Introduction

The *New Mexico Charter School Application Kit* was developed to provide guidance in the writing and review of new charter school submissions. The target audience for this document is both the founding group (the applicant team), as they develop a charter school application, and the Authorizer—the Public Education Commission (PEC), Authorizer’s designee(s), or Authorizer’s legal counsel (collectively referred to as “Authorizer”), as they review and evaluate the quality and completeness of the application.

The New Mexico Charter Schools Act provides the following policy statement:

The Charter Schools Act is enacted to enable individual schools to structure their educational curriculum to encourage the use of different and innovative teaching methods that are based on reliable research and effective practices or have been replicated successfully in schools with diverse characteristics; to allow the development of different and innovative forms of measuring student learning and achievement; to address the needs of all students, including those determined to be at risk; to create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site; to improve student achievement; to provide parents and students with an educational alternative to create new, innovative and more flexible ways of educating children within the public school system; to encourage parental and community involvement in the public school system; to develop and use site-based budgeting; and to hold charter schools accountable for meeting the department's educational standards and fiscal requirements. (22-8B-3 NMSA 1978 *et seq.*).

Starting a new charter school in New Mexico requires proposals from committed individuals who have the capacity to achieve strong, educational outcomes. Through charter schools, the PEC, as Authorizer, and the Charter Schools Division (CSD) in the New Mexico Public Education Department (PED) seek to provide families with effective, quality educational options. The PEC makes the final determination regarding the application after reading the application, hearing from the applicants and the local community, and considering the information provided by the peer review team and the CSD.

Overview of the Review Process

Each year, the PEC approves and makes available, in writing at its office and on its website, a new charter school application kit for a specified fiscal year. The PEC-approved application kit for a new charter for the current application cycle includes templates and attachments approved by the PEC.

Technical Review—CSD staff will confirm whether the applicant team has met all requirements and whether the application kit contains all components required by statute, rule, and application instructions. An application kit will pass the technical review if:

1. The applicant team timely submitted a Notice of Intent no later than the second Tuesday of January of the year in which an application will be filed, to the PEC and the district in which the proposed school will be located;
2. The application kit contains complete information for each application component, including an Executive Summary, all completed narrative sections, and all required exhibits, attachments, appendices, including the 910B5 SEG worksheet and a five-year Budget Plan.

Failure to meet the criteria above will result in the application being deemed incomplete. The application will be evaluated based on the information that is included when it is submitted.

Templates and attachments must not be altered from the approved content, format, and sequence. An application kit submitted for a new charter will be deemed incomplete if it contains modifications to the content, format, or sequence of the application, templates or attachments or if it contains templates or attachments that were approved for use in a prior fiscal year.

Applicants will receive written notification of the deficiencies not more than five business days after the submission of the application kit. If the application is deemed incomplete, the Applicant's file will be closed. The applicant team may, within five business days of receiving the notice of an incomplete application, request a review by the PEC at its next regularly scheduled meeting. No new information and no additional submissions will be accepted or reviewed by the PEC or CSD.

Review—Applications will be evaluated and rated using the Evaluation Rubric, which is included in this document, Part A. An external peer review team will review each application. The review team consists of New Mexico Charter School experts who are overseen by the CSD. Each peer review team member will review each new charter application kit independently and thoroughly. Once complete, the peer review team will come together to discuss the application package and provide a consensus score, reasoning and analysis. This preliminary analysis will be provided to the applicant team and the PEC. The CSD has the ability to review scores for uniformity between applications assessed at the same time and review teams reviewing applications at the same time.

Capacity Interview—The peer review team will interview the applicant team. The questions are designed to determine the applicant team's capacity to implement the charter school proposed in the application and to provide an opportunity for the applicant team to clarify any weaknesses identified in the application preliminary review. The Application rating and analysis, along with a rating and analysis of the Capacity Interview, will form the basis for the CSD's analysis to the PEC. (See Part D below.)

Community Input Hearing—The PEC holds a public hearing at which the applicant team has an opportunity to answer the PEC's questions. During the hearing, the PEC also has a chance to hear from the community and to learn about the positives and negatives for potentially opening a school like the one proposed (NMSA 22-8B-6(K)). The PEC will ask the applicants to respond to questions on the application during the Community Input Hearing. The applicant team may have the personnel with the technical expertise at the hearing (and should have experts present who were involved in completing the application kit). However, all applicant team members should demonstrate knowledge and understanding in all areas of the application.

