificates to Lessor evidencing such coverage.
- Section 7.6 <u>Lessor's Insurance</u>. Lessor shall, from the date of approval of this Agreement, obtain and maintain during the Term, commercial general liability insurance with coverage limits of not less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate. The School and any lending institution(s) of record shall be named as additional insureds and loss payees on the property insurance policy and shall be provided with a copy of this policy annually on the anniversary date of the policy. The cost of any such insurance shall constitute Additional Rent as contemplated in Section 5.3(i).

## Section 7.7 Damage, Destruction, or Condemnation; Use of Net Proceeds.

- (a) <u>Damage and Destruction</u>. If, during the Term of this Agreement, the School Site, Improvements, or any portion thereof shall be destroyed (in whole or in part), or damaged by fire or other casualty, School shall be obligated, subject to the provisions of Subsection (c) hereof, to continue to pay the amounts specified in Subsection (b) hereof and, to the extent of amounts specifically appropriated by School, to pay Base Rent and Additional Rent.
- (b) Repair and Replacement. To the extent not contrary to applicable New Mexico law, School and, to the extent such Net Proceeds are within its control, and further subject to the Lessor's obligations under the Lessor's Loan and mortgage, Lessor shall cause such Net Proceeds to be deposited in a separate trust fund held by Lessor. Except as set forth in Subsection (c) hereof, all Net Proceeds of any insurance policies or performance bonds owed to either School or Lessor shall be applied to the prompt repair, restoration, modification, improvement, or replacement of the School Site, as the case may be, by School upon receipt of requisitions acceptable to Lessor setting forth: (i) the requisition number; (ii) the name and address of the person, firm, or corporation to whom payment is due or has been made; (iii) the amount to be paid or reimbursed; (iv) conditional or unconditional lien waivers; and (v) that each obligation mentioned therein has been properly incurred, is a proper charge against the separate trust fund and has not been the basis of any previous withdrawal and specifying in reasonable detail the nature of the obligation, accompanied by a bill or a statement of account for such obligation. Lessor shall cooperate with School in the administration of such fund and shall not unreasonably withhold its approval of requisitions under this Section. Any repair, restoration, modification, improvement, or replacement of the School Site paid for in whole or in part out of Net Proceeds of School's insurance as described in Section 7.6 hereof shall be the property of Lessor, subject to this Agreement, and shall be included as part of the School Site under this Agreement.
- (c) <u>Insufficiency of Net Proceeds for School Site</u>. If there occurs an event described in Subsection (a) hereof, and if any Net Proceeds received as a consequence of such

event and available to Lessor or School shall be insufficient to pay in full the cost of any repair, restoration, modification, improvement, or replacement of the School Site required under Subsection (b) hereof, School shall elect one of the following options:

- (i) School may, to the extent permitted by New Mexico law, in accordance with Subsection (b) hereof, repair, restore, modify, or improve the School Site or replace the School Site (or portion thereof) with property of a value equal to or in excess of the School Site, and pay as Additional Rent any cost in excess of the amount of the Net Proceeds. To the extent the amounts for Additional Rent, which have been specifically appropriated by School, are available for the payment of such costs, and School agrees to make Additional Rental payments pursuant to the provisions of this paragraph and to the extent permitted by law, School shall not be entitled to any reimbursement therefor from Lessor, nor shall School be entitled to any diminution of the Base Rent and Additional Rent.
- (ii) If, by June 30<sup>th</sup> of the Fiscal Year in which an event described in Subsection (a) hereof occurs (or June 30<sup>th</sup> of any subsequent Fiscal Year in which the insufficiency of Net Proceeds to repair, restore, modify, improve, or replace the School Site become apparent), School has not appropriated amounts sufficient to proceed under clause (i) of this Subsection, School may request Lessor to make up the insufficiency in the Net Proceeds and if Lessor refuses, School may terminate the Agreement.
- (d) <u>Cooperation</u>. The parties to this Agreement shall cooperate fully with the other in filing any proof of loss with respect to any insurance policy or performance bond covering the events described in Subsection (a) hereof. In no event shall either party voluntarily settle, or consent to the settlement of, any proceeding arising out of any insurance claim performance or payment bond claim or any portion thereof without the written consent of the other party. Each party shall be responsible for their respective fees and expenses incurred under this section.

# ARTICLE VIII CONDEMNATION; USE OF NET PROCEEDS

- Section 8.1 <u>Condemnation</u>. In the event that all or any material portion of the School Site is condemned by any governmental body or entity under the power of eminent domain or are sold under threat of condemnation to any public body or entity prior to School's purchase of the School Site, Lessor shall be entitled to all compensation awarded for the Land and Improvements, and School shall be entitled to all compensation awarded for the School property and improvements made to the School Site owned by the School after the Commencement Date including School's equitable leasehold or ownership interest.
- Section 8.2 <u>Condemnation of Other Property Owned by School</u>. School shall be entitled to the Net Proceeds of any condemnation award or portion thereof made for destruction of, damage to, or taking of its property including its equitable leasehold or ownership interest,

but not included in the School Site. Lessor agrees that School shall have the option, at School's sole cost and expense, upon written notice to Lessor, to enter an appearance and defend in any condemnation action as to the School Site, the School's improvements made pursuant to Article IX, or its equitable leasehold or ownership interest, and upon such election, Lessor shall not be obligated to provide a defense as to the School's improvements or leasehold interest, but may do so at Lessor's sole expense. In consideration for such option granted in this paragraph, School agrees not to enter into any settlement agreement as to the condemnation award to be paid for the taking or partial taking of the School's improvements, equitable leasehold or ownership interest without Lessor's prior written consent, which consent shall not be unreasonably withheld.

# ARTICLE IX LESSEE'S IMPROVEMENTS, EQUIPMENT, AND WARRANTIES

Section 9.1 Improvements to School Site. School, at its own expense, may remodel, or make additions, modifications, or improvements to the School Site, provided that: (i) such remodeling, modifications and additions shall not in any way damage the School Site as it existed prior thereto, and shall become part of the School Site, subject to the provisions of Section 9.2 hereof; (ii) the value of the School Site after such remodeling, modifications, and additions shall be at least as great as the value of the School Site prior thereto; and (iii) the School Site, after such remodeling, modifications, and additions, shall continue to be used as set forth herein and shall otherwise be subject to the terms of this Agreement. If School makes and pays for improvements to the School Site, there shall be no additional financial obligations to School under this Agreement without written approval by the Public Education Department, in accordance with NMSA 1978, §22-26A-5(L) nor shall there be any diminution or abatement of the School's obligation to pay rent.

