

Alma d'Arte Charter High School disenrolled 35 students in 2022-23 and 74 students in 2023-24.

Note: The number of students disenrolled for being absent 10 days was listed as 29 in the school summary but CSD reviewed the raw data provided by the school and revised the figure to 32.

Because Nova data are not available for 2023-24, CSD could not determine how many of the disenrolled students have IEPs. CSD has submitted a data request to PED IT.
