

Part B—Progress Report

(A report on the progress of meeting the academic performance, financial compliance and governance responsibilities of the charter school, including achieving the goals, objectives, student performance outcomes, state standards of excellence and other terms of the charter contract, including the accountability requirements set forth in the Assessment and Accountability Act during the Current Charter Term)

The following rubric will be used to evaluate the narratives in Part B:

Meets the Standards	 In each year of the contract term, the school has a demonstrated record of meeting all standards, which is supported by evidence. 			
	Demonstration Through Data	Demonstration Through Systemic Improvement Plan		
Demonstrates Substantial Progress	 The school does not have a demonstrated record of meeting all standards in each of the years in the contract term, however An evaluation of all data and evidence (for academic narrative this includes all available academic performance data, including state assessment data) demonstrates at least two years of sustained improvement toward meeting the standard. 	 The school does not have a demonstrated record of meeting all standards in each of the years in the contract term, however The narrative describes specific adult (teacher, leader, board) actions taken to improve performance and outcomes by addressing the root cause of the inadequate performance; AND The site visit team can verify the implementation of reported improvement actions by evaluating specific evidence at the school site that is observable, verifiable, and readily available; AND The narrative identifies measurable successes during the most recent year resulting from the improvement actions taken; AND An evaluation of the data and evidence supports the observable and reported successes. 		
Failing to Demonstrate Progress	 The school does not have a demonstrated record of meeting all standards in each of the years of the contract term. An evaluation of data and evidence (for academic narrative this includes all available academic performance data, including state assessment data) does not demonstrate at least two years of sustained improvement toward meeting the standard. AND ONE OR MORE OF THE FOLLOWING: The narrative is focused on describing circumstances connected to the poor performance and/or excuses for the poor performance (e.g. serving a disproportionately high rate of students with disabilities, serving a disproportionately high rate of "at-risk" students, a lack of funding, teacher/administrator turnover, etc.), and/or either does not describe specific adult improvement actions taken or describes minimal adult improvement actions taken; or The site visit team is not able to verify implementation of the reported adult improvement actions because there is no observable, verifiable evidence presented during the site visit; or The narrative fails to identify any measurable successes during the most recent year, or evaluation of the data and evidence directly contradicts reported successes. 			

1. Innovative and Distinctive Education Program

The school shall provide a brief description of some of its unique, innovative, and significant contributions to public education within the same grade level and geographic area in which it is located. These contributions may include:

- 1. Teaching methods
- 2. Measures of student achievement
- 3. Professional development for teachers
- 4. Learning programs, or
- 5. Encouraging parental or community involvement

School response:

The leaders of Dził Ditł'ooí School of Empowerment, Action & Perseverance (DEAP) have long believed that education is the most important tool in revitalizing community and perpetuating Navajo values and culture. As a result, DEAP has strived to be a a model for what Indigenous education can look like in practice. Creating a school in rural reservation community has been a difficult journey as the DEAP teams has strived to meet the unique needs of our students and struggling community. Despite all the challenges, DEAP has created a pathway for many young people to achieve their dreams and help their communities. While DEAP strives to continuously improve, we are honored to share the following innovative and meaningful ways that DEAP approaches education:

- Teaching Methods: DEAP was created to respond to the unique needs of Native students. Therefore, culturally responsive teaching has been the guiding teaching method at DEAP. Teachers and staff are required to embed Navajo Culture standards and/or concepts in each content area. For example, the DEAP science and math classes incorporate hands-on projects that utilize Navajo knowledge systems and practices to teach math and engineering. DEAP students were able to master concepts in chemistry and fractions during the Navajo cake learning demonstration. In addition, the DEAP moccasin making project allowed for students to practice their culture in ways that gave back to community as well as build their own cultural capital. DEAP strongly believes that students learn best when they are able to be immersed in their culture and ways of knowing. We have used land based pedagogy to develop cross-curricular units of study. In addition, DEAP also provides blending learning opportunities that allow students to gain technological skills and rigorous content knowledge. Our teaching methods also incorporate the DEAP core values as a foundation for building student knowledge. In addition, DEAP humanities courses are designed to incorporate the vast growing literature and research developed by Indigenous scholars. DEAP middle school students take Native literature classes to provide a link between their identities and histories.
- Measure of student achievement: Given the context of the unique cultures that our students share, we have developed some unique measures of student achievement that allow for students to demonstrate their knowledge in ways that are reflective of their interests and gifts. In addition to summative and formative assessments, DEAP requires that all students complete three yearly student led conferences where they are able to reflect and share information with their families and teachers on their progress in academics, culture, wellness and life goals. DEAP has developed a rubric to evaluate the conferences and has seen growth during each conference in terms of presentation skills and reflection. In addition, the spring conference requires all student complete a presentation of learning for DEAP students, families and community stakeholders. These presentations allow for students to explore action research, presentation and public speaking processes and teaching.
- Family and Community Involvement: Our curriculum and learning programming are designed to include families and learners of all ages. As a result DEAP hosts at least one monthly learning event that creates pathways for family and community involvement including our annual harvest festival, Navajo shoe game competition, annual community clean up and Grandparent's Day. These learning experiences naturally lend to an intergenerational learning cycle where families and community members serve as both teachers and students. In addition, DEAP relies heavily on community experts in the areas of Diné culture and language, agriculture, food systems, and community development. By including our community members as teachers, we are creating systems of community knowledge for families to access beyond DEAP. DEAP also has high expectations for not only students but also families. DEAP families and parents are required to complete 8 hours of service to the school each school year. This allows for families to be active stakeholders at DEAP and be involved in the learning and growth of their students. Some families have completed their service hours by leading culinary workshops, helping with cleaning needs and coordinating cultural events and celebrations.

