MARIANA D. PADILLA
SECRETARY DESIGNATE OF PUBLIC EDUCATION

MICHELLE LUJAN GRISHAM
GOVERNOR

**Charter Schools Division
2023-24 Annual Report
December 20, 2024**

School Name: Cottonwood Classical Preparatory School

School Address: 7801 Jefferson Street NE Albuquerque, NM 87109

Head Administrator: John Binnert

Governing Board Chair: Rahni Kellum Johnson

Business Manager: Mike Vigil II

Authorized Grade Levels: 6-12

Grade Levels Served: 6-12

Authorized Enrollment Cap: 1000

2023-24 Enrollment: 795 (NMVistas.org: Enrollment Count from Avg. of 80 & 120 day Active Students Report)

Contract Term: 2023-2028

CAPs or Conditions: none

Notice from 2022-23 Annual Report: Not applicable; the school renewed in 2023, therefore, an Annual Report was not required for 2022-23.

Waivers: none

Mission: The mission of Cottonwood Classical Preparatory School (CCPS) is to develop skillful, knowledgeable, compassionate, balanced, and internationally- minded lifelong learners who are inspired to improve themselves and shape a more peaceful world. CCPS will provide a publicly-funded, inclusive, and rigorous education whereby the skills of inquiry, critical thinking, clear communication, independence, responsibility, and open-mindedness are fostered through the use of the International

Baccalaureate curriculum and utilizing Paideia methodologies. CCPS will develop students and graduate scholars who are prepared to thrive in colleges and universities of the world and to become exemplary leaders in their regional, national, and global communities.

Educational Program: The School's educational program shall be as described below and shall be monitored by CSD based on evidence provided below:

- A. Paideia model of instruction as evidenced by classroom observations and annual professional development plan.
- B. International Baccalaureate (IB) Diploma Programme offered as evidenced by learner profiles on display, classroom observations, IB Self Study and Action Plan and IB diploma results.
- C. Average class size will be lower than state requirements as evidenced by budget submission, student information system, and classroom observations.
- D. Required service opportunities built into each grade level as evidenced by reviewing examples of weekly communication and discussion with CAS (Creativity, Activity, Service) coordinator.
- E. Graduation requirements will exceed the state's as evidenced by reviewing school handbook for graduation requirement policy and sample transcripts
- F. Students will be promoted based on academic proficiency as evidenced by reviewing school handbook grading policy.
- G. An Advisory Program will be provided as evidenced by reviewing the school schedule and student interviews.
- H. 1B Diploma Programme teachers will receive, at a minimum, within their first year of employment, category 1 1B training as evidenced by certificates of completion and interview with 1B coordinator.

Demographics as reported in Nova 2023-24 (120-Day)

Note. Students are identified as Hispanic independently of their race.

Academic Performance

Academic Performance Framework Indicators	2022-23 Score (100 points possible)	2023-24 Score (100 points possible)
1: State Accountability System: NMVistas Overall Score	Spotlight** (no score given per NM Vistas)	Spotlight* 81.5
2: Subgroup performance: high, middle, and low-performing quartiles	unavailable	unavailable
3: School-specific Goals: if two goals, average of points on each	exempt for 2022-23 (new to PEC)	Unable to rate***
Overall Academic Score: average of indicators 1 and 3	N/A	–

***Note:** Per NM Vistas, point totals from SY22-23 and SY23-24 cannot be compared due to changes in business rules. For more information about point differentials, refer to: [2022-23 Accountability Measures Overview](#) and [2023-24 Accountability Measures Overview.pdf - Google Drive](#)

****Note** (quoted from [NM Vistas website](#)): “This school does not have a Vistas score for this year, so its designation has been rolled over from the prior year.”

*******Met Standard for grades 6-9; unable to rate for grades 10-12. See below.

State Accountability System:

State and federal statute mandates accountability for all public schools. This section provides a snapshot of the school’s academic performance according to data collected by the Public Education Department (PED) for the school years 2021-22, 2022-23, and 2023-24 (when available).