Section 9.2 <u>Lien on Improvements by School</u>. Subject to the subordination provision of Section 6.7 of this Agreement, if State of New Mexico or School funds, above those required for Lease Payments hereunder, are used to construct or acquire improvements, the cost of those improvements shall constitute a lien on the School Site in favor of School and then, if this Agreement is terminated prior to the final payment and the release of the security interest or the transfer of title hereunder, at the option of School: (1) School may foreclose the real estate lien; or (2) the current market value of the School Site at the time of termination, as determined by an independent appraisal certified by the New Mexico Taxation and Revenue Department, in excess of the outstanding principal due under this Agreement, shall be paid to School, all in accordance with NMSA 1978, §22-26A-5(H). The priority of such statutory lien shall be determined according to New Mexico law, should a legal dispute arise as to the order of satisfaction.

Section 9.3 <u>Installation of School's Equipment</u>. School may at any time and from time to time in its sole discretion and at its own expense, install items of movable machinery, standard office partitions, railings, doors, gates, counters, cabinets, lighting fixtures, signs, and such other furnishings and equipment as may in School's judgment be necessary for its purposes in or upon the School Site. All such items shall remain the sole property of School, in which Lessor shall have no interest, and may be modified or removed by School at any time provided that School

shall repair and restore any and all damage to the School Site resulting from the installation, modification or removal of any such items upon termination of this Agreement for any reason other than purchase of the School Site by School. Nothing in this Agreement shall prevent School from purchasing items to be installed pursuant to this Section under a conditional sale or lease purchase contract, or subject to a vendor's lien or security agreement, as security for the unpaid portion of the purchase price thereof, provided that no such lien or security interest shall attach to any part of the School Site.

Section 9.4 <u>Lessor's Warranty on Improvements</u>. All of Lessor's Work as described in Exhibit B shall include a one (1) year builder's limited warranty against defects in materials and workmanship commencing on the Rent Commencement Date.

Section 9.5 <u>Warranties</u>. Upon expiration of Lessor's Warranty on Improvements as set forth in Section 9.4, Lessor shall assign to School, all of its interest, if any, in all warranties and guarantees or other contract rights against architects, builders, contractors, subcontractors, suppliers, materialmen or manufacturers for the School Site, express or implied, issued on or applicable to the School Site, and Lessor hereby authorizes School to obtain the customary services furnished in connection with such warranties and guarantees at School's expense. Said assignment, however, does not relieve Lessor from its obligations under any contract entered into regarding the Improvements.

# ARTICLE X ASSIGNMENT, MORTGAGING, AND SELLING

Section 10.1 <u>Assignment</u>. Except for the Lessor's assignment of rents and leases contained in the mortgage, subject to the other provisions of this Agreement, neither party shall assign its interests herein without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed. Any consent by a party to any assignment shall not operate as consent to any further assignment, and any further assignment shall be subject to the prior written consent of the other party in accordance with the provisions of this section. Unless otherwise agreed to by the parties, no assignment permitted hereunder shall relieve a party from liability for the performance of its obligations under this Agreement for the remainder of the then current term. School acknowledges and agrees that any assignment of this Agreement that violates the terms of Lessor's financial obligations under the Loan Agreement will be just and reasonable cause to deny approval of such Assignment.

Notwithstanding any other provisions in this Agreement, with the prior approval of Lessor, which shall not be unreasonably withheld, this Agreement is assignable by School, without cost to School and with all of the rights and benefits of its predecessor in interest in being transferred to the assignee to: (a) any New Mexico school district or School; or (b) the State of New Mexico or one of its institutions, instrumentalities, or other political subdivisions, all in accordance with NMSA 1978, §22-26A-5(K). After assignment pursuant to this paragraph, the School shall be relieved from all obligations under this Agreement.

Section 10.2 <u>Restriction on Mortgage or Sale of School Site by School</u>. Prior to closing on the purchase of the School Site, School shall not mortgage, sell, assign, transfer, lease, or convey the School Site or any portion thereof without the written consent of Lessor, which consent shall not be unreasonably withheld or delayed, and subject to the applicable provisions of the Public School Lease Purchase Act. School agrees that Lessor has good cause to refuse consent of any such mortgage, sale, assignment, transfer, lease, or conveyance, if it affects Lessor's underlying financial obligations related to acquisition of the School Site.

# ARTICLE XI EVENTS OF DEFAULT AND REMEDIES

- Section 11.1 <u>Events of Default Defined</u>. Each of the following shall constitute an "Event of Default" under this Agreement, and the terms "Event of Default" and "Default" shall mean, whenever they are used herein, any one or more of the following events whether occurring voluntarily or involuntarily, by operation of law, or pursuant to any order of any State governmental agency or court of competent jurisdiction:
- (a) Failure by School to pay any Base Rent during the Term of this Agreement on, before, or within ten (10) days of the applicable due date or to pay Additional Rent which becomes due during the Term of this Agreement, up to the amount specifically appropriated for the payment of Base Rent and Additional Rent in accordance with the provisions hereof;
- (b) Failure by School or Lessor to observe and perform any covenant, condition, or agreement on either party's part to be observed or performed under this Agreement for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied, unless the party giving such notice shall agree in writing, prior to the expiration of the thirty-day period, to an extension of no more than sixty (60) days. Provided, however, that if the failure stated in the notice cannot be corrected within the original thirty-day period, the party giving such notice shall not withhold their consent to an extension of up to sixty (60) days if corrective action shall be instituted by the defaulting party within such time period and diligently pursued until the default is corrected:

School shall not permit any subtenant or other occupant of the School Site, except in accordance with applicable Hazardous Materials Laws as hereinafter defined, to use, generate, manufacture, store, produce, release, discharge, dispose of or otherwise permit the presence of, on, under or about the premises or transport to or from the School Site any explosives (flammable or otherwise), radioactive materials, pollutants, contaminants, hazardous wastes, hazardous air pollutants, toxic substances or related materials, including, without limitation, any substances defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," "hazardous pollutants" or "toxic substances" under any applicable federal or state laws or regulations (collectively referred to hereinafter as "Hazardous Materials"). Lessor agrees not to withhold its consent, where such consent is required hereunder, if either (i) a particular remedial action is ordered by a court of competent jurisdiction, or (ii) School establishes to the reasonable satisfaction of Lessor that there is no reasonable alternative to such remedial action that would result in less impairment to the value of Lessor's interest in the School Site.

#### VIA E-MAIL

Ms. Lutz,

The Public School Facilities Authority is pleased to confirm that the Southwest Secondary Learning Center's facility, located at 10301 Candelaria Rd. NE, satisfies the requirements to meet statewide adequacy standards, and to meet or exceed the current statewide average weighted New Mexico Condition Index (wNMCI), pursuant to 22-8B-4.2 NMSA 1978 and 22-20-1(A) (2) NMSA 1978.