2. Academic Performance

The Charter School Act provides as follows:

A charter may be suspended, revoked, or not renewed by the chartering authority if the chartering authority determines that the charter school... failed to meet or make substantial progress toward achievement of the department's standards of excellence or student performance standards identified in the charter contract.

a. Department's Standards of Excellence

For any school that has not maintained a C or better letter grade in SY2016 – SY2018 provide a narrative that describes the improvement actions targeted to improve the school's letter grade (school/adult/leader/teacher actions) and the success of those actions (student academic successes/improved outcomes).

Implementation of the described improvement actions should be verifiable through documented evidence at the site visit. Please identify specific evidence of both the school/adult/leader/teacher actions <u>and</u> the student academic successes/improved outcomes in the narrative.

The narrative should reference performance data that can be reviewed and verified either during the site visit or during the "desk audit" review of the application. If providing data, please attach in an appendix and reference the appendix by name in the narrative.

Schools that have maintained a C or better letter grade in SY2016 – SY 2018 over the term of the contract AND have not received a D or F in any indicator of the letter grade during SY2016 – SY2018 do NOT complete this Section.

NOTE: The SY2019 School Accountability Report will be considered by the Public Education Commission at renewal. A school may provide a narrative response to its School Accountability Report.

School response:

DEAP has maintained a C or better over the term of the contract.

b. School Specific Charter Goals

Pursuant to NMCA 22-8B-9.1, each charter school authorizer must allow for the inclusion of additional rigorous, valid and reliable indicators proposed by a charter school in each school's performance framework to augment external evaluations of its performance, provided that the chartering authority approves the quality and rigor of the indicators and the indicators are consistent with the purposes of the Charter Schools Act.

All applicants must report on each school specific charter goal that is included in the school's performance framework. Applicants must provide a summary analysis of their performance on each goal in over the term of the contract. This analysis must state, for each year of the contract, whether the goal was met and must include longitudinal data that can show the progress of the school over the contract term. For each goal, the applicant should provide a visual representation of the longitudinal data.

For any applicant that did <u>not</u> meet all of their goals in each year of the contract term, provide a narrative that addresses the <u>improvement actions</u> (school/adult/leader/teacher actions) targeted to improve the school's performance on that school specific goal and the <u>success of those actions</u> (student academic successes/improved outcomes). The purpose of the narrative is to demonstrate substantial progress toward achieving and maintaining sufficient performance on the school specific goal. The narrative should only address a goal that was not met in each year of the contract term.

Implementation of the described improvement actions should be verifiable through documented evidence at the site visit. Please identify specific evidence of both the school/adult/leader/teacher actions and the student academic successes/improved outcomes in the narrative.

The narrative should reference performance data that can be reviewed and verified either during the site visit or during the "desk audit" review of the application. If providing data, please attach in an appendix and reference the appendix by name in the narrative.

Schools that have met all of their school specific goals in each year of the contract term do **NOT** provide a narrative.

School response:

DEAP Met or Exceeded all of its school-specific goals (Performance Indicators) in each year of the contract term, except the first year (2015-2016) where DEAP received a Falls Far Below rating.

Following is a summary analysis of performance on each goal over the term of the contract including data showing DEAP's progress in reading and math.

Short Cycle Assessment Indicator - Reading

<u>PERFORMANCE INDICATOR 2:</u> Short Cycle Assessment data (NWEA) will be used to measure academic growth or proficiency in Reading of Full Academic Year (FAY) students.

<u>Growth</u>. In order to show growth (the first phrase in each of the standards set forth below), FAY students will demonstrate academic growth in Reading as measured by three short cycle assessments using NWEA MAPS, grade level assessment. The growth will be determined using NWEA MAPS results for each student as set by the fall test. Students may show the growth on either of the winter or spring assessments. (Note: "One year's growth" will be defined as the growth identified on the NWEA RIT Score charts attached here).

<u>Proficiency</u>. In order to show proficiency (the second phrase in each of the standards set forth below), a student tests "proficient" or "advanced" as shown on the attached reports.

Exceeds Standard:

The school surpasses the target of this indicator if: 80% or more of identified students made more than one full year's growth in reading assessment scores when comparing beginning year results to later results OR The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment.

Meets Standard:

The school meets the target of this indicator if: 60 -79% of identified students made at least one full year's growth in reading short-cycle assessment scores when comparing beginning year results to later results OR The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment.

Does Not Meet Standard:

The school does not meet the target of this indicator if: 45-59% of identified students made at least one full year's growth in reading short-cycle assessment scores when comparing beginning year results to later results OR

The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment

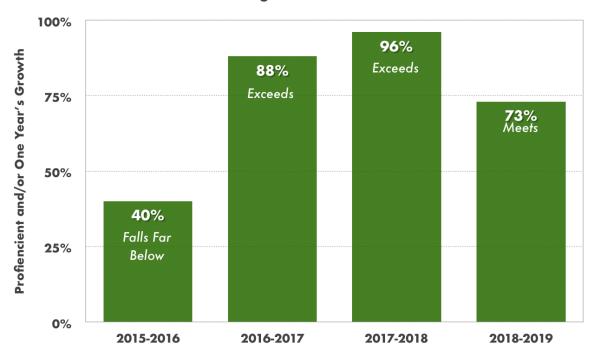

Falls Far Below Standard:

The school falls far below the target of this indicator if:

Less than 45% of identified students made at least one year's growth in reading short-cycle assessment scores when comparing beginning year results to later results OR

The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment.

DEAP Performance Indicator 2 Reading NWEA MAP Performance

Based on the criteria of Performance Indicator 2, DEAP showed growth over the term of the charter. The first year, DEAP did not meet the performance indicator as the school was new and gathering initial information on student proficiency levels, learning needs and baseline data. Over the course of the charter contract, DEAP has developed stronger curriculum and intervention to address the unique learning needs of our students. As a result DEAP has either Exceeded or Met the performance indicators in the past three years. DEAP did see a slight decrease in the 2018-2019 year as we nearly doubled our enrollment and had to adjust our methods to meet our growing student population. Regardless DEAP is committed to providing rigorous and responsive education in reading.

