**RE: NM School DASH Annual and 90-Day Plan Review Dashboard**

---

NMPED is pleased to release the [Annual and 90-day Plan Review Dashboard](#). This dashboard details the results of comprehensive reviews completed for every Fall 2023 school plan in the [NM School DASH](#). All Dash Plans submitted between October 26, 2023, and December 4, 2023, were reviewed. Any plans developed after December 4, 2023, were not reviewed. The dashboard includes aggregate district and statewide results and school-specific reports on every quality indicator evaluated across all five planning components.

As identified in the [NM Differentiated System of Support](#), all School DASH Plans receive an annual review. For schools with a designation (TSI, ATSI, CSI, or MRI) they receive additional desktop monitoring, which will be available in the dashboard.

On January 30, 2024, schools and district users supporting them will be able to view the comprehensive plan monitoring report within School DASH. This report includes any written feedback or guidance supplementing the information available on the Tableau dashboard. Instructions for locating the report after January 30, 2024, are available [here](#).

The Annual and 90-day Plan Review dashboard will be made public on Tuesday, January 30, 2024.