Southwest Secondary Learning Center's facility's wNMCI score is 15.89%, which is better than the current statewide average wNMCI of 21.15%. (Lower is better, with zero being perfect.) The wNMCI represents the facility condition related to systems and adequate space for your students.

TOTAL FUNDS AVAILABLE	\$431,676.36

<sup>1</sup>The School received a Public School Capital Outlay Council Lease Assistance Award for FY2020 in the amount stated. This amount is based the PSCOC's revised formula for calculating charter school lease grants. The School anticipates that grant award eligibility may increase due to the expansion of classroom space and in the future the PSCOC lease assistance will increase. The Public School Capital Outlay Act, at NMSA 1978, §22-24-4(I) provides for an annual CPI adjustment to the per-member funding amount, however, the Lessee has not forecasted any potential increase in the amount of lease assistance relied upon as a source to pay the Base Rent Payments. Lessee anticipates it has sufficient proceeds from mill levies (SB9 or HB33) to supplement any decrease in future Lease Assistance Awards.

<sup>2</sup>Based on 2020 SB9 mill levy proceeds received, Lessee estimates that \$69,912 per year will be available to supplement the Lease Assistance Award, to the extent required to cover the Base Rent obligation. SB 9 receipts will be applied if HB33 receipts drop below estimated expectations. *See n.3*.

<sup>3</sup>Based on 2020 (HB33) mill levy receipts, the Lessee estimates that \$173,000 per year will be available to supplement the Lease Assistance Award to the extent required to cover the Base Rent obligation. If annual receipts of HB33 are not sufficient, the School will supplement with SB9 receipts as described in n.2.

<sup>4</sup>Southwest Preparatory Learning Center, a charter school authorized by the Public Education Commission, occupies a portion of the school facility being acquired pursuant to the Lease Purchase Arrangement. Currently, SPLC leases its space within the facility directly from the LPA Lessor. The SPLC lease will be assigned to SSLC on closing of the LPA. Lease payments under the lease between SPLC and SSLC will be set by SPLC's Public School Capital Outlay Council Lease Assistance Award. The amount stated above as a source of funds from the sub-lease payment is the amount of SPLC's FY2020 PSCOC award.

# INTRODUCTION

The Facility Master Plan (FMP) and Educational Specifications (Ed Specs) serves as a flexible tool to present issues to the community, governance boards and school staff for input and revision on a periodic basis. Preparation of the FMP/Ed Specs used a systematic process that strives to identify needs and wisely allocate capital resources to assess charter school facilities in relation to state adequacy standards and charter policies with respect to:

- Life/health/safety
- Educational/programmatic needs (additions and remodeling to meet various educational standards) and curriculum needs
- Renewal needs (replacement schools, remodeling, refurbishing, planning studies, deferred maintenance, and major system replacement)
- Provision for necessary growth (new schools, additions, remodeling, site acquisition, and design planning studies)
- Educational technology

The FMP/Ed Specs address four major questions:

- Where do we want to be? identifies school facility goals.
- Where are we now? identifies the adequacy of school facilities and capacity to meet future needs.
- Where we are going? analyzes information about future enrollment, program changes, classroom needs and financial resources.
- How do we get there? identifies the gaps between existing conditions and the ideal future state, develops a strategy to meet needs, and presents a prioritized list of capital projects.

The Master Plan/Ed Specs have five sections:

- Section 1 Goals / Mission provides information about school goals and mission, and the
  master planning process.
- Section 2 Existing and Projected Conditions provides information about school facilities, programs, enrollment, classroom loading policies, classroom needs, site information, a facility condition evaluation, and utilization analysis.
- Section 3 Proposed Facility Requirements (Ed Spec) provides facility goals and concepts.
- Section 4 Capital Plan provides information about short-term capital needs, maintenance, technology needs and financing options.
- Section 5 Master Plan Support Material and Appendix provides detailed information about the schools site and facilities.

# **EXECUTIVE SUMMARY**

This document is a Facility Master Plan and **Educational Specifications for Southwest** Learning Centers (SWLC), all of whose schools are State of New Mexico chartered public schools. SWLC has two charter schools located in the northeast quadrant of Albuquerque, New Mexico. The two charter schools serve different age groups: Southwest Preparatory Learning Center serves grades 4 through 8, and Southwest Secondary Learning Center serves grades 9 through 12. Each school uses a highly successful educational reform model that integrates technology, service-learning, and personal responsibility to motivate and educate students. This traditional and innovative educational model combined with an individual growth plan prepares students to transition between academics and workplace competence.

With the use of a computer-based educational delivery system, and the help and guidance of a highly dedicated and

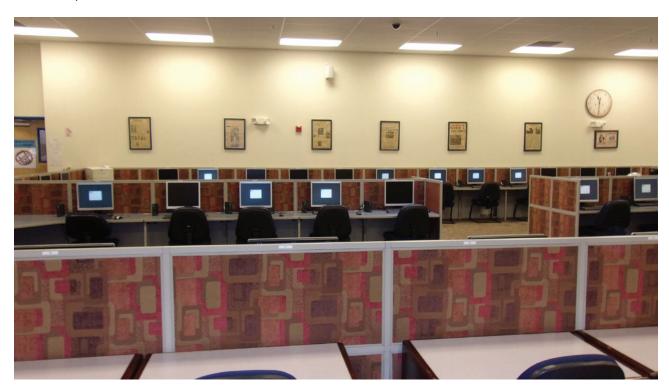

professional staff, students at the Southwest Learning Centers receive an education that is focused on their individual needs.

The Southwest Learning Centers are the first consortium of charter schools in New Mexico to use a vision of shared leadership and shared facilities which enables more student-generated funds to be allocated to the classroom. The shared emphasis is on content mastery, not seat time.

SWLC Preparatory and Secondary Schools occupy leased facilities which accommodate the current student load. Two years ago, the Primary and Intermediate Schools merged into the Preparatory School. The Preparatory School uses a traditional school day schedule, while the Secondary School uses three sessions to accommodate its student load: morning, afternoon and evening. The evening session has room for growth, but the day sessions are near capacity.

Long-term plans include the possible purchase of a building and/or future classroom additions for break out and specialized sessions as the student population warrants.

# **OVERVIEW**

This FMP/Ed Specs addresses Southwest Learning Centers' Preparatory (SPLC) and Secondary (SSLC) Schools. The Public School Capital Outlay Council (PSCOC) and the Public School Facilities Authority (PSFA) require that all New Mexico public schools have five-year FMP/Ed Specs as a prerequisite for eligibility to receive state capital outlay assistance. The FMP/Ed Specs guide capital planning decisions to support the school's educational mission and comply with minimum PSCOC/PSFA New Mexico Public School Facility Adequacy Standards, including variances for charter schools. This FMP/Ed Specs complies with guidance issued by the PSCOC and PSFA.