SHORT CYCLE ASSESSMENT MATH

PERFORMANCE INDICATOR 3: Short Cycle Assessment data (NWEA) will be used to measure academic growth or proficiency in Math of Full Academic Year (FAY) students.

Growth. In order to show growth (the first phrase in each of the standards set forth below), FAY students will demonstrate academic growth in Math as measured by three short cycle assessments using NWEA MAPS, grade level assessment. The growth will be determined using NWEA MAPS results for each student as set by the fall test. Students may show the growth on either of the winter or spring assessments. (Note: "One year's growth" will be defined as the growth identified on the NWEA RIT Score charts attached here).

Proficiency. In order to show proficiency (the second phrase in each of the standards set forth below), a student tests "proficient" or "advanced" as shown on the attached reports.

Exceeds Standard:

The school surpasses the target of this indicator if: 80% or more of identified students made more than one full year's growth in reading s assessment scores when comparing beginning year results to later results OR The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment.

Meets Standard:

The school meets the target of this indicator if: 60 -79% of identified students made at least one full year's growth in reading short-cycle assessment scores when comparing beginning year results to later results OR

The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment.

Does Not Meet Standard:

The school does not meet the target of this indicator if: 45-59% of identified students made at least one full year's growth in reading short-cycle assessment scores when comparing beginning year results to later results OR

The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment

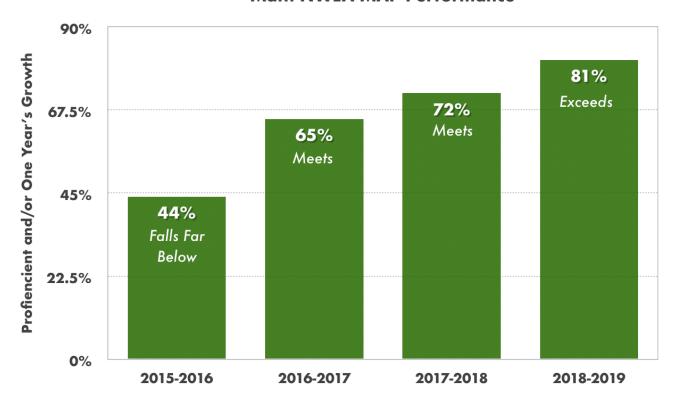

Falls Far Below Standard:

The school falls far below the target of this indicator if:

Less than 45% of identified students made at least one year's growth in reading short-cycle assessment scores when comparing beginning year results to later results OR

The student tests "proficient" or "advanced" on the winter or spring short-cycle assessment.

DEAP Performance Indicator 3 Math NWEA MAP Performance

Based on the criteria of Performance Indicator 3, DEAP showed growth over the term of the charter. The first year, DEAP did not meet the performance indicator as the school was new and gathering initial information on student proficiency levels, learning needs and baseline data. Over the course of the charter contract, DEAP has developed stronger curriculum and intervention to address the unique learning needs of our students. We also worked closely with our students in building math foundations by implementing blended learning options for math using IXL math, Khan Academy, and the Eureka math curriculum. As a result, DEAP has show consistent growth each year and has Met or Exceeded the performance indicators for the past three years.

3. Financial Compliance

The Charter School Act provides as follows:

A charter may be suspended, revoked, or not renewed by the chartering authority if the chartering authority determines that the charter school...failed to meet generally accepted standards of fiscal management.

a. Audit Report Summary

Every charter school is subject to the Audit Act. NMSA22-8B-4(C). The Public School Finance Act requires the audit committee of each charter school governing body to track and report progress on the status of the most recent audit findings and advise the local school board on policy changes needed to address audit findings (see next page).

For any school that has received material weakness, significant deficiency, or repeat audit findings in any annual audit during the term of the contract provide a narrative explaining the improvement actions made (school/adult/leader/board actions) to meet financial compliance requirements and the effectiveness of those actions (improved practices and outcomes) in improving financial compliance. The school should use the work of the audit committee in "tracking and reporting progress on the status of audit findings" to develop this narrative.

Success should be identified by specific changes in practice and changes in the audit findings in subsequent years. The purpose of the narrative is to demonstrate substantial progress toward achieving and maintaining financial compliance.

Implementation of the described improvement actions should be verifiable through evidence at the site visit. Please identify specific evidence of both the school/adult/leader/board actions and the improved practices and outcomes in the narrative.

Schools that have received no material weakness, significant deficiency, or repeat audit findings in each of the annual audits during the term of the contract do NOT complete this Section.

Following is a table that addresses the audit findings received by DEAP during the current term of the contract. Improvement actions taken to meet financial compliance requirements and the effectiveness of those actions in improving financial compliance are also addressed.

Audit Year	Total # of Findings	Nature of Findings including Rating	Improvement actions made to meet the compliance requirements and the effectiveness of those action in improving financial compliance
FY 2016	4 Findings	2016-001 Compliance 2016-002 Compliance 2016-003 Significant Deficiency 2016-004 Compliance	The school's will hire/certify CPO when the training is available. (2016-001) The business manager will actively check on the status of budgets to actuals at the end of each quarter to determine no expenditures exceed budget by year end. (2016-002) The school hired another business manager to actively mentor the school's onsite business manager to help make proper closing entries for it's liabilities. (2016-003) The school actively pursued a parent volunteer for its Audit Committee (2016-004), but the small community makes finding qualified volunteers difficult.
FY 2017	4 Findings	2016-001 Significant Deficiency(Repeated/Modified) 2016-002 Compliance (Repeated/Modified) 2016-004 Compliance (Repeated/Modified) 2017-001 Compliance 2017-002 Compliance 2017-003 Compliance	The school updated its financial policies and procedures along with a new contracted business manager to correct its processes procurement (2016-001), paying of monthly liabilities (2017-001), excess expenditures over budgets & Budget Adjustment Requests (2016-002 & 2017-002), timely deposits (2017-003), and employee files including background checks (2017-004). These new policies and procedures help coordinate proper internal controls and segregation of duties within these items to designated responsible staff i.e. the director, business manager, office manager, etc. The school does advertise and communicate their need for a qualified volunteer for the audit committee (2016-004) to the surrounding community to meet the criteria of NMAC 22.8.12.3