CSD Analysis—The CSD utilizes information from the external peer review team consensus rating analysis, and capacity interview, along with analysis of the community input hearing to prepare materials for the PEC. The analysis is presented to the applicants and PEC at least two weeks prior to the August PEC meeting.

PEC Consideration—The PEC will read and evaluate all applications and make the final decision to deny, approve, or approve with conditions each application. The PEC reads and evaluates all applications. The PEC's decision is based on, but not limited to the following:

1. complete application submitted by applicant team;
2. external peer review team analysis;
3. capacity interview and the peer review team final scoring Evaluation Rubric and analysis;
4. community input hearing;
5. CSD analysis;

6. all clarifying information and statements provided by announced deadlines; and applicants' statements at the PEC July meeting.

Replication – If the proposed program is the replication of a whole school model in use elsewhere, provide a list of the names and locations of schools in which the program has been implemented. Include student academic performance data that demonstrate the school model's current academic status.

An application to open a school replicating an existing school model is not automatically approved solely because the existing schools using that model meet performance criteria and standards. Decisions for opening a new school that replicates an existing model are based on a number of factors, including the capacity to replicate and potential location, as well as past academic, financial, and organizational performance of existing schools. In-depth analysis of student performance data from the applicant's existing schools will be conducted to identify areas of strength and deficiency, and will help gauge the proposed program's likelihood of producing exemplary academic outcomes. The analysis will include, but not be limited to:

- Review of past three years of student performance data on the state accountability system with an emphasis on academic achievement and growth;
- Student enrollment trends;
- Graduation rates; and,
- Annual authorizer reports.

Please contact the Charter Schools Division at charter.schools@ped.nm.gov or (505) 827-6909 with any questions regarding this process.

The New Charter School Application Kit

The New Charter School Application Kit contains four main parts, plus appendices. All parts of the kit comply with the amended Charter School Act, which requires charter schools' performance to be measured according to a framework of specific criteria. The application itself is organized by the framework.

Part A, the Introduction, Instructions and Evaluation Rubric provides applicant teams with information regarding instructions, application timelines, contact information, an application glossary of terms, logistical information, and the Evaluation Rubric. The overall ability of the applicant team to create a clear, cohesive, comprehensive, reasonable, and innovative charter school application depends in large part on following the instructions and Evaluation Rubric in Part A.

Part B, the Executive Summary requires the applicant to provide an overview of the proposed school. This offers the reviewers a general understanding of what is described in detail in the application. This summary will be posted on the CSD website so that the public knows who is applying for a state-funded public charter school. This section is not evaluated for points. However, the summary should adequately reflect what is found in the rest of the application. It will be submitted along with Part C between May 1 and June 1 at 5:00 PM Mountain Time of the current year.

Part C, the Written Responses requests information from the applicant team that should be responded to completely. The Evaluation Rubric should guide the applicant team's responses. It is important not to

compartmentalize responses but to use the prompts to present a clear, comprehensive, cohesive, reasonable, and innovative educational, organizational, and financial framework for the proposed public charter school. The peer reviewers and CSD will be looking for a consistent narrative that presents evidence of a thorough and thoughtful plan, formulated by a capable team, deserving of being entrusted with millions of dollars of public funds, and which will offer a vibrant and innovative educational option for New Mexican children and their families. The proposed school's mission should be reflected throughout the Application in all proposed curriculum, programs, budgets, and resource allocations.

Note: Simply following the prompts does not guarantee approval by the PEC.

Part D, the Capacity Interview Questions and Rubric does not require any written information from the applicant team. Applicant teams will be asked approximately 15-20 questions that will allow them to showcase the applicant team's capacity to implement the framework for the charter school outlined in the application.

