Designations of Excellence

Designations of excellence are recognition of a school's performance in the top 10% of schools in that area. Schools can get multiple designations of excellence. These **do not** affect its overall designation (Spotlight, Traditional, ATSI, TSI, CSI or MRI). A school with an improvement designation (ATSI, TSI, CSI or MRI) may have one or more designations of excellence.

These designations of excellence in individual areas of performance are unrelated to the overall designation of Excellence (schools above 90th percentile in overall Vistas score) given in the initial 2022-23 Vistas ratings.