2019 State Charter Renewal Application Kit

FY 2018	4 Findings	2018-001 (2016-001)	The school reviewed its procedures on record keeping
		Compliance (Repeated)	of all vendor files along with policies regarding travel
			request. (2018-001)
		2018-002 Compliance	
			The school added a new procedure/internal controls to
		2018-003	reconcile the daily student meal count to each monthly
		(2017-004) Compliance	USDA claim before submission. (2018-002)
		(Repeated)	
			The school implemented policies on employee files
		2018-004	and paying of monthly liabilities (2018-003) within the
		(2016-002/2017-002)	2017 corrective action plan. These processes and
		Compliance (Repeated)	procedures were still being implemented at the
			beginning of the 2018 year.
			The school did seek proper governing council pre-
			approval for multiple BARs needed at year end to work
			with PED's deadlines of final BAR submission, but the
			auditors disagreed with method of pre-approval.

b. Board of Finance

Pursuant to NMSA 22-8-38, failure of the governing body of a state-chartered charter school to qualify for designation as a board of finance constitutes good and just grounds for nonrenewal or revocation of its charter.

Further, pursuant to NMSA 22-8-39, the department may at any time suspend a local school board or governing body of a state-chartered charter school from acting as a board of finance if the department reasonably believes there is mismanagement, improper recording or improper reporting of public school funds under the local school board's or governing body of a state-chartered charter school's control.

When the governing body of a state-chartered charter school is suspended from acting as a board of finance, the department is required to consider commencing proceedings before the commission to revoke or refuse to renew the charter of the state-chartered charter school.

If the school's **Board of Finance was suspended** at any time during the term of the contract, the school must provide a narrative explaining the actions taken (school/adult/leader/board actions) on the school's own initiative to correct financial compliance and regain the Board of Finance Authority and the success of those actions (improved practices and outcomes).

The school must also describe the current status of the Board of Finance and continuing actions to ensure the same financial challenges do not reoccur. Success should be identified by specific changes in practice.

The narrative must be supported by evidence provided in an appendix and verifiable through evidence at the site visit. Please identify specific evidence of both the school/adult/leader/board actions and the improved practices and outcomes in the narrative.

Schools that have maintained all Board of Finance authority during the entire term of the contract do <u>NOT</u> complete this Section.

School response:

Not Applicable. DEAP maintained Board of Finance authority during the entire term of the contract.

4. Contractual, Organizational, and Governance Responsibilities

The Charter School Act provides as follows:

A charter may be suspended, revoked, or not renewed by the chartering authority if the chartering authority determines that the charter school...committed a material violation of any of the conditions, standards, or procedures set forth in the charter...and/or...violated any provision of law from which the charter school was not specifically exempted.

a. Charter Material Terms

Pursuant to NMSA 22-8B-9, each charter contract must contain material term of the charter application as determined by the parties to the contract. The PEC's contract identifies all material terms in Article VII., Section 8.01(a)(i)-(xvii) of the Performance Contract.

Each school must provide a brief narrative describing how they have implemented the Material Terms of the Charter including the operational structure, the mission of the school, and the educational program of the school (including student focused terms, teacher focused terms, and parent focused terms).

The narrative will be verified during the site visit.

If the school has made substantial changes or has not met any of the material terms of the contract during the term of the contract, the school must provide a narrative to explain the improvement actions (school/adult/leader/board actions) the school made during the term of the contract in order to meet those charter objectives and terms.

Success should be identified by specific changes in practice and achievement of the terms in later years of the charter. The purpose of the narrative is to demonstrate substantial progress toward achieving the material terms of the charter.

Implementation of the described improvement actions should be verifiable through evidence at the site visit. Please identify specific evidence of both the school/adult/leader/board actions and the improved practices and outcomes in the narrative.

School response:

DEAP has strived to meet all the Material Terms of the Charter.

DEAP Contract	Material Term	Narrative Describing Implementation of
Number		Material Terms of the Charter

8.01(a)(i) Operational Structure.

Length of school day: 4-day school schedule

Daily Instructional Hours: 7.25 on full days and 4 hours on half days (148 full days and 10 half-day Fridays)

Total Instructional Hours: 1112 hours

Length of school year 153 days Instructional Days (148 Full Days and 10 Half-Days) 207

Teacher Contract Days (includes professional development days and School events)

Enrollment cap 180 Authorized school grades 6-11* The School intends to roll out a 12th grade in the next charter cycle, and seek an enrollment cap increase to add the 12th grade.

DEAP has implemented the Operational Structure terms of the Charter.

DEAP maintains a 4-day schedule as verified by the School Calendar. Instructional hours total over 1112 each school year. (School calendars are uploaded to the WebEpps)

The enrollment cap of 180 has not been exceeded in any year of the current charter term.

The school serves grades 6-11.

8.01(a)(li) School Mission

As a result of a DEAP education, students will be able to use their cultural, vocational and academic skills to analyze their surroundings in order to plan the transformation of their community and their world, live a healthy life and use the tools they were taught to achieve holistic wellness, use their understanding of identity, and its impact on local and global communities to promote the restoration and perpetuation of Diné culture, and honor the history and the legacy of the Dził Ditł'ooí area by consciously balancing the needs of the land with the needs of the people.

The School shall report each year on implementation of its mission as set forth in the mission specific indicator(s) as set forth in the Performance Framework, Academic Framework. Progress toward achieving the School's Mission shall be described annually.