Appendices:

- A. Governing Body Bylaws
- B. Head Administrator Job Description
- C. Job Descriptions for Certified, Licensed, and Other Key Staff
- D. Proposed Agreements Governing Third Party Relationships and Memoranda of Understandings (MOUs) (required if applicable)
- E. PSFA-Approved Projected Facility Plan Documentation
- F. Five Years of 910B5 State Equalization Guarantee (SEG) Computation Revenue Estimates
- G. Five-year Budget Plan
- H. Internal Control Procedures

Summary

Experience has shown that successful charter schools tend to have a number of common characteristics such as:

- A clear, focused, results-oriented, measurable mission statement that aligns to all parts of the proposal
- A demonstrated understanding of the charter school's projected students, based on the local community or the school district in whose geographic boundaries the charter school applies to operate
- An educational program that is likely to be effective for the school's projected students, based on the local community or the school district in whose geographic boundaries the charter school applies to operate
- Strong goals to assist the school in meeting its mission and educational programming in an equitable way
- Strong, experienced, and diverse leadership and governance that aligns the mission of the school with results-oriented, measurable practice
- A Governing Body that provides strong, professional functions in financial oversight, Board functions, and supporting the leadership of the school
- Strong financial planning and management
- A school that demonstrates support and ownership of the school by the local community, not just the applicant team

The PEC expects thoughtful, well-developed applications from capable school developers who are committed to enhancing education in New Mexico. All successful applicants shall: 1) enter into a

planning/implementation year including required monthly meetings, 2) complete a planning/implementation year checklist, and 3) negotiate a contract with the PEC prior to receiving approval from the PEC to commence operations. The templates used in the negotiations are available on PED's website.

Instructions and [Timeframe](#)

Notice of Intent	The Notice of Intent (NOI) must be submitted no later than the second Tuesday in January, on the form provided, to both the Public Education Commission and the local district where the proposed charter school intends to be located.
Technical Assistance Workshops	New Application Training Workshops will be provided by the CSD between January and May. Applicant teams that submit a timely NOI will be notified of the details, dates, times, and locations for all trainings via email. The CSD website for information regarding the Technical Assistance Workshops is: https://webnew.ped.state.nm.us/bureaus/options-parents-families/charter-schools/trainings-offered/ . To RSVP, send participant's name, school affiliation, position, and email address to charter.schools@ped.nm.gov .
PSFA Facilities Master Plan	Applications must include evidence that the Public School Facilities Authority (PSFA) Master Plan has been completed. Form available on PSFA website, submitted to PSFA in April.
Deadline: Charter Application	Applications must be submitted by email to charter.schools@ped.nm.gov by Monday, June 3 by 5:00 PM Mountain Time .
Applications Provided to the PEC	All received applications will be transmitted to the PEC by June 5 after CSD checks for completeness
Substantive Review Period	An external peer review team of New Mexico charter school experts will read and analyze the applications in June. Each team is overseen by CSD staff.
Capacity Interviews	This interview, designed to demonstrate the applicant team's capacity to implement the school as described in the application, will take place the week of June 17.
Preliminary Analysis	The review team's preliminary analysis of the application and capacity interview is provided to the applicant team and the PEC by June 28.
Community Input Hearings	The PEC will hold hearings July 8-10 to allow the local community, including the local school district, the opportunity to provide comments on the application. The PEC will also use this opportunity to obtain information from the applicants that may inform the commissioners.

Public Written Comments	Community input may include written or oral comments in favor of or in opposition to the application by members of the community and other interested individuals. Community input shall be provided between July 11, 12, and 15.
CSD Analysis and Recommendation	The CSD will send its analysis by email to the PEC and to the applicant by July 19.
PEC Letter to Applicants	The PEC will inform applicants of their concerns by July 29.
PEC Decision-Making Meeting	The PEC will hold a public decision-making meeting on August 16 to: a) approve, b) approve with conditions, or c) deny the Application. At this meeting, the applicants will have an additional opportunity, prior to the decision, to address the PEC and to answer questions from the PEC members.

Glossary of Terms Relevant to the Application

Alignment of Curriculum, Educational Program, Student Performance Standards: The curriculum of all public schools must be aligned with the New Mexico Common Core State Standards, Content Standards, Benchmarks, and Performance Standards. An alignment document—by subject and grade level—lists each of the performance standards, cross-referenced with the instructional materials, and a timeline for when they are addressed.

Assessment: A valid formative and summative reliable method(s), tool(s) or system(s) to evaluate and demonstrate progress toward—or mastery of—the academic and non-academic performance goals stated in the application.