# 1. MISSION / EDUCATIONAL PHILOSOPHY / PROCESS

## 1.1 Goals

#### 1.1.1 SWLC Vision

Our vision is to become the best collegepreparatory schools in New Mexico by teaching students how to become selfmotivated, independent, life-long learners.

# 1.1.2 Preparatory School Mission

The mission of the Southwest Preparatory Learning Center is to sustain a highperforming learning community.

# 1.1.3 Secondary School Mission

The mission of the Southwest Secondary Learning Center is to sustain a high performing learning community by preparing computer- literate students for college or a career through a blended learning model that is individualized, self-directed and flexible.

# 1.1.4 Preparatory School Goal

The goal for the Southwest Preparatory Learning Center is to prepare students in grades 4 through 8 for the future by:

- Meeting their academic needs through an emphasis on the four core content areas identified by the New Mexico Public Education Department (language arts, mathematics, science, and social studies);
- Meeting their emotional and social needs by integrating the remaining five content areas (the arts, modern, classical and native languages, health education, physical education and career education) into the daily school program;
- Incorporating a variety of instructional methods including small/large group instruction, individualization, hands-

- on activities, field trips, project-based learning, etc;
- Exceeding state standards as measured by individual student growth on the New Mexico criterion-referenced test.

# 1.1.5 Secondary School Goals

The goal for the Southwest Secondary Learning Center is to prepare students in grades 9 through 12 to become selfmotivated, independent, competent, lifelong learners. Students will be equipped with the reading, writing, mathematical, technological and problem-solving skills necessary for success in post-secondary education and personal career choices.

# 1.1.6 Educational Philosophy

We use a blend of traditional and innovative education techniques to help the student develop an individual growth plan, along with the input of the student's parents and teachers.

We believe it is essential to pave the transition between academics and workplace competence by providing real-world work experiences. Here, we link academic content to life situations by instilling the understanding of the value of work, and we lay the foundation for self-confidence by providing relevant, student-selected experiences.

Throughout the curriculum, students use critical thinking skills (problem-solving, analyzing and applying knowledge) to navigate through a college preparatory curriculum that effectively uses technology to deliver instruction.

From the traditional school model, we use the ideas of a smaller student-teacher ratio, having a core curriculum and providing a safe environment that provides extracurricular activities in order to develop wellrounded students.

We also embrace the best of innovative educational ideas, including computer-based learning, a high-tech curriculum, individualized growth plans and flexible scheduling for the realities of the modern world.

#### 1.2 Process

# 1.2.1 Data Gathering and Analysis

ARC uses a collaborative process to collect, review and analyze information about the school's educational program and delivery, projected enrollment and anticipated future needs, and to determine capital priorities.

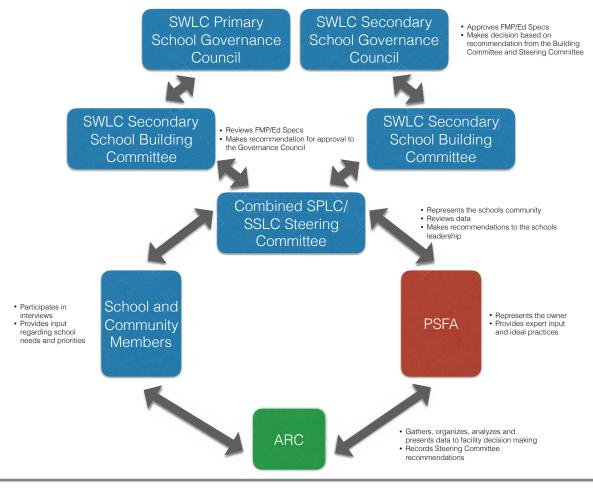

Exhibit 1-1
FMP/Ed Specs
Collaborative Process

Exhibit 1-1 illustrates the collaborative process.

#### Steering Committee Involvement

SPLC and SSLC assembled a combined steering committee, including a cross-section of the school community comprised of parents, teachers, administrators and members of the governing board.

ARC conducted three meetings: A kick-off meeting, a combined steering committee meeting and an additional meeting with SSLC steering members to develop, gain consensus and refine the school's five-year capital needs.

# Capital Planning Process and Decision-Making

To accomplish the mission, vision and goals of each school, the governance boards direct the head administrator to secure appropriate facilities through lease-to-purchase arrangements, leases, gifts and donations as provided by statute.

## Community Input

To gather input from a larger sample of stakeholders, ARC interviewed additional SPLC and SSLC staff, and community partners including IT personnel, ancillary service personnel, maintenance, Special Ed teachers and general staff.

# 2. EXISTING AND PROJECTED CONDITIONS

# 2.1 Programs and Delivery Methods

# 2.1.1 Programs Overview - Southwest Preparatory Learning Center

The Southwest Preparatory Learning Center treats each core subject area independently as the concepts and depth of study in each area expand. The school places a heavy emphasis on expanding vocabulary using words the students are exposed to through the core subjects: social studies, math, language arts and science. The curriculum is closely tied to the Common Core standards and the national English Language Learner standards.

At SPLC, a student's education is supplemented with physical education, "Smart Lab," Spanish and art. The School offers Spanish and PE instruction for an hour twice a week, and art for one hour a week. It offers Smart Lab on a rotating schedule throughout the school year. Every classroom is fully equipped with Chromebooks for each student to allow for the use of technology.

Several field trips per year also help to supplement the curriculum, including:

- Theatre events
- ABQ BioPark
- New Mexico Museum of Natural History and Science
- Albuquerque area activities and events

# Language Arts

Language arts instruction focuses on reading comprehension, critical thinking, vocabulary, Greek and Latin roots, and written expression. Students are expected to read grade-level-appropriate novels as part of the curriculum. Writing instruction includes formal and informal, evidence based,

creative and poetic writing. Students have exposure to word processing skills as part of the writing curriculum and are encouraged to edit and improve their writing. Students set individualized reading goals in addition to classroom expectations. Classroom activities typically include large and small group instruction, practice, support, and enrichment.

#### Social Studies

Social studies instruction in all grade levels includes current events using Scholastic News. Fourth grade students focus on New Mexico history, fifth grade focuses on American history, and sixth grade focuses on world history. Students demonstrate learning through research, writing, presentations and creative projects.

#### Math

Students explore topics in numeration, place value, operations, fact fluency, algebra, geometry and problem solving. Classes offer a variety of strategies as students investigate and solve multiple-step story problems. The curriculum emphasizes real life application and carefully develops higher-level thinking. Classroom activities typically include large and small group instruction, practice, support and enrichment. Teachers use a hands-on and pictorial approach before moving to abstract and higher-level activities.

