**Estancia Valley Classical Academy Additional Square Footage Amendment Request
Charter Schools Division Analysis
Public Education Commission (PEC) Meeting, June 21, 2024**

Estancia Valley Classical Academy (EVCA) requests PEC approval to amend its contract by adding additional square footage from 58,356 to 71,978.

The school moved to its current location during that 2018-19 school year and added additional classrooms, offices, and a multi-purpose room in the 2022-23 school year. The additional square footage did not affect the school's lease purchase agreement. The school did not submit an amendment request for this expansion.

The CSD was made aware of this additional space during its annual site visit on March 18, 2024. The site visit team lead provided onsite assistance to the head administrator regarding the amendment request process, and the school submitted an amendment request after the fact for the prior year's expansion. This will impact the school's rating on performance framework indicator 2.c. Reporting Requirements for 2023-24.

CSD Recommendation: The CSD recommends approval of the amendment request, as the expansion has already taken place, was completed with all required permits, and the space is being used for instructional purposes.