DEAP has implemented all components of the School Mission.

Components are reflected in the student's daily schedule and school calendar. See section iii for additional information.

8.01(a)(iii)
Educational
Program of the
School.

The School seeks to offer students an engaging and relevant learning experience through the development of innovative and meaningful curricula and instruction. The following highlight some of the key features of the School's educational approach:

*Agricultural Sciences Curriculum:
The School will provide students with hands- on learning through agriculture education. The School will partner with local farms and agriculture programs to prepare students to be college ready, provide pathways to careers in agriculture, promote community wellness, foster Diné culture, and increase opportunities for community leadership and action.

*Personal Wellness The School will offer Personal Wellness courses that focus on all aspects of wellness: Physical, Emotional, Intellectual, and Community/Service. The School uses a Wellness Wheel as a tool for students, staff and community to articulate their perceptions, goals and assessments surrounding their health and to assess student progress toward high school graduation, college and career readiness.

*Diné Culture Revitalization & Identity Empowerment: The School offers courses in Dlné studies, Diné Language & Indigenous Studies to give students a foundation in understanding their identities.

*Service Learning: The school seeks to create young leaders that are prepared to transform their community. All students will take part in planning community events and a Service Learning Capstone project in 12th grade.

In DEAP's short existence, we have great progress in implementing our educational programs as set forth in our charter. In our first year, 2015-2016, DEAP scored a C and increased each year after. In 2016-2017, DEAP scored a low B and made gains the following year of 2017-2018 to score a high B.

DEAP has strived to be a model school for Indigenous communities by fusing culture with rigorous academics. DEAP has had great academic success and welcomes learners of all ages. In fact, DEAP has provide both DEAP students and the local community with meaningful opportunities to connect to their culture and history through hands-on lessons focussed on traditional foods and culture arts.

Every student at DEAP completes 3 studentled conferences a year where they are able to showcase their work and develop goals to continuously improve their learning.

Our Service Learning curriculum has been an asset to the local community as DEAP students have led efforts to clean up dump sites and combat climate change. In addition, DEAP requires that all DEAP families serve 8 hours of service each school year to assist both DEAP and the local community in transformative projects.

8.01(a)(iv) Student-Focused Terms.

Diné Empowerment through Cultural Revitalization and

Relevancy: The School's students will receive innovative training that revitalizes Diné culture. For example, the School's students will lead the community in labeling spaces and objects in the Diné language. Additionally, the School will invite guests to present lessons and presentations about Diné culture and life.

Experiential Learning Through
Agriculture Sciences: The School's
focus on agriculture sciences will
provide many opportunities for
students to participate in various
agriculture projects or events such as
community gardens, garden
workshops, field trips, harvest
festivals and cooking
demonstrations. We commit to
finding resources for students to
participate in hands-on agriculture
experiences as part of the School's
curriculum during the school day and
as after-school activities.

Wellness and Perseverance Philosophy: All students will participate in advisory with a School staff member on a weekly basis. The advisor will serve as mentors and have consistent communication with parents and families. Additionally, students will take a personal wellness course in grades 6-8.

College and Career Readiness: The School will support students in reaching their college and career readiness goals by offering preparation for college entrance exams, college counseling, family counseling, and field trips to local college campuses and/or college fairs.

All student-focused terms have been fully implemented over the term of the charter.

DEAP was created so that students would have access to a rigorous curriculum that both affirms their identities and challenges them to be leaders inside and outside the classroom. Our four focus areas serve as a guide for the curriculum that we develop and implement. Our Diné Culture curriculum has been highly regarded by various entities on the Navajo Nation and even earned an award at the 2018 Diné Studies Conference for Navajo Innovation in Practice.

Our final focus area in Agriculture science has been our weakest area as our community struggled with a drought. However, DEAP students have maintained a both community garden and 1-acre field of corn each year. DEAP houses the only community seed bank in our hogan and hopes to grow in this area more.

Our wellness curriculum has deeply impacted students and created many opportunities for collaboration. DEAP has partnered with the Tsehotsoí Medical Center, COPE Project, Bigger Picture Project and the Project Venture Program to create relevant and meaningful opportunities for students to engage in holistic wellness practices. These programs have had direct impacts on each student's wellness and created pathways for them to grow.

DEAP has strived to provide students with opportunities to explore college and career options. DEAP students have visited at least two colleges each year including UNM, NMSU, Fort Lewis, Diné College, NM Technical School, IAIA, San Juan College, NAU, Stanford, USC, Occidental College, and UC Berkeley. These trips have been very impactful and have helped students determine their life goals. In addition, DEAP has partnered with Diné College to provide Dual Credit options. Currently two DEAP students are enrolled in the dual credit Navajo Cultural Arts Program. In addition, DEAP has a contract with Edgenuity to provide rigorous electives and AP options for students to take in preparation for college and beyond.

8.01(a)(v) Teacher-Focused Terms.

ExtensiveUnit/Lesson Planning: The School will require that all the School's teachers work together to create and implement strong units and lessons. The School's educators will use the Understanding By Design framework, designed by Grant Wiggins and Jay McTighe, to create lessons that provide students with enduring understandings and essential questions.

The key tenets of Understanding by Design (UbD) are: 1. A primary goal of education is the development and deepening of student understanding. 2. Evidence of student understanding is revealed when students apply knowledge and skills within authentic contexts. 3. Effective curriculum development reflects a three-stage design process called "backward design." This process helps to avoid the twin problems of "textbook coverage" and "activity-oriented" teaching in which no clear priorities and purposes are apparent. 4. Regular reviews of curriculum and assessment designs, based on design standards, are needed for quality control, to avoid the most common design mistakes and disappointing results. A key part of a teacher's job is ongoing action research for continuous improvement. Student and School performance gains are achieved through regular reviews of results (achievement data and student work) followed by targeted adjustments to curriculum and instruction. 5. Teachers provide opportunities for students to explain, interpret, apply, shift perspective, empathize, and self-assess. These "six facets" provide conceptual lenses through which students reveal their understanding. 6. Teachers, schools, and districts benefit by "working smarter"—using technology and other approaches to collaboratively design, share, and critique units of study. This rigorous planning process will assure that students are receiving instruction that is critical, relevant and engaging. In addition, teachers will be encouraged to collaborate in lesson planning and instruction during Professional Learning Communities. We want our students to succeed, so we intend to plan for results. Therefore, the School will strive to produce rigorous, relevant and engaging lessons that are developed by innovative and exceptional educators.