#### Science

Science in the classroom builds inquiry and science, technology, engineering and mathematics (STEM) skills and is optimized for learning in the classroom, or at home using a laptop, tablet, or science textbook. The digital curriculum, virtual labs, handson activities, and write-in science textbook

contribute to developing important criticalthinking skills that prepare students for success in future science courses and in the workplace. The curriculum is a balance of Earth Science, Physical Science and the Life Sciences.

Fourth grade curriculum topics include: Studying Science, the Engineering Process, Plants and Animals, Energy and the Ecosystem, Weather Earth and Space, Properties of Matter, Changes in Matter, Energy, Electricity, and Motion.

Fifth grade curriculum topics include: How Scientists Work, Engineering Process, Cells to Body Systems, People in Science, How Living Things Grow and Reproduce, Ecosystems, Energy and Ecosystems, and Natural Resources.

Sixth grade curriculum topics include: Changes to Earth's Surface, Rock Cycle, Fossils, Earth's Oceans, the Solar System and the Universe, Matter, Light and Sound, and Forces and Motion.

Fourth through sixth grade students use the Smart Lab for projects.

Seventh and eighth grade students share classrooms and utilize a mix of traditional classroom time and computer-based learning through the Edgenuity on-line curriculum. Students utilize both the main computer lab and the Smart Lab for projects.

Overall, SPLC has maintained a good PED school score over the past five years.

# 2.1.2 Programs Overview SSLC

The Southwest Secondary Learn Center curriculum is computer-based through the Edgenuity online curriculum. Students have access to instructional equipment and material during sessions that are determined at the beginning of the semester. Students are not separated by grades or in separate classrooms.

The SSLC instructional environment is rigorous and highly academic. Faculty assists students who access the online curriculum site with guidance. Material is devoted to covering prescribed content to meet New Mexico School Boards Association requirements. Students learn core subjects in a computer lab. Curricula focus on the four core content subjects: language areas (reading and writing), mathematics, science and social studies. Elective programs are satisfied though hands-on, project-oriented instruction in a project implementation lab (the Smart Lab) or through off-campus alternative methods, such as dual credit (CNM partnership), mentorship, and work site service credits. The school also strongly emphasizes physical education (PE) programs.

Computer-based instruction involves students seated at a computer station for a period of time called a session. A self-directed webbased teaching program provides instruction. This program allows students to access and process instructional material in the subject of their choosing at any time, or to switch subjects during the session.

The school monitors students and also requires them to spend a set amount of time at home continuing their studies. Those falling behind are given additional classroom time and specialized attention from staff.

Smart Lab instruction allows students to collaborate and solve complex problems with the aid of technology. Through the application of technology-based tools to academically linked projects, students are motivated to explore topics of personal interest in a rigorous standards-based context. The Smart Lab gives students the opportunity to apply the learned skills and knowledge in their base courses.

One unit of PE is required for graduation, but the school emphasizes the link between physical education and scholastic success

through a generous gymnasium facility, and a variety of equipment that accommodates several types of physical and recreational activities at the same time. The school encourages all students to engage in physical education every school year.

SSLC's lower PED school score for the past two years is attributed to more troubled students enrolling in the program and benefiting from the individualized plans and program.

## 2.1.3 Special Education

SWLC is a full inclusion program. The schools incorporate many instructional strategies to ensure the success of students with special needs. Strategies that impact the facility include:

- Individual and small group instruction to maximize student/teacher interaction
- Individualized computer-based modules
- Integrated ancillary services for the younger students
- Frequent training of faculty and staff
- The Student Assistance Team (SAT)
   process where a team makes suggestions
   for intervention strategies for special
   education students.

#### 2.1.4 Student Health Services

SWLC offers ancillary, counseling and health services as needed through a contract with individual or group providers. These services share spaces by scheduling, and do not have dedicated spaces. Annual health testing takes place in classrooms. OT/PT activities take place off campus.

#### 2.1.5 Food Services

SWLC does not provide food services. Students supply their own meals. The school provides refrigerators, microwave ovens and cafe dining space for students at lunch time. Lunch periods are staggered to keep younger students separated from the older students.

#### 2.1.6 Program Changes

No significant changes in programs are anticipated in the near future.

#### 2.1.7 Scheduling

SPLC's school day is from 8:00 a.m. to 3:00 p.m., Monday through Friday, with 40 minutes for lunch and 20 minutes for recess. Teacher in-service occurs before the beginning of the school year and does not impact the school schedule. Students receive 1,260 hours of available instruction time. Smart Lab sessions are on Wednesdays, when both the morning and afternoon sessions at SSLC are scheduled for the Main Lab and for PE classes. The Smart Lab is also dedicated to the SPLC students on Friday afternoons.

The SSLC schedule is divided into three daily sessions from Monday through Thursday. The first session meets from 8:00 a.m. to 11:30 a.m. During that time, students can work in the Main Lab or the Smart Lab, participate in PE, or work with staff individually or in small groups as needed. The second session meets from 12:00 p.m. to 3:30 p.m. with the same break outs as needed. On Friday, these two sessions meet in the Main Lab.

SSLC evening sessions are from 4:00 p.m. to 7:30 p.m., Monday through Thursday. No Smart Lab or PE classes are scheduled. This time of day is also when students can make up work with staff supervision and assistance.

# 2.2 Historic and Proposed Enrollment

#### 2.2.1 Phased Enrollment

In New Mexico as a whole, charter school enrollment grew by 6% between 2016 and 2017. Starting with one charter school in 1999, New Mexico grew to more than 100 charter schools that serve more than 25,000 students.

#### **SPLC Enrollment**

Enrollment in SPLC has decreased slightly since 2014, but has had fairly steady enrollments since both schools opened. A few increases and decreases have occurred, but overall, enrollment has been consistent. The chart below shows that SPLC enrollment experienced a significant dip in 2018. Enrollment for 2019 reflects seventh and eighth grade students moving out of the secondary school and into the preparatory school.

Official charter enrollment caps are much higher than the preferred enrollment. SPLC strives to reach its ideal pupil/teacher ratios (PTRs), maintaining a steady enrollment. Seventh and eighth grade students used the Main Lab and Smart Lab as part of their curriculum, which allows for more students to rotate through traditional classroom studies.

#### SSLC Enrollment

SSLC could accommodate more students during its evening session, or with more staggered use of the Main Lab and the Smart Lab.

Although the majority of students are from Albuquerque's northeast heights area, 30% of students come from other areas of greater Albuquerque.

Please see Exhibits 2-6 and 2-7 for student locations, and Exhibit 2-8 for PTR loading.

## 2.2.2 Classroom Loading Policy

SPLC's goal is to maintain its enrollment through PTRs at ideal levels.

SSLC's classroom loading capacity is based on the number of computers available, balanced with the staff available to assist as needed.

