School response: Las Montans Charter High School building lease and Facility Master Plan is under/with Las Cruces Public Schools.

The facility is over 30,000 sq. building with 22 classrooms and labs. The facility was purchased and renovated by Las Cruces Public Schools in 2015 and Las Montañas moved in January, 2016. Las Cruces Public Schools and its architects worked closely with LMCHS administration and school community to design a facility that met the needs of the school. The facility has indeed met the needs of the school and its occupants.

Dear Caz,

Because, Los Montanas High School, leases facilities from LCPS, a report and recommended capital improvement projects that Las Cruces Public Schools (LCPS) could fund is included in the District's Facility Master Plan (FMP).

Field work for the Los Montanas FCA was completed on 16 May, 2019.

The FCA summary and recommended CIPs will be reviewed and vetted by the District Steering Committee on 25 September 2019.

Final prioritization of ALL district projects and probable funding sources will be vetted in October 2019, exact date TBD.

Following the School Board Election in November, a workshop for the current school board, new school board members and the public will be held at 3pm, 19 November 2019 to review FMP findings and recommendations for LCPS.

The FMP will come before the 17 December 2019 School Board Meeting for approval.

If there is any other information you need, please don't hesitate to call me.

Ailene
