## Alphabetical Expenditure Guide

### Purpose

This guidance document is a technical assistance tool for Local Education Agencies (LEAs), Regional Education Cooperatives (RECs), and Institutions of Higher Education (IHEs) on allowable and disallowable purchases of goods and services (expenditures) under the HB2 Out-of-School Time Program (HB2 OST). This document also provides additional guidance(State) and links to resources to assist LEAs, RECs, and IHEs with their program planning through a proactive approach, setting them up for success.

---

TheNew Mexico Public Education Department (NMPED) awards State HB2 Out-of-School Time Program funds through a state application process. Through a competitive process, NMPED gives funds to eligible entities. Eligible entities are the “recipients” or “grantees”. LEAs, RECs, and IHEs are “recipients” or “grantees”.

In addition, the state's and the other entity's financial management systems, including records documenting compliance with State statutes, regulations, and the terms and conditions of the State award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the State statutes, regulations, and the terms and conditions of the State award. Subsequently, this technical assistance tool will assist both the NMPED (Grantor) and LEAs, RECs, and IHEs (grantees) in meeting the State laws pertaining to fiscal accountability.

Purchased goods and purchased services must support the HB2 Out-of-School Time Program authorized activities the purchased goods and purchased services must be:

- Allocable;
- Allowable; and
- Reasonable.

Goods and services must also be documented. Documentation of costs means there is “evidence” or “proof” of expenditures.

Funds must be expended, not just encumbered. This means funds have to be spent in order for the LEA, REC, or IHE to receive payment from NMPED. The LEA, REC, or IHE is responsible for providing the proof it paid for the “purchased goods” and “purchased services” prior to submitting a request for reimbursement (RfR).

- Goods must be received and services must be rendered.
  - This means goods were already purchased and services have already been provided. Examples of documentation include:
    - Packing slip.
    - Itemized and dated receipt/invoice.
    - Time and effort documentation (PARs or semiannual certification).
    - Lesson plan(s).
    - HB2 Out-of-School Time Program level approval email for activity or event, approved request forms, approved equipment purchase request, etc.
    - Entrance fee receipts for prior approved field trips.
    - Mileage documentation.
    - Transportation logs.
- Specialized costs requiring prior written approval from NMPED
  - This means some costs have additional, required documentation, and prior written approval from NMPED. Examples of documentation include:
    - NMPED pre-approved equipment purchase [form](#) (Fiscal Grants Management Bureau website).
    - HB2 Out-of-School Time Program level field trip approval.
    - NMPED pre-approved subcontractor assurance form.
    - Sign-in sheet from family events.
    - Sign-in sheet or certificate of attendance plus an agenda for professional development activities.

These are just some examples of the types of documentation that can support an expenditure. Since the NMPED is responsible for the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the State statutes, regulations, and the terms and conditions of the State award, the NMPED has the right to request any additional documentation that is needed in order to approve an expenditure and an RfR.

If there is any uncertainty about a purchase or service or if the item cannot be found in this guide, contact the NMPED's HB2 Out-of-School Time Program Manager **prior** to the expenditure.

Under each of the purchased goods and purchased services, there is a list of the statutes, regulations and rules that pertain to that particular good or service. The applicable statutes, regulations, and rules should be read in their entirety in order to have a complete understanding of the requirements.

## A

### Accounting and Auditing

This cost is allowable and can be included in the RfR. However, there are certain limitations regarding reasonableness and the amount of time spent on the accounting or auditing. If the qualified individual conducting the accounting for the fiscal agent of the grant (LEA, REC, or IHE employee), this cost should be included under compensation – personal services and compensation – fringe benefits in the General Ledger and in the RfR. The employee is subject to time and effort reporting and will need to submit a PAR with the timesheet as part of the RfR.

If the person is contracted to complete the accounting work for the LEA, REC, or IHE, the purchased services will need to be recorded in the General Ledger and on the RfR under contracted services. As part of the documentation of costs requirement, the RfR for contracted services and any other applicable documents must be submitted with the LEA's, REC's, or IHE's RfR.

People conducting audits are to be independent and external in order to maintain their neutrality in their work performance.

#### RfR Procedures

If the person providing the financial services is not an employee of the fiscal agent for the grant, use Function Code 2500 (or 2510), and Object Code 53414. If the person providing the financial services is an LEA, REC, or IHE employee, use Object Code 51100, 51200, or 51300, depending how the employee is being paid. Job Class Code 1220 should be used if the person providing the financial services is not the Associate Superintendent for Finance and Business, or the Business Manager.

If a person is being paid to perform an audit, use Function Code 2300, Object Code 53411.

In order to ensure that the correct Function Codes, Object Codes, and Job Class Codes are selected, see the UCoA Supplement 3 [Manual](#).

Include the Compensation for Employees and Subcontractors [form](#) with the RfR submission.

Note: Program outreach costs can only be incurred when the cost is absolutely necessary to the grant. For example: printing cost for a brochure informing parents about the HB2 Out-of-School Time Program.   - Costs of displays, demonstrations, and exhibits;
  - Costs of meeting rooms, hospitality suites, and other special facilities used in conjunction with shows and other special events; and

- Costs of advertising and public relations designed solely to promote the entity.

### RfR Procedure

For printing and advertising costs, use Function Code 2500. If the fiscal agent is completing the printing on the fiscal agent's machine, use Object Code 56118 to cover the cost of the paper and ink. If the fiscal agent is subcontracting the service, use Object Code 55915.

In order to ensure that the correct Function Codes and Object Codes are selected, see the UCoA Supplement 3 [Manual](#).

Include the Supplies [checklist](#) with the RfR submission.

## **Airline Tickets**

Airline tickets cannot be included in the LEA's, REC's, or IHE's RfR until the trip has been completed. The only exception is if the RfR is submitted at the end of the fiscal year (June) and the travel will take place at the beginning of the new fiscal year (July).

Direct instructors or program administrators/coordinators should be the only staff traveling out of state for professional development. Students participating in the HB2 Out-of-School Time Program should not travel out of state via air travel. Out of state field trips for students using ground transportation, must have prior written approval from the NMPED.

The appropriate leave must be included in the employee's PAR and signed by the employee's supervisor. The PARs must be included with the RfR for the proper reporting period.