Professional Learning Communities (PLC): The School's educators will participate in weekly PLC meetings to collaborate, critique lesson plans, and develop units or learning experiences. PLCs are important to the School's success as it assures that the school's educators are meeting consistently to work, reflect and take action in creating quality and meaningful learning experiences.

DEAP has partnered with the NACA Inspired School Network (NISN) to host annual summer curriculum workshops for teachers to design and implement curriculum using the Understanding by Design framework. DEAP has also indigenized the UbD by adding components related to the Navajo Nation Culture and Language standards. In addition, DEAP teachers have made improvements to curriculum through action research including projects related to reading fluency and comprehension

Given DEAP's small size, DEAP Professional Learning Communities have included all staff in order to promote aligned learning. Teachers meet at least twice a month to collaborate and plan lessons. The PLCs are most active when planning DEAP events such as the annual Harvest Festival and Grandparent's Day where teachers develop cross curricular units and lessons to implement. In addition, in partnership with Teach For American and NISN, DEAP teachers have been observed by both groups on both lesson implementation and classroom management. DEAP teachers have also observed and collaborated with teachers across the NISN network in the areas of Native Literature and Indigenous Science.

8.01(a)(vi) Parent Focussed Terms

The School considers the relationship between students' families and the School to be of paramount importance and will create structures for their formal and informal involvement with the school. *At four times during the School year, the School invites students and their families to attend formal conferences during which report cards are given to families. *The School will sponsor at least 4 events throughout the school year for parents, families and community members to be involved. Some planned events include communityplanting, harvest festival, MLK Day of Service, Parents' Day, Grandparents' Day, Navajo Shoe Game and Winter Story Telling. Other events will be planned in unison with parents, students and local community organizations. *The School will have a Parent Advisory Committee composed of DEAP parents to provide assistance and recommendations to the school's programming. *The School's Governing Council Bylaws specifically outline that at least 1 member will be a parent of a DEAP student.

DEAP credits much of its success to parent and family support. We have strived to provide as many intergenerational learning opportunities for families to participate in including traditional food demonstrations, traditional clothing workshops, cultural games, and service learning opportunities.

Additionally, DEAP has an active Parent Advisory Committee that meets monthly to discuss and plan student activities and school improvement.

DEAP has required all families complete 8 hours of service which includes active involvement in DEAP events such as the Planting Festival, Feast Days, End of Year Celebration, Grandparent's Day and other events. DEAP has a collection of surveys from each event to guage participation and reflection.

DEAP also requires parent involvement related to academics at the trimester student led conferences where parents play a role in providing feedback to their child as well as providing both incentives and supporting family discipline at home.

In addition, DEAP has one parent member on the Governing Council to provide agency for parents and families in making school wide decisions.

8.01(a)(vii) Governance Structure

The Parties agree that the following are key provisions regarding the School's

governance structure.

The School's Governing Council with five to nine members whose collective role is to uphold the School mission and establish educational and operational policies.

The Governing Council will provide updates on the school to the Red Lake #18 and Crystal Chapters, Navajo Nation, Public Education Commission, the community and other stakeholders. The Council will focus on the "big picture" by strategically planning and setting yearly goals for the School then analyzing School progress and making necessary adjustments.

DEAP currently has five members with one founding governing member. One member is a parent while the others hold expertise in agriculture, school leadership, teaching and community planning.

DEAP provides monthly updates to the Red Lake Chapter #18 and to any stakeholders that request information including the Department of Diné Education and the NMPEC.

8.01(a)(viii) Total Student Enrollment	As set forth above, the School is authorized to enroll the following: 180 students Year 1: 60 students (6th and 7th) Year 2: 90 students (6th-8th) Year 3: 120 students (6th-9th) Year 4: 150 students (6th-10th) Year 5: 180 students (6th-11th) Year 6 (upon renewal): 210 students for grades 6th-12th The School shall provide instruction to students in such grades and subject to approved caps in each year of operation xxxi. The School may make modifications as to the number of students in any particular grade, and number of students within a class to accommodate staffing decisions that are consistent with the School's programmatic needs, and attrition patterns. However, the School shall not increase the number of grades or the total number of students proposed to be served in each grade without an amendment to this contract or waiver of grade cap provision xxxii If the School seeks to amend enrollment or grades served, the School must, among other things, demonstrate that such changes in enrollment/grades served do not adversely compromise the fiscal and educational program of the School.	The enrollment cap of 180 has not been exceeded in any year of the current charter term. Enrollment has been an area of growth for DEAP. Currently DEAP serves 40 students in grades 6-11. Low enrollment can be attributed to lack of transportation, state boundaries and lack of community development. However, DEAP continues to actively recruit within the community area.
8.01(a)(ix) Intent to Provide Educational Services	The School represents to the Authorizer that based upon its mission and school goals, it intends to provide educational services including delivery of instruction in the following described general geographic area:	DEAP met the "Intent to provide educational services" provision throughout the term of the charter. DEAP has provided educational services including delivery of instruction in the County of McKinley and communities of Navajo, NM and Crystal, NM.

County(ies): McKinley

8.01(a)(x) Facility

[X] For Schools with a Set Location. The Charter School's primary location is: NW Corner of Mill Ave and Shepard Springs Blvd., Navajo, NM 87328

The School will provide the PEC with the address of the School's primary location, having obtained E-Occupancy, prior to commencing operation. The address will be added to this Charter School Contract. Physical Address). The facility meets all applicable facility requirements of State and

Federal law.