The New Mexico State Accountability System ([NM Vistas](#)) gives every public school in the state an overall score. NM Vistas scored schools according to the following designations:

<p>Spotlight: Top 25% of schools, excluding schools with designations of CSI, Graduation Rate or TSI/ATSI</p>	<p>Traditional: No other designation</p>	<p>TSI (Targeted Support and Improvement): Multi-year low performing subgroup(s)</p>
		<p>ATSI (Additional Targeted Support and Improvement): TSI in the lowest 5% of schools. Exit from ATSI status requires an increase in subgroup performance in both of the next 2 years.</p>
		<p>CSI (Comprehensive Support): Lowest 5% of all schools; OR 3 years in ATSI; OR 3-year average of 4-Year Graduation rate is below 66.67%</p>
		<p>MRI (More Rigorous Intervention): on CSI for 3 years</p>

Note: According to the May 20, 2024 NM Vistas revision, the highest **overall** designation a school may receive is “Spotlight,” however, an additional designation/distinction of “Excellence” is assigned to schools scoring above the 90th percentile on specific indicators.

Refer to the [2023-24 Accountability Measures Overview](#) for a summary of indicators included in Vistas calculations. Further details and criteria for each designation are provided in the *Accountability Technical Manual* linked to the [NM Vistas](#) web page.

For the school year 2023-24, **(School)** received a designation of **Spotlight**.

Proficiency

Because science is assessed only in grades 5, 8, and 11, schools that do not serve these grades do not have science proficiency data.

Note: groups are masked due to population size, and/or some groups are not represented in the school.

Growth

Definition per NM Vistas: median growth of students (Student Growth Percentile, or SGP) in math or reading compared to their peers who had similar scores on previous tests. Percentile ranges from 34-66 represent about a year's growth typical for the academic peer group. Growth is not available for high school students as data is limited to 11th grade SAT and Assessment of Science Readiness (ASR)..

Growth Percentile for All Students (2022-23 to 2023-24)

Note: groups are masked due to population size.

English Learner Progress (ELP):

English Learner Progress measures the percentage of students currently identified for EL services who are on track toward achieving English language proficiency (an ACCESS score of 4.7 or higher) within five years as measured by the ACCESS English language development assessment. (NMVistas.org)

CCPS ELP: Masked	APS ELP: 18.2%	State ELP: 17.5%
-------------------------	-----------------------	-------------------------

High School Graduation

Data refer to prior year cohorts, with the most recent 4-year graduation data available for the **2023** graduation cohort, 5-year data for the **2022** cohort, and 6-year data for the **2021** cohort. The 4-year, 5-year, and 6-year graduation rates for these years are provided with comparative data for the state and district. The 4-year rate is then disaggregated by ethnicity and student group.

Note: 2023-24 Graduation Rates are not available on NMVistas.org for Cottonwood Classical Preparatory School.

Mission-Specific Goals

Goal: CCPS is dedicated to ensuring that students thrive in the global community and become exemplary leaders. With math being a universal language among all countries and societies, it is important that CCPS students thrive in this subject and demonstrate mastery of this universal language.

Performance Level	Target	Points
Exceeds Standards	76%-100% of students demonstrate growth in math using the following assessments: <ul style="list-style-type: none"> • Grades 6-9: 1% increase in math proficiency from Fall to Winter on the NWEA MAP Math 6+ assessment. • Grades 10 & 11: 1% increase in number of CCPS students meeting the PSAT math benchmark. • Grade 12: Students will show an average increase of 0.04 marks each year across all IB math classes. 	100
Meets Standards	51%-75% of students demonstrate growth in math using the following assessments: <ul style="list-style-type: none"> • Grades 6-9: 1% increase in math proficiency from Fall to Winter on the NWEA MAP Math 6+ assessment. • Grades 10 & 11: 1% increase in number of CCPS students meeting the PSAT math benchmark. • Grade 12: Students will show an average increase of 0.04 marks each year across all IB math classes. 	75
Working to Meet Standard	25%-50% of students demonstrate growth in math using the following assessments: <ul style="list-style-type: none"> • Grades 6-9: 1% increase in math proficiency from Fall to Winter on the NWEA MAP Math 6+ assessment. • Grades 10 & 11: 1% increase in number of CCPS students meeting the PSAT math benchmark. • Grade 12: Students will show an average increase of 0.04 marks each year across all IB math classes. 	25
Falls Far Below Standard	Up to 24% of students demonstrate growth in math using the following assessments: <ul style="list-style-type: none"> • Grades 6-9: 1% increase in math proficiency from Fall to Winter on the NWEA MAP Math 6+ assessment. • Grades 10 & 11: 1% increase in number of CCPS students meeting the PSAT math benchmark. • Grade 12: Students will show an average increase of 0.04 marks each year across all IB math classes. 	0

