

Collaborative Groups Purpose

The CS team believes that collaborative leadership is the foundation of innovation for CS initiatives. The following are principles of Liberatory Design that are part of this cornerstone:

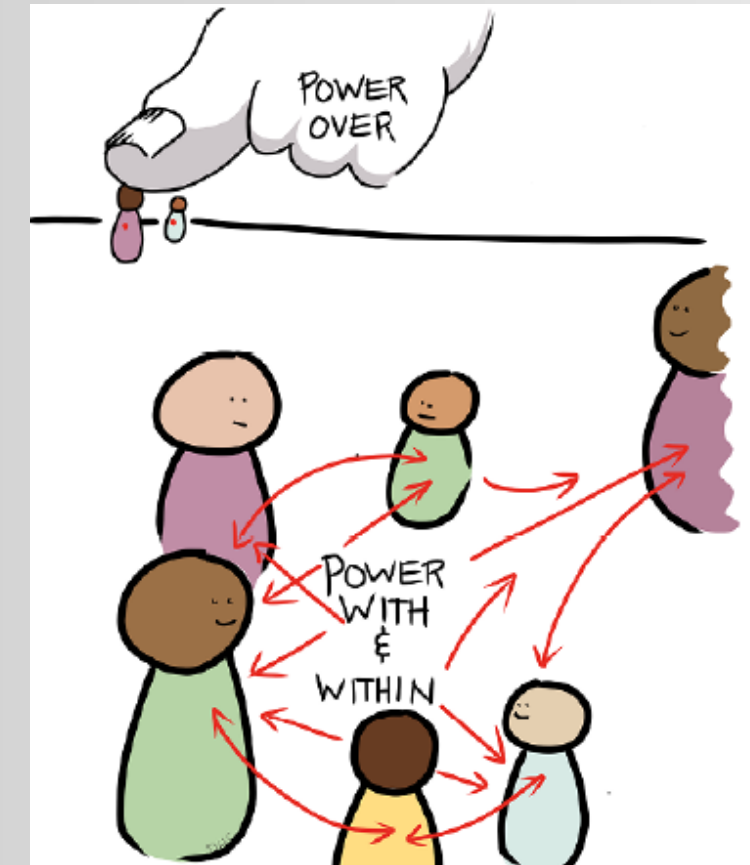

Focus on Human Values

Get to know the community we are designing with in as many different ways as possible. Anchor all of our decision-making in human values.

Attend to Healing

The effects of oppression are complex and often hinder our ability to take action. Integrate ongoing healing processes when designing for equity.

Work to Transform Power

Explore structures and opportunities for interactions in which power is shared, not exercised.

Share, Don't Sell

Practice transparency and non-attachment in sharing ideas with collaborators.

CS Coalition Members

CS Managers

Agencies

Collaborative Group Commitments

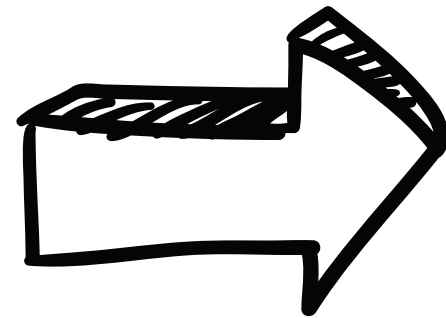

Participants:

- Meetings 2x/month until completion of group goals
- Task(s) completion as agreed upon by group
- Participation in co-creation of group goals
- Civility, collaboration and respect

Co-Chairs:

- Come to meetings informed with knowledge on topic & agenda
- Come with framework plan
- Open to ideas, input and collaboration
- Co-creation of all tools, designs and decisions
- Present to coalition

Coalition Participation

Collaborative groups will periodically present to the NM CS Coalition to receive feedback and input

MLSS & IMPLEMENTATION STRATEGIES

Co-Chairs:

Jamie Watson & Nicole Murillo

Purpose:

The purpose of the MLSS group is to establish agreed-upon, evidence-based indicators of strong CS implementation

Goals:

Update the required reporting of CS implementation within MLSS or without and create a CS implementation strategies guidebook

DATA & EVALUATION

Co-Chairs:

Asha Hernandez and Jill Bratton

Purpose:

The purpose of the data and evaluation group is to receive input on the co-creation of CS outcome indicators, data tools & evaluation.