[] For School Anticipating Changing Locations. The School is in the process of identifying a new location at The School acknowledges that the new facility must meet all applicable health and

safety requirements prior to the School relocating to the new location. The Authorizer approves this location contingent upon the School providing the Authorizer with evidence of compliance with applicable law, including NMSA 22-8B-4.2(C).

DEAP has implemented the facility requirements throughout the term of the charter. The school has occupied its facility located at NW Corner of Mill Ave and Shepard Springs Blvd., Navajo, NM 87328 for all years of the current charter term.

The facility meets all applicable facility requirements of State and Federal law.

8.01(a)(xi) Facilities Occupancies Requirement

The School acknowledges that its facility must meet all educational occupancy

School's facilities shall be certified for occupancy as a public school prior to

commencing operations in the new building, including the approval of the director

or designee of the New Mexico Public Schools Facilities Authority ("PSFA")xxxiv.

The School further acknowledges that if it is renewed on or after July 1, 2015, that

its facilities must meet the requirements as set forth in Subsection D of Section 22-8B-4.2 NMSA 1978 (2011)

22-8B-4.2 NMSA 1978 (2011). The School shall comply with all state and federal health and safety requirements applicable to public schools, including those health and safety codes relating to educational building occupancy.

DEAP has met the facility occupancy requirements throughout the term of the charter.

DEAP has an E-Occupancy Certificates for Physical Address: NW Corner of Shepard Springs Blvd. and Mill Road, Mailing Address: P. O. Box 156, Navajo, NM 87328

See WebEpps File Cabinet for a copy of the E- Occupancy Certificate.

DEAP has provided assurances that its facilities meet the requirements as set forth in Section 22-8B-4.2 NMSA 1978 (2011). See notarized facility assurance form in the WebEpps File Cabinet for the Facilities section of the Renewal application.

DEAP has complied with all state and federal health and safety requirements applicable to public schools, including those health and safety codes relating to educational building occupancy.

8.01(a)(xii) New Mexico Condition Index	The School acknowledges that it may not open or relocate to a facility after opening unless: A. the facility receives a condition rating equal to or better than the average condition for all New Mexico public schools as determined by the Public Schools Facility Authority (PSFA) for that year, or B. the School demonstrates within 18 (eighteen) months of occupancy or relocation of the School, the way in which the facility will achieve a rating equal to or better than the average New Mexico condition indexxxxx.	DEAP met the New Mexico Condition Index requirement throughout the term of the charter. DEAP received a 2018-19 wNMCI rating of 55.82%. See the Facilities File Cabinet section of this application for a wNMCI letter from PSFA dated September 27, 2019.	
8.01(a)(xiii) Facilities Funding	The School is eligible for state capital outlay dollars to the extent provided for in the Public School Capital Outlay Actxxxvi; the Public School Capital Improvements xxxvii; the Public School Buildings Actxxxviii; and any other applicable law.	DEAP has received State Lease Assistance funding since opening in 2015. DEAP also receives SB-9 funds from the NMPED.	
8.01(a)(xiv) Lease Purchase Agreement The School acknowledges that it may not enter into a Public School Lease Purchase Agreement without prior approval of the NMPED.		DEAP is in a lease purchase agreement that has been approved by the Public Education Department (July 20, 2015).	
8.01(a)(xv) Multiple Facilities	With the approval of the Authorizer, the School may maintain separate facilities at two or more locations. The School acknowledges that the separate facilities shall be treated together as only one school for purposes of calculating program units pursuant to the Public School Finance Act.	DEAP does not maintain separate facilities at two or more locations.	

8.01(a)(xvi) Food Service

According to the Charter, the School
[] will provide the following food
services:_____

food

services shall be provided in a manner that is in compliance with applicable federal and state laws regarding public school food programs.

OR

[] will not provide food services. OR

[X] will provide free and reduced breakfast under the Free School Breakfast

Program. Food services shall be provided in a manner that is in compliance with applicable laws regarding public school food programs.

AND/OR

[X] will provide free and reduced lunch. Food services shall be provided in a manner that is in compliance with applicable laws regarding public school food programs.

DEAP is part of the National Recognized Food Program and qualifies as a CEP site.

DEAP participates in a Universal Breakfast and Lunch Program for the current school year 2019-20. All students receive free breakfast and lunch. Lunch program follows the U.S. Department of Agriculture guidelines for healthy school meals.

8.01(a)(xvii)	[X] The School has agreed to provide	DEAF
Transportation	student to-and-from transportation	transp
	assuming	availa
	funding is provided to the School,	
	and a contractor is available to	
	provide the	
	service.	
	OR	

OR
[] The School, in accordance with the Act, does not provide student to-and-from transportation. The School may contract with qualified transportation providers for special events. The School will ensure that students with disabilities shall comply with their qualified IEP or Section 504 plan related to transportation.

DEAP does not provide student to-and-from transportation as a local contractor is not available in our service area.

b. Organizational Performance Framework

Pursuant to NMCA 22-8B-9.1, the performance framework for each charter school must include performance indicators and performance targets for governing body performance, including compliance with all applicable laws, rules and terms of the charter contract.

For any school that has received a repeated "working to meet" rating or a first time or repeat "falls far below rating" for one or more of the organizational performance framework indicators on the most recently completed organizational performance framework evaluation provide a narrative explaining the improvement actions made (school/adult/leader/board actions) to meet all legal compliance requirements and the effectiveness of those actions (improved practices and outcomes) in improving organizational performance and compliance.

The purpose of the narrative is to demonstrate substantial progress toward achieving and maintaining organizational performance and compliance.

Implementation of the described improvement actions should be verifiable through evidence at the site visit. Please identify specific evidence of both the school/adult/leader/board actions and the improved practices and outcomes in the narrative.