Exhibit 2-8 PTR Loading

Grade Level	Classroom Capacity	Charter Maximum PTR
4th grade (1 class)	32	24
5th grade (1 class)	28	25
6th grade (2 classes)	28/32	28
7th/8th grade (2 classes)	1	28

#### 2.2.3 Classroom Needs

Please see the detailed classroom needs analysis in Section 5.

SPLC needs eight classrooms for its preferred enrollment; it currently uses seven classrooms. If enrollment were optimized, it could possibly need three additional classrooms.

SSLC has no formal classrooms. It would need four classrooms to house its preferred

enrollment and for break out classes. It would require four to eight additional classrooms to meet the need.

The schools can share classrooms.

See Section 3. Educational Specifications for specialized classroom spaces and possible locations with probable costs.

The exhibit below shows classroom need.

## 2.3 Site and Facilities

#### 2.3.1 Site and Location

SPLC and SSLC share facilities at 10301 Candelaria Road NE, Albuquerque NM 87111 in the northeast heights area. The site is bounded by Candelaria Road NE and Morris Street NE, and residential properties to the west and north. The site is 4.3 acres and includes a single building, a portable classroom, two parking areas, a grass playing field, a small, shaded playground structure, a shade structure and other landscaped areas. A single bus provides transportation from the west side of Albuquerque. Most students are transported by their parents. The older high school students usually provide their own transportation.

# 2.3.2 Facility Condition Assessment

A detailed facility evaluation took place on May 8, 2018. The evaluator scored the facilities with respect to condition and the New Mexico School Facility Adequacy Standards. The evaluation score is a composite that takes into account the physical condition and functional adequacy of the site and facility.

The facilities scored 86.3%, or the equivalent of a "B," indicating they are in satisfactory condition. However, upgrades and some capital investment will be necessary to keep the schools in satisfactory condition.

Section 5 of this report contains the summary report and detailed capital improvement projects.

PSFA last assessed the building in 2016. ARC submitted FAD update recommendations to PSFA. They are included in Section 5 of this report.

The schools ranked 591 (SPLC) and 595 (SSLC) according to PSFA's current 2018-2019 Final Ranking Report and New Mexico Condition Index (NMCI) values for district school facilities. Schools are listed starting from those with the greatest need (lowest ranking number) according to the state system. PSCOC currently funds capital projects for schools ranked in the top 200 and systems based projects for the top 400 schools.

The schools have not funded any major renovations or additions since opening.

The total cost of recommended projects for the next 15 years is \$6,807,430, not including possible additions. Health and safety projects totaled \$178,662; ADA projects total \$753,489 and facility renewal projects total \$5,874,930.

**Priority 1** projects, recommended for funding within the next year:

- Roof parapet caps
- Roof safety upgrades
- An entrance vestibule
- ADA signage
- Security upgrades to include a PA system, upgrading cameras and the intrusion alarm system

**Priority 2** projects, recommended for completion in two to three years:

- Playground fall area refurbishment
- Shade structure repairs
- ADA student restroom renovations
- Electrical upgrades

**Priority 3** projects, recommended for completion in four to five years:

- Grass field refurbishment
- Outdoor basketball court upgrades
- Gym acoustical treatments
- Staff restroom renovation

**Priority 4** projects, recommended for completion in six to ten years:

- Parking lot improvements
- HVAC replacement
- Possible classroom addition

**Priority 5** projects, recommended for completion in 11 to 15 years:

Roof insulation and replacement

# 2.4 Utilization and Capacity of Existing Facilities

# **Existing Utilization**

PSCOC/PSFA analyzes utilization using two approaches, described in the table below. PSCOC/PSFA recommends a target utilization of about 80% to 85% for middle and high schools. (Refer to the Appendix for utilization spreadsheets.)

Exhibit 2-12 Utilization Approaches

	Utilization Method	SPLC %
1	Amount of time instructional space is occupied vs. the amount of time it is available to be occupied	70%
2	Number of seats filled in classes vs. the number of available seats	91%

	Utilization Method	SSLC %
1	Amount of time instructional space is occupied vs. the amount of time it is available to be occupied	70%
2	Number of seats filled in classes vs. the number of available seats	91%

<sup>\*</sup>Note: The percentages are not erroneous. Although the base numbers differ, the final utilization percentages are the same.

## **Existing Capacity**

The functional capacity of existing instructional spaces in SPLC and SSLC is about 589 students, which is above the total 2018/19 enrollment of 435 students.

Because these schools focus on computerbased learning, the functional capacity is derived the number of shared computer lab stations, which is 589. All classes can be loaded only to the computer lab capacities.

Exhibit 2-13 on the following page illustrates the shared facilities between the two schools.

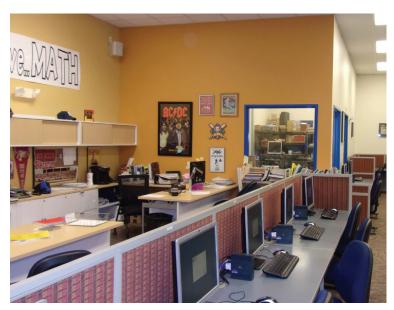

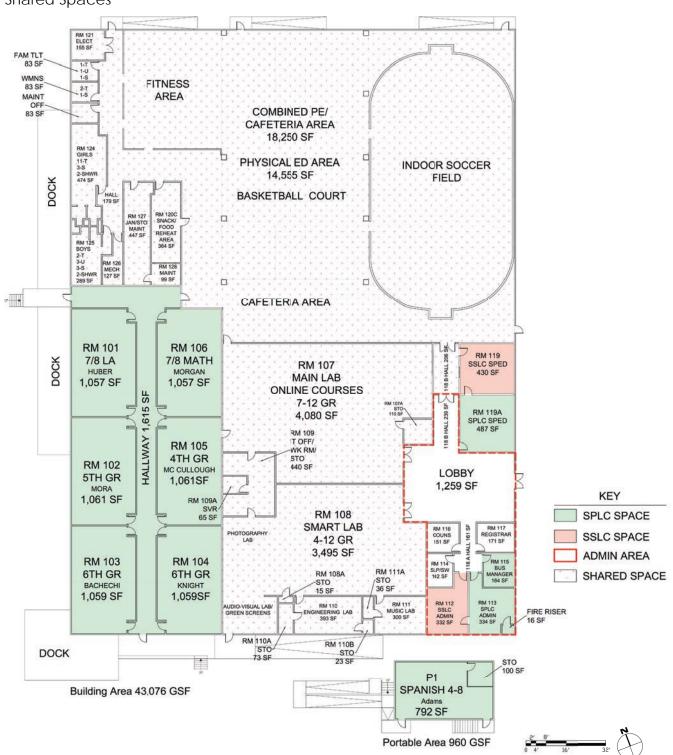

Exhibit 2-13
Shared Spaces

# 2.5 Facility Maintenance

# 2.5.1 Maintenance Projects

The evaluator incorporated all major maintenance projects into the facility condition assessment and capital improvement projects (CIPs). No minor maintenance projects are anticipated to become capital project.