Rating: All grade levels of the goal cannot be rated as written. CSD recommends that the school submit an amendment to change how the goal is worded, and the head administrator agrees. The grades 10-11 bullet reads “**1% increase in the number of CCPS students** meeting the PSAT math benchmark” which is incompatible with an overall requirement that 51% of students demonstrate growth in math. If the intention of the goal was to show 1% growth from 10th grade PSAT to 11th grade PSAT score, that would be measuring growth only for grade 11 students, the rating would be **Meets Standard** but grade 10 students would not be included in the goal. The grade 12 metric is a cohort to cohort measure, not an

increase in proficiency of the same cohort of students. On the cohort to cohort metric, the school **Meets Standard**. The school **Meets Standard** for grades 6-9.

Organizational and Financial Performance Framework

2023-24 Overall Rating: Meets Standard

Pursuant to the [PEC Performance Framework and Accountability System](#), schools receive ratings of **Meets Standard**, **Working to Meet Standard**, or **Does Not Meet Standard** for individual indicators in the framework. Explanations for any rating other than Meets Standard are provided below.

The school also receives an overall rating of either **Meets Standard** or **Does Not Meet Standard** for the year. If a school receives a **Does Not Meet Standard** rating for three or more indicators, it will receive an overall rating of **Does Not Meet Standard**.

If a school receives a **Does Not Meet Standard** rating, on any indicator, the CSD and PEC may conduct a closer review the following year on that indicator, and/or the PEC may require the school to submit a corrective action plan in order to specify actions and a timeline to correct the performance deficiency.

A school may receive a **Working to Meet Standard** rating on multiple indicators and still receive an overall rating of **Meets Standard**. If a school receives this rating across multiple years, the CSD and PEC may conduct a closer review the following year on that indicator, and the school will need to address the issue in its renewal application at the end of its charter term.

John Binnert
Tyrell Gaines
Cottonwood Classical Preparatory School
john.binnert@cottonwoodclassical.org
tyrell.gaines@cottonwoodclassical.org

Dear Mr. Binnert and Mr. Gaines:

Thank you for all of your hard work to support children in New Mexico. As you know, the Charter School Division (CSD) has completed its annual report for SY 2023-2024 for your school and presented this report along with your responses to the Public Education Commission (PEC) at its January 2025 meeting.

As outlined in New Mexico rule NMAC 6.2.9.12 and 13¹⁰, the PEC has accepted this annual report. Further, as set out in the rule, the PEC asked me to provide you with notice that the PEC has issued an overall annual report notice of exemplary performance. Thank you for this excellent work.

The PEC has identified the unsatisfactory performance related regarding 2.c reporting requirements and 5.d Reporting Requirements of the annual report. The unsatisfactory performance should be corrected by the next annual report. You will work with your staff and board and report your progress to the CSD through the annual site visit and report process to show your progress. If you are successful in improving the performance, CSD will report that in the next annual report, and the concerns will be identified as corrected. If you are not successful (which we hope will not be the case), the school may receive a notice of uncorrected unsatisfactory performance next year which could impact the ultimate renewal of the school.

¹⁰ <https://www.srca.nm.gov/parts/title06/06.002.0009.html>

The contract and all annual reports for the school are located here:
<https://webnew.ped.state.nm.us/bureaus/public-education-commission/charter-school-contracts/> The SY 2023-2024 annual report and this letter will be made a part of the record of performance of the school. Please feel free to reach out to CSD or me with any questions. On behalf of the Commission, I thank you for your efforts.

Sincerely,

/s/ Patricia Gipson

Chair, Public Education Commission
District 7