Charter Schools Act: The Charter Schools Act, 22-8B-1 et. seq. NMSA 1978, allows the authorization of charter schools that are independent public schools. Charter Schools operate under charters granted for up to five years by the Public Education Commission (PEC) or local school districts, known as Authorizers. Once an Authorizer has awarded a charter, the new charter school organizes around the mission, curriculum, theme, and/or teaching method described in its application. Charter schools are allowed autonomy, including control of their own budget, hiring their own employees, and other functions that the charter school is required to perform in order to carry out the educational program described in its charter. A charter school, on an annual basis, must demonstrate academic improvement, fiscal responsibility, and sound organizational operations that comply with the law.

In 2011, the Legislature amended sections of the Charter Schools Act to add and modify accountability requirements for charter schools and Authorizers. By using a Performance Contract and accompanying Performance Framework, charter schools have specific material terms they must meet. In addition, they are assessed by the indicators contained in the Performance Frameworks. The categories evaluated in the Performance Framework are Academic, Financial, and Organizational indicators. If the school is approved, the Authorizer negotiates terms of the Performance Contract, including mission-specific goals, with the charter school prior to the time that the school commences operations.

Instructional Hours: Hours in which regular students are in school-directed instructional programs, exclusive of lunch and breaks. This should include an example of a daily schedule in which the instructional hours will be fulfilled in order to visualize a typical day for students and teachers.

Mission: The mission of the school is a concise statement that describes the purpose of the school and how the school will achieve it. The mission should answer questions, such as: 1) what outcomes for

students does the school seek to accomplish; 2) how will it accomplish those outcomes; and 3) what is unique about the school? The best mission statements are clear, focused, compelling, and have a focus on outputs rather than inputs. The statement should be the driving force and rationale behind all the other components of the application. There should be indicators throughout the application that show how the school will actualize the intended mission.

Mission-Specific Goals: The Amended Charter Schools Act requires that new charter applications include: the goals, objectives and student performance outcomes to be achieved by the charter school as well as a description of the charter school's plan for evaluating student performance, the types of assessments that will be used to measure student progress toward achievement of the state's standards and the school's student performance outcomes, the timeline for achievement of the outcomes and the procedures for taking corrective action in the event that student performance falls below the standards. (NMSA 22-8B-8(B)). This application requirement prepares the applicant team for the Performance Framework contents, which will be negotiated with the PEC if the proposed charter application is approved. Specifically, the performance framework shall allow for the inclusion of additional rigorous, valid and reliable indicators proposed by a charter school to augment external evaluations of its performance, provided that the chartering authority shall approve the quality and rigor of such proposed indicators and the indicators are consistent with the purposes of the Charter Schools Act (NMSA 22-8B-9.1(c)).

New Mexico Common Core State Standards, Content Standards, Benchmarks, and Performance Standards: The State of New Mexico has established the Content Standards with Benchmarks and Performance Standards to be used by all public schools, including charter schools, and state-supported educational institutions to develop, deliver, and assess curriculum. New Mexico has adopted the Common Core State Standards. The NM Standards may be accessed at:

<https://webnew.ped.state.nm.us/bureaus/instructional-materials/new-mexico-content-standards/>

NM Standards: Refers to New Mexico Content Standards, Benchmarks, and Performance Standards

Partnership: A partner organization supports the implementation of the school's mission. A "partnership" is a formal relationship rather than an informal or tangential agreement to provide ancillary support to particular school programs through the commitment of funds or other resources to support the school's operation and long-term existence. According to Charter Law, a charter school is a public school that may contract with a school district or other party for provision of financial management, food services, transportation, facilities, education-related services or other services. The governing body shall not contract with a for-profit entity for the management of the charter school (NMSA 22-8B-4R).

Plagiarism: The practice of taking someone else's work or ideas and passing them off as one's own will not be tolerated. Be sure to credit authors and cite sources for any references in the application.

Plan/Process: A plan, for purposes of this application, is a detailed statement of how an outcome will be achieved. A plan could include, as appropriate: clear expectations, criteria, actions steps, monitoring steps, timelines, benchmarks, onboarding procedures, and responsible parties.