Approximately 12% of the schools' budgets, or \$560,000, goes toward operations and maintenance of the building. National standards for building maintenance recommend approximately \$3.50 per square foot to maintain a building in its current condition. The cost for this building is approximately \$150,800 per annum for maintenance and does not include operational expenses such as utilities and insurance.

Since the facility is leased, the landlord should be responsible for core maintenance, such as upkeep of roofs and HVAC units, the building envelope, etc. The schools are responsible for tenant improvements such as finishes, interior upgrades and school adequacy requirements, or as agreed upon in the leasing contract.

If SWLC purchases the building, it will be responsible for all maintenance, capital improvement projects and upgrades.

The schools do not have an energy management plan.

See Exhibits 4-2 and 4-3 for SPLC and SSLC expenditures under the Capital Plan in Section 4.

# 3. PROPOSED FACILITY REQUIREMENTS (ED SPECS)

# 3.1 Facility Goals and Concepts

#### 3.1.1 Goals

- 1. Support the schools' missions:
  - Encourage independent, selfmotivated learning.
  - Incorporate a variety of instructional methods, including small and larger group instruction, individualization, hands-on activities, field trips and project based learning.
  - Meet the students' academic needs by emphasizing the four core content areas, and develop reading, writing, mathematical, technological and problem-solving skills necessary for success in post secondary education and personal career choices.
  - Incorporate computer-based instructional methods with hands-on, project-based learning and physical education activities.
  - Exceed state standards as measured by individual student growth on the New Mexico criterion-referenced test.
- 2. Locate the schools in a publicly owned facility.
- 3. Maximize the efficient use of shared space between SPLC and SSLC.

# 3.1.2 Concepts

#### Site Requirements

- Provide adequate space on site for maintaining current site activities.
- Locate facilities near other public assets such as libraries, parks and higher education facilities.
- Provide adequate site space to accommodate necessary support functions, such as staff and visitor parking, loading/unloading for student

- transportation, and usable and safe outdoor play and dining areas.
- Provide a secure building entrance that can be secured from the remainder of the school.

PSFA requirements prescribe adequate parking for staff and a minimum of 25% of high school students, per session. The schools must have a hard surface playing area and a playground for the younger students.

#### Space Requirements

SPLC space requirements and SSLC space requirements combined create a school with larger spaces than a traditional school setting.

Based on PSFA's Adequacy Planning Guide, the following is a comparison of the space that the schools use to support their programs versus state recommendations. Because SWLC is a combined school, the more stringent requirements are used.

The building efficiency is excellent, with an 18% tare instead of the standard 30%. The computer labs account for the majority of space used by the students. PE space is generous both inside and outside.

Exhibit 3-1 Space Summary

Spaces Provided	SWLC	Traditional HS (561 Students)
TARE	8,139	10,842
Admin & Staff	1,573	800
Physical Education	14,555	6,500
Computer Labs	7,575	2,244
Lab Storage	257	200
SPED	917	900
Classrooms Grades 4-5	2,122	1,568
Classroom Grades 6-8	4,232	3,528
Classroom Grades 9-12	0	6,150
Cafeteria	4,059	3,157
General Storage	547	250
Total GSF	43,076	36,139

#### **Space Configuration**

The space available within this leased facility is excellent, but the configuration is poor. Travel from places within the building usually requires transversing other spaces. For instance, to reach the restroom, students and staff must walk through the cafeteria area, since support spaces are not centralized.

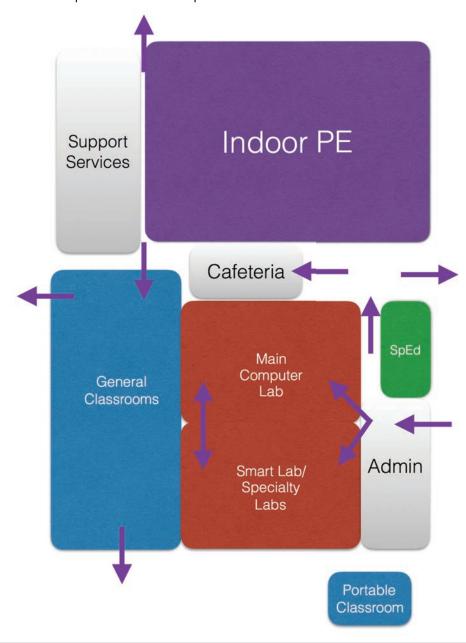

Exhibits 3-2 and 3-3 illustrate the current space relationship and the ideal space relationship.

Exhibit 3-2
Current Space Relationship

SWLC has adequate space for its current usage, but lacks break out spaces for high school students who need specialized instruction.

SWLC is currently reviewing other possible school sites, or purchasing their current facility with the possibility of adding additional classroom space.

A more ideal space relationship could accommodate a smaller indoor PE space, centralize services, separate the younger

and older students, and provide break out spaces for the high school students.

#### Addition

If SWLC keeps its current facility, a four-to eight-classroom addition is desirable as it grows to its full capacity of students. It would need break out and specialized classrooms; the portable could be used for ancillary services or removed.

Exhibits 3-4 through 3-8 illustrate possible placement of an addition. The estimated cost for an addition ranges from about \$2 to \$4 million, depending on the size and

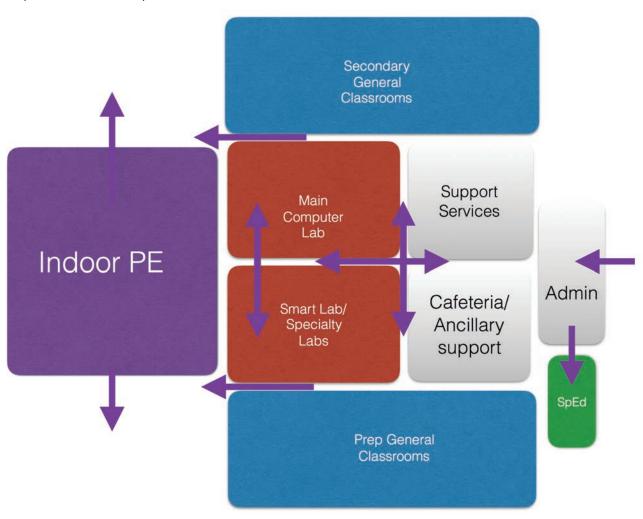

location within the current site. Section 5 contains detailed descriptions and costs (see capital improvement projects).