If the school has received any OCR complaints or formal special education complaints, the school must identify those, provide all communications (redacted to protect PII) related to those complaints in an appendix, and describe the current status of the complaint. If any of those complaints have been resolved and resulted in a finding that the school violated any law, the school must provide a narrative describing the required compensatory and corrective actions required and their status in implementing those actions. The implementation of such actions must be verifiable through evidence during the site visit.

Schools that do not have any repeated "working to meet" ratings or any "falls far below" ratings on the most recent organizational performance framework evaluation do <u>NOT</u> complete this Section.

School response:

DEAP received repeat "Working to Meet Standard" ratings on the most recently completed organizational performance framework evaluation (2018-2019). Responses follow in the table below.

Annual Monitoring Item/Rating	Area(s) of Concern	Improvement Actions
I-A.01 Mission Specific Performance Indicators Falls Far Below Standard *Rating from 2018-2019 framework evaluation	The PED team has rated this indicator as, "Falls far Below Standard", because the school failed to provide student achievement data and analysis of its progress toward meeting the Reading and Math mission-specific goals. Additionally, the PED team sent two (2) separate emails requesting the school upload its student achievement data into the Web-EPSS indicator. Specifically, the first reminder email was sent on 17 JUN 2019 and the second on 16 JUL 2019. The final email indicated that if student achievement data was not provided to the PED by 01 AUG 2019, the indicator would receive an overall rating of "Falls Far Below Standard". NM PED Note: This indicator will remain rated as "Pending" until the final evaluation of the school's progress toward meeting or exceeding its mission-specific goals, which in summary are: - Short Cycle Assessment READING: short cycle data will be used to measure student academic growth or proficiency. - Short Cycle Assessment MATH: short cycle data will be used to measure student academic growth or proficiency. REQUESTED FOLLOW-UP: At the end of the school year, no later than 6/30/19, the school is to provide: (a) its analysis of progress towards and performance on each mission-specific indicator (whether it met or did not meet each one), along with (b) supporting evidence such as vendor-generated reports and (c) an outline or narrative that explains how to replicate the results/analysis. (Please redact student names prior to uploading documents.) As examples, the vendor generated assessment typically used by schools for NWEA MAP results is the NWEA "Achievement and Growth Report" that shows performance of each student listed on a teacher's caseload; for surveys or other measurement tools, the school should provide the rubric or assessments used.	Improvement Action: DEAP has uploaded all requested documents including the vendor generated reports and a formal analysis completed by the DEAP leadership team in the WebEpps and has also updated the DEAP data binder to include all Short Cycle Assessment data for best practices in data management. The data has also been analyzed and is included in the data presented In section 1.b School Specific Charter Goals. In addition, DEAP is establishing an internal communication system to ensure that all email requests are acknowledged and responses are issued in a timely manner.

III-A.06: 1g)
Education Plan:
recurrent
enrollment

Working to Meet Standard Rating received on 2016-2019 (3 consecutive) performance framework evaluations. The PED Team rated this indicator Working to Meet Standard because the STARS Charter Enrollment Report for the current school year indicates the school's recurrent enrollment rate was 65.38% and this indicates the school has not met the goal of 85% set by the PEC in the Organizational Performance Framework but exceeds 50%, below which would be rated as Falls Far Below.

As an additional FYI, it is noted that the percentage of students who withdrew during the previous school year was 10.34%.

Requested Follow-Up: None present at this time.

While no follow-up was required, DEAP has struggled with enrollment as our community endures patterns of disruption. The low recurrent enrollment can be attributed to the unique issues in our community including lack of housing, limited job opportunities and lack of sufficient health care. Despite these challenges, DEAP is committed to providing an empowering education for all students. In fact, several DEAP students left for a year/semester due to health issues but returned to DEAP fully committed.

DEAP continuously recruits for students and is invested in providing meaningful education for learners in all stages of life.

c. Governance Responsibilities*

Pursuant to NMSA 22-8B-4, each charter school must, at all times, have at least five members and no members may serve on any other charter school governing body. Further, the governing bodies must operate in accordance with their charter contract and bylaws. The PEC's performance contract requires that the PEC is notified of board vacancies within 30 days, and that vacancies are filled within 45 days.

Additionally, pursuant to NMSA 22-8-12.3, Boards must maintain audit and finance committees that meet statutory makeup requirements.

Further, pursuant to NMAC 6.80.4.20, each charter school governing body member must annually complete five hours of approved training.

Finally, governing body members are held to the conflict of interest requirements laid out in NMSA 22-8B-5.2.

Each school must identify how they have met governance responsibilities during the term of the contract. Specifically, the school must identify:

- the membership of their boards at all times during the term of the contract (with roles and service terms for all members) this should also include membership of the required committees;
- any time when membership on the governing body fell below the requirements in their by-laws or the statutory minimum of 5 members;
- any time when the governing body did not maintain the required committee membership;
- the amount of time any vacancies were open;
- any board members that did not complete required training hours in any of the years of the contract term.

If the school identified any governance requirements they were unable to meet, the school must provide a narrative describing the improvement actions the school implemented to move toward full compliance with governance responsibilities.

The purpose of the narrative is to demonstrate substantial progress toward meeting all governance requirements.

The implementation of such actions must be verifiable through evidence during the site visit.

School response:

All current GC 2018-19 members: Benita Litson, Gavin Sosa, Michaela Shirley, Delmaline Muskett have completed required 8 training hours, as returning GC members. Thomisine Benally needed two more hours for completion as new board member. TB was recently voted off the GC on 09/25/19, for missing 3+ consecutive meetings in a row. DEAP GC currently has a vacant position and is actively recruiting new GC members.

DEAP has struggled with maintaining an active Governing Council but is actively recruiting. We hope in the next phase of DEAP to have stronger Governing Council practices by developing leadership training unique to our school setting.