Goals:

The goals of the group will be to provide input and feedback to the Learning Partners Evaluation Team yearly reports (2)

FISCAL SUSTAINABILITY

Co-Chairs:

Tiffany Sandoval & Nicole Murillo

Purpose:

The purpose of the fiscal sustainability group is to co-create tools and learning for the financial support and longevity of the CS strategy.

Goals:

The goals of the group will be to create a tool and training on fiscal sustainability and receive input on updating allowables.

CSREPORTS 1.0

Co-Chairs:

Melanie Maestas & Tiffany Sandoval

Purpose:

The purpose of the CSREPORTS 1.0 group is to receive practitioner voice on how grant deliverables should be completed and reported.

Goals:

The goal of the group is to co-create CSREPORTS 1.0 templates and a smooth process for NMPED to receive deliverables throughout the year.

CONTINUING EDUCATION

Co-Chairs:

Asha Hernandez & Jill Bratton

Purpose:

The purpose of the accreditation of CS practitioners is to support and validate the credentialing of CS Coordinators, educators and other CS practitioners.

Goals:

The goals of the group include co-creating a higher-education pathway for CS educators, accreditation/credentialing of CS coordinators, educators and other CS practitioners.

ALIGNMENT

Co-Chairs:

Jamie Watson & Nicole Murillo

Purpose:

The purpose of the alignment group is to build knowledge and understanding around how the CS strategy aligns with all plans, goals, and systems at the school

Goals:

The goal of the group is to co-create tools and learning on how the CS strategic plan aligns with the DASH plan, Innovation Zones, the Ed Plan, etc.

COMMUNITIES OF PRACTICE

Co-Chairs:

Asha Hernandez & Melanie Maestas

Purpose:

The purpose of the communities of practice group is to identify the needs of CS practitioners throughout the state and co-create spaces of best practice with partners.

Goals:

The goals of the group are to establish (with partners) communities of practice, communities of transformational practice and communities of transformational leadership to support CS practitioners across the state of NM.

NM ANNUAL CS CONFERENCE

Co-Chairs:

Julie Brenning & Asha Hernandez

Purpose:

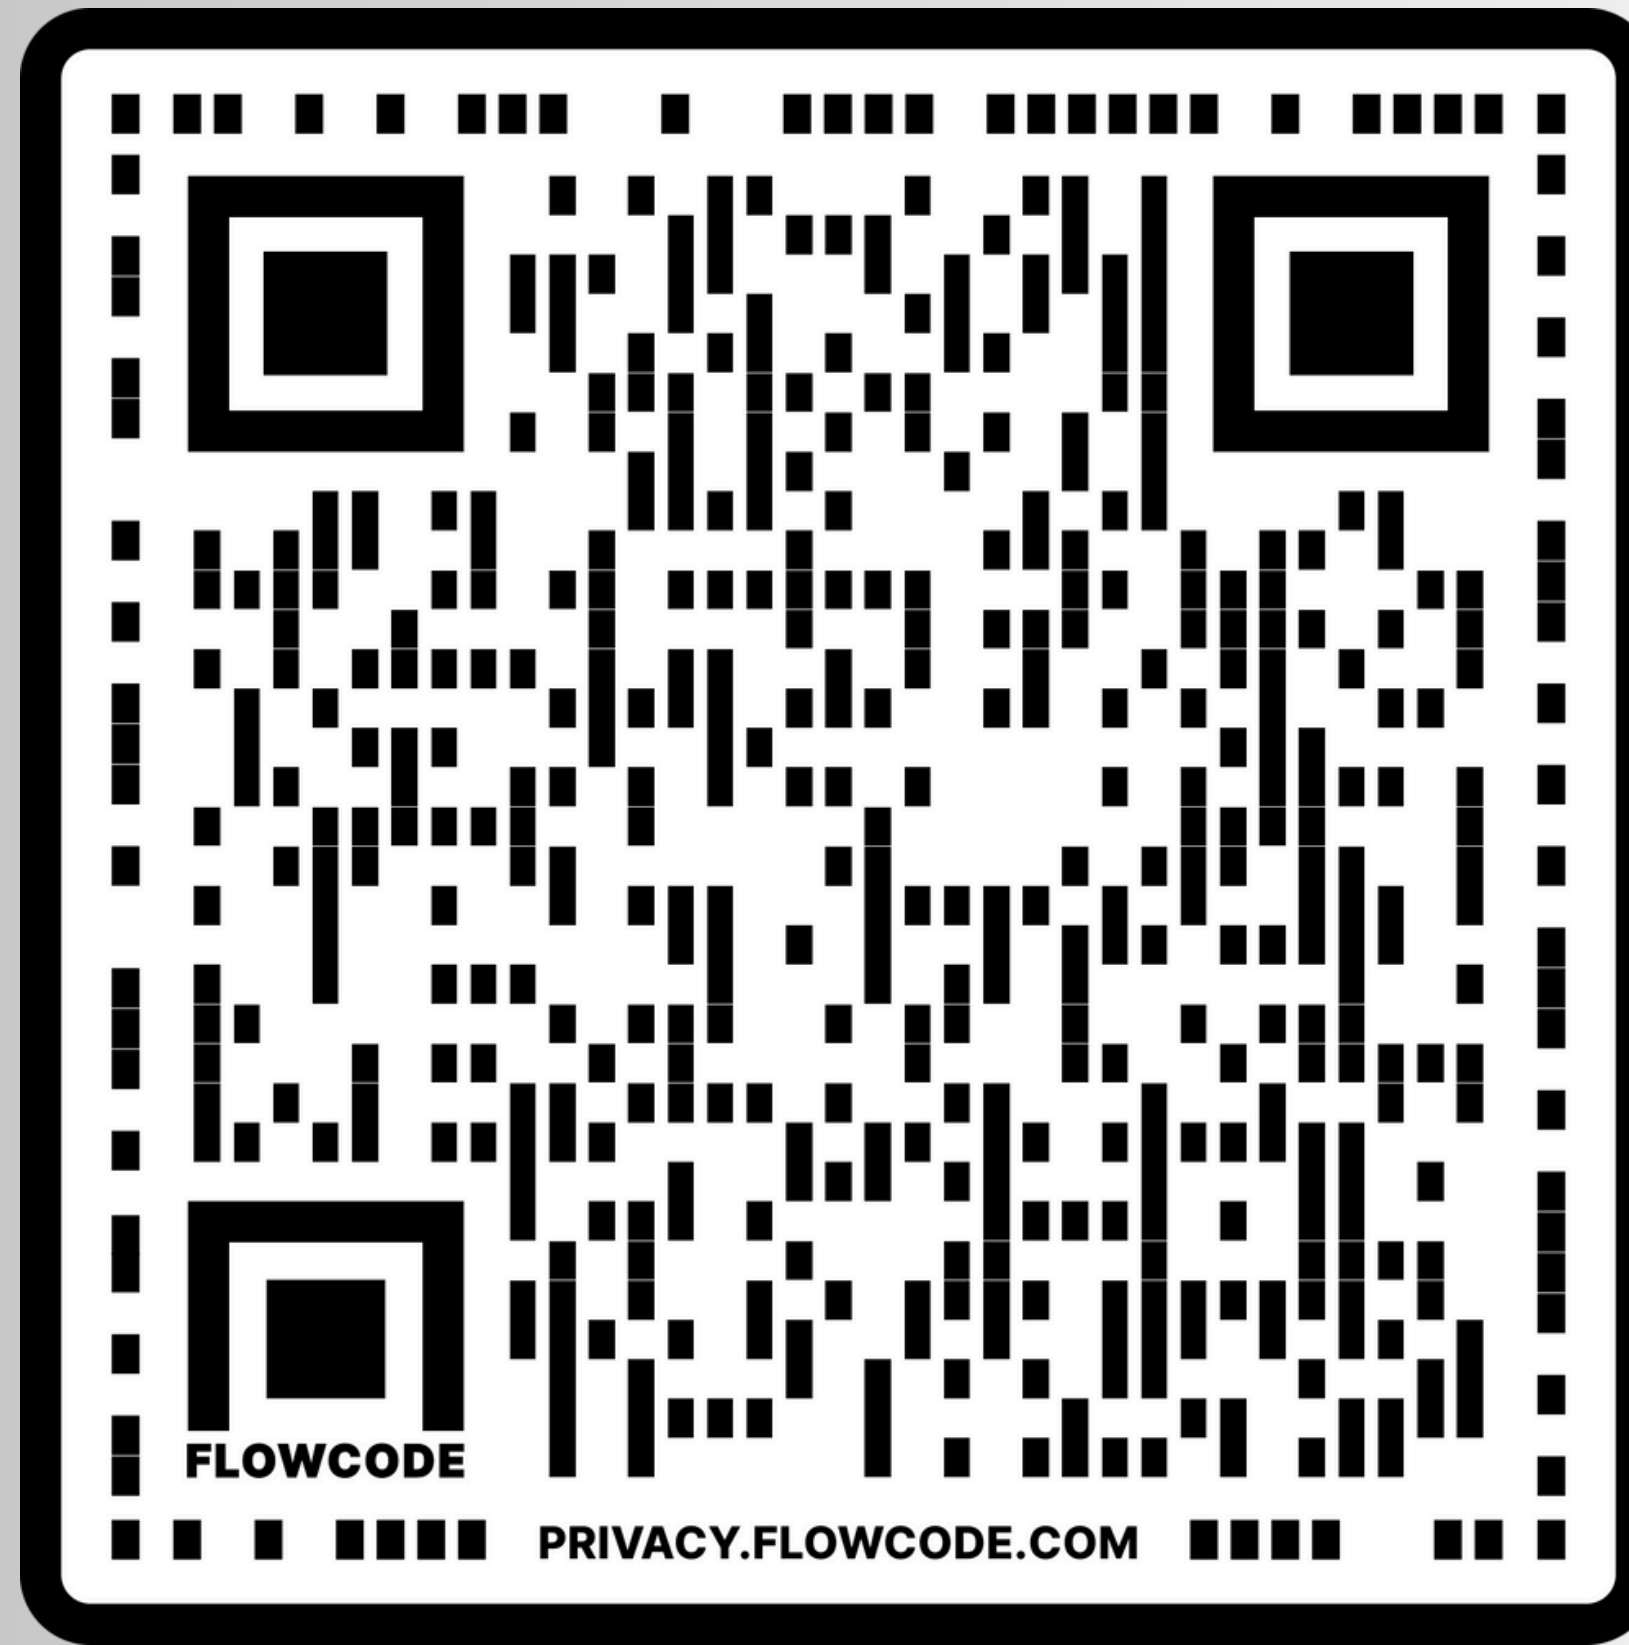

The purpose of the NM Annual CS Conference group is to identify the needs of CS practitioners throughout the state and co-create a second annual CS conference in September, 2024. All members of the SBLT will be invited, including youth.

Goals:

The goals of the group are successfully facilitate an annual CS conference with direct practitioner feedback, participation and presentations. The conference will be co-created with partners.
