NMSA Residential Program

The NMSA Residential Program, supported by the Art Institute's operating budget, provides access to NMSA's educational opportunities to students who live beyond daily commuting distance and gives NMSA its unique, statewide character.

Thanks to operational funding committed by the State of New Mexico for FY2025 and FY2026, participation in the residential program will be free for all students during those school years. Starting in August 2024, we will expand our program to 60 students and offer a 7-day option for students living further than 125 miles from the school.