Site requirements for an addition would require maintaining a fire lane on the west side, possible dock modifications or grass field modifications to re-locate the playground, shade structure and hard surface play area.

#### **Building Purchase**

The building is in a good location for the majority of the students, and in a stable neighborhood. It has good access from the adjacent streets. However, purchase

**Exhibit 3-3** Ideal Space Relationship

of the current facility should be carefully considered, as the building is more than 50 years old. The HVAC systems are at about 75% of life expectancy, and the electrical service is past its life expectancy and at its maximum capacity. The building lacks a security vestibule at the main entrance, and the restrooms do not meet current ADA requirements. Per the 2010 ADA Standards, all public buildings should meet the minimum requirements for ADA accessibility. All these projects are costly and will require capital dollars within the next 15 years.

Alternative Methods

SPLC and SSLC will continue to deliver the following programs though alternative methods:

- Media center: the student have unlimited access to online media resources and use of neighborhood libraries
- Student health services: a contract nurse visits the facility every semester to conduct testing
- Ancillary services: SWLC holds contracts with service professions for occupational therapy, physical therapy and speech language pathology. Services are conducted in vacant offices or off site.
- Food service: students bring lunch from home and heat food in microwave ovens available at the facility. They eat lunch on site in the cafeteria area or outside at provided picnic tables.

## Technology

A current technology plan is not available, but SWLC plans to upgrade software and hardware. It is an E-rate school.

In the summer of 2018, the school upgraded teacher software and replaced all desktop computers.

Planned improvements include:

- Replace the current telephone system with a VOIP telephone system
- Create a support lab for SpEd

- Upgrade the building's bandwidth from 125mb to 300mb
- Replace Chromebook tablets with laptop computers (about 210)
- Improve the back-up systems

# 4. CAPITAL PLAN

# 4.1 Capital Funding

# Historic and Current Funding

From 2005 to 2010, SWLC was awarded a total of \$2,826,000 in direct legislative appropriation for items such as computer and networking equipment, infrastructure, furniture and play equipment. No additional legislative funding has been granted.

The sources below provide current capital funding.

Exhibit 4-1 2019-2020 Capital Funding

Capital Funding Projection (2019/20)							
PSCOC Lease Assistance (both schools combined)	\$ 453,630						
SB-9	\$ 23,100						
HB-33	\$ 1,170,000						
Total	\$ 1,646,730						

SWLC is saving HB-33 funds and excess leasing funds for future purchase of the building. The estimated purchase price of the building and associated land is \$6,000,000.

The building lease is for \$270,600 per year, and SWLC currently receives lease assistance from the State of about \$1,000 per year per student. SPLC/SSLC are saving approximately \$183,000 annually. Note that if SWLC

purchases the facility, then state lease assistance will cease and PSCOC does not have a mortgage assistance program.

#### **Future Funding**

The list below summarizes SWLC's potential capital funding sources.

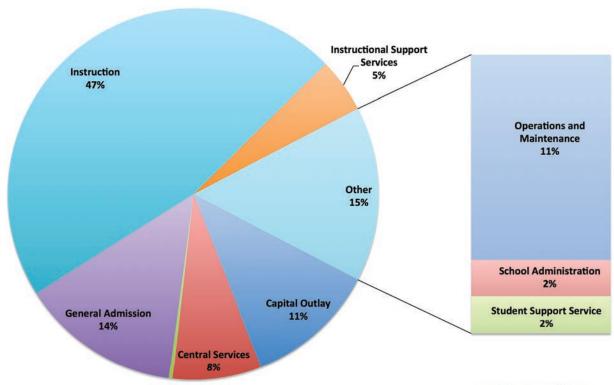

- PSCOC Lease Assistance Program: Based on student full-time equivalent enrollment (per student membership, or MEM), the State allocates funding to SWLC for lease payments.
- The Public School Capital Improvement Act, also known as SB-9 Mill Levy Funds: Revenue from the APS SB-9 mill levy is distributed on a per MEM rate.
- The Public School Buildings Act, also known as HB-33 Funds: Revenue from the APS HB-33 referendum is distributed on a per MEM rate.
- PSCOC Awards: The State ranks public school buildings according to facility conditions, and prioritizes funding for facilities at the top of the list. SPLC/SSLC rank 591 and 595 out of approximately 800 (lower ranking indicates greater assessed need). A state capital outlay award is unlikely at this time, but as systems like the HVAC units age, a systems-based award is possible.
- State Legislative Appropriation
- NMDOT Funding: For paving and safe routes to school
- Public-Private Partnerships, Fundraising, Donations

Approximately 12% of the SPLC/SSLC budgets goes toward operations and maintenance projects. See Exhibits 4-2 and 4-3.

Exhibit 4-3 SSLC Expenditures

SW Secondary Expenditures per PED 2017/2018

# 4.2 Capital Needs

At this time, the schools are considering the purchase of the occupied facility. The asking price is approximately \$6,000,000. SWLC is carefully saving money for purchase, but is also weighing the cost of purchase versus the recommended capital improvement projects for the next 5 to 15 years.

Currently, the schools are negotiating with the owner to fund and repair some building envelope projects (e.g., roof and HVAC equipment repairs) per the lease agreement.

Total capital needs are an estimated \$6,807,081, not including funding for additions.

Exhibit 4-4 shows the type of capital projects recommended. Please see Section 5 for fully detailed capital improvement project (CIP) reports.

# 4.3 Capital Funding Strategy

Monies are available for priority 1 items. If SWLC continues to lease the building, then it could use the saved monies to fund Priority 2 and 3 projects.

See Exhibit 4-5 for a detailed list of projects and priorities.

SWLC could receive additional funding through direct legislative appropriation.

Preventive maintenance funding is a mix of landlord and tenant requirements.

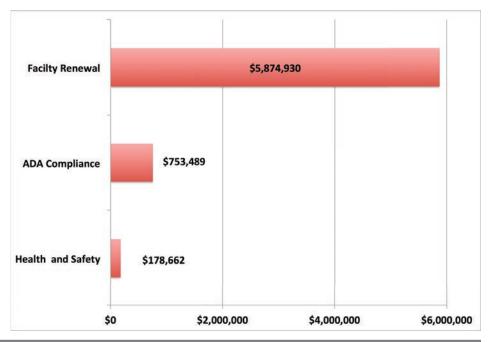

# 4.4 Capital Plan Review

The Capital Plan is subject to review and revision, depending the purchase and negotiations with the landlord, the construction climate, local and state economic conditions, and future charter school educational policies and requirements. The schools may modify the recommended project priorities to bundle similar projects to generate savings or respond to unforeseen material availability or costs, etc.

The schools may remove projects or realize savings in project implementation.

There is no guarantee that SWLC will generate the planned revenues. The schools will revisit funding strategies as conditions require.