Policy: A policy, for purposes of this application, is a guiding statement that reflects the principles, rules, or guidelines to be adopted by the school's governing body once the charter contract is formally executed. Policy statements contain clear expectations, criteria, timelines, and responsible parties to be implemented on behalf of the governing body.

Procedure: A procedure, for purposes of this application, is a statement of the specific methods to be used or course of action that will be taken to implement a policy in the day-to-day operation of the school. A procedure identifies action steps, timelines, benchmarks, and responsible parties.

Remediation for students not achieving standards: Remediation, for purposes of this application, refers to a process, procedure, plan, or a variety of instructional support opportunities to assist individual students who are not achieving proficiency in the NM standards or other student performance expectations. There should be a detailed plan for how the school intends to provide a differentiated learning experience to support students in meeting their educational potential.

Scope and Sequence: A scope and sequence should include the following components:

- Grade levels, grade spans, age spans, or other sequence
- The knowledge, content standards/areas or organizing themes within the grade levels, grade spans, age spans, or other sequence.
- The time/number of lessons/etc. spent to address specific knowledge, content standards/areas or organizing themes.
- Sufficient coverage of all grade level content standards/areas required by the state.

SMART Goals: Mission-Specific Goals must be:

- **Specific.** A well-defined goal must be specific, clearly and concisely stated, and easily understood. Educational goals should be tied to learning standards that specify what students should know and be able to do for each subject or content area and for each grade, age, or other grouping level.
- **Measurable.** A goal should be tied to measurable results to be achieved. Measurement is then simply an assessment of success or failure in achieving the goal.
- **Attainable.** A goal should be attainable and realistic.
- **Rigorous.** A goal should be challenging, based on current or expected performance.
- **Time-Specific with Target Dates.** A well-conceived goal should specify a timeframe or target date for achievement.

Special Populations: Special populations may include students who have been identified with special needs that require an Individualized Education Plan (IEP), a Section 504 Accommodations plan, English learner (EL) instruction, or those who require access to ancillary services including, but not limited to, health, speech/language services, social work services, physical therapy, occupational therapy, etc.

State and Federal Accountability System Academic Performance Indicator: The School Grading Accountability System is the first part of the academic framework that is used to evaluate all public schools, including charter schools, in the state of New Mexico. The NM System of School Support and Accountability Report includes criteria components such as Math and Reading Proficiency, Student Growth, English Learner Process, Science Proficiency, Chronic Absenteeism, Educational Climate, Graduation Rates, and College and Career Readiness (the latter two being appropriate for high school only). Understanding the State Accountability System is critical in the development of your school, as it is a major component of your school's annual evaluation.

Unique: Unique, for the purposes of this application, describes specific methods that are different and innovative, based on reliable research, effective practices, or demonstrably successful in schools with diverse characteristics, not currently available to students in the proposed geographic area. Compare and contrast with educational programs of other public schools that serve the same grade levels in that area.

Evaluation Rubric for Part C: Application

Rating: Along with each prompt, the application identifies the elements that must be present for a response to be evaluated as “Meets the Criteria.” The following rubrics govern general rating practices. Please be sure that each response also completely addresses the bulleted points in the rubrics for each individual prompt.

Meets the Criteria	<ul style="list-style-type: none"> ● All required elements present ● Sufficient detail present, enabling the proposal to be implemented without requiring further proposal development ● The proposal is reasonable and realistic ● Fully consistent with other sections, including budget and mission ● Fully consistent with all requirements of law ● Coherent and easily understood
Approaches the Criteria	<ul style="list-style-type: none"> ● The majority of required elements are present, but not all ● Insufficient detail; further proposal development will be required before the applicant can begin to implement the concept ● Minor inconsistencies with other sections of the application ● May raise questions about legal compliance, but does not demonstrate non-compliance ● May raise questions about reasonableness or viability of the proposal
Does Not Meet the Criteria	<ul style="list-style-type: none"> ● None or less than a majority of the required elements are present ● Contradicts or is substantially inconsistent with other sections ● Insufficient detail to understand the proposal, which includes: <ul style="list-style-type: none"> ○ Copying responses from a prior applicant’s application ○ Copying statutory, regulatory, or policy/guidance language ○ Plagiarizing information from other publicly available material ● Includes statements that violate or conflict with the requirements of law ● Incoherent or confusing ● The proposal is patently unreasonable or unrealistic
